### BOARD OF COMMISSIONERS

#### COMMISSIONER'S MINUTES, JANUARY, 1942

---

Newark, N. J., January 7, 1942

An Adjourned meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 2:00 p.m., standard time.

Mayor Murphy: The meeting will come to order. The Clerk will call the roll.

Present: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: The Clerk will read the minutes of the previous meeting. A motion is in order to dispense with the reading of the minutes.

Commissioner Brady: I so move you.

Commissioner Villani: I second it. Mayor Murphy: A motion has been made that the reading of the

minutes of the previous meeting be dispensed with. The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

The City Clerk presented "An Ordinance for the regulation and control of vehicular traffic on certain streets in the City of Newark," and stated today was the time fixed for a further hearing, this being the adjourned date for same.

Commissioner Keenan: I move that the ordaining clause be stricken.

Commissioner Brady: I second the motion.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy

The City Clerk presented "An Ordinance creating the position of Superintendent of Radio Repair and Maintenance in the Police Division of the Department of Public Safety and providing for the appointment of a Superintendent of Radio Repair and Maintenance and the salary thereof," and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

The Board then entered upon said hearing.

Mayor Murphy: Is there any citizen who desires to be heard on this ordinance?

Mr. Charles Shankroff: Mr. Mayor, before I object to this ordinance I would like to know how many radio cars there are, or how much equipment there is, that requires a superintendent of radio repairs.

Commissioner Keenan: Why, we are about to install two way radio, which will necessitate the appointment of someone fully qualified to superintend the new radio division. It is not always the number of cars that will render this service, but it is the two way system that will render a greater service than we have had.

Mr. Charles Shankroff: The question is, I am not objecting to any necessary worker that is necessary at the very beginning.

Commissioner Keenan: Then you have no objection to this.

Mr. Charles Shankroff: I say, I am not objecting to any worker that is required to repair cars, if there are a number of them; but I cannot see the idea of the superintendent of the radio. A superintendent means that there is quite a staff of

men. The theory of having one workman and one superintendent is not along the line of economy.

Commissioner Keenan: I agree with you, if that were the theory, but you apparently don't know what you are talking about.

Mr. Charles Shankroff: That is why I am asking you, the number of cars.

Commissioner Keenan: This has nothing to do with the repair of cars. Do you know what it is you are talking about?

Mr. Charles Shankroff: I am talking about the superintendent of repairs and maintenance.

Commissioner Keenan: That is maintenance of the two way system we are about to install. It has nothing to do with repairing cars.

Mr. Charles Shankroff: How many men will there be in this particular department?

Commissioner Keenan: Oh, about 150 or more.

Mr. Charles Shankroff: Then I don't object to the position.

Commissioner Keenan: You should have put that question first. I don't know what you are seeking, unless I ask for it.

Mr. Charles Shankroff: I said I objected to a superintendent or a foreman for one working man.

Commissioner Keenan: And so am I; and I agree with you.

No one else appearing, Commissioner Keenan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani; Mayor Murphy.

Commissioner Keenan moved that the ordinance be taken up on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

The Clerk then read the ordinance by sections:

The City Clerk presented "An Ordinance relating to dogs in the City of Newark," and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

The Board then entered upon said hearing.

Mayor Murphy: This ordinance was amended on December 10th. Is there any citizen who desires to be heard on this ordinance as amended?

Mr. Charles Shankroff Mr. Mayor, there are several objections to this ordinance.

Mayor Murphy: All right, Mr. Shankroff; you are speaking in opposition to the dog ordinance?

Mr. Shankroff: Yes. The first objection is that this was previously advertised before, for a hearing, and the hearing was supposed to be held on the 19th day of November, 1941. And there was some error in the drawing of the ordinance, and the hearing was readvertised. Therefore, that particular two columns of advertisement (showing) will cost \$50.00. That was lost. That is a waste to the city of Newark. Now, there is another, this present proposed ordinance which is advertised, and it also costs about \$50. And that has to be readvertised, I believe, because it contains this clause under Section 4 — it says toward the end of that, "the registration tags and renewals thereof shall expire on the last day of the year following the year in which said licenses, registration tags and renewals are issued." In other words, if you are going to issue these tags and licenses, say during the month of January, 1942, they will expire the last day of the year 1943. In other words you will have two years instead of one year.

Mayor Murphy: Well, I cannot answer that. The law department probably can answer. Here is Mr. Kane.

Mr. Raymond Schroeder: Mr. Kane probably can. He drew it.

Mr. Thomas Kane: The ordinance that was introduced and passed for first reading says "shall expire on the last day of January of the year following the year in which said licenses, registration tags and re-

newals are issued."

Mr. Shankroff: Here is the advertisement (showing).

Mr. Thomas Kane: Of course I am not responsible for that.

Mr. Shankroff: I am talking about the advertisement as it is published.

Commissioner Keenan: It may be a typographical error in the newspapers.

Mayor Murphy: Would you say counsellor that the point Mr. Shankroff has brought out, that because the ordinance is not properly stated in the papers, that it will have to be readvertised?

Mr. Thomas Kane: I would not say that it would. I would not consider that important enough to do that.

Mr. Shankroff: Now, Mr. Mayor, a year ago I suggested to the commission that before advertising and readvertising, and expending the taxpayers money for advertising certain ordinances which are impossible of enforcement — I am not talking about unnecessary advertisement and unnecessary expenditures, and things which are impossible for the city of Newark to enforce by reason of the limit to the budget — The limitation on the rate has been reached, and the budget limit has been reached. And you should not spend any unnecessary money. Now, here is the point; we have a snow ordinance, and another ordinance, which is not being enforced. Why? Due to the work of the police department in watching the parking, illegal parking, and looking for criminals, and hunting for criminals; all the proper work of the police department. They have

not got the men to watch for instance, the snow removal. An ordinance was passed, and you cannot enforce that. And you cannot enforce this. Now, when it comes to dogs, it appears that you appropriated in the budget for the enforcement of rabies and these sorts of things, but you have not got enough men in the police department to go out and visit, the way this ordinance recites. And you have to go out and inspect the houses to see if they have got the new licenses.

Mayor Murphy: I don't know whether Commissioner Keenan is able to take care of that. He certainly is the one who could answer your question, and not me.

Commissioner Keenan: I will answer him.

Mr. Charles Shankroff: I have not finished.

Mayor Murphy: You state everything you have, and then the Commissioner can answer you.

Mr. Shankroff: Now, I say you have insufficient men for that purpose. Now, had you submitted this ordinance for information before advertisement, a lot of this expense could have been eliminated; because it was not necessary. Of course, this ordinance is based on Chapter 151 of the laws of 1941 of the State of New Jersey.

Mayor Murphy: That may be true of some ordinances, but you cannot do that with all ordinances, because you don't have time.

Commissioner Keenan: Mr. Mayor, we could end this controversy by stating that this ordinance is based on a new state law which is mandatory on some municipalities. That

is a state law.

Mr. Charles Shankroff: I said that this ordinance is based on Chapter 151 of the laws of 1941 of the State of New Jersey, passed May 24, 1941; and from May 24, 1941 to January 7, 1942, we were able to get along without this ordinance; and I assure you gentlemen that in this period of war we will be able to get along for a couple of years, for the duration of the war, without any ordinance. This ordinance is entirely unnecessary. It is almost word for word copied from the legislation, and there is no necessity for our passing any ordinance to substantiate or support or confirm an action of the legislature. The act of the legislature provides that the rules and regulations herein provided shall be enforced by all the municipalities, townships, and so on.

Mayor Murphy: I understood that it was absolutely necessary due to the fact that our ordinance was in conflict with the state law, and it was necessary to change our ordinance. Is that right or wrong? (addressing Mr. Thomas Kane).

Mr. Thomas Kane: That is right Mr. Mayor. And I might say further, that Mr. Shankroff, that there are sections of this state law which compels the City to pass an ordinance, because they must determine which departments are going to enforce certain regulations. For instance, the canvass is to be made, under the state law, by either the police chief, or some officer designated by the city body; and that had to be in the ordinance; and there are certain provisions along that line, so that we had to have this ordinance.

Mr. Charles Shankroff: I have read this law, and it distinctly

placed the responsibility on the different townships and municipalities to see that the law is enforced. There is no necessity for the ordinance. And I say, that the law itself, is very foolish, the law passed in Trenton at this time, at the time it was passed, in May 1941.

Mayor Murphy: Well, that is probably not only the law that is foolish.

Mr. Charles Shankroff: And I say that was not the most important thing they could think of. And therefore they passed that law. But now is the time of stress and trouble, and we should think very carefully to see if we should enforce that law in the City of Newark, and whether you should spend the money, to take away men from the important positions, from the necessary defense work, to see and go and hunt out, to see if the dogs are doing this or doing that.

Commissioner Keenan: I wish that were the only thing the police officers were called upon that seemed trifle.

Mr. Charles Shankroff: I know that. I know you have a lot of work. If somebody does something wrong, it is the mayor's fault; and if the policeman does not happen to see something, it is the Commissioner Keenan's fault.

Commissioner Brady: Just a moment. Did you oppose that law in Trenton?

Mr. Charles Shankroff: No.

Commissioner Brady: Why didn't you?

Mr. Charles Shankroff: I think that is a good question.

Commissioner Brady: I think your

The ordinance was declared open to amendment in all its parts.

Mayor Murphy: Is there anyone who desires to be heard on this ordinance on second reading as amended.

(No response).

Commissioner Keenan moved that the ordinance, as amended, be adopted on second reading.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Keenan moved that the ordinance, as amended, be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Keenan moved that the title of "An Ordinance relating to dogs in the City of Newark," be taken for its third reading.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Keenan introduced

time would serve a better purpose if you go down there before it reaches us. It might save us the embarrassment, if your interpretation of the law is different than that of our corporation counsel.

Mr. Charles Shankroff: I don't agree with everything the corporation counsel does.

Commissioner Brady: Of course you are a member of the Bar?

Mr. Charles Shankroff: I will say this, that that was the criticism of what has gone on in Washington, D. C., and now the time has passed; and now the time has passed for criticism. I think we should support the city government. I say that the people must support the government. That is what we are required to do today.

Mayor Murphy: Are there any further objections? If not the ordinance is now before the commission on second reading. A motion is now in order.

No one else appearing, Commissioner Keenan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

The Clerk then read the ordinance as amended.

Commissioner Keenan moved that the ordinance, as amended be taken up on second reading.

Section 13 declared open to amendment.

Section 14 declared open to amendment.

Section 15 declared open to

the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance at length:

An Ordinance for the regulation and control of vehicular traffic on certain streets in the City of Newark.

The Board of Commissioners of the City of Newark do ordain:

1. That express wagons, trucks, carts or other vehicles carrying or ordinarily used to carry merchandise, goods, tools or supplies, however propelled, shall be excluded from the following streets, in the City of Newark:

Second Avenue, from Summer Avenue to Lake Street; Clifton Avenue, from Bloomfield Avenue, to Verona Avenue; Heller Parkway from Summer Avenue, to Belleville Line; Elwood Avenue, from Summer Avenue, to its western terminus at Branch Brook Park; Lake Street, from Bloomfield Avenue, to Verona Avenue; except as it may be necessary to carry merchandise, goods, tools or supplies from or to buildings on either side of the aforementioned thoroughfares.

2. That such express wagons, trucks, carts or other vehicles carrying or ordinarily used to carry merchandise, goods, tools or supplies, however propelled, shall take station close to the curb, and parallel thereto, and shall not be left standing in any other position.

3. Any person, firm or corporation violating the provisions of this ordinance shall, upon conviction, be subject to a fine of not more than \$50, or 15 days' imprisonment in the county jail, or both, in the discretion of the Court.

4. All ordinances and parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

5. This ordinance shall take effect immediately upon final passage and publication, according to law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Villani moved that January 28th, 1942, at 2:00 p. m., standard time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Byrne introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance at length:

An Ordinance to authorize the borrowing of \$210,000 by the issuance of bonds and bond anticipation notes pursuant to the Local Bond Law to finance street improve-

ments.

The Board of Commissioners of The City of Newark, do ordain, as follows:

Section 1. It is hereby determined and stated that the Board of Commissioners of The City of Newark proposes to resurface certain public streets in said City with bituminous concrete, or penetration macadam, or sheet asphalt, or with bricks or blocks of any material laid on concrete or sand or other foundation, or with concrete, an improvement hereinafter described as "purpose"; that the Works Progress Administration of the United States of America is to aid in financing said purpose by contributing labor or materials; that said purpose is not a current expense of said City, and that it is necessary to finance said purpose by the issuance of obligations of said City, pursuant to the Local Bond Law of New Jersey, as hereinafter provided.

Section 2. It is hereby stated, pursuant to said Local Bond Law, that (a) the estimated maximum amount of money necessary to be raised from all sources for said purpose is Two Hundred Ten Thousand Dollars (\$210,000); (b) Ten Thousand Dollars (\$10,000) of such amount is to be provided by the down payment to be appropriated as hereinafter provided; (c) the maximum amount which is to be charged as a part of the cost of said purpose and which is necessary to finance interest on obligations issued to finance such purpose or to finance engineering or inspection costs and legal expenses, or to finance the cost of the issuance of said obligations, as provided in Section 40:1-55 of said Law, is Twenty Thousand Dollars (\$20,000); and (d) the estimated maximum amount of bonds or notes necessary to be

issued for said purpose is Two Hundred Ten Thousand Dollars (\$210,000), including notes authorized to finance such down payment.

Section 3. In accordance with Section 40:1-12 of said Local Bond Law, the sum of Ten Thousand Dollars (10,000) shall be included and appropriated as a down payment to finance said purpose, in the budget of said City next adopted after the passage of this ordinance, in addition to any sums which may otherwise be required to be appropriated in said budget for the payment of interest on or any maturing principal of the obligations which are authorized by this ordinance.

Section 4. To finance said purpose, bonds of said City of an aggregate principal amount not exceeding Two Hundred Thousand Dollars (\$200,000) to be designated "Street Improvement Bonds," are hereby authorized to be issued pursuant to said Local Bond Law. Said bonds shall bear interest at a rate which shall not exceed six per centum (6%) per annum. All matters with respect to said bonds not determined by this ordinance shall be determined by resolutions to be hereafter adopted.

Section 5. To finance said purpose, including the portion of the cost of said purpose to be paid from said down payment, Bond Anticipation Notes of said City of an aggregate principal amount not exceeding Two Hundred Ten Thousand Dollars (\$210,000) are hereby authorized to be issued, in anticipation of the issuance of said bonds, pursuant to said Local Bond Law. Said notes shall bear interest at a rate which shall not exceed six per centum (6%) per annum, and may be renewed from time to time pursuant to and within the limitations prescribed by law. All matters with

respect to said notes not determined by this ordinance shall be determined by resolutions to be hereafter adopted. In the event that bonds are issued pursuant to this ordinance, the aggregate amount of notes hereby authorized to be issued shall be reduced by an amount equal to the principal amount of the bonds so issued. If the aggregate amount of bonds and notes issued pursuant to this ordinance shall at any time exceed the sum first mentioned in this section, the moneys raised by the issuance of said bonds shall, to not less than the amount of such excess, be applied to the payment of such notes then outstanding.

Section 6. It is hereby determined and declared that the period of usefulness of said purpose is a period of five years, computed from the date of said bonds.

Section 7. No part of the cost of financing said purpose has been or is to be specially assessed against property specially benefited thereby.

Section 8. It is hereby determined and declared that the Supplemental Debt Statement required by said Local Bond Law has been duly made and filed in the office of the City Clerk of said City, and that such statement so filed shows that the gross debt of said City, as defined in Section 40:1-76 of said Law, is increased by this ordinance by Two Hundred Ten Thousand Dollars (\$210,000), and that the issuance of said obligations is permitted by an exception to the debt limitations prescribed by said Law, contained in Subdivision (d) of Section 40:1-16 of said Law.

Section 9. This ordinance shall take effect twenty days after the first publication thereof after final passage.

#### Proclamation 1942

#### Red Cross Campaign

WHEREAS the people of the United States and their armed forces, following a direct and unprovoked attack by an alien power, have entered with determination upon a state of war; and

WHEREAS expansion of our Army, Navy, Marine Corps and Coast Guard, and of our war industries will proceed upon a scale unprecedented in our history; and

WHEREAS American citizens are suffering great injury and property

loss from air attack and are in need of direct and immediate help; and

WHEREAS further preparations must be made to protect American cities and American population from unnecessary suffering during air attack or disaster caused by sabotage; and

WHEREAS the American Red Cross is the only organization in our land equipped and ready, first, to provide welfare assistance to the men who are defending our country at home and overseas, through the services of Red Cross Field Directors, volunteers, and blood donors; second, to assist American evacuees from danger zones; third, to further equip our communities with trained Red Cross Motor Corps, Nurses Aide Corps, First Aid Units, and other vital rescue corps instrumental in saving human life; fourth, to bolster the strength of the nation and the nation's war effort by such services as Accident Prevention, Disaster Relief, Home Nursing and Public Health Nursing; fifth, to train our young people in the paths of service and good citizenship through the medium of the Junior Red Cross; and

WHEREAS such a program as outlined above will necessitate the expenditure of large sums of money:

THEREFORE, I, VINCENT J. MURPHY, Mayor of the City of Newark, N. J., call upon the members of my community to give through our local Red Cross Chapter their generous and unstinted support of the American Red Cross emergency war fund of \$50,000,000 as outlined in President Roosevelt's recent proclamation. This fund not only will aid the national Red Cross to expand its services, place them upon a war basis, and permit this great organization to play its traditional role in saving life, and in

helping our country achieve its final victory, but also will aid our local chapter in meeting its war-time public service obligations: and I further proclaim that your contributions to this fund will represent your tangible share in our mighty battle for freedom, for justice, and for the very survival of our nation.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, there is pending before the State Legislature of New Jersey, Senate Bill No. 468, entitled "An Act concerning disorderly persons, and amending section 2:206-3 of the Revised Statutes," and which provides as follows:

"Be It Enacted By the Senate and General Assembly of the State of New Jersey:

1. Section 2:206-3 of the Revised Statutes is amended to read as follows:

2:206-3 In counties having or which may hereafter have criminal judicial district courts, all persons arrested for violations of this subtitle shall be taken for a hearing before a criminal judicial district court, and no magistrate, recorder, police justice, police judge, city judge, or justice of the peace shall have power to hear, try or determine such cases in those counties, any law, provisions of any municipal charter, custom or usage to the con-

trary notwithstanding.

In municipalities located in counties which have no criminal judicial district courts and which municipalities have or may hereafter have or may hereafter have a police court, criminal court or recorder's court, all persons arrested for violations of this subtitle shall be taken for a hearing before such court, and no justice of the peace shall have power to hear, try or determine such cases in those municipalities, any law, custom or usage to the contrary notwithstanding.

Nothing contained in this section shall be construed to affect or abridge in any manner the powers of any juvenile and domestic relations court.

2. This act shall take effect immediately." and,

WHEREAS, it is deemed for the best interests of The City of Newark that the local criminal courts, as now constituted in the City of Newark, should be and remain as now constituted; and that nothing contained in the aforesaid bill should be deemed to constitute, or be open to construction, as legislation in respect thereto, or to the functions of the Family Court of The City of Newark, as now constituted, by reason of the fact that under the administrative measures adopted by Director John B. Keenan, the local Police and Family Courts are functioning in a manner highly satisfactory in respect to the social needs of the community; and,

WHEREAS, in respect to aforesaid proposed legislation, it is deemed desirable that there shall be deleted from Section 2:206-3, in line one of the bill, the words, "which may hereafter," and incorporated in said section, the words "and fa-

mily court," to be added after the word "court" at the end of line seventeen of the bill;

THEREFORE BE IT RESOLVED, by the Board of Commissioners of The City of Newark, that it is the expressed desire of the members of this Board that Senate Bill No. 468 shall before passage be amended, as hereinbefore set forth, and that the members of the State Legislature from Essex County be and they are hereby requested to have the bill amended before its adoption by the State Legislature; and Director Keenan be and he is hereby authorized to do whatever may be necessary to bring before the State Legislature, and particularly the members thereof from Essex County, the desire of this Board, as hereinbefore expressed; and the Acting City Clerk is hereby directed to send certified copies of this resolution to each of the members of the Legislature from Essex County.

Vincent J. Murphy  
John B. Keenan  
Jos. M. Byrne, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, the Director of the Department of Revenue and Finance has deemed it of great importance to adjust salaries in the Department of Revenue and Finance, and

WHEREAS, such adjustments were based upon greater responsibility and scope of work, and

WHEREAS, because of said reorganization and salary adjustments in the Department of Revenue and Finance has reduced the need for additional employees, and

WHEREAS, such adjustments of salaries has resulted in establishing the highest percentage of collections in the City of Newark, and

WHEREAS, the Director of the Department of Revenue and Finance is of the belief that further salary adjustments should be made for the above reasons and the fact that the cost of living has increased during the past couple of years,

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark, that the annual salary and wages of the employees of the Department of Revenue and Finance of the City of Newark, be and the same are hereby adjusted as follows, effective as of January 1, 1942:

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of Morris Marshall (Emanuel G. Weiss, owner); for the establishment and operation of automobile parking station for customers of adjoining food market in a 2nd business district; on premises 304-306 Sussex Avenue; same to be operated and maintained in conformity with the rules of the Board of Adjustment and to be in accordance with the revised plans showing the elimination of drive-

way on Sussex Avenue and showing a four-foot high fence, and a chain closing the entrance when the parking lot is not in use; such use to be limited to the period ending one year from date hereof;

AND the matter having been considered by this Board;

IT IS RESOLVED, by the Board of Commissioners of the City of Newark, that the said recommendations of the Board of Adjustment be and the same are hereby approved.

Commissioner Keenan: That is opposite Hecker Street.

Mr. Russell Rankin: The Board of Education put in an objection at our hearing, Mr. Mayor, but we have overcome that by placing the

driveway around on the Third Street side, so that they are now satisfied.

Mayor Murphy: Are there any objectors?

(No response).

Commissioner Byrne: I move its adoption.

Commissioner Villani: I second it.  
Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of Joseph Manfredi (Matteo Cerbone, owner); for the renewal of permit for lunch wagon; on premises 788 South Orange Avenue; such use to be limited to the period of five years ending December 23, 1946;

AND the matter having been considered by this Board;

IT IS RESOLVED, by the Board of Commissioners of the City of Newark, that the said recommendations of the Board of Adjustment be and the same are hereby approved.

John A. Brady  
Ralph A. Villani  
Jos. M. Byrne, Jr.  
John B. Keenan

Mayor Murphy: On that parking station, one of these that came through, what is that — the one on Raymond Boulevard — is that on city owned property?

Commissioner Villani: Yes.

The City Clerk: They are renewals.

Commissioner Keenan: Yes. That was decided by the Law Department. They so advised the license commissioner that they must get licenses, even though they are licensees of city owned property.

Mayor Murphy: The city is duly bound, is that it, to issue a license?

Mr. Raymond Schroeder: We discussed that at the last meeting.

Mayor Murphy: Yes. I know we discussed that; and it was compulsory on their part that they take out a license. Now, of course, the question comes, can the commission or any member of the commission not recommend that they get a license, in view of the fact that they have a contract with the City?

Mr. Raymond Schroeder: It seems to me, Mr. Mayor, that if they meet the requirements of the city, in view of the fact that we are leasing the land exclusively for parking purposes, that they are entitled to a license.

Mayor Murphy: What has happened in that situation?

Commissioner Keenan: The strike is over. Only they must get licenses which, heretofore they did not get.

Mayor Murphy. Did you get action on this?

The City Clerk: Yes. On this one we want a roll call. There has been a motion, but no roll call.

Mayor Murphy: You heard the reading of the application.

Commissioner Villani: I move its adoption.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Newark, N. J., January 10, 1942

A Special Meeting of the Board of Commissioners of the City of Newark, New Jersey, was held on the above date, in the Mayor's Office, City Hall, Newark, at 11:00 A. M., Standard Time.

Present: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: A motion is in order now for a special meeting of the members of the Board of Commissioners.

Commissioner Brady: I so move.

Commissioner Villani: I second it.

Mayor Murphy: Motion has been made and seconded that we call a special meeting. The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: I have before me the following resolution:

Mayor

WHEREAS, written charges, alleging misconduct in office, have been preferred against Harry S. Reichenstein, City Clerk, which written charges, entitled "Schedule A—Specification of Charges," are annexed hereto and made a part hereof; and,

WHEREAS, the Board of Commissioners of The City of Newark has publicly tried said City Clerk

on said charges, and has heard and considered evidence submitted in support thereof, and in defense;

and,

WHEREAS, The Board of Commissioners of The City of Newark has, by deliberate action, determined the said Harry S. Reichenstein to be guilty as charged;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of The City of Newark, that good cause having been shown, Harry S. Reichenstein be and he hereby is dismissed and removed forthwith from the office of City Clerk of The City of Newark.

Vincent J. Murphy  
Jos. M. Byrne, Jr.  
John B. Keenan

Mayor Murphy: You heard the reading of the resolution.

Commissioner Byrne: I move that we concur.

Commissioner Keenan: I second the motion.

Mayor Murphy: Motion has been made that the resolution be adopted. All those in favor signify by saying "aye"; contrary "no." The Clerk will call the roll.

(The Acting City Clerk calls the roll).

Commissioner Brady: No.

Commissioner Byrne: Aye.

Commissioner Keenan: Aye.

Commissioner Villani: No.

Mayor Murphy: Aye.

Mayor Murphy: The resolution is adopted.

#### **"SCHEDULE A"**

##### **SPECIFICATION OF CHARGES**

1. That Harry S. Reichenstein, City Clerk of the City of Newark, did on or before May 15, 1941, contrary to the Statutes in such case made and provided, cause the said City to incur liability for the payment of sums of money for purposes and in amounts not authorized by any appropriations included in any budget, temporary budget or emergency appropriation.

2. That said Harry S. Reichenstein did, on and before May 13, 1941, use or authorize, direct or permit to be used, property or personnel of the City of Newark, to wit:

- (a) The office of the City Clerk
- (b) Stationery of the City of Newark.
- (c) Supplies of the City of Newark
- (d) Employees of the City of Newark, during their regular working hours.

for purposes other than the business of the City of Newark.

3. That said Harry S. Reichenstein did, on and before May 13, 1941, without good or sufficient reason, unnecessarily cause the City of Newark to expend or incur liability for the expenditure of exorbitant sums of money for the conduct of the City Commission election of May 13, 1941.

4. That the said Harry S. Reichenstein did, without legal authority therefore, hire numerous persons for election day duty.

5. That the said Harry S. Reichenstein did, unlawfully and without legal authority, designate a large number of persons as "Deputy City Clerks" or "Investigators" for election day duty, thereby, and for reasons not consonant with the duties of the office of City Clerk, clothe said persons with apparent official power which in fact did not exist.

6. That the said Harry S. Reichenstein did, unlawfully and without legal authority, incur liability on the part of the City of Newark to the alleged "Deputy City Clerks" as "Investigators" for their hire, for large and unnecessary sums of money.

7. That the said Harry S. Reichenstein did, carelessly, negligently, and in flagrant disregard of his duty to conduct an honest and efficient election employ as so-called "Deputy City Clerks" or "Investigators" persons unknown to him or concerning whom he made no investigation to the extent that,

(a) Many of the said "Deputy City Clerks" or "Investigators" were persons of questionable or criminal reputations.

(b) Many of said "Deputy City Clerks" or "Investigators" were non-residents of the City of Newark.

(c) The places of residence, or addresses, of many of said "Deputy City Clerks" or "Investigators" were unknown to said Harry S. Reichenstein, who, in seeking to secure payment to such individuals, presented to the Board of Commissioners either wrong or fictitious addresses.

4  
8 That Harry S. Reichenstein did flagrantly, and in violation of his duties as City Clerk, fail and refuse, prior to election day, to furnish to certain City Commissioners a list of the election aides whom he proposed to employ.

9. That said Harry S. Reichenstein on the morning of election day, in violation of his duty, negligently, carelessly and in flagrant disregard of his duty to conduct an efficient, honest election, was ignorant of the names, addresses, character and reputation of the persons selected by him to act as so-called "Deputy City Clerks" or "Investigators," in that,

(a) On the morning of election day, he furnished to certain City Commissioners a purported list of persons to be used as such election aides, which included the names of certain persons who were not actually to be so employed, and failed to set forth the names of a very large number of persons who were actually or later alleged by him to have been actually so employed.

(b) Many of said election aides were persons of questionable or criminal reputations.

(c) Many of said election aides were persons non-resident in the City of Newark.

(d) Many of said election aides did not reside at the addresses given by the said Harry S. Reichenstein either on the list furnished as above set forth or on the list furnished and certified by him to the Newark Board of Commissioners for the payment of their hire.

10. That the said Harry S. Reichenstein did, in violation of the statutes of the State of New Jersey in such case made and provided, and in violation of an Ordinance of the City of Newark, adopted April 27,

1932, and in violation of a Resolution of the City of Newark, adopted May 11, 1938, and in violation of a Resolution adopted May 27, 1938, engage the services, on May 13, 1941, as alleged "Deputy City Clerks" or "Investigators," of many persons who were not residents of the City of Newark.

11. That the said Harry S. Reichenstein did, on May 13, 1941, utterly fail and neglect properly to conduct the Municipal election, in that he took no proper steps to assure the prompt return to his office of election reports from certain polling places in the City of Newark, particularly from certain polling places in the Third and Seventh Wards of said City.

12. That the said Harry S. Reichenstein did fail, contrary to the express mandate of Revised Statutes, 1937, Section 40:75-22, to canvass the returns from the election districts of the City of Newark on the day following the election and immediately make and file in his office the result thereof.

Commissioner Byrne: Mr. Mayor, I would like to present a resolution:

BE IT RESOLVED, By the Board of Commissioners of The City of Newark, that Martin G. Bross be and he is hereby designated as Acting City Clerk of The City of Newark, to serve without compensation, other than that provided for him as Chief Clerk of the Office of the City Clerk, such designation to be terminable at the will of the Board of Commissioners

Vincent J. Murphy  
Jos. M. Byrne, Jr.  
John B. Keenan

Commissioner Keenan: I move its adoption

Mayor Murphy: All those in favor of the resolution signify by saying "aye"; contrary "no." The Clerk will call the roll.

(The Acting City Clerk calls the roll).

Commissioner Brady: Not voting.

Commissioner Byrne: Aye.

Commissioner Keenan: Aye.

Commissioner Villani: Not voting.

Mayor Murphy: Aye.

Mayor Murphy: The resolution stands adopted. In view of the fact that Martin Bross may sometimes not be available, I think it would be well at the next City Commission meeting to have someone designate Ed Stanton as the Acting Deputy Clerk, so that he could sign necessary papers and so forth.

Mr. Raymond Schroeder: I will prepare that for the next meeting.

Commissioner Villani: You could do it now.

Mr. Raymond Schroeder: You could pass a resolution now. Suppose I dictate the resolution.

Commissioner Villani: Yes.

BE IT RESOLVED, By the Board of Commissioners of The City of Newark, that Edward T. Stanton be and he is hereby designated as Acting Deputy City Clerk of The City of Newark, to serve without compensation, other than that provided for him as Clerk in the Office of the City Clerk, such designation to be terminable at the will of the Board of Commissioners.

Jos. M. Byrne, Jr.  
Vincent J. Murphy  
John B. Keenan

Mayor Murphy: You heard the reading of the resolution designating Edward T. Stanton as Acting Deputy City Clerk. All those in favor of the resolution signify by saying "aye"; contrary "no." The Clerk will call the roll.

WHEREAS, a state of war exists between the United States of America and Japan, Germany, Italy and other nations, and

WHEREAS, there is before the Congress of the United States a bill authorizing the appropriation of One Hundred Million Dollars (\$100,000,000.00) to enable the President of the United States and the Director of Civilian Defense, appointed under Executive Order No. 8557, dated May 20, 1941, to purchase facilities essential to safeguard the lives and property of the people of the United States who come within the realm of civilian defense and,

WHEREAS, the facilities and apparatus of the Newark Fire Department are unable to cope with the situation of the present emergency, and

WHEREAS, the City of Newark is training thousands of volunteers to augment the present personnel of the Newark Fire Department to deal effectively with all bombings, air raids, and every other act of war, and

WHEREAS, the City of Newark is willing to extend the facilities of its apparatus and personnel to the municipalities of Essex County, the municipalities of Union County bordering on the Passaic River, the municipalities of Hudson County known as West Hudson, and those on the Passaic River, who are attacked by the air or whose defense plants suffer fire loss from any

cause during the emergency, and

WHEREAS, within this area reside one million five hundred thousand people, and

WHEREAS, there are industrial plants having defense commitments for the Government of the United States and the United Nations for over Three Billions of Dollars, and

WHEREAS, there is stored within the City of Newark at the present time nearly Twenty-one Million Dollars worth of gasoline, Fifteen Million Dollars worth of fuel oil, and nearly thirty million gallons of kerosene, lubrications, denatured alcohol, tar products, vegetable oils and other items properly designated under petroleum, and

WHEREAS, the City of Newark is willing to house, maintain, and man this equipment to be loaned by the United States Government to the City of Newark for the duration of the emergency,

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of the City of Newark that they approve of the plan sponsored by the Director of Public Safety to negotiate with all the departments and agencies of the Government of the United States under the jurisdiction of the President and the Director of Civilian Defense to loan from the Federal authorities apparatus, fire boats, and other mechanical equipment essential for fire fighting as the result of bombings, air raids, other acts of war, sabotage, and fire prevention causes, and

Yeas: Commissioners Byrne, Villani, Mayor Murphy.

The City Clerk presented "An Ordinance for the regulation and control of vehicular traffic on certain streets in the City of Newark," and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

The Board then entered upon said hearing.

Mayor Murphy: Is there any citizen who desires to be heard on this ordinance?

Mr. Ollie Cue: (665 Clifton Avenue) The citizens of our section wish to express their thanks and appreciation for the manner in which you have handled this thing, Mayor Murphy, and I am sure you made many friends in regard to this thing. I also wish to express my thanks for the consideration you have given me.

Mayor Murphy: You are speaking on the ordinance just adopted pertaining to the regulation of vehicu-

lar traffic?

Mr. Ollie Cue: That is right. We have had a petition to that effect.

Mayor Murphy: All right. Thank you very much.

No one else appearing, Commissioner Byrne moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Byrne, Villani, Mayor Murphy.

Acting City Clerk: We have before us a proclamation, Mr. Mayor from the office of the mayor. It reads,

WHEREAS, the United States Department of Justice has requested the complete cooperation of all Mayors with respect to the matter dealing with aliens of enemy nationalities; and

WHEREAS, within the next few days all aliens of German, Italian and Japanese nationalities will be required by authority of recent

Presidential Proclamation to file applications for Certificates of Identification at each local Post Office; and

WHEREAS, in line with the policy of our Government, it must be emphasized to those aliens within our midst now affected by the new requirements, that the new Identification Procedure is a necessary wartime step, that it is not a duplication of the 1940 registration, and that it is, in no sense, to be interpreted as a reflection on the loyalty and good will of the great majority of Germans, Italians and Japanese in our community; and

WHEREAS, as Attorney General Biddle has stated, "The objective of the Department of Justice in issuing Identification Certificates to aliens of enemy nationality is the dual one of strengthening our internal safety and protecting the loyal alien, even if he has become technically an alien enemy";

NOW THEREFORE, by virtue of the authority vested in me as Mayor of the City of Newark, I VINCENT J. MURPHY, do hereby proclaim, effective Monday, February 9th to February 28th, 1942, the following rules and regulations relating to an enemy alien registration program;

(1) All German, Italian and Japanese aliens, (technically known as alien enemies) who are 14 years of age or older, must file application for a Certificate of Identification.

(2) Applications for Certificates of Identification must be filed at the Newark Post Office.

(3) Aliens filing applications must bring with them their Alien Registration Receipt Card, and three unmounted photographs of themselves,

with light background, not larger than 2" x 2" in size, printed on thin paper. These photographs must have been taken not more than 30 days prior to the time the alien presents his application and must be taken front view and without a hat.

(4) Aliens filing applications may take a member of their family or a friend to the post office. If they cannot write, they are advised to take someone with them who writes plainly. If such a person is not available, clerks at the post office will help them with their application.

(5) Certificates of Identification will be delivered to the aliens personally at their residence address. Aliens are asked to cooperate in every way possible with the post office carriers to facilitate delivery and acceptance.

(6) The requirements should involve no expense to the aliens except for the photographs. It is not necessary to pay any person or organization for assistance. The Government, which includes the post office, will assist the alien as much as possible.

(7) Complete printed instructions for filing applications are available at the Newark post office.

Dated at Newark, New Jersey,  
this 9th day of February, 1942.

VINCENT J. MURPHY  
Mayor

Mayor Murphy: That is a proclamation I have issued in line with the Defense Council for the purpose of calling it to the attention of the commission. I thought that the commission should be familiar with it, and I thought that it would be best to have it read now

Mayor Murphy: Board of Adjustment matters.

The following communication was received and read:

BOARD OF ADJUSTMENT  
CITY HALL

Newark, New Jersey

January 28, 1942

Board of Commissioners  
of the City of Newark

Honorable Sirs:

The attached letter from the Cities Service Oil Company requests an indefinite extension of time on a permit for the reconstruction of a gasoline station on premises No. 122 Summer Avenue. The permit was granted by your Honorable Body, on recommendation of the Board of Adjustment, July 30, 1941, and on November 19, 1941, a resolution was adopted by you extending the life of the permit to January 30, 1942.

This request is made because the Office of Production Management has issued orders making it impossible to proceed with gasoline station construction.

Respectfully,

BOARD OF ADJUSTMENT

R. B. Rankin  
Secretary

Mayor Murphy: Their recommendation is that it be extended how long?

Mr. Russell Rankin: We did not make any recommendation, Mr. Mayor. They asked for an indefinite postponement, which is something

the City Commission has heretofore never done.

Mayor Murphy: In other words, this is a permit granted for the erection of a gasoline station?

Mr. Russell Rankin: Yes, sir.

Mayor Murphy: Where?

Mr. Russell Rankin: 122 Summer Avenue.

Mayor Murphy: They want to build there? They have asked for a permit to re-build?

Mr. Russell Rankin: Yes, sir.

Mayor Murphy: And that has been granted?

Mr. Russell Rankin: Yes, sir.

Mayor Murphy: And that is for a period of three months?

Mr. Russell Rankin: Yes, sir. And then it was deferred for a three months period again.

Mayor Murphy: That means six months. They are still operating there, under this old set-up?

Mr. Russell Rankin: Yes, sir.

Mayor Murphy: What is their request now?

Mr. Russell Rankin: They have been informed by the OPM that they cannot build or re-build.

Mayor Murphy: And they want to withdraw their application?

Mr. Russell Rankin: No. They want an indefinite extension.

Mayor Murphy: At that rate we will be faced with a three months

extention for probably a long time. I think it would be better to have them withdraw their application, and present a new one when the time comes.

Mr. Russell Rankin: That is what we presented upstairs to their representative.

Mayor Murphy: Well, if the City turns down their application for an extention, then they will have to do that, isn't that so?

Mr. Russell Rankin: Yes, sir.

Mayor Murphy: I think that is the best thing to do. A motion is in order to reject the application for an extention on this permit.

Commissioner Villani: I so move you.

Mayor Murphy: All those in favor signify by saying "aye"; contrary "no."

Yeas: Commissioners Byrne, Villani, Mayor Murphy.

The following communication was received and read:

BOARD OF ADJUSTMENT  
CITY HALL  
NEWARK, NEW JERSEY

January 27, 1942

The Board of Commissioners  
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted recommending to your Honorable Body, in accordance with Section 40, 55-39 R. S., that the following applications for variances from the terms of the

Zoning Ordinance be allowed:

437 Suoth Tenth Street; Provence Manufacturing Co.; in a 2nd business district the establishment and operation of a machine shop; same to be in accordance with the plans approved by this Board; on condition that measures be taken to prevent the spraying of oil through the windows into the adjoining alley; that the smoke stack be extended above the roof of the adjoining building, and that the noise in the factory cease;

\*45-49 Lawrence Street; Bruce Realty Co., owner; renewal of permit for automobile parking station; same to run concurrently with the permit for two stationary gasoline pumps on these premises and to expire with the same on October 30, 1942;

\*406-412 Broad Street; Cities Service Oil Co.; renewal of permit for automobile parking station; such use to be limited to the period of one year ending January 18, 1943;

\*68-74 Chapel Street; Chapel Street Auto Wreckers; renewal of permit for automobile dismantling; such use to be limited to the period of one year ending January 6, 1943;

\*1048-1078 Raymond Boulevard; Triangle Realty Co.; renewal of permit for automobile parking station; such use to be limited to the period of one year ending February 16, 1943.

Respectfully submitted,

BOARD OF ADJUSTMENT

R. B. Rankin  
Secretary

Acting City Clerk: There are six applications in this communication, four of which are renewals, and another which there is no objection. The five matters could be taken care of today, Mr. Mayor.

Mayor Murphy: Motion is in order to suspend the rule, in order to give consideration to these applications.

Commissioner Villani: I so move you.

Commissioner Byrne: I second it.

Mayor Murphy: Motion has been made to suspend the rules. The Clerk will call the roll.

Commissioner Villani: I move its adoption.

Commissioner Byrne: I second it.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Byrne, Villani, Mayor Murphy.

Mayor Murphy: The other matter will be taken up in its regular course. The Application pertaining to 437 South Tenth Street was before the Board of Adjustment. Is that right?

Acting City Clerk: That is right, Mr. Mayor.

Mr. Russell Rankin: Yes, sir.

Mayor Murphy: Due to the fact that there were objectors, this matter will be up before this board two weeks from today, on February 11th, at 2 P. M., at a public hearing.

If there is no further business, a motion to adjourn is in order.

Commissioner Villani: I so move.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Byrne, Villani, Mayor Murphy.

Mayor Murphy: We will adjourn until two weeks from today. For the benefit of the commissioners, there will be another meeting on February 9th.

# MINUTES OF MEETINGS OF THE BOARD OF COMMISSIONERS

## COMMISSIONER'S MINUTES, FEBRUARY, 1942

---

Newark, N. J., February 9, 1942

A Special Meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Mayor's Office, City Hall, Newark, at 10:00 A. M., Eastern War Time.

Present Commissioners Brady, Byrne, Villani, Mayor Murphy.

Absent: Commissioner Keenan.

The Clerk read the following communication as a call for the meeting.

"February 5, 1942

Mr. Martin G. Bross  
Acting City Clerk

City Hall  
Newark, N. J.

Dear Sir:

There will be a special meeting of the Board of Commissioners of the City of Newark on Monday, February 9, at 10 A. M., at the office

of the Mayor, for the purpose of approving the Budget.

Very truly yours,

VINCENT J. MURPHY,  
Mayor."

Ordered Filed:

Mayor Murphy: This meeting is for the approval of the budget today. It is not to be considered as a public hearing. Under the law, the set-up is, and today's meeting is arranged for the approval of the budget, as it is submitted by each member to the commission; and consideration is to be given to the special items that must be acted upon and publicly advertised, for which a resolution is now here. This resolution will be passed around to the commissioners so as to familiarize the members of the commission with the resolution.

Now, in reference to the budget, the amount to be raised by taxation and the tax rate for 1942 are estimates, due to the actual state and county taxes being unknown at this time, and also due to the fact that

the 1942 assessment rolls are not completed; an estimated assessed valuation for 1942 of \$690,000,000 was used in computing the rate.

The amount to be raised by taxation is \$38,047,000, a decrease from 1941, of \$3,631,921.92. This decrease is however, not entirely reflected in the tax rate, because the assessed valuation for 1941 was \$34,720,200 greater than the estimated valuation for 1942, which decreased valuation was used to arrive at the estimated rate for 1942. The portion of this reduction in assessed valuation, which represents the adjust-

ment due to the revaluation program, also represents an actual decrease in the amount of tax to be paid by the property owner.

The decrease in the amount to be raised by taxation is accounted for in the following summary, and it should be borne in mind that the appropriations for each department would have to be separately analyzed to determine whether the increase or decrease is the result of normal operating expenditures.

Then we go on to show,

Miscellaneous Revenue—Decrease	\$2,431,400.26	
Delinquent Tax & Tax Lien collections—Decrease	241,485.56	
Appropriations—Dept. Revenue and Finance—Increase	79,047.87	
Appropriations—Dept. Public Works—Decrease		194,287.58
Appropriations—Dept. Public Affairs—Decrease		608,410.28
Appropriations—Dept. Public Safety—Decrease		118,438.44
Appropriations—Dept. Park and Public Property—Increase	388,856.95	
Appropriations—Municipal Debt Service—Decrease		549,137.10
Appropriations—School Debt Service—Decrease		30,807.31
Appropriations—Deficits Etc.—Decrease		3,594,297.73
Appropriations—Reserve for Uncollected Taxes—Decrease		1,412,334.10
Local School Tax—Decrease		265,000.00
Net Decrease in Tax to be Levied	\$3,631,921.92	

No accumulated surplus has been used to reduce the taxation in 1942, —that is important, because there was a surplus of \$431,000 and some odd dollars — but such surplus that exists has been held intact to be used to cushion any unfavorable financial condition resulting from possible decline in revenue or unexpected expenditures.

As a result of war time conditions it was necessary to provide funds for defense activity, and this is reflected in the following appropriations: Department of Revenue and Finance \$52,395.00 — now, this is the budget of the Defense Council. They had submitted a budget close up to a Hundred Thousand Dollars first; and after conferences held

with them, it was brought down to \$52,395, which includes the personnel, stationery and so forth, that is needed. Now, that figure may still be reduced. We are still trying to see what we could do with W.P.A., what can be done with certain school boys. We contacted Dean Cullimore, and some of the institutions, to find out whether or not some of the youngsters there who would be able, between school hours, to help out in this Defense Council's set-up, whereby we may be able to eliminate some of the help that is involved there. How much it will be reduced, I don't know; but that is a top figure estimated in there, \$52,395.

Department of Parks and Public Property is \$23,940, a Defense item, which I believe Director Villani will be able to explain later. I believe that is some set-up he has there for guards, and I think it also includes the keeping of the Hall open nights, with the elevator operators, and probably some other things which I cannot recite as yet, but which he probably has in his budget.

The Water Department and the Bureau of Docks; one is \$180,000, and the other is \$20,000, amounting to a total of \$200,000. This makes a total, as a war time provision of \$276,335.

Now, probably Director Byrne can give us some idea concerning that \$180,000 and that \$20,000.

Commissioner Byrne: We may be able to eliminate both of them. That \$20,000 is eliminated already; and the other, the \$180,000 — well, I have guards at the water shed, hoping I would be able to use them; but the army "turned me down cold;" but if we get by, as we do today, we could take it out of our own department I am hoping that

we could do away with it entirely.

Commissioner Villani: I was in the same position as you. I was hoping the government would step in.

Commissioner Byrne: I think we could use them up there, as long as those fellows would rotate as they have been doing, and maybe I will have to go over that figure again. That \$20,000 you could eliminate entirely from the airport; and \$180,000 I shall try to eliminate that all I can.

Mayor Murphy: You mean the Bureau of Docks \$20,000?

Commissioner Byrne: Yes. Of course that has not in any way affected the budget or the tax rate.

Mr. Price: No.

Commissioner Byrne: But the item of \$23,000 in Director Villani's department, and the item from the Defense Council of \$52,000 does affect the budget rate?

Mr. Price: That is right.

Mayor Murphy: Then there is the program for liquidation of tax title liens is now under way, and should result in both increased revenue and acquisitions of property upon which unpaid taxes are accumulating. In order to carry out this program, an additional appropriation of \$30,000 has been included in this budget.

After a conversation with the corporation counsel we agreed that there would be \$30,000 besides the \$20,000 we have now in the budget as reserve; and the \$20,000 had been set up some time ago. It was a greater amount, but I believe that some of it was used a year ago, but with the \$20,000 balance—there

was \$30,000—it will give us \$50,000 to work with.

Now, Mr. Price, will you explain further just the make-up in reference to how it shows on the rate, for the members of the commission?

Mr. Price: Now, on the basis of the figures that the Mayor has read, and with the assessed valuation estimated of \$690,000,000, it makes the tax rate . . .

Commissioner Byrne: (Interrupting) Pardon me. Before you start, are we going to get some sort of a copy of this, or are we going to copy it down now?

Mayor Murphy: I think we will give everybody a copy. We will have it prepared so as to satisfy everybody, so that everybody will have a complete picture of it.

Mr. Price: It makes the tax rate, based on those figures, of \$5.46.

Now on the appropriation, as far as the surplus is concerned, as we see it, it will be good business to hold it rather than to use it. There are no strings on that \$431,000 of surplus. And if the governing body saw fit and desired to take it into the budget, it can be put into the budget. It is entirely in the hands of the governing body, of the governing body in the city.

Mayor Murphy: That will reduce the rate approximately how much?

Mr. Price: A little, about seven points.

Mayor Murphy: And there was a mention made there that there was no consideration given to the state and county.

Mr. Price: State and county taxes

are now in the budget at the same figure as they were last year, because as yet those figures were not yet fixed. So, under the state statute, we must put in our budget the same as last year, the same as is already established.

Commissioner Byrne: And that will be adjusted?

Mr. Price: You see, the rate we have here is simply an estimated rate, because we only have to guess as to what our valuation would be, so when the rate is finally struck for the City of Newark, that is struck definitely on fixed figures of state taxes, county taxes and valuation as certified to by the Assessing Department of the City.

Mayor Murphy: Now, for the benefit of the commissioners, our budget, under the statute is to be adopted no later than March 9. Is that right?

Mr. Price: March 11 is the last date for it.

Mayor Murphy: March 11, for final adoption. Now, the county budget, when is the final adoption of their budget to take place?

Mr. Price: Their budget is finally adopted on . . . what day?

Commissioner Villani: They have their hearing today.

Mr. Price: They have their hearing today. They have fifty-five days after the beginning of the year; and the last date for the adoption of the county budget is February 24. They must adopt their budget by February 24th.

Mayor Murphy: What I am trying to get at is when will we be able to know what their tax rate is?

Mr. Price: You will know the county amount, or rate of taxation; but again there they are confronted with the revaluation problem. You see, these valuations don't have to be certified to the county board until March 30th.

Commissioner Byrne: Is the county going to have further public hearings after today on their budget?

Mr. Price: No.

Commissioner Byrne: Today is the last one?

Mr. Price: Yes, today is the last one.

Mayor Murphy: So, in other words, it won't be until sometime in April.

Commissioner Villani: You won't know until then.

Mayor Murphy: When will we know exactly where we stand? Our budget will be adopted on March 11th, but it could not be adjusted until after this county board had definitely adopted theirs.

Mr. Price: Until it is fixed. And they have all their valuations in, so they could fix their rate.

Mayor Murphy: It will be sometime in April?

Mr. Cozzolino: Of course, it can be later, because the county board is not compelled to certify their rate and their ratables on a certain date.

Mr. Price: They have to certify their rates to the city.

Mayor Murphy: The rate we will adopt, for the benefit of the members of the commission, the rate

which will be adopted by the commission will be adjusted?

Mr. Price: Oh, yes. It is bound to be adjusted.

Mayor Murphy: At a later date?

Mr. Price: That is right. But anything you do today does not affect the rate of taxes. It affects the dollars and cents.

Commissioner Byrne: When did you say the county board's will be adopted, on March 9, about?

Mr. Price: Their last date in which to adopt their budget, under the law, is on February 24.

Commissioner Byrne: February 24th? That is the final adoption day?

Mr. Price: Yes. They will no doubt adopt it today, if they are having a hearing.

Mayor Murphy: Yes; but again if they get all the valuation from the different municipalities of the county submitted to them.

Mr. Price: Yes. The County Board of Taxation fixes that.

Mayor Murphy: Well, I think one of the most important things to give consideration to is that surplus, by the members of the commission, as to whether or not that should be used or taken credit for at this time. I think that could be done between now and the final adoption, can it not?

Mr. Price: No.

Mayor Murphy: If the commissioners, between now and the final adoption of the budget wanted to take credit for that surplus?

Mr. Price: You could amend that budget.

Mayor Murphy: Yes. And we would still have time up to the time of the adoption of the budget?

Mr. Price: Yes. After the hearing.

Mayor Murphy: Yes. Just so we understand that the doors are not closed.

Mr. Price: You might say that this budget was prepared on the figures that were certified to by each one of you directors.

Mayor Murphy: So if there is any change in the budget as submitted by the commissioners between now and the hearing, or the final adoption, it would change these figures too?

Mr. Price: That is right. You could either increase or decrease any particular item of appropriation not more than ten percent so long as the total of those changes don't increase your taxation more than five percent. You could add a new item of appropriation so long as it is not more than one percent of the total operating of the budget, and it don't exceed the five percent of the valuation. You could still amend this budget.

Commissioner Brady: I notice in calling attention to my budget, to a savings of \$608,410 — according to my figures that is incorrect, and I believe it is incorrect because the \$7,500 of the dog pound must have been added to it. Now, Mr. Price, advised me that was a dedicated fund and it should not be charged against our account; but it should be charged in a special account, the treasurer's special account. It should not be carried in our account.

Mr. Price: Maybe you took it out of last year. You see, that figure of \$7,500 was in the budget of last year.

Commissioner Brady: This is the budget I understand that those figures were taken from. It was in last year's budget.

Mayor Murphy: Yes, but it is not in this year.

Commissioner Brady: It must be in. According to these figures here. Where do they get that extra \$7,500 from?

Mr. Price: \$7,500. We could give you the figures from here. We have a total budget from Public Affairs for 1942 of \$4,720,131.23.

Commissioner Brady: That is right. That is correct, yes.

Mr. Price: Now, that figure does not contain \$7,500.

Commissioner Brady: Yes, that is correct.

Commissioner Byrne: How did you eliminate that this year?

Commissioner Brady: It was dedicated.

Mr. Price: That is the new law that was passed this year. It has to be taken out of that. Now, the figure we are using for last year's budget was \$5,328,248. That includes the \$7,500. Now, if you delete the \$7,500, then it will bring it down to your figure. No doubt that is what you are doing to get your figure.

Commissioner Brady: No. We are not putting it in at all.

Mr. Price: You have got it out. That is the reason we don't agree.

But that \$7,500 we must carry it in, because it was advertised in your budget last year.

Commissioner Brady: I see. Now, how will that affect us? Wouldn't that reduce our general figure then?

Mr. Price: What?

Commissioner Brady: Wouldn't that reduce our general figure for this year?

Mr. Price: No, because of the fact that is reflected on the revenue side of last year. Now, last year there was this \$7,500 anticipated from licenses of dogs, which is not anticipated this year. So both your anticipated revenue is down and your appropriation is down this year. That is what does it.

Commissioner Brady: Oh, I see.

Mayor Murphy: Again, this year, for the benefit of the commissioners, there has been an increase in the pension fund, which has gone up \$67,956. That is the increase in the pension funds this year as over last year. Is that the right figure?

Mr. Cozzolino: Yes.

Mayor Murphy: You see, each year there has been an increase in that, and that is something you cannot do anything about, at least as far as the budget is concerned.

Mr. Cozzolino: That covers all pension funds.

Mayor Murphy: Yes. That is all pension funds. That is the police, municipal, board of works.

Well, last year there was an increase of over \$80,000 in the pension funds, but of course the police and fire pension funds in previous years

was always a year behind in the items that were to be set up in the budget; whereas last year we had brought it right up to date. So of course, this year the item in there naturally is smaller. There is an increase of about \$20,000; whereas, last year, I guess there was an increase of about \$40,000; because it was picking up a year that was behind.

Then, of course, there is an item of \$30,000, as I mentioned, for the foreclosures.

There is a compensation insurance item which is \$19,500.

And there has been a small increase in the fiscal agent — that is the one that handled the bonds of the City of Newark, and the bank — \$948. And there is an increase in the Board of Adjustment of \$3,856. There was an employee transferred — I think, Director Byrne, you know about that, it was from your department — Rankin. He was transferred from your department.

Mayor Murphy: Well, of course, that increase from the Board of Adjustment now, practically \$3,856.

Commissioner Villani: That is his salary, isn't it?

Mayor Murphy: Yes. He was in there with two salaries somehow or another.

Mr. Theodore Miller: Yes: One as a clerk and one as the secretary of the Board and as a Civil Service Employee. The other is a non-competitive job. He gets \$600 as secretary of the Board and \$3,400 as a Civil Service Employee.

Mayor Murphy: So it is \$4,000. But the increase is on the basis of

eleven months, isn't it?

Mr. Theodore Miller: That is right.

Mayor Murphy: Or \$3,856. In other words, he was also on the payroll, is that it?

Mr. Theodore Miller: That is right.

Mayor Murphy: Well, as I say, with the Defense Council, so far of course, that has to be further gone into to see if we could bring that item down. I don't know what else we will be faced with. I don't think that anybody could foresee that whole thing as yet.

There was an item also discussed with Commissioner Brady . . . of course, he gave no consideration to it, and neither has the defense council, up to the present time; but Dr. Craster has made a request for \$40,000 which is to be put in the budget for an emergency supply of kits and numerous other items with reference to the emergency which may develop, such as hospitalization—is that right?

Commissioner Brady: That is correct, Mr. Mayor. And my position is, that it should go in the budget in the same manner as the monies went in for sirens and arm bands and everything else. It should go into the emergency funds for defense. I don't believe that the Department of Public Affairs should take upon themselves to put it in their own budget. If it is for defense, of course it should be allocated in the same manner as is the sirens and the arm bands, as they were allocated, in the proper department, for disbursing them to the various units required.

Mayor Murphy: Well, last Mon-

day night we had quite a meeting here. I sat in with the Defense Council. Of course I want to report that to the commission, just roughly, that the Defense Council, every Monday night, the executive board, or the executive officers meet here every Monday night, as I have arranged it. They have got to meet weekly at this office at 7:30, so we were here until almost midnight, and one of the items discussed was that. And Charles Fagg, he had a complete breakdown from the Red Cross, which showed the many items that they would supply in case of an emergency. And they had them all checked off. And I told him, through the Defense Council, to take that up with you on account of this \$40,000 question. The Defense Council officers seemed to feel as though that was not necessary to be included, that it was not necessary to include that item of \$40,000 in the budget, in view of the Red Cross activities and the amount of medical supplies that will be available in case of an emergency.

Now, of course, I said, "Well, I prefer that you take the matter up with Commissioner Brady, so that he will know exactly how this office of the Defense Council feels in reference to this recommendation by Craster." Of course, that report by the Defense Council, through the Red Cross, is also substantiated and approved by a number of doctors who the Red Cross depend upon themselves for advice and recommendation in reference to medical supplies needed in case of an emergency.

I don't know whether they were in touch with you or not.

Commissioner Brady: He has called me up, but he has not sent any communication to me. My understanding was, from the conver-

sation I had with him, that we would have to purchase the stuff from the Red Cross. I may have misconstrued his statement. However, Dr. Craster predicated his request upon the order of the office of the Defense Council. It was promulgated in some of the bulletins sent to all the members of the Defense Councils; and he is merely asking for the various medical things necessary, such as cots and stretchers, and setting up emergency hospitals, and first aid units, in accordance with their instructions. So I think that the matter should be gone into thoroughly before we come to a definite conclusion on it. I think that is a matter for the Defense Council to iron out. I think they should iron it out themselves, whether or not they want to follow the instructions of the O.C.D. or whether they want Dr. Craster to use his own judgment. I am sure that if he is permitted to use his own judgment he won't ask for \$40,000 worth.

Mayor Murphy: He will ask?

Commissioner Brady: No, he won't. I think if he is permitted to use his own judgment he won't ask for it; but I think his stand is taken because of the fact that he is merely following instructions as chairman of that committee. I think he is chairman of the medical committee.

He is merely following instructions promulgated in the O.C.D. bulletin; and that is how much it would cost if he gets everything they suggest.

Mayor Murphy: There were a number of things they had in there, such as wheel chairs and things of that sort, which, of course, the Red Cross doctors feel were not things that should be considered as emergency

Commissioner Brady: Well, they should "cut" them out.

Mayor Murphy: They did. That is why I wanted you to see that list. Because they checked over and put "R.C.," "Red Cross," after each item, all the way down on these lists that were submitted by Dr. Craster, showing what they would consider as an emergency, and which they would take care of and supply. And the vast majority of that list would be taken care of by them. And in view of that the officers, the executive council of the Defense Council here feel that that item of \$40,000 should not be given any consideration at this time. So that was one reason why nothing was done in reference to their budget of including it.

Commissioner Brady: Suppose we pass it, until I get that communication from Mr. Fagg, and then I will call Dr. Craster in, and we will go over the items.

Commissioner Byrne: Pardon me, Mr. Mayor. There is something else there too. I know in this W.P.A. project there is this toy mending department; they are making a bunch of cots, and I know the other outfit, the arts and crafts, are making about 3,500 medical cabinets, first aid cabinets. I don't know how this devetails in to cut the cost down.

Mayor Murphy: Well, they do. There are mattresses and coats and gowns, and things of that stuff being made.

Commissioner Brady: I know about that.

Mayor Murphy: Now, the budget of each department is submitted. I believe, Mr. Farrell, that they are all being photostated. Photostatic copies are being made.

Mr. Price: I think each commissioner is making their own.

Commissioner Brady: Yes. We are making our own. And I would like to make a statement. Mine has been revised since January, and I want to make a short statement. I want to clear it up.

Mayor Murphy: Yes. Each commissioner may want to have a copy and look them over, and then meet with the director. And not only that, but give their reactions at the public hearing that will be held. I think that we all ought to have copies made, so that each member of the commission could have a copy of it.

Commissioner Brady: Ours is already made. We have twelve copies made up. But at the same time I would like to get in my statement.

The revised total budget appropriation of the Department of Public Affairs for the year 1942 is \$4,720,131.23, which is \$608,410.28 less than the budget appropriation for the year 1941, representing approximately a twelve per cent reduction in the allowance for operating expenses of my department during the current year as compared to last year.

At the conference preceding the last regular meeting of this Board, the Mayor asked "that duplications, particularly in the tentative budgets of Commissioners Brady and Villani, be clarified." To this end, on Monday last I called a conference which was attended by all of my division heads and by Director Villani and Deputy Director Pellecchia.

Now then, in connection with the story on the above statement by the Mayor, the Newark Evening News on January 29, 1942 said:

"Brady and Villani will confer Monday to iron out an overlap of approximately \$200,000 resulting from the original departmental allocations of the commission last May." — that statement is wrong.

In order that there shall be no further erroneous impression that the \$608,410.28 reduction which I have effected in the present budget of my department is to be accounted for in large measure by this alleged overlapping, amounting to some \$200,000 as stated in the News article, I wish to cite the facts in the case for the record.

I will introduce a resolution on Wednesday next calling for the transfer, effective February 1, 1942, of fourteen employees in my department, who are specifically doing maintenance work, to the Department of Park and Public Property, distributed as follows: one in the Newark City Alms House; five in the Newark City Hospital; one in the Bureau of Health; and seven in the Ivy Hill Power Plant. The total amount of the salaries provided in my budget for these fourteen employees was \$36,350. Inasmuch as we have already paid these fourteen employees for the month of January out of our temporary budget for 1942 to the extent of one-twelfth of their salaries or \$3,029.17, the reduction in our budget will amount to a net of \$33,320.83 which is nothing like the \$200,000 figure.

I may also clarify the status of the other group of twenty-one employees in the Maintenance Division of the Relief Department, by stating that these employees were transferred to the Department of Parks and Public Property on January 1, 1942, and for that reason I did not provide for them at all in the 1942 budget of the Department of Public Affairs.

Therefore, in conclusion, I wish to state for the record that only \$33,320.83, and not \$200,000, is to be considered in connection with the aforesaid transfers from the Department of Parks and Public Property as constituting the correct proportionate amount in the total reduction in costs, that is \$608,410.28, which I announced as net savings in the operating expenses of my department for the current year.

There have been public statements made, in articles appearing in the News, that I wanted corrected, because I didn't want the impression to prevail to the public at large that I have been taking people out of my department and putting them in somebody else's department, and thereby be making a savings.

Mayor Murphy: I am sorry, Commissioner Brady . . .

Commissioner Villani: (Interrupting) You don't have to be sorry.

Mayor Murphy: I just wanted to say that I may have gotten the wrong impression; but if I understand, in talking to Commissioner Villani after the last meeting . . . now, whether or not it was in your budget or someone else's budget, I was under the impression it was in your budget; and that is the reason there was the statement made by Commissioner Villani, and to which there was no objection made at that time by anybody.

Commissioner Villani: That is right. You don't have to be sorry. I will explain it. We felt we should have enough further reallocation to take over the \$181,000 in our budget, and we included this in our budget, which brought it to about \$400,000 increase. Now, we knew that there were certain things that

had to be adjusted, so we met with Director Brady last Monday and we — for instance, the City Hospital Item; we felt that we should have all the cleaners and helpers here, amounting to \$46,000. So when we talked it over with Dr. Snively and all, we felt that most of them were orderlies and they were part of the hospital staff. And we only took, instead of \$26,000, we only took \$13,000 out of it. And in the Alms House we felt we should get \$16,900, but we felt, we found out that most of them there were only orderlies instead of cleaners and helpers, so that brought that down to \$880; and so on down the line. So that we have now the proper adjustments, and our budget today will show quite a savings of \$400,000 which we had originally, and which Director Brady had taken off his. So that the readjustment that was made, instead of saving the contemplated \$181,000, it is only \$87,000.

Mayor Murphy: So that the adjustment that Commissioner Villani was talking about after the conference, it is coming out of the other one of the budgets.

Commissioner Villani: Yes.

Commissioner Brady: But that \$181,000, coming out of my budget, will be that much less. In other words, I did not want the implication to be made . . .

Commissioner Villani: Instead of \$181,000 . . . now, instead of him being \$181,000 less, it is only a difference \$181,000 and \$94,000. So you see, his had gone up and mine has gone down.

Commissioner Brady: No. Mine has gone down.

Commissioner Villani: I mean from what I expected from you. Now it is a little higher and mine

is a little lower.

Commissioner Brady: But before that money would be taken out of my budget, my budget was higher, and with those figures I still would have saved \$589,000, or close to \$600,000, if my budget was never touched.

Commissioner Villani: That is right.

Mayor Murphy: Commissioner Villani, let us get this right. At least, for the record again, what is your total budget now, after this conference with Commissioner Brady?

Commissioner Villani: My total budget now is \$1,200,304.41.

Mayor Murphy: How much?

Commissioner Villani: \$1,200,-304.41.

Mayor Murphy: So it is now down?

Commissioner Villani: That is right. We took it off during the week end.

Mr. Price: So we did not get the correct figure.

Commissioner Villani: You could get it because it is less.

Mayor Murphy: Of course, that adjustment could be made?

Mr. Price: Yes.

Before we type this budget finally we will bring your \$30,000 instead.

Commissioner Villani: What?

Mr. Price: That will make the rate \$5.45. That takes off a point. It brings it to \$5.45.

Commissioner Villani: So it is \$5.45 now.

Mayor Murphy: I think in view of the fact that the values have been reduced on pretty nearly all the properties in the city, on a vast majority of them it will mean a lower values; and with the drop in the rate, I think at least, to my point of view, I think it certainly shows that the city commissioners have endeavored to do a real good job. As I say, whatever other changes can be made between now and the departmental set-up and the final adoption of the budget, it will tend to further bring the rate down.

Commissioner Byrne: In Jersey City, Mr. Mayor, they have just announced that it is \$5.43.

Mayor Murphy: What was it before?

Commissioner Villani: Mr. Mayor — Pardon me. Don't you think it might be well that you should appoint some representative to sit in on that county budget hearing, when we have something like fifty-four or a fifty-six point interest?

Commissioner Byrne: You have got to move fast. They are having their last meeting today.

Commissioner Villani: We have a big interest up there, and I think we might have something to say about that that might be a proposal for bringing the tax rate down.

Mr. Price: They are meeting now.

Commissioner Brady: Is it now, or is it this afternoon? Maybe we may have someone from the Department of Revenue and Finance go up there now.

Mayor Murphy: The county

budget, as I understand, according to the advertisement, is up over last year. Now the question is, how far the city wants to go in being able to criticize their budget intelligently.

Commissioner Byrne: I feel that we should be represented; but as I understand it, today is the last day. And nobody has analyzed the budget. They have received commendation in the editorial columns for not letting it go higher. But I think we ought to ask that we get a peek at it, and maybe we may get an idea to "cut" it.

Mayor Murphy: Is today the final day for adoption?

Commissioner Villani: Yes. Today they will adopt it.

Commissioner Byrne: It may be all over by now.

Mayor Murphy: I was just trying to see what time the meeting was called for.

Mr. Raymond Schroeder: They usually meet at eleven.

Mayor Murphy: It is probably all over by now. Well, if they have not adopted their budget, we will still have time probably to put it off to a later date, make some study of it, and then give some reaction to the city commission.

Mayor Murphy: Have these resolutions been passed around?

Acting City Clerk: Yes, Mr. Mayor.

Mayor Murphy: Read the resolutions, and call the roll.

Local Budget of the City of Newark, County of Essex, for the Fiscal Year 1942.

BE IT RESOLVED, By the Board of Commissioners of the City of Newark, that the following statement of revenues and appropriations shall constitute the Local Budget for the year 1942; and

BE IT FURTHER RESOLVED, that said budget be published in the Newark Evening News February 14th, 1942, and the Newark Ledger February 14th, 1942, and in the Sunday Call February 15th, 1942.

Notice is hereby given that the budget and tax resolution was approved by the Board of Commissioners of the City of Newark, County of Essex, on February 9th, 1942.

Hearing on the Budget and Tax Resolution will be held at the City Hall, Newark, on the 2nd day of March, 1942, at eleven o'clock A.M., at which time and place objections to said Budget and Tax Resolution of the City of Newark for the year 1942 may be presented by any citizen or taxpayer of said municipality.

Mayor Murphy: Should you not say "Daylight Savings Time?"

Commissioner Villani: "War

Time," Mr. Mayor.

Acting City Clerk: That is "Standard Time;" Mr. Mayor.

Mayor Murphy: That is all right now, because you have your time set.

Commissioner Villani: We don't have to have War Time, it is "Standard Time" now. Just leave it at eleven o'clock, that is all.

Mayor Murphy: All those in favor of the resolution signify by saying "aye"; contrary "no." The Acting City Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Villani, Mayor Murphy.

## LOCAL BUDGET EXPLANATORY STATEMENT

The amount to be raised by taxation and the tax rate for 1942 are estimates, due to the actual state and county taxes being unknown at this time, and also due to the fact that the 1942 assessment rolls are not completed; an estimated assessed valuation for 1942 of \$690,000,000.00 was used in computing the rate.

The amount to be raised by taxation is \$38,010,800.00, a decrease from 1941 of \$3,668,121.92. This decrease is, however, not entirely reflected in the tax rate because the assessed valuation for 1941 was \$34,720,000.00 greater than the estimated valuation for 1942, which decreased valuation was used to arrive at the estimated rate for 1942. The portion of this reduction in assessed valuation, which represents the adjustment due to the revaluation program, also represents an actual decrease in the amount of tax to be paid by the property owner.

The decrease in the amount to be raised by taxation is accounted for in the following summary, and it should be borne in mind that the appropriations for each department would have to be separately analyzed to determine whether the increase or decrease is the result of normal operating expenditures.

	<b>Tax Levy</b>

No accumulated surplus has been used to reduce taxation in 1942, but such surplus that exists has been held intact to be used to cushion any unfavorable financial condition resulting from possible decline in revenue or unexpected expenditures.

As a result of war-time conditions it was necessary to provide funds for defense activity and this is reflected in the following appropriations:

Dept. Revenue and Finance .....	\$ 52,395.00
Dept. Parks and Public Property .....	23,940.00
Water Department .....	180,000.00

The program for liquidations of tax title liens is now under way and should result in both increased revenue and acquisition of property upon which unpaid taxes are accumulating. In order to carry out this program an additional appropriation of \$30,000.00 has been included in this budget.

Mayor Murphy. According to the advertised statement on the county's budget they will have a surplus of \$300,000, which they are not taking credit for. According to the newspaper their budget of 1942 is about \$37,000 lower than 1941.

All right. Will you now read the other resolution?

WHEREAS, on December 31, 1941, the Current Account showed Surplus Reserve Revenue—Non Cash of Two Hundred and Thirty-seven Thousand One Hundred and Ninety-seven Dollars and Fourteen Cents (\$237,197.14); and

WHEREAS, on December 31, 1941, the Current Account showed Shade

Tree Surplus of One Hundred and Eighty-five Dollars and Seven Cents (\$185.07); and

WHEREAS, the Capital Account, on December 31, 1941, showed Reserve for Poor Relief Bonds of 1940 of Nine Hundred and Forty Thousand Dollars (\$940,000.00); and

WHEREAS, on December 31, 1941, Water Operating showed Surplus, Prior Years, of Three Hundred and Ninety-four Thousand, Six Hundred and Ninety-five Dollars and Eighty-six Cents; and

WHEREAS, the following is a statement of Tax Liens and Delinquent Taxes:

Vincent J. Murphy  
Jos. M. Byrne, Jr.  
John A. Brady  
Ralph A. Villani

Mayor Murphy: You heard the reading of the resolution in detail.

Commissioner Brady: I move its adoption.

Commissioner Villani: I second it.

Mayor Murphy: All those in favor signify by saying "aye"; contrary "no." The Acting City Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Villani, Mayor Murphy.

Mayor Murphy: Well, that is all the business we have now.

Do you want to speak (Addressing Mr. Herman W. Brams).

Mr. Herman W. Brams: Yes.

Mr. Mayor, and commissliners, I was rather interested to hear what transpired here this morning. I want to say that I was appointed Chairman of the budgeting committee of the Broadway Association by Emil G. Meyer, President of the Association. I also appear here with Mr. Feil, for the Newark's Taxpayer's Association.

In previous years the commissioners used to hold independent hearings of their individual budgets. From the observation that I made, there were so few people showed any interest in it, that I am not surprised to know that you discontinued holding those hearings. Because I remember for a couple of years you sat up in the Council Chambers; but you and the Mayor and maybe one or two persons showed up. And for several hours you sat around waiting, waiting for somebody to show up, and they did not. So apparently you discontinued that.

Having attended these conferences for a number of years, and having sat in with a number of the commissioners individually, I want to say that I enjoyed sitting in with them, going over their budgets, and criticizing them, constructively of course. But it seems to me individually that can be done as well. And this morning I have dictated a letter in my office, which is being sent to the Chamber of Commerce, the Broad Street Association, the Newark Taxpayers Association, the Ironbound Manufacturers Association and the Springfield Avenue Merchants Association, and a couple of others, making a suggestion to them, that while they may have been doing some work in connection

with budgets individually, that it was my opinion that nothing could be done as individual groups, unless it is done collectively and it is done on an all year around basis.

It is my impression that a permanent committee ought to be formed, as it is done in some other cities; this committee to meet throughout the year with the individual commissioners, to go into their budgets, for expenditures and receipts.

If that committee is formed, which I am hoping it will be, I would ask, as you suggested Mr. Mayor, that there be copies of each of the commissioner's budgets available for this committee, which I anticipate will be formed, so that we may have an opportunity of examining the budgets and then asking each of the individual commissioners to give us the time to sit at their respective offices and make any constructive suggestions that we may have.

I want you to know at the outset that my suggestion and my plan, and what I proposed to do, is intended in all good faith for the best interest of the taxpayers of the city of Newark, for the interest of the commissioners, and without malice or intention to harm anybody; but because, as I listen to you now, the fact that nobody representing the City of Newark attended the County Budget hearings, it seems to me, that we who pay over fifty percent of the taxes to the County, should be represented there. I attended some of the meetings up there, and I want to say that the similar inertia that exists here in the city, exists up there.

Some people do come up there and start tearing their hair and making a lot of wild statements that cannot afterwards be substantiated

or reconciled. But my plan is to make it constructive, and have it work as a group that will bring about a better understanding between the taxpayers and the city, with the idea of helpfulness rather than merely doing, as we have seen done here in the city from time to time at the city commissioner's meetings on budgets, when a lot of wild statements and a lot of facts and figures are thrown about, where the people who make them cannot substantiate and cannot even understand them.

So, my purpose in making that statement to you is to call your attention to the fact that it is my intention to form this permanent committee that will last throughout the year, and in the interviews with you, with the idea of having constructive meetings to go over various items, in the budget. And in conclusion I want to say that I am not motivated in any way, and I want you to believe my sincerity, that any movement that is now or may be contemplated in the future to bring about any change in the government, or any of the other ways, I want you to know I am not associated with anybody, and I don't contemplate being associated with any of them; because it is my belief that the government we have can only be as good as the men elected, and until those men have had an opportunity of showing whether they are awake and whether they are interested in the welfare of the City and are doing a good job, these movements that are undertaken by disgruntled people or otherwise are not to my liking. And I am not interested in them, nor am I supporting them in any way at this time.

I appreciate the courtesies that I have received in the past from the commissioners with whom I have sat in with. These previous com-

missioners, Mayor Murphy, permitted me in previous years to examine their budgets with them. I sat with Commissioner Byrne, or his deputy, on previous occasions. And I sat with Commissioner Keenan while he was acting commissioner. I have not had a chance to sit with you two gentlemen (indicating Commissioners Villani and Brady), because you were not commissioners in previous years; but I know if I asked for the opportunity that you would gladly have accorded me the courtesy of sitting with you.

Personally I think what you have done is all right; but it is not all that you can do. I am not at all elated at the reduction of thirty points in the budget. I think it should be more.

There may be an opportunity, if we sit together, this committee and the individual commissioners, and the commission as a whole, that we might be able to find some way of bringing about even a greater reduction that you have found this morning.

It is not an easy thing to pay the tax bill, which we in the City of Newark have had to pay. I Personally know what it means to pay \$326 a year, or a little more, for a little six room shack. Excuse the expression. I don't mean "shack," I mean, "a little house." It is a lot of money, and in these times, speaking for myself as an attorney, my practice is less than it ever has been. So that it makes it more difficult to pay that amount.

While that thirty points reduction at the present time may appear to be substantial, it does not appear sufficient to be able to pay it. In other words, on the basis of what you, Mayor Murphy, have said, \$4.61 in 1938 on my assessment, I am still paying \$5 more than the \$4.61 rate

which was in 1938. There may have been reductions on other properties that substantiates your statement. They may be paying less tax dollars this year than they did then; because I know, in reading the newspapers, that some properties apparently received larger reductions than my particular piece of property received. I have observed that some of the downtown business sections have received as much as twenty-five percent or thirty percent reductions, whereas in the residential sections, perhaps in my section, the average has been about ten or fifteen percent. So that while you may be perfectly right in what you say on the average that they are paying less in tax dollars, maybe in the individual case they are not.

And while I may be going off the subject for the moment on the matter of your budget, I do think your revaluation program, Mr. Mayor, should be given some special consideration for the residential sections of the type and in the section where I live. I think there you will find that the reduction has not been as large as in some other sections. Now, it may be that we live on "mortgage hill," Hansbury Avenue and Keer Avenue; and in that section there those properties are considered not to have deteriorated as some of the other sections have; but still the burden is there. You have got to dig in for that money. And if your earnings are not sufficient to do it, you are not going to be able to do it.

The mortgage I have on that property, on my property, that institution is constantly on my back. They insist that I pay my taxes.

Well, my taxes are paid; 1941 taxes are paid; but I have to forego some of the other things that are just as important to me as an individual, to pay to the City of Newark, and forego those things.

One thing more that I would like to call your attention to, and I think that should be given some consideration; and that is—I don't know whether it is mandatory or not, but I think what ought to be done, in time like this, is to "out" out giving the refunds that is being given to certain taxpayers, large taxpayers, who have plenty of money on hand. I don't think it is a discount any more where they pay their taxes in advance. When there isn't money around, that is a good time to give people an inducement to pay in advance. But where there is plenty of money around, the Prudential Insurance Company or any other institution, it does not hurt them to pay money in advance and get a \$40,000 savings. There is no reason for it.

I think that ought to be wiped out, because the City of Newark, if it was short of money, if they did not have the money with which to pay the employees, then it might be an inducement for the Prudential to pay taxes in advance; but the City of Newark has plenty of money in the banks there, they are not getting any interest; so the City of Newark, the citizens, are not benefiting by these big institutions, the Prudential, who have plenty of money on hand. And if it is not mandatory, I think something ought to be done to wiping that out.

Mayor Murphy: As I understand it, it is not mandatory. It is permissible. And it has been the policy, and, of course, the cash position of the City has not always been as it is now. And, of course, you are talking now, due to the fact that we show a cash surplus on hand. Now, the consideration ought to be given to that point of view whereby they should not go in, in advance, and pay their taxes and take advantage of the additional discount

Mr Herman W. Bram. Yes.

Mayor Murphy: I get your point. I could say the majority of the property owners in the City of Newark, and small property owners, are receiving a reduction in their valuation in 1942. Now, I don't know whether you consider yourself in 1942 or not. Probably you don't know as yet whether you got a reduction or not. Of course, people will be notified, throughout the city of Newark, of the new values that have been established, which is part of the thirty odd millions of dollars of the drop in ratables. Some individuals have felt that the inflation should not be taken out of the ratables.

Mr. Herman W. Bram: I don't agree with that.

Mayor Murphy: You don't agree with that, and I don't agree with it, because I think it is sound business policy to try to get our ratables down where they belong. Now, we have been trying to get it down in a systematic and orderly fashion. In other words, we have reduced them to a few millions in a number of years. Now we are down to thirty million again. Now, some of them are due to the fact, because of the appeals that have been made. There, of course, the City has had no alternative; we have to be guided by the action of the Court, which has made some big reductions in the ratables. But on the other hand, in our process, we have reduced approximately Twenty Million Dollars, of which the individual property owner has received a large benefit in this year. So that the small property owner, with the exception of the small amount of cases, will not receive any great relief insofar as the valuations are concerned, although they are receiving insofar as the reduction in the tax rate.

Of course, I think you will agree,

because you sat in on these budgets and met with the members of the commission, that you cannot do the utterly impossible, which some people think you can, overnight here. And I think that with start of this new commission, and also due to the fact, while we have been in office, we have been showing the spirit of wanting to cut things down, the valuation and the tax rate, I think, myself at least, a very good start has been made. Now, that may not be the thinking of the majority of the people here in Newark, but I think, as the Revenue and Finance Director, that we have made a very fine impressive step forward in the reduction of approximately thirty points, which still may be increased due to the adjustment of the county and a question about the surplus here, also whether or not other items, which are in the individual director's budget can be further sliced or eliminated during the period of time between now and the final adoption of the budget.

So to me, on the budget hearings I don't mind saying I am even satisfied to continue the individual budget hearings if I feel that there is any great demand. As you have stated, I have sat upstairs for several hours waiting for people to come, at the last budget hearings that were conducted.

I think it is very constructive what you have suggested to the commission in what you are getting a small group or a committee of one or two from each of the different Civically interested bodies set up in the City here, to come as a group to the individual directors. Personally I think more can be accomplished that way than at any public hearing, because there anybody could sit around at a table like this and discuss it, item for item, and thoroughly understand everything. Rather than have—and I am

not going to quote any organization—but to come down in the releases they make and criticizing the members of the commission for this item or that item or for some other item. And it is a healthful situation and a more cooperative one if they would come to the members of the commission, come in and sit down; and they will become more familiarized with the whole budgetary set-up of the City, so that when the budget time will come around they will be more familiarized with it within the course of the year, and they will be more intelligently enlightened to what points they could discuss, and the various changes that will be made to affect the budget. They will be more familiar with the debt structure of the City, which is an important thing, and which a lot of people do not give attention to whatsoever. They simply feel that that is something the city commission ought to do something about.

We have discussed what could be done with the portion of the fund in the sinking fund, which is only a portion of the debt structure of the City of Newark, and what we could do insofar as those funds are concerned; and the surplus set-up in there is questionable.

We have also a picture before us; and we don't know what is going to happen in the course of next year, whether the tax collections will improve or whether they will fall off. That is an important thing to take into consideration, I think.

Many people will be called into service. The responsibilities of keeping up a home will fall on a lesser amount at home. Whether they will be able to pay their taxes as well as they have paid them in 1941, I don't know. Some, I believe, will own property that may have been given to them by their parents, those in the service, whether they are not able to pay their taxes I don't know. And I don't know

whether the city could do anything about it during this period of the war time. I think that is something else that may reduce our collections.

I think the suggestions made by you about these various groups setting up a committee to meet with the commissioners is a very fine one, and I am sure that every member of this commission will welcome them to sit down and go over their budgets, so they can become familiarized with the increase in their budget. The increase in the points each year is an item.

Here again you have your Defense Council coming along with an appropriation set-up which we did not have before, and, of course, which we don't know what we are likely to be faced with before the year is over. We are setting that up in the budget. But the Lord only knows what emergency may develop where we will have to adopt an emergency resolution which will affect the budget next year. So that on all of these things, I think the members of the commission will welcome the idea of all the different Civic minded groups in the city here formulating a committee to sit with the members of the commission to intelligently discuss their budgets. But I do feel confidently that the city commission itself has and is trying to do a good job. I feel that way about it. Of course, I am sorry that I was not able to be in that frame of mind for the previous four years back.

Mr. Herman W. Brams: I appreciate what you say, and I am glad you agree with my plan, because it is intended to be constructive. And I intend, for instance, to talk to Mayor Murphy's Department about a question of whether or not in his budget for 1942 any use was made of the funds that were available in the sinking funds.

I intend to ask Commissioner Byrne, for instance, whether he took anything in anticipation of the use of Port Newark and the airport money which I read about the other day, when he entered into certain contracts.

Commissioner Byrne: I have some anticipated revenue now, but I cannot use it in reduction of the budget. But I promise you I will use it.

Mr. Herman W. Brams: There are so many items in the budget that a committee of the kind I have in mind can become familiar with and be helpful both to yourselves and to the taxpayers, that I feel that would be the logical thing to do.

Mayor Murphy: I was just going to say — now, here is a piece of property at 135 Keer Avenue which was more or less referred to,—you were talking about Keer Avenue?

Mr. Herman W. Brams: I mentioned Hansbury Avenue which is only a block away.

Mayor Murphy: Here is a piece of property, in 1938 it was assessed at \$11,000, and at that time, in 1938, they paid \$507.10; and in 1939 it was assessed at the same amount but the rate was a little different. In 1939 they paid \$500.50. Then it was reduced to \$10,000 in 1940. In 1940 the rate was \$4.85, and they paid \$494.70. In 1941 it was assessed at \$9,670; the rate was \$5.75. Well, that was last year. This year it being reduced, the value is reduced to \$9,200; and with the new rate which is mentioned now, which is \$5.46 it will be \$502.32. So it was even at that, on Keer Avenue, 135— with the new reduction that was made on that. That brings that property — and I assume that will apply to pretty much all properties throughout that area.

We only picked this out at random to show in the different parts of the city there are reductions being given to the property owners. And while I am not saying that that should not be a whole lot lower, I hope to see the day when it will be. Now, it will show that a \$507. bringing it down to a \$502, and still subject to any further change for any further reductions made in the rate.

Mr. Herman W. Brams: It is my impression Mr. Mayor, that something ought to be done about the revision of the land values in that section. Now, you take my fifty feet of land, which is assessed at \$60 a foot, \$3,000. Now, you could not possibly get \$3,000 for a lot up in that section; and it certainly seems to me that something ought to be done about revising land values.

Mayor Murphy: We have been trying, Counsellor, to work this thing, as I mentioned before, in an orderly fashion and in a gradual reduction. Personally I did not want to make drastic reductions all over, because you are going to feel a hard bump on the whole thing; and we have been trying to do it yearly, bringing it down; and I personally feel that values are still a bit higher even with this year's reduction; but I think we are going about it in an orderly way rather than going at this thing and "clipping" off probably a hundred million a year, down a hundred million, to where it should be. We would then be doing it in a disorderly way.

John C. Feil: Mr. Mayor and gentlemen. I will be brief. As you all know, the Newark Taxpayer's Association has taken a very keen interest and an active part in the budget of the City of Newark, and somewhat in the County, too, I attended the budget hearings of the group, the county group, last year.

This year I could not do it. I was just too busy. But I am glad to hear that Mr. Brams is making some effort to get some kind of a budget committee together to watch this budget. It will be a constructive way to do it.

Our association has been trying to do that for years. We did have the Real Estate Board and one or two others interested, but it never materialized, and it was a sad commentary of affairs last Monday morning, before the Board of Education, when they, in passing an Eleven Million Dollar budget and there was one delegation from an association present, and that was the Newark Taxpayers Association.

Now, evidently, that has been so for years. It is obvious that the people are not interested in their own affairs. And it was only through the initiative of you, Mr. Mayor, and Director Byrne that you forced the Board of Education to reduce \$800,000 from that budget. And I think it was a fine accomplishment.

Now, the matter has been brought up here about the taxes of the county affecting the tax rate. Mr. Brams just made a very fine talk on that. It is rather late, and I don't suppose I could add to it.

But as president of the Newark Taxpayers, I attended the convention of the New Jersey State Taxpayers last December, and I brought that up. I called it to the attention of the convention that the City of Newark was paying 57 percent of the taxes of the cost of government of the county, and 27 percent of the cost of the government of the state. And I made a suggestion at that time, and it was acted on, that the state take off the \$17,000,000 cost of the schools, the cost of the schools for this state. I think Newark would save about \$2,000,000 if they did that. And singularly enough that was one of the things

that was mentioned in the Teachers College report. And many of those things, many of the high spots that were mentioned in that report, have been taken up by our association for the last five years. And we sent you some resolutions commenting on that and asking for some change along those lines, which, of course, was never done. But I am here to tell you that we will cooperate with the city commission.

Only last week I visited several offices and asked for copies of the budget, but they were not completed. I will be glad to get those budgets this week and give them our attention, appoint a committee and cooperate. Thank you very much.

Mayor Murphy: Well, if there is nothing else . . .

Commissioner Brady I move we adjourn

Commissioner Villani. I second it.

Mayor Murphy: We will adjourn to your regular meeting which is on Wednesday.

The Acting City Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Villani, Mayor Murphy.

APPROVED:

JOHN A. BRADY

JOS. M. BYRNE, JR.

RALPH A. VILLANI

VINCENT J. MURPHY

MARTIN G. BROSS

Acting City Clerk,  
Newark, N J

Newark, N. J., February 11, 1942

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 2:00 p.m., Eastern War Time.

Mayor Murphy: The meeting will come to order. The Clerk will call the roll.

Present: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: The Clerk will read the minutes of the previous meeting.

Commissioner Keenan: I move that the reading of the minutes be dispensed with.

Commissioner Byrne: I second that motion.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Byrne introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance at length:

An Ordinance Changing and Establishing the Width of the Sidewalks of SPRINGFIELD AVENUE from Thirteenth Avenue to Morris Avenue on the northerly side, and from a point 77 feet west of the westerly line of Arlington Street to

Morris Avenue on the southerly side, and requiring the removal of obstructions, projections or encroachments thereon.

The Board of Commissioners of the City of Newark, Do Ordain: Section 1. The width of the sidewalks of Springfield Avenue from Thirteenth Avenue to Morris Avenue on the northerly side, and from a point 77 feet west of the westerly line of Arlington Street to Morris Avenue on the southerly side is hereby changed and established, as follows:

From Thirteenth Avenue to Morris Avenue on the northerly side thereof, eight (8) feet;

from a point 77 feet west of the westerly line of Arlington Street to a point 106 feet west of the westerly line of Arlington Street on the southerly side thereof, ranging from the existing width of fifteen and one-half (15½) feet to ten (10) feet respectively; from a point 106 feet west of the westerly line of Arlington Street to High Street on the southerly side thereof, ten (10) feet; from High Street to Morris Avenue on the southerly side thereof, eight (8) feet.

Section 2. All obstructions, projections and encroachments in and upon said street and sidewalks, as hereby changed and established shall be forthwith removed therefrom by the owner or owners of the premises respectively abutting thereon; and in case of the failure of the owner or owners of the abutting property to remove the same, upon thirty days' notice from the Department of Public Works, the Director of the Department of Public

Works is hereby authorized to take out, remove and abate, or cause to be taken out, removed and abated, any vault, marquise, stoop, step, platform, window, cellar door, area, descent into a cellar or basement, bridge, sign, or any post or erection or any projection or otherwise, in, over, or upon said Springfield Avenue between the limits herein stated contrary to the provisions of this ordinance, and the expense thereof shall be recoverable from the owner or owners of the premises abutting thereon.

Section 3. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Byrne moved that February 25th, 1942, 2:00 p.m., Eastern War Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

The Clerk then read the title of the ordinance as follows:

An Ordinance to amend Section 634 of the Revised Ordinances of the City of Newark (Revision of 1913) as amended.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

The City Clerk presented the following ordinance and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

The Clerk then read the ordinance at length:

An Ordinance to authorize the borrowing of \$210,000 by the issuance of bonds and bond anticipation notes pursuant to the local bond law to finance street improvements.

The Board of Commissioners of The City of Newark, Do Ordain, as follows:

Section 1. It is hereby determined and stated that the Board of Commissioners of The City of Newark proposes to resurface certain public streets in said City with bituminous concrete, or penetration macadam, or sheet asphalt, or with bricks or blocks of any material laid on concrete or sand or other foundation, or with concrete, an improvement hereinafter described as "purpose"; that the Works Progress Administration of the United States of America is to aid in financing said purpose by contributing labor or materials; that said purpose is not a current expense of said City, and that it is necessary to finance said purpose by the issuance of obligations of said City, pursuant to the Local Bond Law of New Jersey, as hereinafter provided.

Section 2. It is hereby stated, pursuant to said Local Bond Law, that (a) the estimated maximum amount

of money necessary to be raised from all sources for said purpose is Two Hundred Ten Thousand Dollars (\$210,000); (b) Ten Thousand Dollars (\$10,000) of such amount is to be provided by the down payment to be appropriated as hereinafter provided; (c) the maximum amount which is to be charged as a part of the cost of said purpose and which is necessary to finance interest on obligations issued to finance such purpose or to finance engineering or inspection costs and legal expenses, or to finance the cost of the issuance of said obligations, as provided in Section 40:1-55 of said Law, is Twenty Thousand Dollars (\$20,000); and (d) the estimated maximum amount of bonds or notes necessary to be issued for said purpose is Two Hundred Ten Thousand Dollars (\$210,000), including notes authorized to finance such down payment.

Section 3. In accordance with Section 40:1-12 of said Local Bond Law, the sum of Ten Thousand Dollars (\$10,000) shall be included and appropriated as a down payment to finance said purpose, in the budget of said City next adopted after the passage of this ordinance, in addition to any sums which may otherwise be required to be appropriated in said budget for the payment of interest on or any maturing principal of the obligations which are authorized by this ordinance.

Section 4. To finance said purpose, bonds of said City of an aggregate principal amount not exceeding Two Hundred Thousand Dollars (\$200,000) to be designated "Street Improvement Bonds," are hereby authorized to be issued pursuant to said Local Bond Law. Said bonds shall bear interest at a rate which shall not exceed six per centum (6%) per annum. All matters with respect to said bonds not de-

termined by this ordinance shall be determined by resolutions to be hereafter adopted.

Section 5. To finance said purpose, including the portion of the cost of said purpose to be paid from said down payment, Bond Anticipation Notes of said City of an aggregate principal amount not exceeding Two Hundred Ten Thousand Dollars (\$210,000) are hereby authorized to be issued, in anticipation of the issuance of said bonds, pursuant to said Local Bond Law. Said notes shall bear interest at a rate which shall not exceed six per centum (6%) per annum, and may be renewed from time to time pursuant to and within the limitations prescribed by law.

All matters with respect to said notes not determined by this ordinance shall be determined by resolutions to be hereafter adopted. In the event that bonds are issued pursuant to this ordinance, the aggregate amount of notes hereby authorized to be issued shall be reduced by an amount equal to the principal amount of the bonds so issued. If the aggregate amount of bonds and notes issued pursuant to this ordinance shall at any time exceed the sum first mentioned in this section, the moneys raised by the issuance of said bonds shall, to not less than the amount of such excess, be applied to the payment of such notes then outstanding.

Section 6. It is hereby determined and declared that the period of usefulness of said purpose is a period of five years, computed from the date of said bonds.

Section 7. No part of the cost of financing said purpose has been or is to be specially assessed against property specially benefitted thereby.

Section 8. It is hereby determined and declared that the Supplemental Debt Statement required by said Local Bond Law has been duly made and filed in the office of the City Clerk of said City, and that such statement so filed shows that the gross debt of said City, as defined in Section 40:1-76 of said Law, is increased by this ordinance by Two Hundred Ten Thousand Dollars (\$210,000), and that the issuance of said obligations is permitted by an exception to the debt limitations prescribed by said law, contained in Subdivision (d) of Section 40:1-16 of said Law.

Section 9. This ordinance shall take effect twenty days after the first publication thereof after final passage.

The Board then entered upon said hearing.

Mayor Murphy: You heard the reading of the title of the ordinance. Is there anybody who desires to be heard?

Mr. Charles Shankroff: I want to be heard. I understand this is an amendment to the ordinance.

Mayor Murphy: No. No amendment to the ordinance.

Mr. Charles Shankroff: I am talking against the whole ordinance. In the first place, I would like to ask Mr. Byrne whether this covers the W.P.A. work, the repairing and maintenance.

Commissioner Byrne: I don't intend to do it by W.P.A. I don't know what you are talking about now.

Mr. Charles Shankroff: This particular ordinance is using \$210,000 in connection with W.P.A. work, is that correct?

Commissioner Byrne: You mean the one that was just read?

Acting City Clerk: That is the one we just read, yes.

Mr. Charles Shankroff: Is this financing of \$210,000 in connection with W.P.A. work? Would you call that a repair or maintenance work?

Mayor Murphy: It is new work, isn't it?

Commissioner Byrne: I think it is part of both, as I have been told.

Mr. Charles Shankroff: I want to explain that I heard that it is neither repair or maintenance. The title, or the way the titles to this ordinance and the way the ordinance reads, it reads to finance and resurface certain public streets with various compositions, whether it is asphalt or concrete or blocks. Now, my objection is that it is neither repairs or maintenance. It is merely a perpetual motion of machinery. This comes not as a criticism of Mr. Byrne's department, but it is a natural question that is important to consider today; whether you are going to continue the farce and hypocrisy of W.P.A. work, or are you going to continue it in view of the circumstances.

Commissioner Byrne: I will answer that, Mr. Shankroff. I am attempting as quickly as I can, in that type of work, to do it by bonds or out of the city money without W.P.A. It has gradually been cut down.

Mr. Charles Shankroff: I want to explain this. It isn't the fault of Mr. Byrne or the fault of this commission. It is a natural question. Here is the point; you take Branford Place from Halsey Street to Springfield Avenue. That is about

three short blocks there There have been a gang of men, twenty-five men working there picking up the blocks and putting them back again. The work has been very poorly done. I spoke to the engineering department, and they told me; they showed records of the work that was done; and then I was surprised to find out — although this says that no part of the cost of financing said purpose is to be specially assessed against the property especially benefited thereby — this is the only true part of the ordinance. There is no property especially benefited or particularly benefited by this work, because all they are doing is to pick up the blocks and put them back again.

Now the funny situation you have now, they are working now near Plane Street; the sand is on the corner of Springfield Avenue and Branford Place. I asked one of the men, "What is the sand doing here if the work is going on there?" The man said, "That is a damn foolishness. We must carry it over there." But they are doing it different today than they did a week ago. They take the sand and cement and mix it, — no, no. They take the sand separately in the trucks to the job and then they untie the bags of cement on the ground and then throw the loose cement; instead of taking the bags and delivering it to the job, they open up the bags, of cement, in the middle of the street, and throw it on the trucks. There are five men standing around watching that work. At the other place where they are picking up the blocks and putting them back again there are five men standing around there. And approximately two or three men working.

Now, how long can this kind of thing go on when everybody is in distress more or less The boys are on the other side; they will prob-

ably be in the trenches And all that sort of thing. And some of them will never come back. And yet you have this farce. You permit that thing to go on.

Mayor Murphy: In other words what you are saying is . . .

Mr. Charles Shankroff: (Interrupting) That is the W.P.A. policy.

Mayor Murphy: You mean that the city should not make itself a part of this W.P.A. thing?

Mr. Charles Shankroff: No. At least if you are going to permit the W.P.A. work, you refuse to have these fellows on the payroll and you refuse to have these people on the relief rolls, the city has a certain responsibility to the extent of where the money or the property of the city of Newark is going; whether it is cement or anything else. What are they doing with that thing? This is a ridiculous thing and it has been kept on for about eight or nine years. How long will that continue?

Commissioner Byrne: Not long. It won't continue long.

Mr. Charles Shankroff: It has been going on now, and nobody is saying a word about it.

Commissioner Byrne: Oh, yes. It has been tremendously cut down. We are supplying the materials there and they are supplying the labor. And I think from here on most of this will be done by bonds.

Mr. Charles Shankroff: It isn't a question of financing. It is a question of the W.P.A. work.

Commissioner Byrne: But it is a governmental thing and we are trying to utilize it; and we are trying to save money here.

Mr. Charles Shankroff: That is right, but this is what some of the Freeholders have told me, when I asked them about the project that the Freeholders are doing; and he said, "Do you know we are not paying them anything. The City of Newark is not paying anything. It is the government." Now, who is the government? It is you and I. Even though it is not directly the money of the citizens of Newark, some day this will come to a head, and the commissioners should do something about it.

Mayor Murphy: You heard the reading of the ordinance on third and final reading. Is there anybody else who desires to be heard?

Mr. Charles Shankroff: Excuse me Mr. Mayor, I forgot to mention something about that, and that is the question of outside counsel, as far as passing upon this ordinance.

Now, in looking up Kay's Manual of Investments, particularly the City of Newark, it shows there about \$117,000,000 of gross debt, and about half of those issues there is a new provision there which shows against which there are opinion by a certain counsellor known as Bond Attorneys.

Mayor Murphy: I think I know what you are "getting" at.

Mr. Charles Shankroff: Yes. I say you have competent attorneys in the corporation counsel's office, and it seems ridiculous that out of a population of 428,000 standing behind these bonds, and there is the good faith and credit of \$700,000,000 of property behind these bonds; yet you have to have an outside bond attorney pass upon these bonds.

Mayor Murphy: Counsellor, that question has been asked before (addressing Mr. Raymond Schroeder,

corporation counsel).

Mr. Charles Shankroff: Now, just a minute. I will answer that. Because I know what he is going to say, and I try to anticipate it. Maybe I am wrong in the situation that you will find there; but in the bond law of a few years ago, there is a record there of the legislature act of this state; which O.K.'s or makes valid every bond issue, even if it were by some error issued in the wrong manner, or some technical error. The legislature says that these bonds shall be valid. I don't think you need any more guarantee of these bonds than the 428,000 people, and the \$700,000,000, and the action of the legislature of the state of New Jersey which says that these bonds are valid.

Mayor Murphy: You heard Mr. Shankroff's explanation that he believes the corporation counsel of the city of Newark should handle this, instead of hiring outside counsel like we go with Reed, Hoyt & Washburn. Naturally we have to pay them for their services. And the City could save that, especially on these bonds ordinances; if the corporation counsel would draw these ordinances himself and save those fees. Is that what you are talking about?

Mr. Charles Shankroff: Yes, sir.

Mayor Murphy: Have you an opinion on this counsellor? (Addressing Mr. Raymond Schroeder).

Mr. Raymond Schroeder: It has never been presented to us to draw or to approve as to form or legality. The only time we ever see them or hear about them is when there is a discussion like Mr. Shankroff brings up now, or when the Acting City Clerk would read the ordinance on adoption. There is a well established policy though that I must mention, and it is recog-

nized, and that is that the investment counsellors, such as the office of Reed, Hoyt and Washburn, have been set up by the investment people themselves as being the authority to pass on whether or not a particular bond issue is one which is legal and meets with all the requirements. Now, he speaks about the statutes that were passed validating bond issues. They are all very well; they may correct any errors that may have happened at the time of the ordinance; but that is not substantial, in my opinion, for a bond investor today to rely on. Because he may want to know today, either in New York or Newark or Chicago or elsewhere if a bond of the City of Newark is a bona fide legitimate investment and whether he ought to take a chance on it. A statute passed by the state of New Jersey a year hence or six months hence is not going to determine whether or not an investor today will buy a bond. That has been the policy.

If it is the wish of the commission that we look into the legal phases of this, I think it ought to be referred to us. But it never has been formally referred to us.

Mayor Murphy: I think it would be a good thing counsellor if you did look into that whole matter and give us your whole reaction as to whether or not you think we ought to continue to rehire these bond attorneys.

There being no one else to be heard, Commissioner Brady moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor

Murphy

Commissioner Brady moved that the ordinance be taken up on second reading.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, continued efforts are being made to effect Federal taxation of municipal bonds; and

WHEREAS, such taxation would constitute an unbearable additional burden upon municipalities, in that it will result in the practical impossibility to refund municipal obligations and will further cause a substantial increase in the cost of future municipal borrowings; and

WHEREAS, the revenue realized by the Federal government from taxation of municipal bonds would in no way compensate municipalities for such added burdens; and

WHEREAS, the end result of Federal taxation of municipal bonds would be to increase taxation on real estate which is already heavily over-burdened by municipal taxes, while the income to the Federal government would be far less than the increased interest required to be paid by the municipalities;

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of the City of Newark, New

Jersey, that the Congress of the United States is hereby petitioned to continue its opposition to the Federal taxation of municipal bonds so that municipalities may continue to receive the benefit of low interest rates, and thus avoid a heavily increased burden upon their tax payers.

WHEREAS, the State Board of Tax Appeals granted reductions in assessments on the properties at No. 166 and 168 Broadway, Newark, owned by Joseph Mungle, for the taxing years 1936 and 1938, by reason of which remissions were due on account of prepayment of taxes as follows:

166 Broadway —  
1936—\$38.10; 1937—\$18.45

168 Broadway —  
1936—\$38.10; 1937—\$18.45

and the city instead of refunding the remissions in cash, did credit them against arrears of taxes on the properties. This has been the customary procedure, but the owner has objected thereto, and at the time of the reductions there was no authority in law where the owner objected. Suit has been brought in the First District Court to recover the same, amounting to a total of \$113.10 plus costs of suit and interest; and

WHEREAS, the Law Department recommends that the refund be made, together with interest and costs of suit,

Therefore Be It RESOLVED by the Board of Commissioners of the City of Newark that the Director of the Department of Revenue and Finance be and he is hereby directed and authorized to make refund of the aforesaid sum of \$113.10, tax remissions due as aforesaid, together with interest and costs, and to make payment thereof to the taxpayer Joseph Mungle, Louis J. Beers, attorney at law, upon delivery of release and discontinuance of action, in form as approved by the Law Department.

	\$791.61

and

WHEREAS, the petitioner has of-  
freed the sum of Five Hundred and  
Sixty Dollars (\$560.00) in full settle-  
ment of all taxes, assessments, water  
rents, liens, interest charges and  
penalties, and

WHEREAS, from the appraisals  
made of the value of the said prop-  
erty and of the surrounding cir-  
cumstances in connection therewith,  
the Board of Commissioners of the  
City of Newark are satisfied that the  
amount offered by the said peti-  
tioner is equitable and just, and the  
market value of the said property  
is less than the amount of the as-  
sessments and liens, and that the  
said adjustment and abatement will  
be for the best interest of the City  
of Newark,

THEREFORE BE IT RESOLVED,  
by the Board of Commissioners of  
the City of Newark that the taxes,  
assessments and other municipal  
charges, interest and penalties  
thereon for the years 1939, 1940 and  
1941, inclusive, heretofore levied and  
assessed against the premises known  
as No. 157 Warren Street (Block  
388, Lot 1), be and the same are  
hereby abated to the sum of Five  
Hundred and Sixty Dollars (\$560.00)  
and

BE IT FURTHER RESOLVED,  
that the director of the Department  
of Revenue and Finance, the Comptroller  
and the Tax Receiver of the  
City of Newark be and they are  
hereby authorized and directed to  
accept the sum of Five Hundred and  
Sixty Dollars (\$560 00) in full satis-

faction and settlement of all taxes,  
assessments and liens on the afore-  
said premises and upon the pay-  
ment thereof the said Director of  
the Department of Revenue and Fi-  
nance, Comptroller and Tax Re-  
ceiver of the City of Newark are to  
give a receipt in full satisfaction,  
provided that the said Five Hundred  
and Sixty Dollars (\$560.00) shall  
be paid within sixty (60) days from  
the date hereof.

This resolution is presented under

WHEREAS, Mrs. F. E. Mackay, of 11 Washington Terrace, East Orange, the owner of property at 66 James Street, Newark, has submitted a claim for \$21.30 for repairing damage to fill pipe of oil storage tank under sidewalk, caused by the City when re-paving street and sidewalk; and,

WHEREAS, Mr. George W. Andress, Engineer in Charge of the work, reported thereon as follows:

December 3, 1941.

**Memo. Mr. James W. Costello**

During the repaving of James Street a new sidewalk was laid in front of No. 66.

There is no reason to doubt the statement that the tank was accessible thru the filler cap up to the time we disturbed the walk, and, according to the statement of the plumber, which is attached it was impossible to get oil into the tank the first time it was tried after the sidewalk was laid.

In view of these circumstances it seems most likely that when the old walk was removed this filler pipe was damaged, in which case the City would be responsible. In my opinion the City should pay this bill.

GWA:BR      Geo. W. Andress

and,

WHEREAS, it is the opinion of the Law Department that there is a moral responsibility of the City to reimburse the owner for the costs of the repairs;

THEREFORE BE IT RESOLVED, by the Board of Commissioners of the City of Newark, that the sum of \$21.30 be and the same is hereby appropriated to Mrs. F. E. Mackay, owner of the premises at 66 James Street, for the payment of costs of repairs to damaged filler cap, as aforesaid, payment to be made to her upon receipt of a release in form to be approved by the Law Department.

The roll being called, the resolution was declared adopted by the

following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, The City of Newark owns certain lands and buildings at Neptune, New Jersey, formerly used as a camp for children; and,

WHEREAS, the City of Newark carried fire insurance on the buildings located at said camp; and,

WHEREAS, Niagara Fire Insurance Company, insurance carrier, denies liability under its policy, and claims that the buildings were obsolete, abandoned and uninsurable; and

WHEREAS, the Law Department, to whom this matter was referred, has expressed doubt as to the City being able to recover the full amount of the fire loss, which is approximately \$2700, if an action were brought against the said fire insurance company, under said policy of insurance, and has therefore arranged a settlement of the entire matter, subject to the approval of the Board of Commissioners, whereby, if the City will surrender and cancel its policy, Niagara Fire Insurance Company will pay the City \$1000, in cash, upon receipt of cancelled policy and a general release;

Now, Therefore, Be It RESOLVED by the Board of Commissioners of the City of Newark that the Director of the Department of Parks and Public Property be and he is hereby authorized to surrender the policy of insurance issued by Niagara Fire Insurance Company, indemnifying the City of Newark against loss by fire on its various buildings located at Camp Newark, Neptune Township, and to execute and deliver a release to said Niagara Fire Insurance Company, in form approved

by the Law Department, upon receipt of said sum of \$1000 from said Niagara Fire Insurance Company.

This property is on the west side of South 12th St., between Woodland and Avon Avenues.

This is to certify that I have personally inspected the property known as 733 South 12th Street, Newark, N. J., Block 2632, Lot 13 and that I have no present or contemplated interest in said property.

The purpose of this appraisal is for an adjustment of tax arrearages.

In my opinion, a fair market value of this property after taking into consideration all the ne-

cessary elements, is between \$6,-  
500. and \$7,000.

Board of Commissioners

of The City of Newark,  
New Jersey.

Gentlemen:

We hereby request that the \$100,-000 Port Newark Improvement Bonds of The City of Newark, New Jersey, hereinafter described, be reconverted, at our expense, into coupon bonds as provided by law.

The bonds are dated March 15, 1929, bear interest at the rate of four and one-half per centum (4½%) per annum, payable semi-annually on March 15th and September 15th, and consist of one hundred bonds of the denomination of \$1,000 each, numbered and ma-

turing as follows, viz fifty-five bonds, numbered from 1221 to 1275, inclusive, on March 15, 1957, and forty-five bonds, numbered from 1776 to 1820, inclusive, on March 15, 1966.

The bonds are now registered in the name of "Trustees for the Support of Public Schools of the State of New Jersey." We have purchased the bonds and the bonds have been assigned to us with a power of attorney which authorizes us to have the bonds transferred to us on the books of the City and to have the bonds reconverted into coupon bonds.

Very truly yours,

and,

WHEREAS, the Board of Commissioners of The City of Newark has heretofore issued said bonds pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, and each of said bonds was issued in coupon form and subsequently converted into bonds registered as to both principal and interest by the removal and cancellation of the coupons attached thereto and the execution by the City Comptroller of a conversion certificate printed on the back of such bond, and each of said bonds is now registered as above stated;

NOW, THEREFORE,

BE IT RESOLVED By the Board of Commissioners of The City of Newark, as follows:

Section 1. The Mayor, Director of the Department of Revenue and Finance and City Clerk are hereby authorized and directed to cause to be prepared new bonds of the same form and tenor as said outstanding \$100,000 Port Newark Improvement Bonds, and new coupons for the unmatured interest on said bonds, of the same form and tenor as those attached to said bonds when they were issued, and to attach such new coupons to said new bonds, and to execute and sign and seal said bonds; provided, however, that each of said new bonds shall recite on its face that it has been re-issued pursuant to this resolution in exchange for a bond of the same form and tenor originally issued as a coupon bond and thereafter converted into a fully registered bond, and each of said new coupons shall be authenticated by a facsimile signature of said Director of the Department of Revenue and Finance.

Section 2. The City Comptroller is hereby authorized and directed to issue said new bonds in exchange for said outstanding registered bonds pursuant to Section 40:1-57 of the Local Bond Law, and to cancel said outstanding registered bonds.

Section 3. The reconversion of said bonds shall be entirely at the expense of said registered holder.

Section 4. The new bonds issued pursuant to this resolution shall be numbered and mature in the same manner and shall bear the same date and be of the same denomination and bear the same rate of interest as said outstanding bonds.

Section 5 Upon affecting such reconversion, the City Comptroller is hereby directed to prepare a certificate of such reconversion indentifying the bonds surrendered and the new bonds and coupons issued pursuant to this resolution and to file such certificate in the Office of the City Clerk.

The Board of Commissioners  
of the City of Newark, N. J.

MARTIN G. BROSS  
Acting City Clerk

Newark, N. J., February 25, 1942

A Regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 2:00 P. M., Eastern War Time.

Mayor Murphy: The meeting will come to order. The Clerk will call the roll.

Present: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: The Clerk will now read the minutes of the previous meeting.

Commissioner Brady: I move that the reading of the minutes be dispensed with.

Commissioner Villani: I second it.

Mayor Murphy: Motion has been made that the reading of the minutes be dispensed with. The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Villani introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance at length:

An Ordinance creating the position of Adjuster in Workmen's Compensation and prescribing the procedure in cases of injuries to employees of the City of Newark.

WHEREAS, the City of Newark has, in the past, expended many thousands of dollars annually in the discharge of its liability for workmen's compensation, and it appears that adequate provision for proper investigation of claims for such compensation, and for the follow-up of such cases to ascertain that proper medical attention and payment of benefits are provided is lacking, so that in the past scandal has arisen in the handling of workmen's compensation cases, and

WHEREAS, it has been estimated that proper supervision, investigation, and preparation of cases for trial will be productive of annual savings upwards of \$30,000 in compensation paid in man hours of labor saved, and in savings of medical expenses, and

WHEREAS, a centralized supervision, investigation and control of workmen's compensation procedure and practice from the time of the occurrence of the accident to the date of the termination of the case, comparable to that adopted by large companies, is desirable in order to safeguard the interests of the City of Newark, now therefore,

THE BOARD OF COMMISSIONERS OF THE CITY OF NEWARK DO ORDAIN:

1. There is hereby created within the Law Department of the City of Newark, the office of Adjuster in Workmen's Compensation at a salary of not less than Three Thousand Five Hundred Dollars (\$3,500.00) per annum and not in excess of Four Thousand, Five Hundred Dollars (\$4,500.00) per annum, payable

semi-monthly as other salaries are paid.

2. The duties of the Adjuster in Workmen's Compensation shall be to investigate immediately all accidents and injuries to employees of the City of Newark, arising out of and in the course of the employment of such employees; to secure immediately medical reports upon all such cases; to follow up and ascertain that all such employees are receiving proper medical treatment and attention; to negotiate for the proper settlement of claims for Workmen's Compensation; to keep full, accurate and complete books and records concerning Workmen's Compensation, all injuries to employees, the nature of the medical treatment required and given, and the amount or amounts for which the City of Newark shall or may become liable resulting therefrom. He shall prepare for trial all Workmen's Compensation cases, shall, under the instructions of the Corporation Counsel, attend any and all informal hearings in Workmen's Compensation, and shall give aid and assistance to the Corporation Counsel in the preparation and trial of any and all cases in Workmen's Compensation. He shall have the authority, subject to the approval of the Board of Commissioners, to prescribe rules and regulations regulating the procedure of handling Workmen's Compensation matters not in conflict with the provisions of this ordinance.

3. The following procedure in the handling of Workmen's Compensation cases is hereby established:

(a) Any employee who may be injured while employed by the City of Newark, shall immediately report said injury, its nature and the circumstances surrounding the accident, to his immediate foreman, supervisor or department head.

(b) All foremen, supervisors or department heads shall immediately, upon learning of an injury to any employee under their supervision, refer such employee to such clinic, physician or hospital as shall be prescribed by the Adjuster in Workmen's Compensation, and shall immediately forward to the Adjuster a full and complete report of the accident, its cause, and the nature of the injury upon such form or forms as may be required by the Adjuster.

(c) The Adjuster shall thereupon fully investigate the case and shall be responsible for providing suitable medical attention and treatment and to do all things necessary to see to it that the employee receives proper medical attention and is returned to his work at the earliest possible moment compatible with his physical condition.

(d) Should the injured employee be entitled to either temporary or permanent compensation for his injury, or should he make claim therefor, the Adjuster shall make an immediate report thereof in detail to the Corporation Counsel with proper recommendations for the settlement or defense of such claim. No such claims shall be settled without the approval of the Corporation Counsel or person designated by the Corporation Counsel and all claims for compensation, medical treatment, hospital services or any other amounts resulting from any such injury shall be paid out of the Workmen's Compensation Insurance Fund.

4. This ordinance shall take effect immediately, upon final passage and publication according to law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Villani moved that March 11th, 1942, 2:00 P. M., Eastern War Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

The City Clerk presented "An Ordinance Changing and Establishing the Width of the Sidewalks of Springfield Avenue from Thirteenth Avenue to Morris Avenue on the northerly side, and from a point 77 feet west of the westerly line of Arlington Street to Morris Avenue on the southerly side, and requiring the removal of obstructions, projections or encroachments thereon," and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

Commissioner Byrne: I ask that it be postponed for two weeks. I request that it be delayed for further investigation.

Mayor Murphy: Commissioner Byrne has requested that the ordinance be laid over for two weeks from today, to March 11th.

Murray E. Kempler: Will your

surveys be ready at that time?

Commissioner Byrne: Yes. Mr. Coles will get in touch with you directly.

Mr. Murray E. Kempler: May we have an opportunity after that is completed in order to go over that entire thing?

Commissioner Byrne: Anything you want, within reason, will be granted.

Commissioner Keenan: I move the ordinance be laid over for two weeks.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: You heard the reading of the Bills and claims. The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Murphy offered the following resolution:

WHEREAS, the policy of the United States of America and of the State of New Jersey has been established to encourage full participation in the national defense program by all citizens of the United States, regardless of race, creed, color or national origin, and

WHEREAS, evidence has indicated that workers have been barred from employment in defense industries solely because of discrimination on account of race, creed, color or national origin, and

WHEREAS, such discrimination is un-American, totally unworthy of our democratic way of life, and destructive of national morale, and

WHEREAS, the President of the United States has created a Committee on Fair Employment Practice to combat this evil, and the

Governor of New Jersey has appointed a similar committee to cooperate with the President's committee, and the City of Newark has been requested by a Committee of the American Legion Post Number 10 to create such a committee to investigate such unfair employment practice and to report the same to the President's and the Governor's Committees.

NOW THEREFORE BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF NEWARK that there is hereby created a committee of five members, to be known as the Committee on Fair Employment Practice, to be appointed by the Mayor and to hold office at the pleasure of the Mayor. Said Committee shall serve without compensation. It shall receive and investigate complaints of discrimination in violation of this resolution and of the Executive Order of the President of the United States, number 8802, dated June 25, 1941, and shall make appropriate recommendations for the redress of grievances, and shall, where such recommendations are not carried out, report the same to the aforesaid committees of the President and the Governor.

RESOLVED, that the following persons be named to the Committee: T. Hubert MacCauley, 14 Burnet St., Irvine Turner, 129 Market St., Dr. Louis A. Hilton, 95 Mercer St., Gerald Greenfield, 48 Huntington St., Joseph Crescenzi, 318 Hawthorne Avenue.

Commissioner Brady offered the following resolution:

WHEREAS THE CITY OF NEWARK, under an existing contract for purchase of milk for its institutions is paying .108 for bulk milk and .1215 for milk in quart bottles, and

WHEREAS, the existing contract will expire March 23, 1942, and

WHEREAS, under the price which has now been set by the Director of the Milk Control Board it will be necessary for the City of Newark to pay after March 23, 1942 approximately two cents (.02) per quart more for milk purchased by it if the said milk is purchased from dealers under the jurisdiction of the Milk Control Board, and

WHEREAS, the City of Newark uses for its institutions approximately one thousand (1,000) quarts

of milk per day, and

WHEREAS, the Director of Public Affairs has been informed by the Acting Director of Central Purchase that there are milk dealers who are willing to submit a bid lower than the price established by the Director of the Milk Control Board provided permission is granted accordingly by the said Director of the Milk Control Board; and

WHEREAS, in the opinion of Director John A. (No objectors).

Respectfully submitted,

BOARD OF ADJUSTMENT

R. B. Rankin  
Secretary

ORDERED FILED.

Acting City Clerk: Four of these nine cases are renewals and can be acted upon at this meeting under a suspension of the rules.

Commissioner Brady: I move the rules be suspended on these four renewals.

Commissioner Villani: I second the motion.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Brady offered the following resolutions:

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of Matteo LaFragola (Jaquill Realty Co., owner); for the renewal of permit for automobile parking station; on premises 119-1123 Raymond Boulevard; such use to be limited to the period of one year ending January 8, 1943;

AND the matter having been considered by this Board;

IT IS RESOLVED, by the Board of Commissioners of the City of Newark, that the said recommendations of the Board of Adjustment be and the same are hereby approved.

IT IS RESOLVED, by the Board of Commissioners of the City of Newark, that the said recommendations of the Board of Adjustment be and the same are hereby approved.

John A. Brady  
Ralph A. Villani  
Vincent J. Murphy  
Jos. M. Byrne, Jr.  
John B. Keenan

Mayor Murphy: You heard the reading of the application. Is there anybody who desires to be heard in opposition? If not a motion is in order to approve.

(No response).

Commissioner Byrne: I so move.

Commissioner Brady: I second it.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Byrne: Just one moment, pardon me. May I take time out?

Mayor Murphy: Yes.

Commissioner Byrne: Gentlemen

of the Commission, I understand that on that resolution that we just signed authorizing the payment to the Clerk in Judge Freund's Court, I don't know how true it is, but I just heard that that matter is now before the court of Errors and Appeals. And one of the members of the Law Department, Mr. Kane, has said that the City of Newark could not legally pay this man while the matter is before the Court of Errors and Appeals.

Commissioner Villani: Well, this is the first we heard about that.

Mayor Murphy: I thought it was a Court Order and that it was approved by the Law Department.

Mr. Raymond Schroeder: Mr. Kane will be right here. He is handling that matter.

Commissioner Brady: Mr. Mayor, it is in my department, and I think that if it is before the Court of Errors and Appeals, and if the Law Department had any knowledge of it, they should at least have granted me the courtesy and have let me known about it. I was informed that it was before the Supreme Court, and that the Service Organization that is prosecuting the case for Mr. Chambers has indicated that they will not go any further in the matter. Now, whether Mr. Chambers will go on any further in the matter I don't know, but I know, as Commissioner representing this department, I certainly did not instruct the Law Department to take it up, as far as the City is concerned.

Mr. Raymond Schroeder: Mr. Kane will be right here.

Commissioner Byrne: I signed it. A letter was read this morning at the meeting.

Mayor Murphy: That brings us

right back to the point where I always said that none of these cases should be appealed by the Law Department without it first being presented to the Commissioner for its consideration.

Commissioner Brady: They had no right to appeal it for the City.

Mr. Raymond Schroeder: May I say, for the record, Mr. Mayor, that we are not appealing this case at all. It is the Civil Service Association.

Mayor Murphy: I thought the Law Department was.

Mr. Raymond Schroeder: No, we are not.

Commissioner Byrne: It is in the Court of Errors and Appeals. Mr. Kane has given to me the statement that we cannot pay this while it is there.

Mayor Murphy: Well, we have other business to transact. Let us go on with other business.

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of John V. Martin (Elizabeth B. Johnson, owner-; for the renewal of permit for automobile parking station; on premises 75-79 Edison Place; such use to be limited to the period of one year ending January 18, 1943;

AND the matter having been considered by this Board;

IT IS RESOLVED, by the Board

of Commissioners of the City of Newark, that the said recommendation of the Board of Adjustment be and the same are hereby approved.

John A. Brady  
Ralph A. Villani  
Vincent J. Murphy  
Jos. M. Byrne, Jr.  
John B. Keenan

Mayor Murphy: You heard the reading of the application for a parking place at 79 Edison Place. Are there any objectors? If not, a motion is in order to approve.

(No response).

Commissioner Villani: I so move you.

Commissioner Brady: I second the motion.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of Robert Treat Garage (Penn Railroad Co., owner); for the renewal of permit for automobile parking station; on premises 1-11 Centre Street; such use to be limited to the period of one year ending February 16, 1943;

AND the matter having been considered by this Board;

IT IS RESOLVED, by the Board

of Commissioners of the City of Newark, that the said recommendations of the Board of Adjustment be and the same are hereby approved.

John A. Brady  
Ralph A. Villani  
Vincent J. Murphy  
Jos. M. Byrne, Jr.  
John B. Keenan

Mayor Murphy: You heard the reading of the application for the renewal of permit for automobile parking station. Are there any objectors? If not a motion is in order to approve.

(No response).

Commissioner Byrne: I so move.

Commissioner Villani: I second it.

Mayor Murphy: The Acting City Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Acting City Clerk: There is a gentleman here who wants to make an application for a suspension of the rules for a permit on premises 366 South Eighth Street; application for the manufacture of screens and porch enclosures in a third resident district. There were two objectors, and they were withdrawn; and then there was a letter of objection which is still before the Board.

Mayor Murphy: Do I understand that there were some objectors and that they were withdrawn?

Acting City Clerk: Yes.

(At this point Mr. Russell Rankin comes forward and speaks to the Mayor in a low voice, not audible to the stenographer).

Mayor Murphy: Well, for the benefit of the members of the Commission, under the suspension of the rules this matter can come up before the Commission if there is a motion made to suspend the rules. This is a matter before the City Commission for a permit to manufacture screens in a former laundry building. We need a motion to suspend the rules in order to give this matter up.

Commissioner Byrne: I so move.

Mayor Murphy: Motion has been made that we suspend the rules. The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of Abe Adler (Phoenix Building and Loan Association, owner); for the manufacture of screens and porch enclosures in a 3rd residence district; on premises 366 South Eighth Street; same to be in accordance with the plans approved by the Board of Adjustment; such use to be limited to the period ending one year from date hereof;

AND the matter having been considered by this Board;

IT IS RESOLVED, by the Board of Commissioners of the City of Newark, that the said recommendations of the Board of Adjustment be and the same are hereby approved.

Mayor Murphy: You heard the reading of the application. Are there any objectors? If not, a motion is in order to approve.

(No response).

Commissioner Byrne: I so move.

Commissioner Villani: I second it.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Acting City Clerk: Mr. Mayor, I understand that there is another gentleman here who wants to ask for a suspension of the rules on some other location. On 145 Newton Street.

Mayor Murphy: Are there any objectors?

Acting City Clerk: There were no objectors.

Mr. Russell Rankin: There were no objectors on this. The only objection is that they want to use the second floor of this building. They applied to us for the use of the second floor for this building for a machine shop, and the building department reported to us, at our request, that the floor was not strong enough. So they agreed to take the first floor, which is on the ground with concrete flooring. So we approved it for the first floor use only. But there were no objectors at all from the surrounding property owners.

Mayor Murphy: In other words,

the recommendation to change his machinery on the first floor has been approved, and it is to be carried out?

Mr. Russell Rankin: Yes.

Mayor Murphy: All right. A motion is before the Board that rules be suspended.

Commissioner Byrne: I so move.

Commissioner Villani: I second it.

Mayor Murphy: The Acting Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of Anthony J. De Paul (Carminella Petronzio, owner); for the conversion of public garage into a machine shop in a 1st business district; on premises 145-147 Newton Street (rear); same to be in accordance with the plans approved by the Board of Adjustment on condition that only the first floor be used for the stated purpose; such use to be limited to the period ending two years from date hereof;

(At this point Mr Thomas Kane, Corporation Counsel, comes forward).

Mayor Murphy: Counsellor, will you explain to us with reference to this salary question or with reference to this appointment of Mr. Pietrucha.

Mr. Thomas Kane: That is the case in which Judge Freund appointed him; and subsequently Mr. Chambers, who was first on the list, or he was a disabled veteran, and I think he was first on the list, he took an appeal to the Civil Service Commission, and the Civil Service Commission upheld Judge Freund. Then he appealed it to the Supreme Court. They took a writ of certiorari; and pending the writ of certiorari, I advised the Commission that they should not pay the salary. Now, the Supreme Court has dismissed the writ of certiorari. And I think, two weeks ago, Mr. Cozzolino wanted to know whether there was an appeal pending; and I communicated with Mr. McCraith's office and he said there was not an appeal; and I understand from that, that the Civil Service had learned that when it was tried before the Supreme Court there was nothing to take any further action on.

And as the matter now stands there is nothing before the Court. There is no appeal taken as far as we know. And the writ was dismissed and there is nothing pending in the Court of Errors and Appeals that we know of.

Commissioner Byrne: Isn't there anything pending in the Court of Errors and Appeals?

Mr. Thomas Kane: We have no official notice. They said they were going to take an appeal, but nothing happened.

Commissioner Keenan: Is Mr. Chambers himself taking an appeal?

Mr. Thomas Kane: No. But I understand that since that time, that Chambers has taken a job with the labor department. That is the information I got this morning from Pietrucha.

Commissioner Villani: I move we adjourn until Monday morning at eleven o'clock.

Commissioner Brady: I second the motion.

Mayor Murphy: Motion has been made that we adjourn until Monday at eleven o'clock, at which time there will be a public hearing on the members of the Board of Commissioners Budgets. The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

### BOARD OF COMMISSIONERS

#### COMMISSIONER'S MINUTES, MARCH, 1942

---

Newark, N. J., March 2, 1942

An adjourned meeting of the Board of Commissioners of The City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M., Eastern War Time.

Present: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: This public hearing on the city's annual budget has been called for today. The budget, as approved on February 2, is now before the Local Government Board Commission, and it has not been returned to us as yet. The actual adoption of the budget, the Commission has until March 11 in which to take final action.

The present approved budget, on the ratables filed by the city, and without knowing what the county's ratable will be, at the present time sets the budget estimate at \$5.40. You will no doubt recall that it was originally estimated at \$5.45. That, of course, is not giving consideration to a cash surplus which the Com-

mission will have, on which to take some action. That amount is approximately \$350,000. Nor is that giving consideration to any further action the Commission may want to take with reference to any other budgetary items which are not included in the budget.

I would like to state for the benefit of the Commission that any budgetary item can be raised or lowered ten per cent without advertising. Any new item of appropriation may be added, but not to exceed one per cent of the total budget. If the total of all changes produces an increase of five per cent in the amount to be raised by taxation, then the items must be advertised.

On the present set up, on the present budget, every \$60,000 will mean one point in the tax rate, either up or down. You will recall that the figure last year was approximately \$75,000.

The public hearing on this budget is now open. The first one who is listed for comment is Mr. John C. Feil.

Mr John C Feil, representing

Newark Taxpayers' Association appeared and congratulated the Commission the progress it had made in reducing the tax rate and urged the establishment of a Budget Director.

Miss Louise Shugard, President, Humane Society, appeared and requested an increase to the Society for the care of stray animals. Mr. David Stoffer, and Dr. Charles V. Craster, also spoke on the subject.

Mr. Herman W. Brams of the Newark Taxpayers' Association, also representing the Broadway Association urged establishment of a Budget Director and stated that Budgets are prepared too late for taxpayers to analyze them and urged that all surplus revenue be used to reduce the tax rate.

Commissioner Brady: I move a recess until 2 o'clock.

Commissioner Villani: I second the motion.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

(At 1:00 p.m. a recess was taken until 2 o'clock).

The Board reconvened at 2 p.m.

Present: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: The next speaker is Mr. Walter Reilly.

Mr. Walter Reilly: urged the appointment of additional police and firemen to bring the Departments up to proper strength.

Mr. Robert Steiger reviewed each departmental budget and urged reduction in unnecessary personnel wherever possible.

Mr. John C. Feil of the Newark Taxpayers' Association presented a resolution by the Budget Committee of the Newark Taxpayers Association requesting the elimination of all salary increases pending a complete study of personnel and duties of all employees and that the \$437,000 surplus be used to cut down the 1942 tax rate.

Mr. Charles Shankroff offered numerous suggestions for the reduction of the various Budget appropriations.

Mrs. Ella Hopp appeared and objected to all salary increases except those employees in the lower brackets and urged that all surplus revenues be used to reduce the 1942 tax rate.

Mr. Philip Prince and Mr. Henry Wenning appeared on behalf of Local 277, State, County and Municipal Workers, urging that the Commission as a whole act on their request for wage increases.

Mayor Murphy: Is there anybody else who desires to be heard on the Budget?

(No response).

Commissioner Brady: I move we close the public hearing at this time.

Mayor Murphy: Motion has been made that the Budget hearing be closed. The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Newark, N. J., March 2, 1942

An adjourned meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 7:00 P. M., Eastern War Time.

Present Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Villani: I move that we reconvene the City Commission.

Mayor Murphy: A motion has been made that we reconvene the City Commission, reconvene the meeting of last Wednesday.

Commissioner Brady: I second the motion.

The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: There has been brought before the City Commission at conference today a question with respect to the surplus fund; whether or not the city of Newark wishes to take advantage of that, or give consideration of the problem mentioned in an editorial by Mr. Albright, in connection with the reserve that we have at the present time which is—I don't see the total here—I think it was \$537,000.

Commissioner Villani: I move that we avail ourselves of that fund of \$537,000, to help the taxpayer.

Commissioner Brady I second

the motion, and ask that Mr Albright include the city in that saving proposition of his.

Mayor Murphy: Will you please read the resolution, then everyone will understand what this is about. (Addressing the Acting City Clerk).

WHEREAS, the CURRENT ACCOUNT Trial Balance indicates a surplus of \$431,336.82, and

WHEREAS, the TRUST ACCOUNT Trial Balance indicates a Trust Surplus of \$10,208.11; and

WHEREAS, the PORT NEWARK OPERATION Trial Balance indicates a surplus of \$78,521.24; and

WHEREAS, the CAPITAL Trail Balance indicates a Capital Surplus of \$18,478.04;

NOW, THEREFORE, BE IT RESOLVED, by the Board of Commissioners of the City of Newark that the consent of the Commissioner of Local Government be requested for the use of the following items of revenue; and

BE IT FURTHER RESOLVED, that the following Surplus, as hereinafter set forth, be and the same is hereby anticipated as items of anticipated revenue in the 1942 Budget;

Current Account .....	\$431,000.00

Commissioner Villani: I move the adoption of this resolution.

Commissioner Keenan: I second the motion.

Mayor Murphy: Motion has been made for the adoption of the resolution. The Acting City Clerk will call the roll.

(The Acting City Clerk calls the roll)

Yeas: Commissioners Brady, Byrne, Keenan, Villani.

Mayor Murphy: I am not going to vote "aye"; but I would just like to state, that on that resolution I would not be recorded as "aye" if it were not for the fact that I believe the taxpayers need the benefit of everything we can give them, and in line also with the fact that we can anticipate a greater income from our foreclosures, and some other sources, even though the tax rate may fall down. I mean, the collections may fall down during the year 1942. We are gambling in the hope that other revenue would

offset it. My best judgment would be that a resolution of this kind should not be passed. We should try to preserve the surplus fund for what we can not see at the present time, for 1942; but in view of the fact that I am taking everything into consideration, I am recording myself with the rest of the commission as "aye."

Commissioner Brady: I am voting for it Mr. Mayor, because I thought Mr. Albright may have to abolish that One Hundred Thousand Dollars for the Milk Control Board.

Commissioner Brady offered the following resolutions:

WHEREAS, the Municipal Budget for the year 1942 was approved on the 9th day of February, 1942, and

WHEREAS, the public hearing on said Budget has been held as advertised, and is now closed, and

WHEREAS, it is desired to amend said approved Budget;

Commissioner Villani: I move the adoption.

Commissioner Brady: I second the motion.

Mayor Murphy: You heard the reading of the resolution. All those in favor signify by saying "aye"; contrary "no." The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Acting City Clerk: We have before us Mr. Mayor, a resolution which was adopted by the Board last week; but it is to be rescinded.

Mayor Murphy: I would like to state, for the benefit of the Commission that if there is any change in the budget, the auditor has requested, or rather has suggested that they be notified not later than Thursday.

We can adopt the budget I think by next Wednesday's meeting. Or we could call a special meeting before, if necessary. I think that when the budget comes back from Trenton, then it will be best to call a special meeting.

The Defense Council has made a request for an additional \$30,000 on account of the building operations that they are talking about up there; but that is not in the budget because that came up in the discussion last week. If that item is to be approved, then there should be a special meeting of the Commission called. That matter was delayed so that Commissioner Brady could get some information and report back. Have you a report as yet?

Commissioner Brady: No, not yet, Mr. Mayor.

Mayor Murphy: Then it is thoroughly understood by the Commis-

sion then, that as soon as the budget comes back from Trenton, from Mr. Darby's office, with their approval, that I will immediately contact the members of the Commission for the purpose of holding a special meeting in order to adopt the budget. Is that all right.

Commissioner Villani: That is all right. Then we won't have to wait.

Mayor Murphy: No. there is no sense in waiting, because we don't meet until next Wednesday.

All right, if it comes in this week, we will call a special meeting.

Acting City Clerk: We have a resolution Mr. Mayor, which was adopted last week, on the appointment of Frank Pietrucha.

Mayor Murphy: Of course, the law department has made a request that that resolution be rescinded, I believe.

Mr. Thomas Kane (Assistant Corporation Counsel): My position is that I understand that the City Commission does not want to approve, by formal resolution, of this Pietrucha matter, until the courts have finally disposed of this matter. Now, last week I gave the City Commission the information that there was not going to be an appeal. Immediately after that I heard there was going to be an appeal. I communicated with Mr. McCraith's office, and he said he had filed an appeal. And Judge Freund had told me there was no appeal on record. Now, that is the position I am in. Now, legally, there is nothing to stop the Commission from the payment of salary. But if that is the position of the Commission, that you don't want to pay until the final determination of the matter in the Court of Errors and Appeals, then of course you should rescind that

resolution.

Commissioner Keenan: You will have to. Supposing you pay him and then he gets a reversal?

Commissioner Brady: Supposing on the other hand we have to wait a couple of years for this appeal.

Commissioner Keenan: Well, he will get it in one lump sum.

Commissioner Brady: It is not fair to him.

Mayor Murphy: But he says now that there is no appeal on file as yet.

Mr. Thomas Kane: If the Commission will follow my suggestion, I suggest that this resolution be reconsidered as to the vote, and then a motion made to lay it on the table. And between now and the next meeting of the Commission we will see if we cannot have the record of the Supreme Court examined, so that we could give you an official report.

Commissioner Villani: I so move you.

Commissioner Keenan: I second the motion.

Mayor Murphy: Motion has been made that the Commission reconsider their action on resolution number 1938, ratifying the appointment by Judge Freund of Frank Pietrucha. All those in favor signify by saying "aye"; The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Brady: I move that the resolution be laid on the table.

Mayor Murphy: Motion has been made by Commissioner Brady that the resolution be laid on the table, and the motion is seconded by —

Commissioner Villani: I second it.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Acting City Clerk: We have before us two Board of Adjustment matters which came before the Board last week. The people have asked for a suspension of the rules on them.

Commissioner Villani: I move for a suspension of the rules.

Commissioner Brady: I second it.

Mayor Murphy: Motion has been made that the rules be suspended. The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of Harrision Improvement Co., owner; for the addition of laundry and lubritorium to existing gasoline station in a 1st industrial district; on premises 17-21 first St.; same to be constructed in accordance with the plans approved by the Board of Adjustment; such use to be limited to the period ending eight years from date hereof;

The Board of Commissioners  
of the City of Newark, N. J.

MARTIN G. BROSS  
Acting City Clerk.

ewark, N. J., March 6, 1942

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 1:00 p. m., Eastern War Time.

Mayor Murphy: The meeting will come to order. The Clerk will call the roll.

Present: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

This meeting is called for the purpose of the final adoption of the budget. The approved budget has been sent to the Local Government Commissioner, and has been sent down to us approved, with the approval of the Commissioner of Local Government, approving the action of the Commission at its last meeting held here and the public discussion also held here.

So that the resolution, properly approved through Commissioner Darby's office is now before this Commission, which will consider the final adoption of the budget.

This will not set the final tax rate because we have yet to wait until such time as the county adopts its rate. This budget which sets a tax rate on the basis of \$5.31 may be still reduced a few points when we get the final rate from the county.

We have been assured by the county that the cost to the City of Newark would not be any greater than it was last year; and that there will be a slight increase in the first

and second class railway

Acting City Clerk: We have the budget returned from the Department of Local Government, and with it a communication attached, dated March 4, 1942, which read as follows:

STATE OF NEW JERSEY  
DEPARTMENT OF  
LOCAL GOVERNMENT  
March 4, 1942

#### AMENDED BUDGET

#### CITY OF NEWARK COUNTY OF ESSEX

It is hereby certified that the attached resolution dated March 2, 1942 amending the 1942 budget of the City of Newark, County of Essex, complies with all the requirements of R. S. App. A:4-25 and R. S. App. A:4-26.

Said approval is given under the authority of R. S. App. A:4-27.

It is also certified that the attached amended budget resolution complies with the requirements of R. S. 40:2-53.

Mayor Murphy: You heard the  
reading of the resolution.

Commissioner Brady: I move its  
adoption.

Commissioner Villani: I second it.

Mayor Murphy: You heard the  
reading of the resolution, for which

an explanation was made, and prepared through and which was O.K.'d by the Law Department. I believe it came through Mr. Ward.

Commissioner Byrne: I would like to say, Mr. Mayor, before the budget is adopted, if this is the final adoption day, that I honestly feel that as members of this Commission, that we have not afforded the taxpayers of this city all the relief in taxation to which I think they are entitled to. I think their burden could have been reduced further; and I really believe that the responsibility lies with us. I don't think that we have given all the way the "break" to the people who foot these bills, and who are still continuing to foot them. I believe that before we adopt this budget, if it is at all possible, that we should give more relief to the taxpayers of this city. I don't really think that this is as far as we might have gone, particularly in this year.

I am not criticizing. I am only warning. I think that the absence of people here at this budgetary meeting has ominous meaning; and lots of times the silence of people is a dangerous thing. It generally bespeaks some action by the people. And I honestly feel that we have definitely put ourselves on the spot in not going further into this budget and trying to see if we could not bring it down a whole lot further.

I don't mean to say anything that will cause any resentment by any member of this Commission. I simply really feel that it is our duty to the people that put us here in office, and I don't think we have morally really given them the relief to which they are legally and ethically entitled to. I say that in all sincerity. I think that we could have done a better job.

Mayor Murphy Well, I just want

to state this, insofar as I am concerned I do know that on my budget I have done everything possible. I have tried to make explanation to everybody at the public hearings and through the press. One of the bad set-ups we have is the increase in pensions and many other mandatory items. Of course if the Directors could do any different in the budget than they have done, they would naturally know better about that than any other Director. Of course I certainly would have liked to see the whole budget much lower than it is, in order to give more relief. I think that the average Commissioner, from what I could see; in fact all of them, feel that way about it.

While the decrease will be welcomed certainly by the taxpayers; certainly due to the fact that there also is a reduction at the same time in the assessed valuation given this year on more than eighty-five percent of the homes, there will be the additional relief through the lowering of the valuations, besides the drop in the tax rate, of at least forty-four points. Still, I feel, like I think the average person who has a piece of property does, it is still too high and it still should be lowered a great degree.

I wish to issue this warning to the members of the Commission now, at this final adoption of the budget, that at this point on everything that could be conserved which is already in their budgets, not knowing what is going to happen and not knowing what emergency will develop during the year, every effort should be made to conserve, so that at the end of this fiscal year we will be able to go into next year not only with a surplus, which I hope from the current collection of taxes; but a surplus from the savings made from the different departments

I personally feel as though I have tried to bring everything out to the taxpayers of the city in the past year, the same as I have done in previous years. And I think that they have responded very graciously due to the fact that the current taxes have greatly increased in collections up to eighty-six percent. Whether we will improve on that, that is something to be seen. I think from the collections and the response by the taxpayers, it is very encouraging. And it is certainly up to us members of the Commission to continue to conserve, in order to encourage them to continue paying their obligations.

Commissioner Byrne: Mr. Mayor, I would just say that I don't entirely hold that to the tax rate. You take for instance, and especially getting down to the cost of operating this government; while specifically it does not directly apply to the tax rate, I think we are paying too much in one particular phase of this government. Now, for the purpose of reallocation, the billing in the Water Department was put into your department. I think we were all of the opinion that that would cause a reduction in operating costs and a more efficient manner of handling it. Now, I have called attention to the fact that I thought that at least six persons or seven persons could have been dropped from that department as unnecessary; and not only have they not been dropped, but, according to the record that is presented to me this morning, there are six more persons who have been added.

I think in that billing department alone, \$24,000 could have been dropped out of that, without affecting the efficiency of that department at all. In fact, it might help it.

Now, that does not apply directly to the tax rate; but I do think that

as long as an appropriation has to be made for that into your department to pay that cost, that amount of overhead should be eliminated. Now, how many times do you want to multiply that through the budget and other things, I don't know; but I do know I looked at the sheet this morning, and the amount was about \$24,000 in the billing end. And my definite feeling, from the advice that I have gotten from the men who have run that department over these long periods of years, is that that amount of overhead could be eliminated.

I don't think it is right to include that into the budget. That is just one item I especially mentioned, because we are trying to work out efficiency, in a reallocation, and I don't think that has worked out for the best interest of the city. And I think the time to check it is right now.

I don't know whether I have that paper with me. I would just like to call attention in here to the part I specifically mention (indicating paper). In the division of Water and Accounting I say there is \$24,840 that I think should be eliminated from that department, and I don't think an inefficiency will result. I happened to see that this morning in here, in setting this up as to whose department it went in.

Mayor Murphy: Well, all I could say, Commissioner, is that I will be glad to go into the recommendation that you have mentioned. It does not affect the rate, but nevertheless, if it is a savings to the city and if it can be accomplished, I am for it. I have already told Mr. Darby's men a few months ago to go into that whole set-up in there and give me a recommendation on that whole set-up in there, as to what was needed and what was not needed, due to the fact that you have men-

tioned that a month or so ago at one of our previous meetings. As yet I have not got a report from them; but just as soon as I do; and I feel that they are qualified to know what is going on there; as soon as I get that report I will be glad to take it up with the members of the commission. In fact, as far as I am concerned I will carry it out and do something about it; but I feel as though they are certainly more qualified than I am to make that individual survey of that accounting division.

Commissioner Byrne: I was just wondering at this time. I put this up to the whole commission, as to whether, after a survey or after an experience now since May, whether that accounting and billing division; whether anything has been gained by placing that in the Department of Revenue and Finance. I don't know whether anything has been accomplished at all.

Mr. A. J. Cozzolino: Oh, yes.

Commissioner Byrne: I say that in the department there is no savings; there has been an increase in it; and I don't think that the re-allocation there, in my opinion, has been improved. Now, that is my opinion. And I think Darby's department is willing to say that it would be better if it were placed back in the Department of Public Works. I don't know, but I would like to ask if Mr. Price would say that or not.

Mayor Murphy: Well, I made the statement before Commissioner, you know, that when they say it belongs in the Revenue and Finance Department, that I would be guided by their recommendation; and if they are satisfied from the experience now, that it does not belong there and that it should go back to where it was before, I am satisfied to be

guided by their recommendation. So, whether it is today or whether it is Wednesday, it is immaterial.

Commissioner Byrne: I would appreciate it if we could get that recommendation today.

Mayor Murphy: Yes; if you get it today, it is all right; but I think the necessary resolution would have to be passed on Wednesday, if that is their opinion.

(A messenger is sent for Mr. Price).

Commissioner Byrne: I only asked it because I understand when we tried to reallocate the department there were loose ends here and there, and it would take time to work it out.

Mayor Murphy: Well, I know that they have been working on the whole thing. They are close to dovetailing that whole department into the Department of Revenue and Finance; and of course that takes time. I am sure that it takes them time to accomplish that.

Commissioner Byrne: My only reason in speaking of it is because I was hoping, I do not know if this is the final — if we adopt it today, it just means that much operating cost is added into the budget.

Commissioner Keenan: There will be no sense in separating them, would it?

Commissioner Byrne: No. Only indirectly, because there is a Revenue and Finance Department. I was afraid, from what I heard today, that if we voted today that we voted the budget officially.

Commissioner Villani: That is right

Mayor Murphy: That is right, yes. I had asked the members of the commission, and I asked you too if you wanted to let it go until Wednesday, or whether you wanted to clean it up this week; and you said no you might as well get it out of the way. That is the only reason I mentioned Wednesday. It could have gone on to Tuesday or Wednesday.

Is there any other comment Commissioner Byrne, on anything else you have to say, so that Commissioner Brady could speak?

Commissioner Byrne: No.

Commissioner Brady: Mr. Mayor, if we are going to follow the procedure advocated at the discussions and actions of the several preceding meetings, indicating that each Director should be held responsible for the conduct of his own department, I believe that the responsibility should be placed. And I am perfectly satisfied that in the nine months that I had been in office I contributed twenty-five percent reduction towards the tax rate. If we could go along on that basis for the next nine months, I don't think it is a bad job. I am speaking about my department.

There is a lot of talk about allocation. If you look at the minutes you will find plenty of allocation conferences and discussions. As far as I am concerned, nothing has been done about it. Now, I am not going to go into a debate with any of the other Commissioners, but if we are going to have a certain procedure and certain custom in this commission, let us follow it. If not, let us establish the rules and let us all be guided by it. If I am not doing a good job in my department I want the Commissioners to take it out of my hands. If any other commissioner is not doing a

good job in his department, I am going to advocate taking it out of his hands.

I contributed ten points, and a little over ten points in nine months; and I am perfectly satisfied and well pleased with the job that has been done in my department; and I intend to cut it down considerably more just as soon as the opportunity present itself, and just as soon as I begin to learn something about the department I am in. I think, for the short time I have been in that department, I have done a very good job. I have cut it to the bone without hurting the services of the city of Newark. And it is my intention to go into it deeper. If I find any situation in my department, without of course, asking people to work for starvation wages, I intend to go into it as deeply as I possibly can, and bring the tax rate down to \$2.50; and I will be a good man if I could bring it down that far.

Mayor Murphy: I think it was agreed by all the members of the commission on the reallocation that went on, but after experience, if we found out it was not working right, that it would be brought up before the commission and it will be discussed, and then the proper adjustment made which would work to the best interest of the taxpayers, course we could do that at any time, and at all times we should, as we move along, if we find out that something is not working out to the best interest of the city, to the best interest of the taxpayers, I think we should change things or reallocate them of whatever is necessary.

Commissioner Villani: Mr. Mayor, may I say something about my budget?

Mayor Murphy: Yes.

Commissioner Villani: Of course,

I am the one that there is so much talk about, with reference to the increase of budget. Of course the newspapers, if they won't give us a break, we have to make the best of it. I explained my situation before the Real Estate Board, before other tax groups in the city of Newark; and nothing has ever been said.

Of course, we are hearing so much about reallocation today, that just as Commissioner Brady said, it is just words and nothing else. However, I, for eight months complained about what I was entitled to in my department, and I could not get any action; and when the new budget was created I took the men over. That is what caused the great increase in my budget, something about \$141,000.

Now, Director Byrne, you had my department before. You recall, you cut the department to the bone. I needed an emergency resolution of \$37,000 to meet the payroll at the end of the year, because you had cut so much that it was a physical impossibility for me to carry on. And after going over the figures with you and your deputy you agreed to that, and we adjusted that matter. Now I did increase people in the bracket. I am not ashamed of it. I don't think that the citizens of Newark would complain about that. After all, scrub women get \$960 a year. Such meagre wages is a disgrace, especially in times like today. So I gave them this increase, so that no one in my department gets less than \$1200. I don't think it affected the budget very much.

As far as the increases are concerned, I think I increased 151 employees, in the pools and in the cleaning department, so that they would get a fair living wage

Now, I am not going to be hypocritical about my department. I am going to be honest about it. The City of Newark for twenty-five and thirty years has done nothing to try to repair its buildings. It is a disgrace. Now, I could have sat back. I could have said "Well, the heck with it. Let the buildings rot away. What do I care." I would not have had to increase my budget as much as I did, particularly in that department, for repairs; and then let the "matter ride." But I don't want to do that. I am sincere about it.

I know. I worked as a judge up in the Fourth Precinct for four years. You gentlemen have probably never been inside of that building. Well, it is a disgrace. Police officers had to take their coats off before they went home, because there were vermin and mice there. The same condition prevails in the second precinct and in the third precinct. I cleaned that precinct. We are cleaning the second precinct today. It requires paint. It requires material and men. Those things I feel we have to do sometime. If we don't do it this year it will be next year, or the following year. And I feel that this is the opportune time to do it. Let us get it over with; and I know I won't have to be faced with that situation next year. And I would not require that much money next year, and that will bring my department expenses down.

Now, I have had this situation here: It is the pool on Wilson Avenue. The Wilson Avenue pool, for twenty-five years, not a bit of work was done on that building. I received a telephone call in the heart of winter, in December when we had that cold wave there, that the heating system was gone, and that there were people there who were going for a bath — what should we do about it? I said I did not want

the people getting pneumonia. I said shut the building down; and they did. And right away I had a group from the Ironbound section here, and they said, "Here, we have the first representatives of the Ironbound section, and he closed the pool down." But "I would rather close that pool down than have somebody dead through pneumonia.

And I immediately asked for an investigation.

I spoke to you, Mr. Mayor. The plumbing is all down. It will cost us about \$12,000 to put the plumbing back in repairs so that they could have heat. Now, I cannot do that with hot air. I need the money for that. And we are entitled to that. At least, in the pool down neck we ought to at least have that serviced; and that is for twenty-five years nothing was done on that. And I want to eliminate that.

Director Keenan writes me a letter ten days ago that there is an oil burner down in the fire house, that is, in the ninth precinct, that the oil burner is on the "bum," and if I don't do something about it there would be an explosion. And I immediately sent somebody down there to investigate it. And they told me the whole system is "off"; and I immediately closed the place down.

Commissioner Keenan: And I got a fireman living down there.

Commissioner Villani: Sure.

Commissioner Keenan: And how could they live there without heat?

Commissioner Villani: I did not give them any heat. And they have been complaining to me that it is cold down there. There have been soldiers down there. I said, "I know

it is cold, but what could I do? I will have to repair it as soon as I can" but that requires money.

I want to do that thing for your department Director Keenan. I want to do it for every department, but I think it costs me money.

Commissioner Byrne: I would not spend a nickle down there Commissioner Villani. I would make the Army fix that thing. They are occupying it.

Commissioner Villani: But there are city firemen there.

Commissioner Byrne: I think you should be relieved of that, and that they should pay it.

Commissioner Villani: But I shut it down in the meantime.

Mr. James Pellechia: Director Byrne that is not our concern. At least if the department made a request of Director Villani we could only investigate it.

Commissioner Byrne: I know, but I am particularly speaking of in that particular building they are getting a very good "break," and they are occupying that on a lease for a dollar. And I think, in return for that they could put the building in shape the same as they did the post office building. They had to repair the boiler there, and I think they have had to spend Seven or Eight Hundred Dollars to put that building in condition.

Commissioner Villani: Well, I closed the heating system there because I did not want anything to happen. If there is an explosion there they don't want to know about that.

Commissioner Keenan: If you don't give them heat I will take

my firemen out of there.

Commissioner Villani: Sure. And those are things that you gentlemen in Newark don't know about.

Commissioner Keenan: I would have had this heat fixed if we did not have had this reallocation business.

Commissioner Villani: We are trying to do the same thing for you. We sent a man down immediately, and he said he needed a whole new oil burner up there. You need a whole new oil burner. Because if you keep on fixing it, in the end it would cost twice as much. And that is what we are trying to do all the way down the line. We are trying to fix every building, because I think if we could put our buildings in half way decent repair this year, we won't need that next year; and I will be able to chop off thousands of dollars next year. But it must be done sometime.

Now, you go up the Morris Avenue Baths. You were up there in that building Commissioner Keenan. The roof leaks.

Commissioner Keenan: Yes. The buildings were in deplorable condition.

Commissioner Villani: Now, you want me to do a job as head of that department? Then we need money this year. But I think, after this year, we will have plenty of economy in our division, and the citizens will ultimately get the benefit of it next year.

Commissioner Brady: Mr. Mayor, I think it is false economy to permit these buildings to become wrecked. I know Commissioner Villani is telling the truth. I was captain of the Fourth Precinct for five years, and I want to tell you the condition of

those buildings were in deplorable shape, and we had to live there like animals, not human beings. And I am on record concerning the condition of the city hospital and the nurses home; and I certainly would like to have a wing built to the hospital. And I also would like to have an addition built to the nurses home. But because the tax rate is as high as it is, that is one of the reasons I am trying to get through the Department of Parks and Public Property, relief, by having one of the buildings taken over in foreclosure proceedings, allocated to my department, so that we could have a better livable condition for the nurses.

I am in agreement with Director Byrne and in agreement with all the commissioners, that we should do everything we possibly can to bring the tax rate down; but I don't believe in bringing the tax rate down this year, and two years hence have to pay perhaps double or triple the payment of money for repairs, when it can be done much easier at this time for a cheaper price. It is only natural the longer these buildings go without repairs, the more it is going to cost the city to put them in condition whereby they will be of some value or benefit to the city. And I think, in going over some of these various properties that are being foreclosed, that perhaps we could get some relief by having the properties allocated to the departments that can use them, pending some of the repairs of some of the old buildings. In some of the fire houses I was in, during the period I was assistant supervisor, the roofs were falling in and the floors looked like trenches.

Commissioner Villani: I want to say in return, Director Byrne, to offset that, I think I have done an excellent job toward bringing that tax rate down with the sale of pro-

properties. I have only had about seven pieces of property in my department to sell, and I want to say I have got top prices on all of them. On the Kent Garage alone there was \$60,000 which I saved the city of Newark. And \$4,500 on the Belleville property. And I got \$12,500 for Park Avenue, and the highest bid we had before was \$8,500. So directly I brought \$175,000 into the treasury of the city of Newark, over which I have no control and I don't get any credit for. But it helps the tax rate quite a bit.

In my whole increase of \$328,000, it amounts to five points in the tax rate. And of that \$141,000 was by reallocation, which would take it out of other departments. And with the repairs that I am making now—before we used to charge each department for the repairs that were made. We are not going to do that any more. I have the full responsibility now. So, there is three points there; and one for the other repairs is four points all told. There is not an increase in my department of four points, if you want to figure numerically.

Commissioner Byrne: The only thing I want to tell you is I don't agree with your statement. That in the Department as it existed on the day I walked out that you did not need an emergency resolution to continue that department.

Commissioner Villani: We got an emergency resolution of \$141,000 to meet the payroll.

Commissioner Byrne: I will be willing to go before Darby's auditors or anybody to show that when I went out, the day I went out, you did not need an emergency resolution, on the day I finished, for the balance of the year.

Mr. James Pellecchia: Why, I may say that the very first day I came in office your Deputy Miller, I asked him for the expense at that time and (Mr. Pellecchia, who is sitting behind the commissioners makes a further statement which cannot be heard by the stenographer). Heretofore you made transfers at the end of the year from other departments. When you were short the year before you transferred from several of the other departments.

Commissioner Byrne: I want to create the impression that on the budget, as set up by me, that that could have been continued.

Commissioner Villani: Yes, if you had given me the Purchasing Bureau; but you did not give me the Purchasing Bureau.

Commissioner Byrne: I would not leave that impression.

Commissioner Villani: Oh, no. I would not say that your department was run less, but I want to say that on account of the reallocation I did not get the Purchasing Bureau, which left me \$27,000 short on the rest of the payroll.

Commissioner Brady: Mr. Mayor, I did not check in whose department the library and museum were in, but I was saddled with that. It was not in my department last year; and that amounted to \$718,609; and if I did not have that this year I also would have had another considerable reduction in the appropriation I asked for in the Department of Public Affairs. That was something that was handed me this year. And I have no control over that.

Commissioner Keenan: Inasmuch as every other member of the commission has already made a state-

ment, I would like to say, for the record, that I feel that my department, the Department of Public Safety, has been run efficiently from both the standpoint of performance to the public and from a budgetary standpoint. And while I agree in principle with Director Byrne that we should, as far as possible, make all possible reductions, I cannot agree with him with regard to promising any great reduction in the Department of Public Safety, for the reason that approximately 93 or 94 percent in personal services; but I was proud to read last night's newspaper in which it said, that so far as personal services is concerned, Newark leads the country with a 40 percent decrease in crime for 1941. And in addition, in my budget there is a reduction of some \$118,000; and I feel that was very efficient from all points. And in this department, I don't want any of the members of the commission or any citizen to feel that at any time we could show greater reductions in the Department of Public Safety budget for the one particular reason, that it is some 93 or 14 percent salaries for personal services.

Mayor Murphy: I would just like to add to what Director Brady stated. In our trip to Washington, and your Deputy James Kelly I suppose represented you, we had contacted the representatives in Washington with reference to trying to look forward in saving the city any expenditures in reference to an addition on the hospital. Which I believe was through your request that we do. And we met Senator Smathers — and I think that at the next meeting, or the next meeting after that, the commissioners could report concerning their visit — but the point I want to bring out is, that it was brought to their attention the necessity for

an emergency hospital here. The Defense Council is now asking some thirty odd thousand dollars. And they are asking for additional hospital space in the city hospital in the way of a so-called wing and more room for the nurses; which of course you have brought to the attention of the members of the commission numerous times, the necessity for more space for your nurses, and more hospital space. Now of course, how successful we will eventually be in that respect, that is questionable; but at least the matter was discussed by your deputy out there. I don't just recall the name of the gentleman, the doctor that he interviewed there. I understand that it is to be carried out further to see what Newark could do in getting some share of the federal appropriation in order to remedy the hospital situation which we now have in the city of Newark. Of course, if that could be accomplished it would be a big help to us naturally in a saving of expenditures of money. Of course no doubt your Deputy told you all about it.

Commissioner Brady: Yes, he told me about it.

I just wanted the public in Newark to know my attitude concerning all the people in Newark. I am as much interested in the people who cannot afford to pay hospitalization as I am for these poor nurses who have to stand on their feet twelve hours; and as well as I am for the people who have a lot of investments and who have a lot of bonds of the city of Newark. We might some day perhaps arrive at a point where we could do something concerning mandatory debts service. I am also in favor of that.

Commissioner Villani: May I ask

a question? What is our tax rate on the bond indebtedness over which we have no control; have you any idea?

(At this point conversation takes place between Mayor Murphy and Commissioner Villani and Brady in a low voice which cannot be heard by the stenographer).

Mayor Murphy: I don't know whether they have got the break-down here or not.

Commissioner Villani: I don't want the break-down; because I have asked that question a few times.

Mayor Murphy: Well of course, I guess if the directors did not have to give increases in salary — I felt that I had to do that, as did Commissioner Brady's department and Commissioner Villani's Department — there would have been greater savings; but I firmly felt that with living costs and rents as they are, it was necessary for me to try to eliminate the inequalities that existed in the department, and I had to do something about it.

Commissioner Brady: I know in mine it amounted to about a point and a fraction in the tax rate Mr. Mayor; and against that point and a fraction I saved ten points.

Commissioner Villani: Mine does not even amount to a point.

Commissioner Brady: Regardless of what criticism there is, if we did not do something about it we could not get those people off relief.

(Mr. Price enters the room).

Mayor Murphy: Mr. Price, we would like to ask you and Mr. Hul-

sart a few things. Commissioner Byrne just brought to the attention of the commission, in reference to the adoption of the budget, the matter of whether it should be laid over for a few days on account of still having until the eleventh for it to go through, because of the fact that he feels that in the water accounting division, which of course has been separated from the water department budget several months back, that that should be reallocated back to where it was before. He believes that there is now an expenditure of approximately \$25,000 — I forget the figure he mentioned; it was around Twenty-five Thousand Dollars, is that correct Commissioner?

Commissioner Byrne: Yes, sir.

Mayor Murphy: And he believes that could be saved I told him that I had asked you people to make a complete survey of that whole set-up in there and report to me in reference to it; and that insofar as I was concerned it was your final conclusion that matters. That if it was any different than it was before, that it should be put back to the water department. And that I would be guided by your recommendation. Or that if you felt that there were certain employees there, that it was overmaned, that there were too many men employed there, I would be glad to remedy that condition. Of course I have not got as yet a complete report on that.

Now, of course, the commissioner feels as though something should be done about reallocating that division, and eliminating that \$25,000 in the budget of that division. Is that about right?

Commissioner Byrne: That is about right.

Mr. Price: Of course the money that is in the budget does not effect your tax rate.

Mayor Murphy: The commissionee knows that. He mentioned that.

Mr. Price: That is as far as that is concerned.

Mayor Murphy: So in other words, you mean by that, it would not affect the adoption of the budget now?

Mr. Price: No. I don't think you could accomplish something by holding it up.

Commissioner Byrne: I don't want to hold it up. I mentioned that in my conversation this morning. That had come to my attention this morning, because during this interim it was never definitely ascertained or determined by me where that appropriation lay. And when I saw it this morning, where it was, and the break-down was given to me, I called attention to the fact that I thought that we had recommended that it be in our department where it formely was, where it would reduce that amount of money and where it would not destroy the efficiency of that department. And I also mentioned the fact that on the reallocation, that it was my opinion, and mine alone, that I thought it was better back where it had been, and I thought it could be handled just as well without any inefficiency being created in the department.

Mayor Murphy: I just want to say this; of course I don't know whether you recall it or not, but I think you will when I mention it. I made the request some months ago, a month or two ago; I don't remmeber the time; but at a meeting we had down stairs there was

a resolution that I had introduced to adjust wages in there, and it was decided that no action be taken on it due to the fact you felt it belonged in your department. Of course I did not do anything on that. I did not include anything in that budget in that respect. I say that so you will know nothing was done in that respect. That was held out. Those seventeen names on that resolution, you took them away from the other resolutions.

Mr. Price: Of course on this proposition you were confronted with a peculiar situation. By that I mean; you have a department, part of which, the operation, gets under Revenue and Finance, and part somewhere else. In other words, the Department of Revenue and Finance of the City of Newark is responsible for the monies of the city of Newark, naturally. Also when it comes to a department which operates on the basis of a utility or as a commercial business, you have that other phase there. So that it is going to mean necessarily if this department ever operates, that you may have to have some divided responsibility; but there has got to be cooperation between that division. Now in reference to the survey which you speak about Mayor, with all the other work we have had to do, with budgets and so forth, we have not been able to complete that as yet. But we are in the midst of it now.

Mayor Murphy: That is all right. I know you have so many things to do down there, that I know why you did not report to me as yet. But I could not intelligently answer the Director when he asked the question.

Mr. Price: But it seems now, if it comes under the city government, broken down as it is here, and as

far as we have gone with it, that if the department is to be reallocated, — suppose we say it is one unit, and if there is to be any reallocation at all it would seem to us that the only reallocation should be in the keeping of the general books. That should come under Revenue and Finance, and everything else under it, in one department. In other words, the keeping of the general ledger would be practically the only thing taken from the water department. In other words, all collections would be done in the department. As the money was collected it would be turned over to the Revenue and Finance; and the general ledger kept there and the Cash Book kept there.

Mayor Murphy: How soon do you think you will be able to have a complete report for me on that whole set-up down there? Have you any idea?

Mr. Price: A week or more.

I did not understand that you wanted us, up to this time, that you wanted us to go into the personnel as to whether it was undermanned or overmanned.

Mayor Murphy: Naturally I mean that, because that is important, along with the other functions there. Of course, if you did not, I think you should.

Mr. Price: If you want us to do that, that is something entirely different, because you know and we know and everybody knows that there is politics in all government, and unless we are definitely told to make an analysis of personnel, we will go along with the forces that are there and do the best we can. But as far as allocation is concerned, we have come to that conclusion,

that the department would function much better, much more satisfactorily if the general ledger is under the Department of Revenue and Finance, and all the rest is under the Water Department.

You know how we function. You know; I have talked to you and I have talked to Mr. Cozzolino as to various other parts of this organization. For instance the meter readers and the laboratory work. Now we do feel very definitely that in city government, after the money is collected, then the money belongs to Revenue and Finance, on controlled in the general books there. Now, that is our final decision and opinion in reference to the allocation. Other than that, as I say, as to the number of men employed or what not, that will be what we will report on. In other words, we would rather, if it were not for the set-up of Revenue and Finance, we would say it would function much better if it were all left in one department. In other words, how can we reconcile the fact that the Director of Revenue and Finance is responsible for the monies that come into the municipality?

Mayor Murphy: As far as I am concerned the most efficient way to carry on that set-up in there that is for the best interests of the city at large, is what I want to see accomplished there. I think you know that and I think I have told you that all the way through, and I have given you a free hand in that whole department, in anything you did down there. I said "you go in," and I think you have made some final recommendations, which I know you have corrected in some of the set-ups of that department. and I never tried to go over your head, because I feel you are the practical man working in there. So

whatever recommendation you have to make in there, as far as I am concerned, and of course it is all up to the members of the commission — but I feel they all feel the same about it. I am not now speaking for the Commissioner Byrne or anybody else. I am only saying I appreciate that.

Mr. Price: That will be as far as Mr. Hulsart and myself are concerned, as field men, we feel that would be the recommendation that we would make, taking into consideration the government, Revenue and Finance, and the operation of the Water Department. We feel that it will be simply the keeping of the ledger book.

Mayor Murphy: Of course, the original plan was, which I think you are familiar with, on account of the overhauling of the building and getting all these cages together so that people would come to the one place and then those employees too would be close by, and there would be an interchange of the check-up of the record, which also is in line with the tax sales part of the water department structure. And all these things will be dovetailed into one. That was the thought. And the making of the bills would be the same, in trying to economize, in line with the printing and the necessary machinery and so forth; but there of course we had to have curtailment because the estimate we got was about a quarter of a million dollars for repairs in the hall by bringing those walls down and the corridors. The original draft we had on that was about \$200,000, maybe \$250,000. And I refused to go along and recommend that to the commission here, feeling that it would increase the debt of the city of Newark and increase the tax rate. Of course, I did not want to do

that at this time.

Mr. Price: We feel, Mr. Hulsart and myself, that you would be a whole lot better off if you don't incorporate your water division with those other city divisions. In other words, keep those separate. You know Mayor we have spent a lot of time trying to analyze and do the accounting of the City of Newark, and I know that Mr. Hulsart will back me up in this, that we feel it is better if that water department stay where it is, that the collections take place there, and the daily settlements are made from that department to the Revenue and Finance, as it is at the present time.

Commissioner Villani: So it makes no difference where the department is?

Mr. Price: We feel that the personnel of all that belongs to the water department, and simply keeping of the general ledger belongs to Revenue and Finance.

Mayor Murphy: You will prepare a report for me so that I could send it to each member of the commission?

Mr. Price: On this particular thing?

Mayor Murphy: Yes.

Mr. Price: We cannot give you a general survey on that as yet.

Mayor Murphy: Just in reference to that. And then of course as I say, whether the Director is interested in the survey further about the other employees, I don't know. I mean, in the separating and taking them apart, and putting them over there. But I think for myself,

for my benefit at least anyhow, I would like to have a survey in reference to the employees who are involved there.

Mr. Price: We could do that too. My thought was at this moment, whether one hundred men are enough down there or ten men, that we are not in a position to say. But we could tell of the personnel at the present moment how many should be in your department and how many should be in Director Byrne's department, by names.

Mayor Murphy: Is that all right Commissioners that we prepare something that way, so that we could send it to each member of the commission, or to Commissioner Byrne, because between these two departments that is where most of the interest lies.

Mr. Price: Yes; but in a general way that is our proposition, that you operate your Water Department entirely, and when it is collected, it is turned over to the Director of Revenue and Finance, and from there the checks are drawn. And the general ledger and the Cash Book and the journal are kept on the other side. Now, everybody else is in the Water Department.

Mayor Murphy: So, you are getting this new idea now. I would not say a new idea, but I would say a more practical idea from the experience you now have, because, if you recall, the recommendation was somewhat different.

Commissioner Byrne: Now, is this the first time you have had this experience.

Mayor Murphy: I know the auditors, I think you will find out, that they will recommend what he originally recommended.

Commissioner Byrne: I think so too.

Mayor Murphy: That is where I got my position, my thought from. It was on their recommendation which they made; which you will find in their report, and they made, whereby they set up all the accounting divisions which included the collection of water rent and so forth. Now, that was the firm of Puder and Puder who made these recommendations in there, and that was the only thing I was following, figuring that these men, knew more about it than I did, and I was trying to carry out their report.

Mr. Price: You see Mr. Mayor, just three months ago from now, about three months ago, we put our man there and we started ourselves, Hulsart and myself, to get in there. Up to that time we had spent all of our time in the city proper. We had a good big job up there, and we could not get into it; and so it was about the first of December that we put McDonald in there; and Mr. Hulsart and myself; and he has been making these detailed studies there. You will find that at the present time the city is operating with two separate and distinct set of books, one kept in the water department and one kept by the Revenue and Finance Department, which in our mind is foolish. One set of books could do the job.

Mayor Murphy: In other words, we could even save on the books involved.

Mr. Price: At the present time there are two separate and distinct set of accounts kept.

Mayor Murphy: In other words, would you say then that there were a lot of double entries being made?

Mr. Price: Yes, Double entries being made. There are two separate sets of books there. We have had too much to do in general. Until the first of December, all the work we had to do in water was just to

hit the high spots, to make the budget. Now, if you talk to Mr. Judson you will find that on the first of December we had a meeting and took up this account, and this time we said we have to come down to an adjustment of these accounts to determine where they go. But we will show that back in the Water Department there is a full set of books, the general ledger; and the same thing in the Revenue Department. This is off the record (Addressing the stenographer).

(Mr. Price turned his back to the stenographer, who is unable to get the rest of the conversation).

Mayor Murphy: Is there any further discussion on the budget?

Commissioner Villani: I move the adoption of the budget.

Commissioner Keenan: I second the motion.

Mayor Murphy: Motion has been made . . .

Commissioner Brady: Just a minute. I just want one thing that I want to call to the attention of the commissioners, Mr. Mayor. The commissioners suggested — this has

to do with the budget Mr Mayor — the commissioners suggested that I make an investigation and bring back a report. Now, on this Humane Society, I suggest that we give them Ten Thousand Dollars, and also allocate \$250 to Dr. Craster to be used on vaccine. That would be \$10,250 allocated to that fund.

Mayor Murphy: Suppose you have a resolution prepared by the Law Department on that.

Commissioner Brady: I am going to ask the Law Department to prepare a contract.

Mayor Murphy: Prepare the resolution with a contract.

Commissioner Villani: All right, I move the adoption of the budget.

Commissioner Brady: I second that motion.

Mayor Murphy: All those in favor of the motion signify by saying "aye."

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

#### LOCAL BUDGET OF THE CITY OF NEWARK, COUNTY OF ESSEX, FOR THE FISCAL YEAR 1942

BE IT RESOLVED, that the following statements of revenues and appropriations shall constitute the local budget for the year 1942:

BE IT FURTHER RESOLVED, that said budget be published in Newark Evening News in the issue of 14th day of February, 1942. Newark Ledger, February 14; Sunday Call, February 15.

Notice is hereby given that the budget and tax resolution was approved by the Board of Commissioners of the City of Newark, County of Essex, on February 9, 1942;

A hearing on the budget and tax resolution will be held at Commissioners' Chamber, City Hall, on the 2d day of March, 1942, at 11 o'clock A.M., at which time and place objections to said budget and tax resolution of the City of Newark for the year 1942 may be presented by any citizen or taxpayer of said municipality.

#### LOCAL BUDGET EXPLANATORY STATEMENT

The amount to be raised by taxation and the tax rate for 1942 are assessed, due to the actual state and county taxes being unknown at this time, and also due to the fact that the 1942 assessment rolls are not completed; an estimated assessed valuation for 1942 of \$690,000,000.00 was used in computing the rate.

The amount to be raised by taxation is \$38,010,800.00, a decrease from 1941 of \$3,668,121.92. This decrease is, however, not entirely reflected in the tax rate because the assessed valuation for 1941 was \$34,720,000.00 greater than the estimated valuation for 1942, which decreased valuation was used to arrive at the estimated rate for 1942. The portion of this reduction in assessed valuation, which represents the adjustment due to the revaluation program, also represents an actual decrease in the amount of tax to be paid by the property owner.

The decrease in the amount to be raised by taxation is accounted for in the following summary, and it should be borne in mind that the appropriations for each department would have to be separately analyzed to determine whether the increase or decrease is the result of normal operating expenditures.

	Tax Levy	
	Increased By	Decreased By
Miscellaneous Revenue—Decrease	\$2,431,400.24	
Delinquent Tax and Tax Lien Collections - Decrease	241,405.56	
Appropriations—		
Dept. Revenue & Finance—Increase	79,047.87	
Appropriations—Dept. Public Works—Decrease		194,287.58
Appropriations—Dept. Public Affairs—Decrease		608,410.28
Appropriations—Dept. Public Safety—Decrease		118,438.44

Appropriations—		
Dept. Parks and Public Property—Increase	358,148.95	
Appropriations—Municipal Debt Service—Decrease		547,537.10
Appropriations—School Debt Service—Decrease		32,407.31
Appropriations—Deficits, etc. Decrease		3,594,297.73
Appropriations—		
Reserve for Uncollected Taxes—Decrease		1,417,826.10
Local School Tax—Decrease		265,000.00
	<u>\$3,110,082.62</u>	<u>\$6,778,204.54</u>
Net Decrease in Tax to Be Levied	<u>\$3,668,121.92</u>	
	<u>\$6,778,204.54</u>	

No accumulated surplus has been used to reduce taxation in 1942, but such surplus that exists has been held intact to be used to cushion any unfavorable financial condition resulting from possible decline in revenue or unexpected expenditures.

As a result of war-time conditions it was necessary to provide funds for defense activity and this is reflected in the following appropriations:

Dept. Revenue and Finance .....	\$ 52,395.00
Dept. Parks and Public Property .....	23,940.00
Water Department .....	180,000.00
	<u>\$256,335.00</u>

The program for liquidations of tax title liens is now under way and should result in both increased revenue and acquisition of property upon which unpaid taxes are accumulating. In order to carry out this program an additional appropriation of \$30,000.00 has been included in this budget.

Acting City Clerk.

**Newark, N. J., March 11, 1942**

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chambers, City Hall, Newark, at 2:00 P. M., Eastern War Time.

Mayor Murphy: The meeting will come to order. The Clerk will call the roll.

Present: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: The Clerk will read the minutes of the previous meeting.

Commissioner Brady: I move we dispense with the reading of the minutes.

Commissioner Byrne: I second the motion.

Mayor Murphy: Motion has been made that the reading of the minutes of the previous meeting be dispensed with. The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Keenan introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance at length:

An Ordinance to amend an Ordinance entitled: "An Ordinance to limit the number of plenary retail consumption licenses and plenary

retail distribution licenses to sell alcoholic beverages at retail in the City of Newark, and to regulate the renewing and transferring of plenary retail consumption licenses and plenary retail distribution licenses to sell alcoholic beverages at retail in the City of Newark," adopted May 4, 1938.

The Board of Commissioners of The City of Newark do ordain:

1. That Section 1 of an Ordinance entitled as above set forth, be and the same is hereby amended to read as follows:

"Section 1: (a) No Plenary Retail Consumption License shall be granted hereafter unless and until the number of such licenses issued and outstanding shall be less than 900 except as hereinafter set forth.

(b) No Plenary Retail Distribution License shall be granted hereafter unless and until the number of such licenses issued and outstanding shall be less than 175, except as hereinafter set forth."

2. All Ordinances and parts of Ordinances inconsistent with the provisions hereof be and the same are hereby repealed.

3. This Ordinances shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Commissioner Keenan moved that March 25, 1942, 2:00 P. M., Eastern War Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinances and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Keenan introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance at length:

An Ordinance relating to transfer of licenses.

The Board of Commissioners of the City of Newark do ordain:

1. That in every instance where a license has been previously issued by the Municipal Board of Alcoholic Beverage Control to a corporation, and where the corporate control is transferred, it shall be necessary for the new stockholders to make application to the Municipal Board of Alcoholic Beverage Control to the same extent as if an application for a transfer had been made in the case of a natural person. The charge for such transfer shall be the same as in the case of a transfer of a license from a natural person.

2 Any person, firm or corporation violating the provisions of this ordi-

nance shall, upon conviction thereof, be fined a sum not exceeding \$200, or be imprisoned in the county jail for a term not exceeding 90 days, or both, in the discretion of the court imposing the same.

3. All Ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

4. This ordinance shall take effect immediately upon final passage and publication, according to law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

The City Clerk presented "An Ordinance Changing and Establishing the width of the sidewalks of Springfield Avenue from Thirteenth Avenue to Morris Avenue on the northerly side, and from a point 77

feet west of the westerly line of Arlington Street to Morris Avenue on the southerly side, and requiring the removal of the obstruction, projections and encroachments thereon," and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

Commissioner Byrne: I ask Mr. Mayor, that it be deferred for two weeks.

Commissioner Keenan: I second the motion.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

The City Clerk presented "An Ordinance creating the position of Adjuster in Workmen's Compensation and prescribing the procedure in cases of injuries to employees of the City of Newark," and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

Commissioner Byrne: I ask that that be deferred for two weeks.

Commissioner Villani: I second the motion.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: Commissioners, I think we should get this matter before the commission today: I think we have to, because after all, the commission was in conference practically over two and a half

hours today on this matter. I am going to bring this up now because I told these people who were involved with this that I thought it was inadvisable for them to come here today. Of course it was my statement and I am satisfied, because I felt that there was no need to have us hear all over again what we have already gone through before the commission. And of course we have gone over a lot of it up to the present time due to the fact that there have been other speakers here on this question.

At the conference this morning, the position that I requested the commission to take was, that the members of the commission have a special meeting with reference to hearing the complaints filed by Local 277 -- I think it is 277, if I am not mistaken, of the Municipal Employees CIO -- complaints pertaining to their working conditions and wages in the Department of Public Works.

I personally felt that the commission should sit down and go into the matter and file a report with the commission, with Commissioner Byrne. Of course, Commissioner Byrne has taken a position on that particular matter, which is known. I think he probably would want to make a statement pertaining to his position.

I have written this out Commissioner Byrne (indicating paper), but I don't know if that is with your approval. If you want to make a different statement, all right, as to any action that this commission may take, or rather, the majority members of the commission, pertaining to the complaints that have been filed by these employees. Have you any objection if I read that? Do you want to look it over?

Commissioner Byrne: I don't know

what it is. You read it, and if it is wrong I will correct it.

Mayor Murphy: The statement is prepared this way. It was prepared by myself, and read to the commissioners down stairs.

Commissioner Byrne stated he will not abide by an decision of the majority members of the commission or any board of arbitration pertaining to the labor dispute between he and the Municipal Employees Local 277, if same will give the men any increase in wages, as he has been so advised by corporation counsel that question involved is solely his rights.

Commissioner Byrne: I say, to correct that, that if the commission voted an increase to the employees over my stand, I will protest.

Mayor Murphy: Well, by protest, do you mean that you will refuse to go along with us?

Commissioner Byrne: I claimed in the meeting this morning most openly that I was abiding by the rule of the corporation counsel. I could not delegate my powers outside. And now that it has been referred back to the city commission, I thought it was within by province to determine the conduct of my department. If I did anything illegal or wrong I should be removed not only from the department, but from the office. And I am willing to take that stand. I think that when I certified the payroll without any opposition from the Civil Service Commission, who must approve the payroll, that the payroll is proper; and any deviation from that by this commission I say is wrong and illegal.

Commissioner Villani: What is your stand on it, Mr. Mayor?

Mayor Murphy. Well, of course, naturally . . .

Commissioner Byrne (Interrupting): I did read a statement, part of a statement this morning, which I intend to make. I only read the last paragraph. But I think, for the record now, as long as this is being taken down, I might as well read this statement entirely.

I feel it my duty to the people of the City of Newark to correct any false impression which may have been caused by the statements made by the representatives of the C.I.O. in reference to the dispute involving the Department of Public Works of the City of Newark. I therefore, present to the people of the City of Newark, for their information, an accurate statement of the facts and of the stand I take in this dispute.

There has been much strike agitation in this dispute by certain leaders of the C.I.O. This was first openly illustrated by their conduct and statements at the City Commission meeting of February 11, 1942, in spite of the fact that, up until that day, I and the members of my staff had on numerous occasions met with the representatives of the C.I.O. Union, for the purpose of adjusting any alleged inequalities. It is also illustrated by this same leadership when they, as quoted in the Public Press stated: "We'll give Byrne a strike he'll never forget," "strong arm methods" will be used. It is further illustrated by the publishing and distribution of Strike Bulletins, dated February 13, 1942. Their strike attitude continued although Conciliator Liller of the U.S. Department of Labor conferred with me and the members of my staff on three different occasions. Incidentally, to my knowledge, before Mr. Liller submitted his report to the U. S. Department of Labor, the dispute was placed before the W.L.B

and Professor David McCabe was designated to "investigate," and, even in spite of that, the same C.I.O. leadership again appeared at the Public meeting of the Newark City Commission of February 25, 1942.

It now appears that an effort is being made to place on me the responsibility for any strike action which may take place. Continued threats of strike are being used to coerce and intimidate me into granting the C.I.O. demands for a wage increase. I am confident that the employees in my Department, the tax payers and the people of the City of Newark will not be fooled by such efforts, for it is obvious to all the C.I.O. leaders, in effect, say—Grant the demands for pay increases or we will strike. It is equally obvious that any strike action is wholly the creature of the C.I.O. It was this same C.I.O. that, once before, called a strike against the City of Newark. It is the same C.I.O. that was granted a 15% pay increase last year and a 45% increase over the last five years even though loyal civil service employees of long standing have not received any increase for a long number of years. It is the same C.I.O. whose members are now being paid wages that compare favorably with wages paid by other municipalities for similar work. It is the same C.I.O. leadership which, having no jobs or civil service rights at stake, encourage employees to endanger their jobs and civil service status by taking strike action.

So there can be no misunderstanding, let me repeat to the people of the City of Newark my stand and views in this dispute:

(1) The City of Newark, by referendum, adopted the Civil Service Laws of the State of New Jersey. In dealing with City Employees, civil service laws should be adhered

to.

(2) I accept the opinion of the Corporation Counsel of the City of Newark and the prevailing opinion of Counsel for municipalities throughout the country that a municipality has no right to enter into a collective bargaining agreement with the C.I.O. or any other union.

(3) There is no right to strike against Government whether it be Federal, State or Local. If there is a strike, I will invoke the laws of Civil Service and any other applicable laws of the State of New Jersey.

(4) There is no right to mediate or arbitrate a dispute of this nature through any outside agency. It is solely the right of an elected public official and it should not be relinquished to any such agency. The only issue is whether or not the demands for an increase shall be granted. As the representative of the people, in charge of the Department of Public Works, I have refused and still refuse to grant the demands of the C.I.O. I believe that my action is to the best interest of the City of Newark.

I feel that as Director of the Department of Public Works of the City of Newark, it is not only my right but equally my duty to finally dispose of any wage dispute affecting my department. I will not be intimidated into surrendering that right, nor should any other Commissioner surrender it. As Commissioners elected by the people of the City of Newark, we are responsible to all the citizens of Newark. The Government of the City of Newark represents and acts for all the people of Newark. I will not, by the threats of any group, be coerced into deviating from what I believe to be to the best interest of the City. Any attempt to obstruct, by

strike or any other unlawful means, the orderly conduct of the City's business, by any combination, association or group with a purpose to frighten or control the officials of this City is destructive to our City and government. It is an attempt to usurp the reins of government and the powers of the people. I shall vigorously resist any such attempt.

Mayor Murphy: Well, I still believe the commission should review the complaints filed by Local No. 277 C.I.O., and render its report to the commission, to Commissioner Byrne and to the City Commission, which I believe will be very enlightening to the citizens of Newark and to the City Commission, respecting the complaints filed against the action of Commissioner Byrne pertaining to their working conditions and wages.

Now, of course, whether the City Commission wants to go along with my thoughts or not, why, that is solely up to the members of the commission.

Commissioner Byrne: Pardon me Mr. Mayor, and fellow commissioners, may I, before any action is taken, read a letter, and parts of a letter that I have here? I will try to make it as short as I can. I will read certain parts. If you want it all read, I will read it in its entirety.

"To all state CIO Locals.

March 5, 1942

"Dear Sirs and Brothers:

I enclose a brief summary of the labor dispute between State, County and Municipal Workers of America Local No. 27; and Newark City Commissioner Byrne Read it — carefully.

"The latest developments in this case indicate that strong action is required at once to make possible labor's retention of hard-won gains through peaceful means. Labor stands four-square behind President Roosevelt in his plea for settlement of all disputes by conciliation, mediation or arbitration rather than strike action. Commissioner Byrne has been trying to force Local No. 27 into a strike which, as you know, would seriously injure labor's prestige and general strategic position at this time. The Nichols interpretation of the War Labor Board decision however is tantamount to approval of Commissioner Byrne's position that the City need not and should not conciliate, mediate or arbitrate.

"Prompt action is therefore imperative. I urgently request your Local take the following steps immediately.

"1. Wire Chairman W. H. Davis, War Labor Board, Washington, D.C., protesting Nichols' statement and calling upon the War Labor Board to authorize arbitration of dispute between the City and the Union. Send copy of this wire to John Stelman, Director of U. S. Conciliation Service, Department of Labor, Washington, D. C.

"2. Wire Mayor Murphy, City Hall, Newark, N. J., urging his as responsible head of City to prevent possible strike action by forcing arbitration of dispute.

"I urge that you act at once in your own interest. If this attack on Local No. 27's attempt to settle their dispute through peaceful means is successful, a similar one can be launched in the future against your own organization.

"This is a problem of the labor movement as a whole since it deals

with the general policy of the War Labor Board. If the Board is successful in turning down a dispute of this sort, there is no reason to believe that they can't find a reason for turning down other disputes in which labor is vitally concerned.

"No Local can afford to overlook this important matter. ACT QUICKLY.

Fraternally yours,

Irving Abramson, President,

N. J. State Industrial  
Union Council."

Mayor Murphy: Just in answer to that, I want to say that I did get a number of telegrams, which of course I have here; and I understand that other members of the commission did. But I also want to make clear to the members of the commission, and I believe that they know my position was made clear before any telegrams were sent here. They have no bearing on the position that I have taken or the position I am taking now.

Commissioner Byrne: "To all locals in Northern New Jersey area:

"The decision handed down by Osgood Nichols, Public Relations Director of the War Labor Board, when the War Labor Board refused to consider the dispute of the State, County, Municipal Workers, now places the responsibility for an adequate settlement of this question directly with the Newark City Commission. It is necessary that every local in the Northern New Jersey area send telegrams immediately to Mayor Murphy and Commissioners Brady and Villani urging them to resort to local mediation to settle this dispute immediately. Their successful endeavors in this cause will be an important contribution in the

war effort. At the same time, send a telegram to William H. Davis, Chairman of the National War Labor Board, protesting against the decision and statement by Osgood Nichols as having a harmful effect and acting to the detriment of harmonious and peaceful settlement of labor disputes. This telegram to Davis should also call for censuring of Nichols for his statement.

"Involved here is more than merely the question of the dispute of the SCMWA with the City Commissioners. A dangerous precedent is being set here which every local and union member must fight.

"Fraternally yours, Ames McLeish, President, United Electrical, Radio & Machine Workers of America, District Four. Affiliated with the Congress of Industrial Organizations."

Mayor Murphy: The only thing I could say on that Commissioner Byrne is that the other letters are the same. I think that as citizens, and as workers, they have a right if they so desire to inform their membership, whether it is throughout the city or throughout the state, as to their views on any particular matter that may be involved pertaining to their labor situation.

Commissioner Byrne: I also have here a news item, which I will enter for the record. "Missouri Chief refuses to bow to strike threat. Says arbitration of Longshoremen Case would mean loss of state sovereignty.

"Governor Forrest C. Donnell of Missouri rejected an offer of outside mediation of a strike threat against the state grain department in St. Louis tonight and said 'The state government cannot undertake to surrender to any person outside of said government the power of

determining who shall be employed by said government'."

There are more I have here. In fact here is another one. This is included in this last letter.

"The Facts of the Dispute Between Local No. 277, State, County and Municipal Workers of America and Joseph M. Byrne, Jr. of the Department of Public Works.

"The Principals, Local No. 277—The membership is composed of workers who care for water, street repair, sewers, docks, and sanitation needs of the City of Newark. Of a total of 1,050 workers, 960 are members of the Union.

"Commissioner Byrne — One of five City Commissioners. In charge of the Department of Public Works. In private life Byrne is a member of the Wall Street firm of Emanuel and Company. Under his own name he runs a large real estate, insurance, and banking business in New Jersey.

"The other Commissioners are: Vincent J. Murphy, Mayor and Director, Department of Finance. John A. Brady, Director, Department of Public Affairs. Ralph A. Villani, Director, Department of Parks and Property. John A. Keenan, Director Department of Public Safety.

(1) After four months of negotiations, the Union's request for a wage increase and improved working conditions was flatly rejected by Commissioner Byrne.

(2) Efforts by the State Mediation Board and U. S. Conciliation Service to effect a settlement failed, because of Byrne's refusal to mediate or conciliate.

(3) On February 12th, the membership held a meeting and voted

unanimously to strike. The following day Mayor Murphy wires Union requesting that they accept mediation. The Union consented.

(4) The case was then certified to the National War Labor Board by Secretary of Labor Perkins. The Union, of course, agreed to abide by the decision of the War Labor Board. Not so Mr. Byrne. He stated publicly that he would refuse to abide by the recommendations of the War Labor Board. Mayor Murphy, and Commissioners Brady and Villani stated publicly that they disagreed with Byrne and favored mediation of the dispute.

(5) On March 4th the War Labor Board declined to take jurisdiction but in its letter to Secretary Perkins included this significant paragraph: "The committee was of the opinion that the case should be settled by the Commissioners of the City of Newark who are responsible for the administration of the City."

(6) Union Officials interpreted this paragraph to mean that the War Labor Board was giving a mandate to the other Commissioners to take the dispute out of Mr. Byrne's hands and effect a peaceful settlement. Union officials were strengthened in this opinion by telephone conversations with Lewis M. Gill, Assistant Executive Secretary of the War Labor Board.

(7) But the Newark Star Ledger on March 5th, quoted Osgood Nichols, War Labor Board public relations director as saying that "The Board had no desire to make any suggestions as to how the City of Newark should handle the problem, but merely intended to say it is a matter for adjustment by the City, using the established municipal method. There was no intention on the part of the War Labor Board to do more than to say that the

situation is one for the local government to handle, leaving the local government wholly free to apply its own methods."

(8) This erroneous interpretation of the War Labor Board's intention throws the dispute back where it was — in the lap of Byrne who is again in a position to refuse to conciliate, mediate or arbitrate. It is known that the Nichols interpretation does not represent the feeling of the War Labor Board. In fact, Nichols has denied that he made the statement.

Nevertheless, the damage is done and only prompt action by the labor movement can repair it."

Commissioner Byrne: I would like to read here, before I close, from the "Shield."

"Director Byrne and the C.I.O.

"The right-thinking citizens of Newark will applaud Joseph M. Byrne, Jr., Director of the Dept. of Public Works, for the manner in which he is standing up against the C.I.O. in the latter's efforts to run that Department. Director Byrne insists that he was elected by the people of Newark to be the boss of that Department, and he intends to be the boss.

"The CIO has been able to organize the employees of the Street and Refuse Collection Divisions of the Dept. of Public Works. Recently, they set before Director Byrne demands for a wage increase which, in the opinion of the Director, are excessive, particularly in view of the fact that these employees received a 15 percent raise only last year.

"Director Byrne sees no reason why the employees of one Department should be given raises, while those of other departments don't get any. If there are to be raises,

he contends, they should be general.

"Although the CIO, whenever the question of unionization of Government employees is academically discussed, piously claims as its policy that Government workers will never be called upon to strike, the CIO in Newark told Director Byrne that if he doesn't come across, there will be a strike. The Director refused to be intimidated, and the CIO pulled in its horns. Instead of calling a strike, it has referred the controversy to the National War Labor Board for arbitration.

"Now Director Byrne announces that he will not be bound by any decision of the National War Labor Board, claiming that that body has no authority to consider a matter such as the one at issue. Director Byrne makes two points—first, that the controversy is in no way related to National defense, thus having no place before the National War Labor Board, and second, that no government Agency is empowered to arbitrate disputes between Civil Service employees on the one hand, and the employing Division of Government on the other.

"Government arbitration, he maintains, cannot extend beyond the field of private business, and he takes the position that the Civil Service authorities are the only ones legally empowered to intercede in the Newark controversy, since the employees involved are Civil Service employees and, as such, are bound by the Civil Service Laws.

"Director Byrne's stand is a sound one. After all, how can he permit himself to be bound by a settlement arrived at by some Arbitration Agency if such settlement turns out to be contrary to the provisions of the Civil Service Statute of this State? The Civil Service authorities are charged with the duty of administering and enforcing the

Civil Service Laws, and that power cannot be usurped.

"Director Byrne has the support of the people of Newark in his determination to run the Dept. of Public Works as he thinks it should be run. He was elected for that purpose, and neither the CIO nor any other group is going to encroach upon his authority. If the CIO wants to call a strike, let them go ahead and do it. The result will be not only utter failure, because the citizens will not countenance such action, but every employe who heads that call will lose his job and all the Civil Service Benefits that go with it."

Mayor Murphy: Well, I can only say that in view of what I could see of the situation, that if the same situation faced me, I know I would be glad to have some honorable group decide the matter. I don't know about the other members of the commission, just what their feelings may be.

Commissioner Brady: Well Mr. Mayor, I was not at the conference this morning, but I want to make myself clear. I hope I am quoted correctly. I am not looking for publicity or glory; but I make this statement; that if I pick up a telegram here I don't want any inference by anybody. I do my own thinking. And I want that distinctly understood. I read these telegrams because they were addressed to me, and any inference that is drawn from those telegrams is being done without consulting me. All I am concerned about is the record here. I wish people would "wise" up. The minutes of the various meetings are full of statements made by me concerning the city counsel, or the corporation counsel. I have been on record time and time again as to my attitude with respect to the corporation counsel, and I have been

consistent, and I am going to remain consistent.

I stated in meetings, public meetings and in conferences, that I will always abide by the decisions of the corporation counsel. Up to this time I have followed that procedure and I intend to follow it in the future.

I think I made myself very clear Mr. Mayor, on February 11, 1942, and it is a matter of record. At that city commission meeting I said, "I feel that those problems that are interdepartmental problems should be handled by the duly elected representatives of that department. I don't think it is necessary to go on record for any vote of confidence. I believe that we are all capable of all handling our departments. I certainly would not want Commissioner Byrne to come into my department and dictate a policy to me," and I still stand on that statement.

On February 25, 1942, which is a matter of record in the city commission's record Mr. Mayor, I understand, from counsel's remarks, and I am referring now to Mr. Abramson, that he wants to put this commission on record as to how they feel with respect to any governmental agency. "I want to go on record now . . ." and I am quoting from the minutes . . . "As stating that I am willing and ready at all times, to coopearte with any agency of this government, whether it is the War Labor Board or any other board, and if it is for the best interest of everybody concerned, I am for it." That statement still stands Mr. Mayor. And when I refer to government, I mean the city of Newark as well as any other branch of government. O reiterate that I will not under any circumstances be a part on this commission to doing anything that

will interfere with the conduct of any other commissioner's department. However, if I am invited to sit in to mediate any problem of any kind when it comes before this commission, I will take advantage of the invitation. That is my position Mr. Mayor.

Commissioner Villani: Are you in favor of this meeting with the Mayor?

Commissioner Brady: If I am invited to sit in with the mayor or any other member of this commission, I am in favor of so doing, but I want it distinctly and clearly understood, that I am not, under any circumstances going along with anything that will interfere with the conduct of any commissioner's department. I am on record; and as I indicated before I became a commissioner of the city of Newark, I will try to be as consistent as I can, whether it is for my best interest or whether it affects my interests to the contrary.

Mayor Murphy: That is very plain, I think, to me, and I think to the other members of this commission. If it is not, I think you could straighten me out. I understand, that if a meeting were called by the mayor to go into the question involved between Local No. 277 and Commissioner Byrne, you would sit in and be a party to the conference; but that you would refuse to take action contrary to the position the Director has now taken.

Commissioner Brady: That is correct. And also from the opinion rendered by the corporation counsel at one of the meetings here. I am guided in a large measure by his decision rendered here. But supplementing that statement Mr. Mayor, whether that decision was rendered or not, I would still take the position that I would have no

right to interfere with the conduct of any of the other commissioner's departments, unless there was some matter brought before me that indicates to me that there is gross misconduct on the part of the commissioner involved.

Commissioner Villani: Now, I wish to state my position on this, so that we will have a thorough understanding on this situation. We did have a conference lasting about three hours this morning in executive session, in which we felt we could straighten the matter out amicably between ourselves. I would like to bring to the attention of the public just what took place, so that the public may know of our different positions.

Now, I explained at the previous meeting that there are only two ways that we could adjust this, if Director Byrne was absolutely opposed to having mediation. One was by taking the department away from him, and the other one was testing it in the court of law.

I promised Director Byrne at this morning's conference that I would state my position, so that there would be no misunderstanding. I as a lawyer feel that is the law in reference to matters of this kind. Now, we went on record this morning, definitely, the Mayor and everybody, that we would do nothing to take the department from Mr. Byrne, is that correct?

Mayor Murphy: I said I see no reason or good point as to any reason why we should even talk about that.

Commissioner Villani: And that is agreeable to you, Mr. Brady?

Commissioner Brady: I am one hundred per cent for it.

Commissioner Villani: So that situation is definitely clear, because there have been a lot of under-current rumors going around that that department was going to be taken away from him; and I, with Mr. Brady thought that should be brought out.

Mayor Murphy: That is the reason why you brought the matter to the attention of the commission Mr. Villani. That was due to the fact that you thought there were rumors going around. And I think Commissioner Keenan had also certified to that effect too, that there were rumors going around. At least I heard about it. That the department was going to be taken away or that Commissioner Byrne was going to be transferred. And maybe many other kinds of rumors.

Commissioner Villani: So we want to clear that situation, so that there would be no misunderstanding.

Mayor Murphy: I want to say that nobody could ever say that I indicated in any manner, shape or form that I ever expressed any intention to take that action.

Commissioner Villani: So that leaves the question entirely up to Director Byrne. It is in his department. He could do as he sees fit with it.

Now, the question came up as to whether or not we should abide by the decision of the National Labor Relations Board or the War Board, and they informed us that—and I received some sort of a telegram stating — I think I received it from the Local Labor Board, not officially, from Washington, that the matter rested in the hands of the commission. I cannot see why the matter could rest with the commission, as long as we have decided going along with Director Byrne in

his department, because he is the sole judge of that department. However, Mayor Murphy, you felt, as a labor representative, and you so said this morning, that you would like to have the matter mediated, by having them come in and giving their side of the story, and by having Director Byrne give his side of the story; then we would recommend to Director Byrne what the findings were. And I am in accord to go along with you on those grounds, because I feel we have a war situation today, although I don't like to establish any precedent. I don't see any harm that could happen to anyone if we at least sat down to hear what the different merits are. And as I said this morning, after we do hear it, then we could submit it to Director Byrne. Then the matter rests entirely with him as to whether or not he wants to go along with our suggestion. And I stand on that decision to go along with you if there is such a thing that could be arranged for a mediation. That is my position.

Commissioner Keenan: Mr. Mayor, inasmuch as every commissioner has expressed himself on the subject, I feel I would like to say this: Now, it is all right for one, two or three or four or five members of this commission to say, "We will take it up in conference, and we as commissioners will mediate it, and we as commissioners will do all the things that we have mentioned we will do." And in the same breath it then seems that it will be the duty of the commissioners, having gone on record, to leave it in the hands of Director Byrne's department; that the controversy is to be left ultimately to him. Then, what is the reason for all the mediation? We are only prolonging a controversial question that could be decided once and for all here today, because if we met once, twice or a

hundred times and go over the controversy, and we come to an ultimate decision, no matter what our individual or majority opinion would be, it again reverts back to the head of the department in whose jurisdiction the controversy is. It then reverts back again into the hands of Commissioner Byrne, where it is. Now, I cannot see anything but delay in any mediation, in any further controversy of the discussion. The law so states, as we are advised by our corporation counsel. And let us be lawful. Other than delay, I cannot see what the ultimate outcome of any mediation of the controversy is going to be. We will then bring it back to where it is now. And now that Byrne is head of the department, it is up to him. And no matter if the majority of the Commission decides against Director Byrne's attitude, ultimately it is in his department and it is up to him. What do we gain other than a delay in the controversy? I say we should face the issue today.

Mayor Murphy: Well, that was Commissioner Villani's opinion.

Commissioner Keenan: Commissioner Villani and Commissioner Brady both say it is up to the Director in whose department the controversy or trouble rests.

Commissioner Villani: There is no question about that.

Commissioner Keenan: No question. Then why mediate?

Commissioner Brady: I would like to correct Commissioner Keenan. I never said anything about mediate. I said I would be willing to sit in. I would be very happy to have them sit in with me if I have any problem.

Commissioner Keenan: To discuss

what problem?

Commissioner Brady: Anything at all.

Commissioner Keenan: But in this particular instance, the problem that confronts us.

Commissioner Brady: But that does not preclude the calling together of any member of the commission at any time at all. After all this is still a democracy, and if the members of the commission desire to sit in and talk over any problem, I think it is perfectly all right.

Commissioner Brady: And I say again that I am willing to sit in any place, any time, with any agency of the government, whether it is Newark or whether it is the state or the county or the government. It does not make any difference with me. But what action I take in that controversy will be guided primarily on what I hear from both sides.

The War Labor Board has not up to this time, advised me, either by telegram or any other means of communication what their decision was. All I know about it is those telegrams I received, or what was contained in them. I am not going to be guided by telegrams that somebody else sends me. I want to do it officially.

Commissioner Byrne: Yesterday I called Washington and requested of them to send a copy of that telegram to the commission, so that we would know officially what that message is. I have not received it as yet.

Commissioner Keenan: I see through their refusal to act that it is no industry. It is government.

Commissioner Brady I would just like to get this across. I am not permitting the CIO or any other organization or any publication or any other member of this commission or anybody else to do any thinking for me. I am going to do my own thinking as long as I am a member of this commission, and I don't care who likes it or who don't like it.

Mayor Murphy: There is a letter from the National War Labor Board, which I don't know whether any of the other members of the commission got a copy of (showing letter). I don't know whether any of the other members of the commission got a copy of this or not, but evidently they did not. I will submit it for the record. It says, "My dear Mayor. It has been called to my attention that the Newark Star Ledger of this morning carried the following paragraph; The Board said Osgood Nichols, its public relations director, 'had no desire to make any suggestions as to how the city should handle the problem. The Board has no intention other than to say that it was leaving the local government to handle it and free to work out its own methods.'

"This is an entirely false and misleading quotation. It is a completely twisted version of my conversation with the reporter for the Ledger.

"The Board's decision speaks for itself. The text of this decision was contained in a letter to Frances Perkins, Secretary of Labor, in which the Board said that its standing committee on new cases after considerable discussion was of the opinion that the case should be settled by the Commissioners of the City of Newark, who are responsible for the administration of that city."

Commissioner Byrne: What is the date of that Mr Mayor?

Mayor Murphy: Here is the letter (showing).

Commissioner Byrne: This is dated March 5.

Mayor Murphy: And it is signed on the bottom.

Commissioner Byrne: I see it was received on March 6.

We still have nothing official.

Mayor Murphy: I have a telegram here that was sent to me from Dr. J. R. Steelman, Director U. S. Conciliation Service, Washington. "Wiring Abram Flaxer Re Dispute between your Union and Municipal Government City of Newark. War Labor Board has considered case and recommended that matter should be settled by Commissioners of Newark on this basis. Referred certification papers back to Secretary of Labor. This Department is assigning a special representative to contact City Commissioners and Union representatives, with view working out settlement in keeping with decision of War Labor Board. Meantime in keeping with National Labor Industry agreement. That there shall be no strikes, and all disputes shall be settled peacefully through conciliation, mediation and arbitration, and in keeping with executive order 9017. I urge that no interruption of work take place pending these further efforts at peaceful settlement. This for your information when special representative assigned will contact you immediately. J. R. Steelman, Director United States Conciliation Service."

I don't know what date that is.

Commissioner Byrne: March 5th.

Commissioner Villani: The same date

Commissioner Byrne: Yes. This is the first I have seen or heard of it. I received no message at all from the government. I don't think they have to send me one, but I did not know that we received any notice, only what I read in the papers.

Mayor Murphy: I was under the impression that you at least had gotten one, otherwise I would be glad to have sent you a copy. The way these telegrams were coming in, I think you could appreciate it. I thought they were coming in to everybody.

Well, we might as well put this in the record too, I guess. — This is a letter from the State of New Jersey, from the New Jersey State Board of Mediation. "Honorable Vincent J. Murphy, Mayor.

"The New Jersey Labor Mediation Act specifically states that 'upon the request of the parties of either party to the dispute, the Board must take such steps as it may deem expedient to effect a settlement of the differences and issues between employer and employees which have precipitated or culminated in or threatened to precipitate or culminate in such labor disputes.'; consequently, it is incumbent upon the Board to intervene in the subject dispute inasmuch as the Board is in receipt of a letter from the Union requesting such intervention. The New Jersey Labor Mediation Act specified certain specific fields in which the Board does not have jurisdiction, but no restriction is placed upon its intervention in the field of government.

The primary objective of the New Jersey State Board of Mediation, during this National Emergency, is to use every possible means

of preventing labor disputes or work stoppages either in defense industries or in any other branch of employment wherein such stoppage might affect civilian and military morale.

"The National War Labor Board which interceded earlier in the current dispute involving certain employees of the City of Newark has, this morning, indicated that it does not have proper jurisdiction and has in effect referred the matter back to the City of Newark and the State of New Jersey. Prior to the intervention into the case by the National War Labor Board, the New Jersey State Board of Mediation had discussed the controversy with representatives of the Union and with representatives of the appropriate department of the City of Newark. The City of Newark indicated then that it did not wish to participate in any form of mediation of the dispute. The action of the National War Labor Board has again brought a request to this Board from the Union that the Board intercede in the settlement of the dispute.

"As Chairman of the New Jersey State Board of Mediation I wish to offer, once more, the services of this Board to both the Union and to the appropriate agency of the City of Newark, in the hopes that, by mediation, the issues of the dispute may be resolved in a common understanding. If the Commissioners of the City of Newark reject mediation between the representatives of the Union, representatives of the City, and a representative of this Board, then I wish to extend to both the Union and to the City an invitation to join with me in the selection of a committee of outstanding citizens of Newark to inquire into the controversy and to make recommendations to the disputants and to the public in gen-

eral If mediation is rejected, I should like to proceed with the appointment of such an impartial committee at the earliest possible moment and will appreciate assistance in the naming of the committee which I now propose.

"With kind personal regards, I remain sincerely yours, William L. Nunn, Chairman of the Board."

That letter came in at the same time.

Here is another letter that I received. I was under the impression that a copy of this was sent to Director Byrne. It is dated March 3rd and was received on the fourth — no, the fifth. This is from the National War Labor Board. It reads:

"The Standing Committee on New Cases of the National War Labor Board, after considerable discussion and after reviewing the report of the Board's Special Examiner, Professor David A. McCabe of Princeton University, today returned the certification in the dispute involving the Municipal Government, City of Newark, and the State, County and Municipal Workers of America, Local No. 277, CIO, to the Secretary of Labor, and declined to take jurisdiction of the matter. In the letter of transmittal to Secretary Perkins, I stated that the Committee 'was of the opinion that the case should be settled by the Commissioners of the City of Newark, who are responsible for the administration of the City.' Yours very truly, George Kirstein, Executive Secretary."

Commissioner Byrne: That is the first I heard of that one.

Commissioner Villani: The same here

Commissioner Keenan: Put up your collars; we are out in the cold (smiling).

Mayor Murphy: It is not out in the cold for me, because I thought they were sending these directly to the directors in charge of each department. Here are some more letters (showing). I think that is all from Washington. If any members want copies of these telegrams, you may have them.

Commissioner Byrne: I would like to get copies for the record.

Commissioner Brady: Mr. Mayor, before we finish with this matter, I think it might be well . . .

Mayor Murphy: (Interrupting) I don't know whether we are finished or not. I just thought we might get it clear. Commissioner Keenan brought out a point; I don't know how you members feel about it.

Commissioner Villani: How do you feel about it?

Mayor Murphy: I don't agree. I don't see any point in the commissioners meeting and holding conferences on this question involved, because no matter what report it would bring in or make, in the final analysis it would be up to Commissioner Byrne to decide whether or not he would do anything about it.

Commissioner Keenan: Surely, that is right. That is the essence of it. We could be talking for six months, and the ultimate outcome may be that while we may agree or we may not agree, it is in Director Byrne's department, and it is his business and not ours. And we are not interfering with anybody's department.

Commissioner Villani: The best we could do is make recommenda-

tion.

Commissioner Keenan: If that is the ultimate outcome two months from now or six weeks from now, why isn't it that ultimate outcome today? There is nothing we could inform Commissioner Byrne about which he does not know. He has been, he says, in conference with these groups six or seven times. What is there that we could tell him that he does not already know? And if the commissioners say "we all disagree with you" still we leave it to him. So where are we?

This does not change your position Commissioner Byrne, the fact that we have these telegrams or letters here?

Commissioner Byrne: No. I would have announced it sooner or amplified it sooner had I known that these telegrams were received.

Commissioner Brady: There are some points I would like to mention Mr. Mayor. I think we are on record here as having given Mr. Byrne a vote of confidence — that is number one. And number two I think is, if a meeting were called, and if the War Labor Board should be communicated with by either the city counsel or the Mayor, or somebody representing him, and informed them of the policies of this commission. — I am wondering whether or not, in view of the fact that the letter was read by the Mayor, whether they are familiar with the policies of the city commissioners whereby each commissioner is held responsible for his own department. Now, they may not understand the policy or procedure, and whether the provision is in the Walsh Act or not. They may not be familiar with whether the Walsh Act provides whether each commissioner should be responsible for his own

department. Then I think that fact should be called to the attention of the War Labor Board. Then perhaps they may arrive at a different decision. I think they should definitely have that, before we discuss it.

Commissioner Byrne: I think it might be well, Mr. Mayor, in answer to Director Brady, that you would ask the corporation counsel, as a result of his sitting in either once or at both conferences with Professor McCabe as to whether he notified Professor McCabe of the legal opinion in this controversy. And I am quite sure that Professor McCabe took that opinion, according to this letter you just read, and relayed that to the War Labor Board.

Do you mind stating to this commission — I think you sat in on both conferences with Professor McCabe (Addressing the corporation counsel.

Mr. Raymond Schroeder: That is correct.

Commissioner Byrne: Would you mind telling them exactly what you told him to take back to the War Labor Board?

Mr. Raymond Schroeder: I told Professor McCabe, Mr. Mayor and Commissioners, among other things that while I understood that Director Byrne was happy and willing to discuss the matter with him as a matter of courtesy, and would go over it in every detail as he did, and discussing not only the question of fifteen cents an hour increase requested or demanded by these men, and giving Professor McCabe a copy of the survey which Director Byrne had, but also discussing with Professor McCabe the so called inequalities and discrimination in the department, and the hours worked

and the amount of salary, and with that in preface with the Professor; and it was all under a very agreeable manner; I told him it was my considered opinion, with due respect to the National War Labor Board, that they had no jurisdiction in this matter. And he very definitely understood that. I discussed the matter with him and with Director Byrne and with members of his staff on Washington's Birthday practically all day, and I believe it was a week ago last Friday when Professor McCabe was here when we again discussed it. I did not sit in with any conference with Mr. Lillier, but I did sit in with Mr. Fitzpatrick of Dr. Steelman's department. I think of the Department of Labor. And the matter was again discussed, not as much in detail as when Professor McCabe was in here. But it was with some detail. But it has been my opinion that the War Labor Board has no jurisdiction in a matter involving governmental employees, and that is my opinion also in respect to the State Mediation. I think that was designed solely and exclusively for industrial strife. The word "industrial" is used in the act, and there is no suggestion anywhere by inclusion or suggestion in the language that the act was designed to embody controversies such as the one that the city is now confronted with involving city employees.

Commissioner Brady: Did you state to Mr. McCabe that the policy of this commission, as indicated by me, was that each commissioner was responsible for his own department?

Mr. Raymond Schroeder: I did not Director, because I don't think its policy was enunciated at that time.

Commissioner Byrne: Pardon me. You explained, if I remember cor-

rectly, you told Professor McCabe that it was your thought of the Walsh Act, it was your understanding of the Walsh Act that it was up to the Director of the department. In fact, may I state, that at one time the meeting, on both occasions Professor McCabe said — "then you mean to say, Mr. Schroeder, that I am only here out of courtesy of Commissioner Byrne?" He said, putting it very bluntly, he said, "Yes."

Mr. Raymond Schroeder: Yes. And he said by the way, for the record, that he was not here as a conciliator or arbitrator, but solely as an investigator, and for personal reasons he would not be here if it were a matter of conciliation or mediation. I did say to him that the Walsh Act provided all jurisdiction be assigned to each head of the department, and that is where in my opinion the ultimate decision of the matter in controversy would have to remain.

Mayor Murphy: In other words, it is your opinion Counsellor that any action by the city commission in reference to any other member or any other commissioner's department in a matter of this kind would be illegal action?

Mr. Raymond Schroeder: If it is a matter of this kind and on these facts, I would say yes.

Commissioner Brady: Don't you think, Mr. Mayor, that we should have on record the statement from the War Labor Board, that they are familiar with the policy and the law. It is possible that McCabe may not have brought that information back.

Mr. Raymond Schroeder: May I say Director, that I specifically asked Mr McCabe if he would prevail on the War Labor Board to

make a determination in this matter, as to whether or not the city of Newark was right in its position, or whether or not the Federal Board, by advice of the Attorney General or the Solicitor General of the United States, had jurisdiction, because I felt it was not a matter that would be confined to Newark alone; but it was applying elsewhere in the country.

Commissioner Brady: The point I want to bring up Mr. Mayor is whether the War Labor Board knew. I don't know whether they know or not. The fact that our corporation counsel told Mr. McCabe just what he stated today may be all right; but whether the War Labor Board has that information or not, I don't know. But I think we should have something on record to indicate they are familiar with the Walsh Act or familiar with the procedure followed by this commission. That may change the entire picture.

Commissioner Byrne: I would like to state that I think, from what I have been able to learn since our meeting regarding Professor McCabe, that he is probably one of the best informed men in the state of New Jersey on Governmental affairs, particularly on the Walsh Act. I think he is head of the department of economics of Princeton University; and he is quite an authority on Labor Law.

Mayor Murphy: We have with us here today Mr. Fitzpatrick who happens to be here today. I think he was in to see me the other day; and I think he has also seen the Union. And he told me he was going up to interview Commissioner Byrne. He is here now.

Do I understand that your mission here is still one of what service you can be to the city of Newark

or to Commissioner Byrne or to anybody?

Mr. James Fitzpatrick: That is a correct statement Mr. Mayor. When I was assigned this case, I was instructed to get in touch with you and the Union and Commissioner Byrne in an effort to see if I could do anything to bring about a settlement. Following out the instructions, I had a conference with you, and I had a conference with Mr. Flaxer, the International President of the Union; with Mr. Prince; and the President of the local organization; and also with Commissioner Byrne.

It was evident from the various interviews that I had, that the situation as it has developed was not one for conciliation. As a matter of fact I did not discuss the matter of conciliation with Mr. Byrne or with yourself or with the Union. It was simply a question of whether, and this comes from my own angle of observation, whether it was possible to settle this question by arbitration.

I consulted, as I say, with members of the State, County and Municipal Workers, and with yourself and with Mr. Byrne. The Union's position that it was willing to go along with an arbitration. The position of the Mayor, if I may say so, subject to correction naturally, was that you had no objection to the issue being arbitrated by a third party.

The attitude of Commissioner Byrne, to me, was precisely as he has expressed it this afternoon; that under the law he felt he could not delegate his authority to fix this matter of wages, which is apparently the crux of the situation, to any third party. He was very courteous, as everybody has been in my association in this case, but

quite definite in his stand, which from my observation of this afternoon, has not changed at all.

I am still at the disposition of any party in the case, if I could be of any assistance, if my tonsils will permit me, to sit with you to bring about a settlement.

I understand your position. And I think you understand mine. I think I ought to make clear, for the record, the position of the Conciliation Service. All of you men know that I have no authority, either directly or indirectly, to instruct the commissioners of the City of Newark, or any other body, lay or organized, as to what it should not do. And I make suggestions which may be accepted or rejected, without the slightest resentment on my part.

I am still at the service of the commission or anybody whose desire is to ultimately decide to solve this matter.

I think I also should make clear that the so called merits of the case, real or alleged, were not gone in with Mr. Byrne; although he was perfectly willing to do it. And I thought, that the way the case was going, I thought it was not a matter of conciliation at the moment.

I am still at the service of you, Mr. Mayor, and the gentlemen of the commission.

Thank you.

Mayor Murphy: Of course it is up to the commission what they want. I don't know whether Commissioner Keenan at the conference had so stated, Commissioner Keenan and Commissioner Byrne, but if I understand it right, they stated they would not be a party to it. Is that right?

Commissioner Keenan: I did not say that.

Mayor Murphy: Maybe I misunderstood it.

Commissioner Byrne: As far as I am concerned, I have given my answer, and I stated it repeatedly. If there is any doubt I will go over it again.

Mayor Murphy: No; I wanted to get to what happened at this meeting. Commissioner Brady was not there.

Commissioner Byrne: I have not changed my position from the last day I spoke with Mr. Prince.

Mayor Murphy: I am talking now if a meeting is called.

Commissioner Byrne: I say there is no need in my opinion for mediation or arbitration, and as such I cannot delegate anyone. And in view of the fact that I have taken this action as a member of this commission, I still stand on it. There is no need on my meeting any further with anybody, in my opinion. On this case I am standing on my rights as a duly elected officer, and in whom this department has been assigned by the commission.

Mayor Murphy: Of course I think that is plain enough. That was the interpretation of what I tried to bring out. I probably did not bring it out in the words you did. But you say that if there is a meeting called by the Mayor, you would not attend?

Commissioner Byrne: Yes.

Commissioner Keenan: It would not avail us anything. That is the point I am trying to bring out. He takes an adamant stand; so what use would it avail us as a com-

mission?

Mayor Murphy: It would avail us in going into the complaints that were filed, that were made by the Union, as to whether or not there is any justification for the many complaints that they have filed. Then the commission could file its report, each member of the commission, with Commissioner Byrne. Now what the Commissioner wants to do from that point on, that is another question.

Commissioner Keenan: I think that employees' inequalities is a matter for the Civil Service Commission. They could complain there. I cannot see any use for a further discussion. Let us assume in the conference that everybody will say that Byrne is wrong. What will that mean?

Mayor Murphy: We certainly can clarify the picture on the many complaints they have, as members of this commission. And as I have stated, I think we all ought to be interested in one another's department. We are not only here just to be interested in our own department. I am sure that if there were tax matters or foreclosure matters or other matters, that if any commissioner is interested in that and wants to know what it is all about, . . . I think in a matter of this kind, which is rather disturbing, at least it is to me, I think the member of the commission ought to go into the matter and convince themselves once and for all that the complaints that are made by this Union are either justified or not justified.

Commissioner Byrne: I think the place for that is the Civil Service Commission. If I have done anything illegal or anything wrong, the Civil Service in my opinion and as I have been advised, legally, are

the regularly constituted body to determine that.

Commissioner Keenan: I think we will be opening a very wide door. Suppose I, in Public Safety, decide to transfer a cop or a fireman, and he does not like it. Could he come before the city commission and have my act nullified? It is the same thing. Would the city commission have the right to nullify that particular act of any member of the department, if some disgruntled employee thought something and came before the commission, and it overruled his superior?

Commissioner Byrne: I think, as long as the payroll for all of the departments of this city has to be approved each week by the Civil Service Commission, and they sit right here in this city hall, that that is where these complaints should be taken. Now, recently there was a complaint taken of six employees that were examined by Dr. Mullin, who ruled that they were not well enough to work. The Civil Service thought they were. And I went back to the Civil Service; and they are reconsidering the case.

Now, if I am wrong, the Civil Service is going to insist that I put those men back, and I must put them back. I think that Director Villani, who is a lawyer, will state publicly that if the Civil Service is right, they will uphold the payroll. Is that right?

Commissioner Villani: No question about that. That is the law.

Commissioner Byrne: Now, there is the body to go to. They are appointed by the Governor of this state, and approved by the Senate of this state. And one of the commissioners, a Newarker, is sitting right here in the City Hall to receive those complaints.

We all get letters from the Civil Service to reinstate, reclassify. And I have submitted every one of the changes to the Civil Service Commission, before I moved. And I have not made one move without previous notification to the Civil Service Commission.

Commissioner Keenan: I move that the matter be left in the hands of Director Byrne, as director of the Department of Public Works.

Mayor Murphy: I still think it is a matter for the city commission to go into. This thing has been so widespread and so much publicity has come out of it and everything else, and it is so disturbing, that I think myself, and I certainly know, that if I were a commissioner and I felt the way Commissioner Byrne felt about it, I certainly would not have any objection and would certainly welcome it to certainly reinforce my position that I was taking in the whole matter, by the balance of the commission.

Now, on the other hand, if the members of the commission felt as though there were certain transfers or reduction that were made that were not fair, and they expressed themselves that way, and on the other hand they also felt that after going into the wage question that these men were asking for an increase, they felt, in view of the living cost, and taking everything else into consideration, if they felt there should be an increase or if they felt there should not be an increase, that would be part of their report to file with the members of the commission, or with the director of the department. And what action would be taken from that point on, that would be, in my opinion, up to the director in charge of the department. And if he took no action, then it would be up to the city commission to do what they want to do on the

report

Commissioner Byrne: I am perfectly willing; Mr. Mayor and members of this commission, to have investigated any action I have taken at any time in my department, my attitude with any employee on wages, lay-offs, or whatever it might be. I still say, the Civil Service Commission is the place to bring it. And I know if I were doing anything wrong I would soon be notified. There is nothing in my department that I am not willing to open up to anyone who is properly authorized to investigate anything I have done. And I might say, so that everyone would know, that the CIO has not been refused the opportunity at any time of going over the public payrolls of the city of Newark, particularly in my department. They have had someone down there going over every one of these cases, and nothing has been refused them. They probably know the payrolls of this department better than anyone else, or as well as anyone else. My only point is I think I am absolutely right in what I am doing, and I have been so advised. And I do not see why, because any one group comes before this commission and makes certain statements, that this commission has to take time out and stop and go into the individual action of that commissioner, the director of that department, as long as those actions are legal. I see nothing wrong with it. I am not afraid of anything in my department. And I reaffirm any move I have made, I have done it with the complete approval of the Civil Service Commissioner; and if I have done anything wrong I think I should be impeached and removed from this department. And I stand so ready now; and challenge anyone in this city to remove me if I have done anything wrong. I am willing to take the consequences of

any act that I have done; and I assure you that I will not make any move without legal advice. And I am very careful to be guided by the Law Department before I make any of these moves.

Now, if I am to be the particular commissioner to be singled out, go ahead. I won't stop you. You could have any record in my department. It is an open book. And when you get through, you will find there is nothing wrong, and you could come right back in my department, and then it will be in my hands again. If the law is correct, I will have to decide all over again, as Mr. Villani has reiterated not only today, but this morning and in previous meetings here.

Mayor Murphy: Do I understand then Commissioner Villani and Brady, in other words, to try to get the matter down to a final decision, do I understand that the position of both of you is that you would be satisfied to sit in at a conference, for the purpose of going in and reviewing, if you want to put it that way, the claims and disputes which now exist between the local Union and Commissioner Byrne? And no matter what your findings may be, even if you found in your opinion that these men were justified in some of the claims they make, and they were justified in asking for an increase, whether it was for a penny or whether it was a dime, still in all you would refuse to do anything about it, outside of just to make that statement that you think they were entitled to that raise, is that right?

Commissioner Villani: No. You are right insofar as sitting in with you and making recommendation; but I say, as a lawyer, it is up to Director Byrne to be the final judge of it.

Mayor Murphy: Then that is the answer to what I just asked?

In other words no matter what the recommendation is, you will do nothing about it outside of saying to Commissioner Byrne, "here is what I believe should be done"?

Commissioner Villani: I say there is nothing else we can do about it.

Mayor Murphy: Then what could be gained in your opinion in attending a conference called by the Mayor?

Commissioner Villani: Nothing could be gained, except perhaps we could make Director Byrne, after our recommendation, reconsider it.

Commissioner Keenan: He said, "no".

Commissioner Byrne: I say no, right now.

Commissioner Brady: I think it is a waste of time, Mr. Mayor if Director Byrne has indicated that he is not going to pay any attention to our recommendation. I see no merit in wasting our time.

Mayor Murphy: That is why I am trying to clear it up.

Commissioner Villani: Mr. Mayor, what would you do?

Mayor Murphy: I would be satisfied to try to carry out the recommendation of the commission.

Commissioner Villani: In what way?

Mayor Murphy: In seeing that it was put into effect. The Law Department said it cannot be done.

Commissioner Villani: And if the Law Department says it cannot be

done, what would you do to try to carry it out?

Mayor Murphy: I would try to take action by the commission.

Commissioner Villani: The Law Department says it is illegal.

Mayor Murphy: I don't believe it is illegal.

Commissioner Villani: What would you do?

Mayor Murphy: I don't know what I would do. You are a lawyer; I am not.

Commissioner Villani: I say to you, under the law, you cannot do a thing about it.

Mayor Murphy: I would do everything that could be done in order to justify my position.

Commissioner Villani: Would you go to court to test it?

Mayor Murphy: If I was legally advised I am within my rights, I would.

Commissioner Villani: Then we would go to court to test it, and I will go in with you on it.

Mayor Murphy: I went into court before on the corporation counsel's ruling.

Commissioner Villani: All right, let us go to court. I will be with you.

Commissioner Keenan: There is a motion on the floor. I am for taking it to court too.

Commissioner Villani: All right, let us have the hearing, and we will recommend it to . . .

Commissioner Byrne (Interrupt-

ing) There is a motion before the house first.

Mayor Murphy: There is a motion before the commission first. It has been made and seconded. What is the motion?

Commissioner Keenan: Motion has been made and seconded that it be left in the hands of Director Byrne, in whose department the controversy rests or exists.

Mayor Murphy: Then there is no use in calling a special meeting. There is no use the Mayor calling a special meeting to go into this matter if that motion is carried. The motion is before you, and it has been regularly seconded. The Clerk will call the roll.

(The Acting City Clerk calls the roll).

Commissioner Brady: Well, I seconded the motion. "aye".

Commissioner Byrne: "Aye".

Commissioner Keenan: "Aye".

Commissioner Villani: "Not voting".

Mayor Murphy: "No".

The Clerk read the following resolutions:

The roll being called, the resolu-  
tion was declared adopted by the  
following votes:

Yeas: Commissioners Brady,  
Byrne, Keenan, Villani, Mayor  
Murphy.

**WHEREAS**, The Board of Com-  
missioners has heretofore adopted  
the ordinance hereinafter described,  
and the Board of Commissioners  
desires to make further provision  
for the issuance of Bond Anticipa-  
tion Notes pursuant to said ordi-  
nance; **NOW, THEREFORE**,

**BE IT RESOLVED** By the Board  
of Commissioners of The City of  
Newark that there shall be issued,  
at this time, pursuant to the ordi-  
nance entitled "An ordinance to  
authorize the borrowing of \$210,000  
by the issuance of bonds and bond  
anticipation notes pursuant to the  
Local Bond Law to finance street

improvements," adopted by the  
Board of Commissioners on the 11th  
day of February, 1942, Bond Anti-  
cipation Notes of said City for the  
aggregate principal amount of  
\$210,000, and that each of said  
notes shall be dated on or about  
the date of its issuance, and shall  
be payable not more than six  
months after its date and shall  
bear interest at a rate which shall  
not exceed six per centum (6%)  
per annum.

**FURTHER RESOLVED**, That  
each of said notes shall be signed  
by the Director of the Department  
of Revenue and Finance and shall  
be countersigned by the Mayor and  
Acting City Auditor and shall be  
under the seal of said City and  
attested by the City Clerk, and said  
officers are authorized to execute  
said notes and to issue notes in  
such form as they may adopt in  
conformity with law and to recite  
therein that all requirements and  
conditions of law have been com-  
plied with in the issuance of said  
notes, and that said notes are with-  
in every debt and other limit pre-  
scribed by the Constitution and  
Statutes of New Jersey.

**FURTHER RESOLVED**, That the  
power to determine any matter with  
respect to said notes not determined  
by this resolution, and also the  
power to sell said notes, is hereby  
delegated to the Director of the  
Department of Revenue and Fi-  
nance, who is hereby authorized to  
sell said notes either at one time  
or from time to time in the manner  
provided by law.

**FURTHER RESOLVED**, That  
said Director be and he hereby is  
directed to report to the Board of  
Commissioners the amount, descrip-  
tion, interest rate and maturities of  
any of said notes sold pursuant to  
this resolution, at the meeting of

said Board of Commissioners next succeeding the sale of such notes so sold.

Acting City Clerk We have a copy, Mr. Mayor, of the audits by the State of the year 1939.

Mayor Murphy: I would like to state, for the benefit of the members of the Commission, that the audit, which the State Auditors have reported here a week ago at the meeting, has now been submitted for the year 1939. The bundle has just been received at the office late this afternoon. I will mail to each member of the commission a copy of it. They just came in late; and tomorrow I will have them sent around. Is that all right?

Commissioner Byrne: Yes.

Mayor Murphy: A motion has been made that the report be received and filed.

Commissioner Byrne: I so move.

Commissioner Villani: I second it.

Mayor Murphy: Motion has been made and seconded that the reports, filed by the auditors for the year 1939 be twice advertised and made part of the city records All

those in favor of the motion signify by saying "aye." The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Villani: I move we adjourn.

Commissioner Byrne: I second the motion.

Mayor Murphy: Motion has been made that we adjourn. The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

The Board of Commissioners  
of the City of Newark, N. J.

MARTIN G. BROSS  
Acting City Clerk

Newark, N. J., March 25, 1942

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chambers, City Hall, Newark, at 2:00 p.m., Eastern War Time.

Mayor Murphy: The meeting will come to order. The Clerk will call the roll.

Present: Commissioners Brady, Keenan, Mayor Murphy.

Absent: Commissioners Byrne, Villani.

Mayor Murphy: The Clerk will read the minutes of the previous meeting.

Commissioner Brady: I move that the reading of the minutes be dispensed with.

Commissioner Keenan: I second it.

Mayor Murphy: Motion has been made that the reading of the minutes be dispensed with.

The Clerk will call the roll.

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

Commissioner Brady: I would like to bring a matter up. Recently Mr. Mayor, an article appeared in one of the local newspapers concerning passes given out to people who visit Port Newark. I am very much interested in that article; and I sent a letter to you — a communication rather — concerning the inferences and the statement in the public press. I would like to read it for the record.

Mayor Murphy: I would like to ask you commissioner, as long as

you said to me, did you send it to all the members of the commission?

Commissioner Brady: I sent it to all the members of the commission. I sent you the letter, and copies to each commissioner.

Mayor Murphy: I know I got my copy.

Commissioner Brady: And in the article it appeared that a clerk in the record bureau of the Department of Public Safety in the Police Division drew an inference that commissioners of the City of Newark are promiscuously issuing passes for people to visit Port Newark.

I would like to read from the newspaper the following statement: "Aside from this type of conversation Moore said recently another frequent source of reference is the recommendation of a city commissioner.

"Asked whether there is any check on persons sent by commissioners for passes, Moore said, 'You would not refuse a commissioner's friend, would you?'"

The same article indicates that there are from eight to ten thousand passes given out for Port Newark, I want to state publicly, and for the record, that I did not give any passes to anybody, and nobody in my department was instructed or directed to issue any passes to anybody going to Port Newark. So, so far as that inference in the press is concerned, it does not apply to me.

Mayor Murphy: Well, I got your letter commissioner as one member of the commission, and I answered it, and I told you in my letter that it was necessary due to the building construction program that is going on in that area, for a number of

representatives of labor, in order to make sure that there was peace and harmony, and that there be no interference with our defense program, which of course I am interested in, in this area, so that to make sure that labor and business and those who are the heads of the workers are cooperating together, to see that there is no friction involved. And I therefore had OK'd a number of the business representatives of the building trades.

I think I conveyed that information to you in my letter.

Commissioner Brady: That is correct Mr. Mayor, it is in your letter.

Mayor Murphy: I feel that in the department they wanted to make sure that these people who got passes were OK'd. I never thought of it until yesterday when in the survey made by Major Cullen, in going around the city, I found out that being the head of the defense council to some degree in the city of Newark, that it would be necessary for me, or I would be out of luck myself, in getting anywhere around the city; so yesterday I was finger-printed and had my picture taken (displaying a pass), and so I am OK myself.

I don't know how many business agents there were; I have no idea; but I think about thirty, or somewhere around there.

Commissioner Brady: That of course, Mr. Mayor, does not show where those ten thousand passes, if that many were issued, went to. Of course I am only taking this statement made in the public press; and I think I should know something about it, particularly if the city commission is charged with the responsibility of issuing passes. I don't know whether we have any

right to do it or not, but for ten thousand passes issued, or eight thousand, whatever the number was, I would like to know something about it; and if they were issued promiscuously, I think something should be done about it.

Commissioner Keenan: Mr. Mayor, members of the city commission and citizens, I think, that for the record, as it has been mentioned, an explanation from me is somewhat in order, because it is in my department and under my jurisdiction.

Working in cooperation with and at the request of the Army Officials, this activity has taken place, wherein all citizens, regardless of who they may be or what the reason may be, seeking admission into the Port Newark area, have been fingerprinted and their records looked into. Major Bell, who was located in Newark at the time the conference was held, with myself, Director Byrne, and Allan of the W.P.A., and Captain Hilbert of the Military Police who was also detailed in this particular sector, met, regarding the protection of that vital section of our country.

Now, being the Director of Public Safety, that is in my jurisdiction, and that is my complete responsibility. I said I was acting upon the request of the War Department officials, who were in Newark at that time. And Captain Hilbert is still here, and Major Bell has been transferred to some other sector or quarter of the country with regard to his Army duties.

Now, it isn't the department of Public Safety that set those regulations. It was the Army that set them. And the request was made by both Major Bell and Captain Hilbert that we, as far as we were

able, cooperate with them. I have very graciously offered the services of some six or seven employees of the Department of Public Safety; some members of the fingerprint bureau and some police officers who had experience in taking those fingerprints and in looking up the records.

Now, we all agree that Port Newark is a vital section in as far as it was referred to from time to time as the Pearl Harbor of this particular section of the country. Jersey is a vital state, and Newark is the most important point in this vital state.

This came to my attention one Sunday afternoon at two o'clock, at two o'clock in the afternoon, of some holiday, that people were promiscuously let into that area. I thought that some fence should be erected there, which has been erected at the request of the Army officials, and nobody permitted in the area except those who have reason to enter there. That system was entered into by the Army officials; and they requested our cooperation.

Now, I don't think that there has been an affront to any member of the city commission. And I do think that if any member of the city commission thought it was an affront to him, he should have communicated with me and not to you, with all due respects to the fact that you are mayor. I am the Director of Public Safety, and it is in my charge. I am not affronted for issuing those passes.

That particular paper which he referred to tried to pull one of the meanest and one of the most contemptible tricks against the Police Department, in its effort to cooperate with the Army's request to safeguard, to use the words, "the public promiscuously permitted to go there." They attempted trying

the trick that was done in Philadelphia where the employees of another newspaper dressed in the uniform of the Nazis, promiscuously went to where the ships were built; and instead of the officers locking them up, they were permitted to go on. And the newspapers had those two representatives, dressed in Nazi uniforms, enter several residences; and they ridiculed the fact that even the Police Department was not on its toes, nor were any of the other supposed members of the American citizens of the city of Philadelphia, who should have had them reported as aliens, if you will.

Now, one of our papers, the Newark Star Ledger, attempted on a certain Friday afternoon to send in a fake letter over the signature spelled S. A. H-o-t-a-g-e. Now, you take the periods out, and it spells the name of "sabotage." And it had the fake address of 80 Bank Street. Certainly it was a reporter over here that they imported from Staten Island, because he was not known in the city of Newark. And they sent him to Police Headquarters with a fake letter-head, requesting the Police authority to grant him a permit to enter the Port Newark area.

With this system, and I stand behind it, with this system I will inaugurate it in our police department, at the request of the Army, we just prevented what they have tried to attempt; and any other alien citizen could have gotten in there. Any other alien might have gotten in there and perhaps done some damage, if this system was not adhered to.

I am not doing it as Director of Public Safety. We are not doing it as police of the city of Newark, but we are doing it at the request of the Army officials.

This newspaper man was appre-

hended here at headquarters, and he was placed under arrest and held until the next morning. And they ran to cover. Then they tried to come out with this sabotage story, with the result that they only sent him out to see whether or not it would be easy to gain entrance into this section of the city.

Instead of giving us credit in apprehending that thing, our department and me in a sense were taken over the coals by that same Star Ledger; and I say to you as mayor, and I say to Jack Brady as my colleague of the commission and I say to any other citizen that this system is in force; and while inference is made there to some eight or ten thousand permits, there was not that many cards to issue permits on. And proof of that fact is, that it is a good system, that I have none myself. If I wanted to get into the Port Newark area I would have to be fingerprinted and I will have to get the same cards I referred to, to admit me. I think it is a good system. The Army thinks it is a good system, the F.B.I. think it is a good system. And I don't like to think that Jack Brady would bring that up here as a brother member of the commission and think that it was an affront to him.

It does not say what Moore said. Maybe Moore did say, "Well, you would not refuse a friend of the commissioner." That does not say he was so justified in so saying those words, if he did; but it is only a matter of inference in that particular paper. And I stand behind what we are trying to do, not only at the request of the Army but in the interest of our country, and to keep anybody out of the Port area who has no business there.

Proof of the fact is that you your-

self Mr Mayor had to pass whatever rules and regulation there were to go there, and you too carry with you an identification card. And were you this afternoon to make an attempt to get into the Port Newark section, you would be apprehended at the gate until you showed that card.

I don't think that Jack Brady had any right to bring this up here before this commission. There was no affront to him, and there was an affront to me, in a sense in many respects, because I am the Director of the Department of Public Safety, in whose department this is being carried out. But he did not write to me, and I did not pick it up and try to make anything out of it.

The regulation is good. The regulation is backed up by the Army officials there, and we are doing it not for the benefit of me as Director of Public Safety, not for the benefit of the Police Department. I wish I could get my men away from there; but we are doing it at the request of the Army, and for the benefit of the country. At the request of the Army officials who were here at the time.

Mayor Murphy: I only want to say in reference to myself commissioner, that I tried to follow Commissioner Brady pretty closely. Maybe I went afield on what he had to say, but I did not hear any criticism mentioned about the system. In fact I think we are all in agreement that there should be as much precaution set up in protection that area as possible, and to issue only permits which are absolutely necessary.

Commissioner Keenan: By the Army, and not by us. We are doing it for them

Mayor Murphy: I am only saying, whoever had charge of it, I say, as I stated before once, because these men could not get in by the Army, and they were told to have the identification card issued by the police department. And they then came in to see me. And your office said to me, "If you will vouch that these men were the actual representatives." Because naturally so, your representative would not know whether these men were John Jones or Jim Smith or who they were.

Commissioner Keenan: If they are finger-printed, we will soon find out.

Mayor Murphy: I know. And I said that I was perfectly satisfied to identify these men as being the representatives of the different unions who are asking to be allowed to go in. So of course, whether the cards are or are not recognized by the army after that, that was not up to me.

Commissioner Keenan: That is right.

Mayor Murphy: And personally I don't care if I never had a card. It was only because of the fact that Major Cullen said "In the position you are in you ought to have an identification card, because it is necessary for you to go into that area." And I said, "All right, I am going to the police office, or rather to police headquarters today to inspect the set-up there" which I must compliment you on, and which I think is a very fine system — and of course I was fingerprinted and photographed; but not numbered (smiling).

Commissioner Brady: Mr. Mayor, I am going to take the position of Priscilla, and speak for myself. I certainly am not affronted, and never indicated that I was affronted

at all in any statement or any remark I made; but somebody is wrong. Either the paper that published the inference is wrong, or the man who made it is wrong.

I am not concerned about who handles it. Incidentally I was also under the impression that the Port of Newark was in Director Byrne's department. And furthermore, if Director Keenan did not get the letter I sent him, I am not responsible for who runs his department.

Commissioner Keenan: That is all right but you sent me a copy of the letter you sent to the mayor. You should have mailed it to me.

Commissioner Brady: I so recognized the mayor as the head of this government. And I still insist upon using my constitutional privileges.

Commissioner Keenan: Not in an unconstitutional way.

Commissioner Brady: That is perhaps a matter that should be determined by somebody who is far better qualified than you to arrive at a legal determination. But however, I did want to know about the ten thousand passes. I am still a member of the commission, and I do want to know why a clerk in the police department refers to a commissioner without mentioning his name. If he means means Commissioner Brady, let him say so. If he means Mayor Murphy, let him say so. If he means Commissioner Keenan, let him say so. If he did not, let the paper reflect it. I am sick and tired of inferences by the press or by individuals. Let them put up or shut up. If they did not do it, then it had no right to be there. If the fellow did not say it, they had no right to quote him. That is all I wanted to do here. I am not affronted at all. I have

enough problems of my own to be concerned about without worrying about anybody else's department; but I am going to take exception at any time that a commissioner's name is mentioned, or rather the commissioner's title is mentioned, without mentioning the name, because if they mean me, I want the public to know they mean me. If any of the commissioners hasn't got the "guts" enough to say it was them who are issuing the passes, the public should know.

Mayor Murphy: You are not talking about the system at all?

Commissioner Brady: I am not talking about the system. I am not concerned about the system. I am concerned about this public article that may have been read by three hundred thousand people.

Commissioner Keenan: You would have another "sweet" article if that guy got through. We "nipped" him in the "bud." And the Star Ledger was sore.

Commissioner Brady: I am concerned about my reputation as a member of this commission.

Commissioner Keenan: Your reputation is not assailed, and you Mayor Murphy said I was the one who . . .

Commissioner Brady: (Interrupting) I am not concerned about who you issued passes to. All I want to know is who does he mean, me?

Commissioner Keenan: If you did not ask the superior you might have learned; but you wrote to the mayor.

Commissioner Brady: Certainly I wrote to the mayor, because he is the president of the Board, and that is the man to whom I am

going to refer all my business, and if he wants to refer it to you, that is certainly all right. Certainly if I wanted to get in touch with some organization and I wanted some official information concerning it, I would not write to a candidate who was being proposed for membership; I would write to the president and secretary.

Commissioner Keenan: And for the record too?

Commissioner Brady: I want you to know Commissioner Keenan there is no affront from me, and I don't want apologies of any kind at all.

Commissioner Keenan: There is none coming from me.

Commissioner Brady: And I don't want any, because I think I am able to handle myself very well, and I think, without any assistance from anybody, during my entire career. And I don't want your help, I don't want anybody else's help; but I will at any time, if there is any inference made about this commission, without any names mentioned, I want the same source to get my side as the side that they would, without mentioning any names. And I don't want the people of Newark to think that I am sending ten thousand passes out if I am not sending any.

Mr. Samuel Paskow: Mayor, Commissioner Villani did not issue any passes, and he so informed Director Brady.

Commissioner Keenan: And I issued none.

Mayor Murphy: All I did was to OK, at the request of the department, those that I know were the official representatives of the Unions and that was about twenty-five or

maybe thirty. I don't know the number; but it was somewhere in that neighborhood. So it looks as though I am the only one.

Commissioner Keenan: You are the guilty one (smiling).

Commissioner Brady: I think, for the record too, Mr. Mayor . . .

Mayor Murphy: (Interrupting) I hope they don't increase the figure for Mayor Murphy from twenty-five or thirty to eight thousand.

Commissioner Brady: I think, for the record, I think you better put down that I am an honorary chairman of the defense council. Maybe that was the reason I asked those questions.

Commissioner Keenan: For the record too, I want to say that great stress is laid now on the importance of newspaper articles; and from time to time — you particularly — great stress is laid on our conference. You went on record too in the record, as saying that you pay no attention to erroneous reports in the newspapers. So let's none of us pay any attention to it.

Commissioner Brady: Neither do I pay any attention to it unless it comes out and reflects on something or spells out something that may reflect on me.

Commissioner Keenan: Well, the guilty commissioner has spoken — the mayor (smiling).

Commissioner Brady: That is not ten thousand passes.

Commissioner Keenan: Then ask the Ledger where the cards were, and count them. I am not afraid of the Ledger. They were fighting me for the last two years.

Mayor Murphy: All right, we will now proceed.

Commissioner Brady: I still would like to know Mr. Mayor, something about those passes. I don't know yet about them. I would like to know who is issuing ten thousand passes. And I don't know to who they were issued.

Commissioner Keenan: Then I move that it be referred to the Ledger. They seem to know.

Commissioner Brady: All right, Mr. Mayor, if I cannot get any satisfaction that way, I ask that you appoint a committee of the commissioners here and have them make an investigation and find out if there were ten thousand passes issued or not, in a section of the city that was supposed to be used for the defense of the citizens.

Commissioner Keenan: If you follow up the newspapers, that was all explained to you.

Commissioner Brady: I want it explained to my satisfaction.

Commissioner Keenan: I am not affronted commissioners. Get your committee and look it up.

Mayor Murphy: Commissioner Keenan said there was no ten thousand issued. And I would not be able to know without checking up. It is the same as if people would ask me how many people came in to pay their taxes today.

Commissioner Keenan: I won't make any attempt to. It is too silly. The Ledger says ten thousand. So what?

Mayor Murphy: Is it your opinion then that the record there of the issuing of these passes is the same as the records of the city of Newark

in reference to taxes and payrolls? That they could be gone into by anybody?

Commissioner Keenan: Yes, I think so. Hilbert has no records. I don't know who has. Our men are down there. They are detailed to the Military Police. And when Major Bell was there, and Captain Hilbert — Hilbert is still in the city of Newark.

Mayor Murphy: In order to answer Commissioner Brady's question, how can we find out commissioner, for the purpose of clarifying this false statement?

Commissioner Keenan: First, the account in the paper said there were five thousand; and there are pretty near that many employees down there. That was in all of the papers. The Ledger got caught there. That was the only thing. The guy stayed in the "can" about eighteen hours. I don't worry what the Ledger says.

Mayor Murphy: Of course a lot of them have to be issued to employees. I do know that is necessary. Many of the chauffeurs, the men who drive tucks in and out, they have to have passes; and they have got to have their picture and they have got to have their fingerprints taken. They have to show passes at the gate. And the Federal authorities check up, and if they think the pass should be picked up, they pick up the pass.

Commissioner Brady: I am not finding fault with the system, Mr. Mayor. I find fault with the inference. I am concerned about this inference, that is all. Either it is wrong or it is right. If Commissioner Keenan does not want to take up the cudgel as a member of the commission and insist upon the paper retracting that state-

ment, I will take it up

Commissioner Keenan: If there is an accusation, I will fight it.

Commissioner Brady: Here it is.

Commissioner Keenan: It is an inference you say; so that is not an accusation.

Commissioner Brady: There is an accusation.

Commissioner Keenan: No, it is not.

Commissioner Brady: It is either right or wrong. And Moore is going around telling people he is not turning down Commissioners friends. He is not turning down any of any friends.

Mayor Murphy: Hasn't the atmosphere been clarified by the statements here? Commissioner Villani said he did not send any, and you said there was none by you, and I vouched for about twenty-five or thirty to represent labor.

Commissioner Keenan: And none by me. I have not one myself even.

Commissioner Brady: And Commissioner Byrne said, "The only passes issued from this office were for employees at the Port area, the total perhaps being not more than a dozen or so." So there will be about 52 passes issued. So that the Ledger, that is, the paper then, is about 9,000 and some odd out of the way.

Mr. Theodore Miller: Mr. Mayor, may I say that there are about three thousand five hundred people employed there?

Mayor Murphy: I know that.

Commissioner Keenan: Why dig-

nify those kind of things by an explanation? I was born and raised in this town. We all know there are thousands of employees down there.

Mayor Murphy: As I see it, no members of the commission asked for any passes to be issued for any friends. Mine was not for any friends. Mine was for men who were representing workers; and the War Department had informed them that it was necessary for them to have passes.

Commissioner Keenan: There is a lot of excitement over what the Ledger said. I don't get excited over it.

Commissioner Brady: Maybe they are working under one of those constitution amendments, I don't know (smiling).

Commissioner Keenan: The guy got clipped and he got about eighteen hours in the "can." That is why they are excited about it.

Mayor Murphy: We will proceed now with the regular business.

Commissioner Keenan introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance at length:

An Ordinance to authorize the borrowing of \$200,000 by the Issuance of Bonds and Bond Anticipation Notes pursuant to the Local Bond Law to finance improvements to the water supply system of the City of Newark.

The Board of Commissioners of the City of Newark do ordain as follows:

Section 1. It is hereby determined and stated that the Board of Commissioners of The City of Newark proposes to enlarge and improve the water supply system, established and operated by said City, by the construction or reconstruction of additional water mains together with appurtenances necessary or suitable for their operation, an improvement hereinafter described as "purpose"; that said purpose is not a current expense of said City; and that it is necessary to finance said purpose by the issuance of serial bonds and notes of said City, pursuant to the Local Bond Law of New Jersey, as hereinafter provided; and that said water supply system would have been self-liquidating, as defined in Section 40:1-79 of said Local Bond Law, during the fiscal year beginning January 1, 1941, had there been included in the interest and debt redemption charges for such year an amount equal to interest for one year at the rate of four and one-half per centum ( $4\frac{1}{2}\%$ ) per annum, on said bonds or notes, and the amount of the first installment of serial bonds legally issuable to finance such purpose.

Section 2. It is hereby stated, pursuant to said Local Bond Law, that (a) the estimated maximum amount of money necessary to be raised from all sources for said purpose is Two Hundred Thousand (\$200,000) Dollars; (b) the maximum amount which is to be charged as a part of the cost of said purpose and which is necessary to finance interest on obligations issued to finance such purpose or to finance engineering or inspection costs and legal expenses, or to finance the cost of the issuance of said obligations, as provided in Section 40:1-55 of said Law, is Twenty Thousand (\$20,000) Dollars; and (c) the estimated maxi-

mum amount of bonds or notes necessary to be issued for said purpose is Two Hundred Thousand (\$200,000) Dollars.

Section 3. To finance said purpose, bonds of said City of an aggregate principal amount not exceeding Two Hundred Thousand (\$200,000) Dollars to be designated "Water Bonds," are hereby authorized to be issued pursuant to said Local Bond Law. Said Bonds shall bear interest at a rate which shall not exceed six per centum (6%) per annum. All matters with respect to said bonds not determined by this ordinance shall be determined by resolutions to be hereafter adopted.

Section 4. To finance said purpose, Bond Anticipation Notes of said City of an aggregate principal amount not exceeding Two Hundred Thousand (\$200,000) Dollars are hereby authorized to be issued, in anticipation of the issuance of said bonds, pursuant to said Local Bond Law. Said notes shall bear interest at a rate which shall not exceed six per centum (6%) per annum, and may be renewed from time to time pursuant to and within the limitations prescribed by law. All matters with respect to said notes not determined by this ordinance shall be determined by resolutions to be hereafter adopted. In the event this ordinance shall be determined by resolutions to be hereafter adopted. In the event that bonds are issued pursuant to this ordinance, the aggregate amount of notes hereby authorized to be issued shall be reduced by an amount equal to the principal amount of the bonds so issued. If the aggregate amount of bonds and notes issued pursuant to this ordinance shall at any time exceed the sum first mentioned in this section, the moneys raised by the issuance of said bonds, shall, to not less than

the amount of such excess, be applied to the payment of such notes then outstanding.

Section 5. It is hereby determined and declared that the period of usefulness of said purpose is a period of forty (40) years, computed from the date of said bonds.

Section 6. No part of the cost of financing said purpose has been or is to be specially assessed against property specially benefited thereby.

Section 7. It is hereby determined and declared that the Supplemental Debt Statement required by said Local Bond Law has been duly made and filed in the office of the City Clerk of said City, and that such statement so filed shows that the gross debt of said City, as defined in Section 40:1-76 of said law, is increased by this ordinance by Two Hundred Thousand (\$200,000) Dollars, and that the issuance of said obligations is permitted by an exception to the debt limitations prescribed by said law, contained in subdivision (f) of Section 40:1-16 of said law.

Section 8. This ordinance shall take effect twenty (20) days after the first publication thereof after final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

Commissioner Keenan moved that April 8th, 1942, at 2:00 p. m. Eastern War Time, or as soon thereafter as soon as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be

further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

Commissioner Keenan moved that

April 8, 1942, at 2:00 p.m. Eastern War Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

Commissioner Keenan introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance at length:

An Ordinance granting permission to the Foster Engineering Company, a corporation of the State of New Jersey, to lay and maintain a steam pipe line across Monroe Street in the City of Newark.

Whereas, the Foster Engineering Company desires to lay and maintain a steam pipe line in and across Monroe Street in the City of Newark.

Therefore, the Board of Commissioners of the City of Newark do ordain:

(1) That permission be and the same is hereby given to the Foster Engineering Company, a corporation of the State of New Jersey to lay and maintain a one and one-half (1½) inch steam line enclosed in a two and one-half (2½) inch pipe across and in Monroe Street in the City of Newark as follows:

Beginning at a point in the curb line on the southeast side of Monroe Street, a distance of two hundred fifty and thirty-three hundredths (250.33) feet northeast of the northeasterly curb line of Lafayette Street; thence diagonally in a northerly direction across Monroe Street to a point in the curb line on the northwest side of Monroe Street two hundred seventy-two and fifty hundredths (272.50) feet northeast of the northeasterly curb line of Lafayette Street.

Said steam pipe line to be at such depths below the surface of Monroe Street as the Chief Engineer of the Department of Public Works shall designate.

(2) That such permission be and the same is hereby given upon the condition and provision that the said Foster Engineering Company, its successors and assigns, will, at its sole expense, upon thirty (30) days notice in writing from the City of Newark, alter, relocate, or remove such steam pipe line, or any part thereof, as may be designated in the removal or relocation notice served by the City of Newark upon the said corporation.

(3) That such permission be and the same is hereby given upon the condition and provision that the said Foster Engineering Company, its successors and assigns, shall indemnify and save harmless the said City of Newark, its officers, agents and servants, from any and all claim or claims whatsoever, arising from or in any way connected with the granting of said privilege or by reason of the location, maintenance, or existence of the said steam pipe line in the street aforementioned.

(4) That such permission be and the same is hereby given upon further consideration that the Foster

Engineering Company shall commence the construction of the said steam pipe line within the City of Newark not later than nine (9) months from date of passage of this ordinance and shall complete such construction in the street aforementioned within a period of ninety (90) days from the date of commencement of such work.

(5) That such permission be and the same is hereby given upon the express condition that the said steam pipe line shall become subject to any ordinances or regulations hereafter adopted by the City of Newark that may apply to such steam pipe line, and that the Foster Engineering Company, its successors and assigns, shall become liable for the payment of any fee or fees hereafter imposed by the City of Newark by such ordinance or ordinances.

(6) That such permission be and the same is hereby given upon further consideration that the said Foster Engineering Company file with the City Clerk of the City of Newark its written acceptance of the provisions of this ordinance within thirty (30) days from the date on which it takes effect.

(7) This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

Commissioner Keenan moved that April 8, 1942, at 2:00 p. m., Eastern War Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be

further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

Acting City Clerk: I have a communication from Richard C. Gossweiler, attorney, the State Department of Alcoholic Beverage Control Board, addressed to the Acting City Clerk. It reads:

"I have your letter of March 16th and the two proposed ordinances which passed first reading on March 11th, and are scheduled for final adoption on March 25th.

"The ordinance reducing the quota on the number of plenary retail consumption and distribution licenses to 900 and 175 respectfully, is in proper form, and we would appreciate your sending us a certified copy in the form in which it is finally adopted, for our records.

"The second ordinance, entitled 'an ordinance relating to Transfer of Licenses,' provides that where a license has been issued to a corporation, and the 'corporate control' has been transferred, it shall be necessary for the new stockholders to make application for a transfer and pay the regular person-to-person transfer fee. It further provides penalties for violations thereof.

"It is my opinion that this proposed regulation is fatally defective for the reason that it is in conflict with Revised Statutes 33:1-34 which expressly provides 'no notice need be given by corporate licensees of

changes in stockholdings therein unless and until the aggregate of such changes, if made before the time of said application, would have prevented the issuance of the license."

"It is a cardinal principle of municipal law that municipal ordinances and resolutions may not contravene the statutory law of the state. 43 C J 215; Hudson & Manhattan Railway Co. vs. Hoboken, 75 NJL 302. Mulcahy vs. Newark, 57 NJL 513; Landis vs. Vineland, 54 NJL 75. It follows that since the statute contemplated that the transfer and its concomitants of formal application, advertising and payment of transfer fee, municipalities do not have the power to enact such a regulation as the one under discussion; at least until such time as the legislature sees fit to amend or repeal the present law. See re Stokes Bulletin 231, Item 7, where an amendment to R. S. 33:1-34 was recommended, but to date has not been adopted. Very truly yours. Alfred E. Driscoll."

The Acting City Clerk presented "An Ordinance Relating to transfer of Licenses" and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

Commissioner Keenan: I move that it be laid over for two weeks.

Commissioner Brady: I move that it be laid over until we have more members of the commission present.

Mayor Murphy: If there is no objection it will be referred to the law department.

Commissioner Keenan: I second the motion.

Mayor Murphy: If there is no objection this ordinance will be laid

over for second and final reading until two weeks from today, at a public hearing, two weeks from today, on April 8th, at 2:00 P. M.

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

Acting City Clerk: Do you mean you want both of the ordinances laid over I suppose? This is an ordinance amending an ordinance to limit the number of plenary retail consumption licenses.

Commissioner Keenan: That one is all right.

Mayor Murphy: Yes, that one is all right.

The City Clerk presented "An Ordinance to amend an Ordinance entitled: 'An Ordinance to limit the number of Plenary Retail Consumption licenses and Plenary Distribution Licenses to sell alcoholic beverages at retail in the City of Newark, and to regulate the renewing and transferring of Plenary Retail Consumption Licenses and Plenary Retail Distribution Licenses to sell alcoholic beverages at retail in the City of Newark,' adopted May 4, 1938," and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

The Board then entered upon said hearing.

Mayor Murphy: Is there any citizen who desires to be heard on this ordinance?

(No response).

No one appearing, Commissioner Keenan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the follow-

ing votes

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

Commissioner Keenan moved that the ordinance be taken up on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

The Clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

The Ordinance was declared open to amendment in all its parts.

Commissioner Keenan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

Commissioner Keenan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas Commissioners Brady,

Keenan, Mayor Murphy.

Commissioner Keenan moved that the title of "An Ordinance to amend an Ordinance entitled: 'An Ordinance to limit the number of Plenary Retail Consumption Licenses and Plenary Retail Distribution Licenses to sell alcoholic beverages at retail in the City of Newark, and to regulate the renewing and transferring of Plenary Retail Consumption Licenses and Plenary Retail Distribution Licenses to sell alcoholic beverages at retail in the City of Newark,' adopted May 4, 1938," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

The Clerk then read the title of the ordinance as follows:

An Ordinance to amend an Ordinance entitled: "An Ordinance to limit the number of Plenary Retail Consumption Licenses and Plenary Retail Distribution Licenses to sell alcoholic beverages at retail in the City of Newark, and to regulate the renewing and transferring of Plenary Retail Consumption Licenses and Plenary Retail Distribution Licenses to sell alcoholic beverages at retail in the City of Newark," adopted May 4, 1938.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

The Acting City Clerk presented

"An Ordinance Changing and Establishing the Width of the Sidewalks of Springfield Avenue from Thirteenth Avenue to Morris Avenue on the northerly side, and from a point 77 feet west of the westerly line of Arlington Street to Morris Avenue on the southerly side, and requiring the removal of obstructions, projections or encroachments thereon," and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

Commissioner Keenan: I move that the ordaining clause be stricken out.

Commissioner Brady: I second it.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

The City Clerk presented "An Ordinance creating the position of adjuster in Workmen's Compensation and prescribing the procedure in cases of injuries to employees of the City of Newark," and stated that today was the time fixed for a further hearing, this being the adjourned date for same, the ordinance having been introduced on information.

Commissioner Keenan moved that the ordinance be laid over two weeks.

Commissioner Brady: I second the motion.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

Acting City Clerk: That is all on

WHEREAS, The Newark plant of the E. I. Du Pont de Nemours & Company, Inc., is located on both sides of Vanderpool Street, between Avenue B and Avenue C, and extends from Miller Street to the railroad property, as shown on the attached map; and,

WHEREAS, The said Company is currently manufacturing paint products which are largely used by or for the military and naval forces; and,

WHEREAS, the said Company, because of the association with the manufacture of explosives is a likely target for saboteurs; and,

WHEREAS, The said Company, in order that it may materially aid its protection program, has in a letter dated March 6, 1942, petitioned the City to permit it to temporarily close Vanderpool Street between Avenue B and the easterly

property line of the Company's property near Avenue C, except for such traffic as is required by the needs of the plant, and as may be authorized by the Police, Fire, or other civil or military departments, as stated in said letter, a copy of which is attached hereto; and,

WHEREAS, The Merchants' Refrigerating Company, located on Avenue C at the end of Vanderpool Street, have given their assurance in a letter dated March 4, 1942, a copy of which is attached hereto, that they favor the plan;

THEREFORE, BE IT RESOLVED By the Board of Commissioners of The City of Newark, that the E. I. Du Pont de Nemours & Company, Inc., be and it hereby is authorized to erect fences and gates on Vanderpool Street at the easterly line of Avenue B and at its easterly property line for the purpose of temporarily closing from public use this part of Vanderpool Street; it being understood and agreed that the closing of this street temporarily does not concede to the E. I. Du Pont de Nemours & Company, Inc., the relinquishment by the City of the right, title and interest of the City therein, or the rights of the public therein, except as the use by the public is temporarily discontinued, and that this action does not constitute a vacation of the street; and the temporary closing of this street shall be, notwithstanding anything herein contained to the contrary, maintained in a manner approved and continuing subject to the approval of The City of Newark; and the E. I. Du Pont de Nemours & Company, Inc., agrees that it will meet all requirements of the City now and during the continuing period of the closing of the street, and that the City reserves the right to discontinue the closing off of said street at any time to meet the public convenience.

WHEREAS, Assembly Bill No. 71 which was introduced by Mr. Lesko on February 2, 1942, and has been referred to the Committee on Agriculture, would repeal the present Act regulating and controlling the production, distribution and sale of milk and creating a milk control board for such purposes, passed July 15, 1941; and,

WHEREAS, the purpose of this bill is to abolish the Milk Control Board which was set up under Chapter 274 of the Laws of 1941 to fix the minimum price to be charged the consumer for milk in New Jersey; and,

WHEREAS, the public need today is for a ceiling on prices rather than the fixation of minimum prices for milk; and,

WHEREAS, there exists sufficient control over the public sale of milk without a State Milk Control Board, such as the U. S. Department of Agriculture, State Board of Health and Local Boards of Health, all of which are in a position to see to it that the public is fully protected.

THEREFORE, BE IT RESOLVED  
By the Board of Commissioners of  
The City of Newark:

1. That the Board of Commissioners of The City of Newark disapproves certain provisions of the present Milk Control Act.

2. The Board of Commissioners of the City of Newark protests the arbitrary fixing of Milk prices for the City of Newark by the State Milk Control Board, under which it will be necessary for The City of Newark to pay approximately Two Cents (\$0.02) per quart more for the milk purchased by it, if the said milk is purchased from dealers under the jurisdiction of the Milk Control Board.

3. That the members of the General Assembly and the Senate, therefore, be urged to vote to amend Assembly Bill No. 71, so that the City of Newark, or any other city, town, township, village or borough in this State, shall be permitted to purchase milk on a competitive basis; and that nothing in the Milk Control Act shall interfere with the rights of competitive purchasing of milk by said cities, townships, villages, boroughs or other subdivisions of the State, County or City Governments in the State of New Jersey.

**RESOLVED** That the salary of one Carlo Cordasco, Senior Laboratory Technician in the Bureau of Health, Department of Public Affairs, be and the same is hereby increased to \$2,001. per annum, effective April 1, 1942. This salary adjustment is made at this time due to the fact that he qualified in a promotion examination for the title of Senior Laboratory Technician and his title was changed with no change in salary, therefore, his salary is being adjusted at this time to the minimum recognized by the Civil Service Commission for the position of Senior Laboratory Technician, namely, \$2,001.

Dr. Charles V. Craster, Health Officer of the Bureau of Health, Department of Public Affairs, has recommended that Mr. Cardasco's salary be adjusted at this time.

John B. Keenan

Mayor Murphy You heard the

reading of the application. I understand that there are some objectors present.

(Several people come forward).

Mayor Murphy: Who is representing the objectors?

Mr. Emanuel Kohn: I am representing the proponents.

Mr. Murray E. Kempler: I appear for one of the objectors.

Mayor Murphy: I want to hear from the objectors first.

Mr. Murray E. Kempler: All right. If you want to reverse the procedure, I will proceed. I appear for the Estate of Fred Kilgus, owner of the property directly adjacent to this site.

Mayor Murphy: The reason I am reversing it, is because the Board of Adjustment has approved of it. That is the only reason for it.

Mr. Murray E. Kempler: 38 to 42 South Seventh Street is the old homestead of the Kilgus family. They have a plot of ground 100 by 100.

As I have already stated, it is directly adjacent to this proposed site.

The applicants contemplate tearing down a two family dwelling.

Mayor Murphy: That is at number 36?

Mr. Murray E. Kempler: That is at number 36. They came here as a matter of grace, depending on what you gentlemen will permit them to do.

The facts, briefly, on January

20th, or January 27th, the applicant appeared before the Board of Adjustment, and the Board of Adjustment heard the matter; and at that time unanimously declined the permit. The matter was subsequently reopened by the applicant, and the matter was taken again here on March 27th, or February 27th I should say, and at that time by a three to two decision the Board of Adjustment recommended to the city commission the granting of this application.

At the present time the garage which is located on Central Avenue has been used as such; and they had an entrance on South Seventh Street, which according to the residents, going back twenty-five or thirty-five or forty years, has never been used by the garage people at all.

They contemplate tearing down, as I stated a two family house, in order to enlarge that business which they contemplated putting on Central Avenue, which we have no right to stop them. They have a perfect right to be on Central Avenue, and we have no objection to that, because Central Avenue is a business thoroughfare. We do object to them taking a "residential" neighborhood. It may not be the finest residential neighborhood, but it still is a neighborhood which is occupied chiefly by residential people, by one, two or three family houses on the street.

Central Avenue, or South Seventh Street rather, from Central Avenue to Eleventh Avenue, is a very large block. It is occupied by residences, with the exception of the southwest corner of Central Avenue and South Seventh Street, which is occupied by the A. & P., who have one of its Super Markets there. The A. & P. did not have to come before this

Board, because as I stated, their address is on Central Avenue, and they do not run beyond the one hundred feet which is permitted them under the zoning ordinance of this city. However, the trucks that come on Seventh Street, back up alongside the A. & P. delivery room, and these trucks extend some twenty-five feet into South Seventh Street. At this point South Seventh Street is particularly narrow, thirty-five to thirty-six feet I believe. There is difficulty I understand at the present time for the fire engines and for the city ambulance to pass through, with the trucks parked as they are.

Now, setting this new building, increasing the traffic which will go in and out there, it will add to those difficulties.

In addition, I understand that there is a parochial school, and the South Eighth Street school right around the corner; and there are school children passing through there daily on their way to school and on their way coming home for lunch; and that will create an additional hazard there.

I say that they come here as a matter of grace. There are a number of residences in the neighborhood who object to it. And there are none of them who are in favor of it; and because of that, this Board should take that into consideration. I appreciate the fact that these people have their homes there where they have established themselves and where they pay their taxes and pay rent, and I think that this Board should decline this application.

Some mention may be made by counsel for the proponent that we own a carpenter shop or something else, or a factory building, on South Sixth Street. South Sixth Street is

a square block, and it has no bearing on this. It is in back of this South Sixth Street. And South Sixth Street has been considered, for some thirty-five or forty years a light industrial zone. It is entirely different from South Seventh Street.

I say that these other people should be heard; and I respectfully urge that you decline to grant this application.

Mayor Murphy: What about some of these ladies who are here, or some of these gentlemen who are here?

Mr. Thomas A. McConnell (37 South Seventh Street): My name is Thomas A. McConnell. I represent the estate at 37 South Seventh Street.

Mayor Murphy: That is on the opposite side?

Mr. Thomas A. McConnell: That is on the opposite side. Now, in line with what counsel said, Seventh Street at that point is just about thirty-six feet wide. There is an A. & P. store there; and there are a number of these young boys there with little express wagons, and when people buy big packages of vegetables or whatever it may be, these little boys earn a few pennies by taking those packages home for them. And they are running. And you are going to create a hazard there. There is no question about that.

Now, there is a moving picture right there on Central Avenue, between Ninth Street and Seventh Street; and the people are coming along there all the time.

Now, as I understand it, this driveway is going to be about ten feet wide. Now gentlemen just bear

in mind, with the cars parked on that locality, on both side of the street — we are not objecting to that; but these big trucks going back and forth, they have got to park out there, and I think you are creating a hazard if you give them this permit.

Mayor Murphy: Do any of the ladies wish to say anything?

Mrs. Rose Vetter (50 South Seventh Street): I have two small children, one going to school and one that is not of age yet, and I think it is very dangerous to have anything like that on the side of the street that you are living on.

Miss Emma Craigie (43 South Seventh Street): My name is Miss Craigie and I live at number 43, and I seriously object to the parking of the cars for the A. & P.; and with this double parking and also the delivery in the early morning hours, and the noise, I will positively get the same commotion if the permit is granted, which I hope you gentlemen won't grant it.

Mr. Keenan, I think knows where I live, and I think he is familiar with the location, and also that place where the driveway is. And that driveway has not be used for years; and I imagine that the tenants in that apartment house object, — and many objected to it. And while there is a driveway there, it has not been used for years. And when you are driving — I know when I leave the house, or coming home, I rarely turn into Seventh Street. I usually turn into Eighth Street and come down Eleventh Avenue, because it is real dangerous.

Mr. Daniel Telesco (44 South Seventh Street): My name is Daniel Telesco. I have two children. I think it is pretty dangerous.

Mayor Murphy: Where do you live?

Mr. Daniel Telesco: I live at 44 South Seventh Street. I live about two houses away from where this driveway is, the one which is mentioned. So I really object to it.

Mayor Murphy: Are there any other objectors?

Francis J. Flynn, (46 South Seventh Street): My name is Francis J. Flynn and I live at 46; and that street is one of the most congested streets on the hill today due to the fact that we have the munition workers parking there all day. And we are willing to upt up with that; that will be only a temporary condition, we hope, but the trucks parking there seems to me very hazardous. And there are so many children going through there. That is the reason I so seriously object to it.

Mayor Murphy: Any further objectors now?

Mr. Kempler: That is all I believe.

Mr. Emanuel Kohn: If it pleases the commissioners, at the first hearing, at the time it was denied, I was advised by the zoning Board that if we put in a "kickback" of thirty feet from the building line they would reconsider reopening it. And they felt any objections which would be raised would be met.

Now, that space is thirty by twenty-five feet. It is not to be used for anything but the delivery of groceries three times a week, and the delivery of produce once a week. The present building in which the store will be maintained is within the business district. It is a garage, and because of war times, that garage has been totally aban-

doned Directly next to this building there was a driveway which was constantly used for the ingress and egress of trucks, and for which we have a legal right at this time to use for the same purpose, so that this alley entrance of this driveway would be of benefit to the neighborhood. It is true there is a condition with the A. & P. which unloads in the street, and which is directly opposite us. We are not the creators of that condition. They have a right to do it. And that is why we are taking our loading and unloading entirely off the street.

Now, insofar as the apartment house is concerned they are the most vitally interested neighbors. They are adjacent to the premises, and it would be they who would be most greatly affected. On record in the zoning board is an original letter, which I would like to take the time to read. It says:

"In response to your inquiry concerning the situation at 36 South 7th Street, I give you herein my views as it affects the property which I manage at 490 Central Avenue, owned by the 490 Central Avenue Corporation.

"This property is adjacent to 36 South 7th Street and it is a four story apartment house, being assessed at approximately \$42,000 and has 16 tenants in the premises. I believe that this proposed structure would have a greater effect upon my property than any other property in the vicinity. It is my personal belief that it would increase the value of the property particularly inasmuch as it eliminates the present nuisance. I have further ascertained that there will be a decrease in my insurance rates in the event that the present situation is eliminated.

"I would further like to point out

to you that the A & P has the same situation directly across the street which has not in any manner affected our tenancies. In fact, because of the good shopping center we have no vacancies in the premises and have managed to keep the premises well rented.

"Under the circumstances I feel that the proposed structure will benefit our neighborhood and particularly my locality."

Now, that property is adjacent, and it is assessed for \$42,000. The Central Avenue property is assessed at \$15,000.

In going over the list of objectors I particularly call the attention of the commission that among those who were served and who found no reason to object were the West End Building and Loan Association, the Halcyon Building and Loan Association, the Tab Building and Loan Association, the Star of Essex Building and Loan Association, the Howards Savings Institution, the Fidelity Union Trust Company, the Clinton Title and Mortgage Guarantee Company, and the Mutual Benefit Life Insurance Company.

Mayor Murphy: Have you any individual property owners who are not objecting?

Mr. Emanuel Kohn: There are a total of approximately twenty-five; and these are the only objectors. I will say that one or two never objected before they are here today. And in addition to that, the character of the neighborhood is such, that they are definitely not affected.

Directly in back of this house, is an old abandoned wooden factory which was used as a saw mill. Right at the same spot is the parking station and an automobile repair shop. These are in the back, and

can be seen from the Seventh Avenue side. On the Sixth Street side we have one or two factory, garages and warehouses.

The houses at the present time, on Seventh Street, the houses are all old houses, and I don't see how any annex, where the business is not being conducted at these premises, can affect the neighborhood.

Insofar as the trucks are concerned, the trucks will unload three afternoons a week in the area way, and not on the street; and produce once a week. Under the circumstances I say sir, and I respectfully submit, that there are many more people who believe that the present nuisance that was there, and that was all night work incidentally, is being eliminated. And we have a legal right to use the driveway now. And simply moving this over ten feet would be a benefit to the neighborhood. And we respectfully submit to the commission to approve the application.

Mayor Murphy: What is the intent of you people, that if the zoning board did not grant the permit for this space here, would you still go on with the market there?

Mr. Emanuel Kohn: That I hope for. I could not speak with certainty on that. It would have to be used for that or trucking. It is a question whether there would be sufficient space there.

Mayor Murphy: The objectors I understand — of course some of the persons here have brought out, particularly the lady I believe, about the running back and forth with deliveries. According to the statement made hereby this representative, that will not prevail. His statement was that these trucks would only deliver there, the large trucks as I understand, once a

week?

Mr. Kohn: Three times a week for groceries and once a week for produce.

Mayor Murphy: And was it the intention of you people to put a fence there?

Mr. Kohn: That is correct.

Mayor Murphy: And a wire gate?

Mr. Kohn: Yes, sir. And there would be no parking there or anything of that kind, or any use for that purpose.

Mr. Kempler: There are two chief objections. One is establishing in a residential zone a business property, and other one is the hazardous condition that goes with that use.

Mayor Murphy: I know; but the other angle, the question is whether it is better to have the trucks off the street in making deliveries, or to jam up the street with the trucks.

Mr. Kempler: You would not have the trucks on Seventh Street. Mr. Mayor, if this application were denied.

Mayor Murphy: Won't they have to use the driveway which is there now?

Mr. Kempler: Yes.

Mayor Murphy: They have a ten foot driveway, or a fifteen foot driveway, the way it was being used, or the way it is now; because I stopped there myself. I know that neighborhood pretty well too, because I lived on South Tenth Street for some time. As I see it now, with that angle there, these trucks will take a good part of the street, and if you are going to have some more trucks on the other side of the

street, and you are going to tie things up. You will have a lot of horn blowing and everything else, and it is going to be a nuisance to the people in general. Another thing that comes up there too, is parking, which cannot very well be reduced, because you are bound to have cars going in there. The result is that they will park on Central Avenue, which is now packed up to some degree, because I know it is a hard job now for the police to keep that section clear. I remember times now, when coming down through there, cars are jammed in there, on account of that insurance office set-up which is down there. And to park on Seventh Street, if the trucks are going to park on Seventh Street now, which they can do, and use the present driveway, it appears to me, as though it will be even a worse condition than if they were allowed this extra space.

Mr. Kempler: My client informs me there is a question as to whether there is title in that driveway there.

Mr. Emanuel Kohn: The apartment house has the right to use the driveway with us; but we have the driveway.

Mr. A. Nathan Cowen: If I may be heard — I represent Mrs. Marie MacWilliams, the owner of this property in question at 36 South Seventh Street. Mrs. MacWilliams is a woman of 80 years of age. She owns this house; and this is the only capital of her life's savings. In the first place it is an old building; and in the second place the sale definitely sets the amount she will receive, which will give her the income necessary for life. The denial of it will necessarily handicap her. It is an old building; and frankly I could only see improvement by granting this permit, as against granting it. With respect to the objectors, I think more emphasis has been placed with the ob-

jection to the A & P, than anything else. And as Mr. Kohn read the letter of the apartment house next door and the party who would be mainly affected, they are in favor, for the reason that it would remove an eyesore, and if anything would improve the appearance of the section.

Mayor Murphy: What I am afraid of is that you are going to have a worse traffic hazard if this store is established, and they are not going to be able to get off the street. I am afraid it will be worse for the property owners, because with trucks on both sides you are going to have one lane of passing there at most times; and you will have to have a policeman there all the time to keep it moving. And this will block cars up there for a whole block. And you know how drivers toot their horns and all the other things; and of course there is another question, which is a point to be clarified. I understand, whether it is right or not, I don't know, but I have been advised by Mr. Rankin, representing the Board of Adjustment, that even if the city commissioners here did not take any action at all, no matter what they will do, the Board of Adjustment will be right in granting this permit to go ahead.

Mr. Kempler: The Board of Adjustment recommended to the City Commission the granting of this application.

Mayor Murphy: I understand they don't have to in this particular case. Is that right Mr. Rankin?

Mr. Rankin: That is my understanding.

Mayor Murphy: The reason, I am told it is brought her, is out of courtesy to the city commission in this particular case, and they say

they don't have to have the order in this particular case.

Mr. Rankin: That is because the premises in question abutts a zone where that use is permitted, and it is within one hundred and fifty feet of such zone. It is the same situation, if you will recall, that we had on Frelinghuysen Avenue where we had a junk yard that abutted a zone where that was permitted.

Mayor Murphy: In many of these cases I understand the Board of Adjustment, without referring it to the city commission, acts within its rights, and already issues permits.

Mr. Rankin: There have been a few, but we get very few of them.

Miss Craigie: Mr. Kohn said people in the apartment house have not complained. But they have complained, because I know of different families that moved from there; there was one family who garaged next to us, and they got out. And why not have those trucks going in there from Central Avenue, instead of going in from Seventh Street, when there are private families living there?

Mr. Cowen: But that would create a more serious traffic hazard.

Mayor Murphy: Is there a driveway on Central Avenue?

Mr. Kohn: No. There is no driveway there.

Mr. McConnell: Then why not on Sixth Street? Then you are not in a restricted zone on Sixth Street; and then you won't clog up traffic on Seventh Street.

Mr. Kohn: That Sixth Street is owned by the Kilgus Estate that objected. Now, the trustees of the

Kilgus Estate is the Howard Savings Bank; and I think it is very significant that because they have been instructed by the beneficiaries of this estate to object by the trustees. They are in here objecting only as trustees. They own the Sixth Street side as a parking station, and they will not sell, and it cannot be done that way.

Miss Craigie: My taxes last year were \$230, and I meant to bring my tax bill. In the second statement it was \$59.50 and I cannot see why those people come and make a business section of Seventh Street when they could go in another place. And another thing, those trucks coming early in the morning, it is awful. And not only the trucks, but the garbage wagons. Mrs. MacWilliams is an old lady; I suppose she will soon die; and she should worry about people who are living, and respectfully.

Mr. Kohn: The American Stores have a letter on file. Their produce is to be delivered at eight o'clock in the morning and their groceries will be usually brought three times a week.

Mayor Murphy: Of course, the garbage angle; that is something for the city commission to worry about.

Miss Craigie: I know, but it is a nuisance. But as a taxpayer I think they should really be given some consideration.

Mayor Murphy: Is this going to be an improvement?

Miss Craigie: I doubt it. We have the A. & P. on the corner there.

Mayor Murphy: Do you think that if this store is established there, and they use the driveway to cart the stuff in, which they can legally

do, now as I understand it, and the trucks park on Seventh Street, which they will do in order to unload, do you think that the condition will be much worse by them parking on Seventh Street than if they drove in the driveway?

Miss Craigie: I think no matter what way, driving in or out, it is going to be bad, because it is bad now. There is parking and double parking there. And they even park in my driveway, the people that go there to buy.

Mayor Murphy: Of course, you know there is no legal authority to refuse these people from establishing this store there?

Miss Craigie: That is perfectly all right, but they could establish a store; but I think they should have the drive somewhere else.

Mayor Murphy: There is no legal authority for the commission to say that they have got to put that driveway somewhere else. We could go into that matter and find out if there is any such legal authority, but to me, I am not a lawyer, but it does appear as though we have not the legal authority.

Miss Craigie: That drive has not been used in years; and really that drive is a bad place, because one night last week, my sister and I; and my sister we were in the dining room reading; and it was about six; and there was a terrific scream and there was a girl who was running down the street, and I imagine there was somebody who attacked her; and he ran away through that driveway, but it was too far away for us.

Mayor Murphy: That is the reason why I said to these people and asked them would they put a fence up with a gate on it so nobody

could really hide in there and attack anybody who may be coming along the street.

Miss Craigie: Well, I suppose that if that is the case we will just have to suffer or get out. We will have to give up that home.

Mayor Murphy: Of course, as I say, the opinion in here is that even if the city commission said they will not approve of the zoning board's recommendation, they still have the right. Of course they voted three to two to grant this permit.

Miss Craigie: Well, they are working on it. They are going ahead with it.

Mayor Murphy: So whether or not it is going to be approved, they are still working on that store and going ahead. There does not seem to be anything legally that we could do about it in that respect.

Mrs. Vetter: They certainly don't think of the children. There is a lot of children in that neighborhood.

Mayor Murphy: Is it better to have those trucks park on the street or blocking those streets? Or is it better to place them in this driveway and make them get off the streets?

Mr. Kempler: Neither one is good.

Mayor Murphy: Then you cannot stop them from doing that.

Mr. Kempler: There is a question on that, as to the use of that driveway.

Mayor Murphy: Do you mean it is not a right of way?

Mr. Kempler: I don't know. I was just advised that they merely have

a right of way.

Mayor Murphy: Supposing for the benefit of the members of the commission, we have that clarified right away.

Mr. Kohn: The premises were both owned, the apartment house and the present garage, by the Clinton Title Company, and when both of these houses are sold, the driveway goes to our property. There is no question about it. It is definitely and completely on record. It is included in the deed; and also I imagine personally that that garage and that driveway was constantly used by us, and that it is only there for that purpose. It only goes to us.

Now, this condition which Mrs. Craigie . . .

Miss Craigie: (Interrupting) It is "Miss" Craigie.

Mr. Kohn: Miss Craigie. This condition which Miss Craigie describes is bad, and we don't want to use it. And we want to use one which is safe and sane; and which takes them off the street.

Miss Craigie: Mr. Mayor, that driveway has not been used in a couple of years.

Commissioner Keenan: Let me say this: Inasmuch as the driveway is in existence and it has never been used; and if there was no intention of increasing the width of the so-called present driveway from fifteen to twenty feet, could it be used after the store was established as such?

Mr. Kohn: It could be used as a passage way, yes.

Commissioner Keenan: So it used, the fifteen foot now in ex-

istence, to back your trucks in?

Mr. Kohn: Yes.

Commissioner Keenan: I don't know. Inasmuch as there was some legal question coming up — with the establishing of the zoning board, the zoning board made rulings and regulations wherein it allowed on your so-called business street, one hundred foot depth, which means that on so-called residential streets business exists to a depth of one hundred foot. Now, is this extension of one hundred twenty-five foot a violation of the zoning law? There is a confliction of opinion. I would like to have the decision laid over until such time as it could be clarified in our minds as to whether it is legal.

Mr. Cowen: I might add that if that is the intent, you are just deferring it. Although the mayor was correct when he said the zoning board had a right to approve the very question.

Commissioner Keenan: That is not my point. The zoning board says this is a business and a hundred foot depth could be used for business purposes. Then that established one hundred foot on any street; in this particular instance South Seventh Street. Can then the zoning board re-establish itself in permitting one hundred and twenty-five foot of some street to be called business territory? There is a confliction of legal opinion there. Some say we cannot legally reject it.

In my mind there is some question as to the legality of the zoning law with regard to the one hundred foot depth on some streets, as against the fact of the reestablishing of some business. And I cannot see any harm in laying it over until such time as we, for the benefit of ourselves, could clarify that

situation.

Mayor Murphy: What you feel, Commissioner, that we should do, is to defer any action on this?

Commissioner Keenan: Until we clarify this legal point.

Here is another point; can the zoning board then say, or has the zoning board the authority to re-establish any street, as in this instance, to a depth of one hundred twenty-five foot?

Mr. Kohn: I think I could clarify that. Actually the zoning board in most cases recommend to the city commission that there should be a change. However, the act makes an exception where you are changing and abutting zone within one hundred and fifty feet. The Act says, of "a business zone." So when we come in here and ask that 36 South Seventh Street be changed to industrial, the application would have to pass on it, since we are within one hundred and fifty feet of that zone, and we are asking to be transferred to the same zone as the business section on Central Avenue. The Act says the zoning board has full jurisdiction on it.

Commissioner Keenan: I recall the construction of a building on South Orange Avenue and Pinegrove Terrace. A store was put up on South Orange Avenue, on twenty-five or fifty foot of South Orange Avenue, and the zoning board said that one hundred foot depth was "business." On the one hundred foot of that particular plot, there was two stores with entrances made in the rear of this hundred foot building, passing the so called residential street. Strenuous objections were raised against establishing a store on a residential street in accordance with the then existing zoning law, and nothing could be

done, because they were still within the jurisdiction of hundred foot depth of South Orange Avenue. But, could the zoning board then say, "Why, we will make it one hundred and twenty-five feet"; and then somebody will come along and say "One hundred and fifty feet." Is there any place where there could be a stoppage with regard to what was established as law?

Mr. Kohn: One hundred and fifty feet from the line, from the one hundred foot line.

Commissioner Keenan: There is a legal conflict here. It is the opinion of Russell Rankin that we cannot reject this. But, what harm would there be to delay it until we could clarify the situation?

Mr. Russell Rankin: I was going to say, Commissioner Keenan, and Mr. Mayor, the reason this comes before the Board of Adjustment at all is the fact that it is in a residential district. You are right in saying the business zone is one hundred feet away.

Commissioner Keenan: Then you can continue twenty-five feet away?

Mr. Rankin: No.

Commissioner Keenan: We could then make a whole block of strictly one family residences by extending it twenty-five feet.

Mr. Rankin: That has never been done.

Commissioner Keenan: This was never done until it comes up.

Mr. Cowen: The very purpose of creating the zoning board was to follow through the act; and the zoning board saw fit to say it was not a violation. Now to put that off now to a further date is to work

hardship on us, because after all, in the structure here we must dovetail it; and put it off again is going to make it an added hardship. I cannot see how anyone could complain here when we are going to take an old shack down and improve it.

Commissioner Keenan: Seventh Street in a sense is all old shacks.

Can that be done under the so-called existing zoning law (addressing Mr. Rankin)?

Mr. Rankin: If you want to do that, then you have to amend your ordinance.

Commissioner Brady: There is one question I want to ask. Is there any deed restriction?

Mr. Kempler: I don't know.

Mr. Kohn: There are none.

Mr. Cowen: I say there is not.

Miss Craigie: We have a nice old man, and they spend money on their home; and I think it is an injustice to property owners to have these wealthy people come in. The A. & P. people are down the street; and why should the Acme come in and deteriorate our home?

Mr. Cowen: That is not so. In fact what we are going to do is to help eliminate a traffic hazard, which you must otherwise have if this application is not permitted; because by so doing, as you pointed out yourself Mr. Mayor, by erecting a suitable fence that is not an eyesore as compared with what we have now, it is going to improve that spot. We are not harming anybody. We are trying to help, because to deny this is just going to add up crowded traffic.

Commissioner Keenan: I would like to clarify another thing in my mind, with regard to what looks like a violation to the zoning law, once more. On this particular property in question — there is no business on Seventh Street from Central Avenue South. How can the zoning board say, when the original zoning board originally set up the original hundred foot depth of business, regardless of where it was, can the zoning board say that beyond that hundred foot set apart for zoning, that it is a residential today because it is occupied by apartment houses? Can they take twenty-five beyond that and make it "business"?

Those are the legal points I have in mind.

Mayor Murphy: That is just why we have a zoning board.

Mr. Rankin: But you have got to have a good reason for it.

Mr. Kempler: That was not the intention of the zoning board when they passed this. One of the members said "We don't have to ask for the recommendation of the city commission when we pass this." And it was not their intention to pass it on to the city commission, because they did not want to approve it.

Mr. Cowen: You were not there. That was not so.

Mr. Kempler: You were not there.

Mr. Cowen: The record will speak for itself.

Commissioner Brady: Then why was it brought here?

Mr. Kempler: Because Mr. Nolan said because someone moved, and the city commission ought to con-

cur in it because they said the city . . .

Mr. Kohn: (Interrupting) Mr. Mayor, the usual proceeding, in practically ninety-nine of the zoning board cases, is that it be referred to the commission; and the motion so read. When it was called to their attention I think Mr. Feldman said that it was the first time that they heard the ruling that the Board had full jurisdiction; but they said since the resolution was passed recommending it to the Board of Commissioners, they could leave it that way.

Commissioner Keenan: I would like to learn whether they have the right or whether we have the right to establish it where this is. This particular hundred foot today is residential zone?

Mr. Rankin: Oh, no. It is not. It is in the business zone.

Commissioner Keenan: I know. but it is now occupied by residences. How can we say that beyond that hundred feet the rest was held sacred by those who had in mind the zoning ordinance to be kept sacred. How can we say that beyond the hundred foot it can be kept apart for business establishments in the so-called sacred area?

Mr. Rankin: All the other cases that come in here are due to the fact that they don't conform with the zoning ordinance.

Commissioner Keenan: And yet you say we have no legal right to oppose it.

Mr. Rankin: I may say this, that the Board of Adjustment should have taken original jurisdiction on approving it, because it is a business within one hundred and fifty feet of a business zone

Now, the resolution they passed was to recommend it to the city commission.

Mayor Murphy: As I see it, the Board of Adjustment could have taken this action themselves; but they felt as though, due to the fact there were objectors involved, that it would be better to refer the matter to the city commission to get its reaction. If the city commission did nothing about it, the Board of Adjustment would still be within its legal power to take such action.

Commissioner Keenan: That is what I would like to have clarified. There is no harm in laying it over, in clearing that up.

Commissioner Brady: I don't think there is any harm. I think Mr. Mayor, it won't hurt us to hold this matter off until the next city commission meeting, to give the commissioners an opportunity to go up and look over the situation themselves. As long as it is referred to us, let us take some action on it. If the zoning board has the power to adjudicate the matter without referring it to the city commission, there is no reason in having it referred; but if it is referred to us I suggest we look the property over ourselves.

Mayor Murphy: Well, if there is no objection, the commissioner feels this matter should be held in abeyance for further investigation in order to clarify the legal points. The members of the commission will inspect the property involved on this permit, on this application to extend this driveway and so forth, until the next meeting of the city commission.

I could say this, that the objectors, or those who are in favor of it, it will not be necessary for them to appear two weeks from now when

the matter will come up again, because we have all this as a matter of record. We have your statements as a matter of record, and it is not necessary to inconvenience anybody in coming here.

Miss Edna A. Kahaut: I happen to be the district leader in that neighborhood, and I happen to know all the people in all those houses around there, they are a fine class of people; and their opinion is that the same would be detrimental to their neighborhood. I just wanted you to know that they are good living people and a good class of people.

Mayor Murphy: I don't think there is any question about us not knowing that. I mean, we know pretty nearly all the people in that district. A good many of us come from around there.

Commissioner Keenan: I move the matter be laid over two weeks.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

The Board of Commissioners  
of the City of Newark, N. J.  
MARTIN G. BROSS  
Acting City Clerk.

Newark, N. J., March 30, 1942

A special meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10:00 a. m., Eastern War Time.

Mayor Murphy: Suppose we now call this meeting to order. The Clerk will call the roll.

Present: Commissioners Brady, Keenan, Mayor Murphy.

The Clerk then read the following call for the meeting.

THE CITY OF NEWARK, N. J.  
VINCENT J. MURPHY  
MAYOR

March 27, 1942

Mr. Martin G. Bross  
Acting City Clerk  
City Hall,

Newark, N. J.

Dear Sir:

Please call a special meeting of the Board of Commissioners for Monday, March 30th, at 10 A. M., for the purpose of considering the adoption of an emergency appropriation resolution to cover the costs of the forthcoming Special Election.

Very truly yours,

VINCENT J. MURPHY  
Mayor

Ordered Filed.

Mayor Murphy: I have called you

to this Special Meeting to announce to you, and if you agree, that as city commissioners, on behalf of our citizens, we exert every legal means to determine whether we are required to hold an election, thereby saving our taxpayers \$120,000; spare our city; satisfy citizens, our friends, our well-wishers and ourselves the time and money that such special elections would entail.

I am also of the opinion that because of our war activities, the vast majority of our citizens are opposed to a change entailing two special elections costing approximately \$60,000 each. That means, of course, the election which would now be held, and the election later on, if it is successful.

If it is concluded that our citizens are opposed to the holding of these elections and the spending of such a huge sum of money, I propose to instruct the law department to prepare forthwith the petition the court for a Declaratory Judgment to test the following.

1. Does the recently enacted Soldier Law conflict with the City Manager Law which would require the holding of an election on April 21st, while the Soldier Voting Law requires 40 days?

2. Does the 1940 Registration Law which requires registration 40 days before an election conflict with the City Manager Law?

3. Is the petition filed for the election in proper form in view of apparent defects in the title?

4. Does the law permit this petition to be signed before February

20th, not two full years before the last City Manager election?

5. Does the law permit this petition to be filed before May 13th, 1942, one year after the last commission election, in view of the fact that this is tantamount to a recall, which cannot be held in less than one year after a commission election?

6. Should the sufficiency of the petition by the Commissioner of Registration be deferred until an appropriation is properly made, in view of the fact that there is no appropriation in the budget for the holding of these special elections?

7. If the petition is found to be legal, and in order to expedite the holding of said election, I propose this resolution providing the money for the holding of the two elections.

And then we have this resolution here (showing) which of course we cannot very well pass today because it is an emergency resolution, setting up \$120,000, which consists of \$60,000 for one election and \$60,000 for the other, making \$120,000 for the two elections. This resolution has been prepared by the law department and has been signed by Philip Schotland; but of course there will be no need of presenting this emergency resolution today, Mr. Parsonnet, I suppose, in view of the fact that we have not the necessary four votes here to pass it.

Commissioner Keenan: In what amount is this resolution?

Mr. Thomas Parsonnet: \$120,000.

Commissioner Keenan: Don't you think that that is too much?

Mr. Parsonnet: Well, the point is this; that you have to allow sufficient to authorize the necessary ex-

penditures for each election. Now, it may be perhaps that it is a little too high and it may be that it is not, I don't know; but you do not have to spend it. Each bill for the expenditures will of course have to be approved by the city commission, according to the resolution. The point is, that in order to conduct these elections you have to authorize the appropriation of money. Just how much will be necessary is hard to determine within the few cents or few dollars.

Commissioner Keenan: Doesn't the record show that the previous election cost, doesn't the record show that it cost somewhere in the neighborhood of \$50,000? Was that for one or was that for all elections?

Acting City Clerk: That was for one election.

Commissioner Keenan: Didn't that cover the two?

Acting City Clerk: No.

Commissioner Keenan: Oh, we only needed one at that time because it was defeated?

Acting City Clerk: That is correct.

Commissioner Keenan: In other words, if we need two elections.

Mayor Murphy: That is the reason we have it that way; \$60,000 on each. Of course if there is a surplus left over, if we do not use it all, it will be carried over.

Commissioner Keenan: Anyhow, the municipality must provide for two elections; although in the last election one referendum was all that was necessary. If you have this referendum, that is one expense; and then the election itself necessitates another expense which

you must provide for.

Now, I don't want the reaction of this to be that we make it prohibitive because we were afraid; there would be some reaction on that.

Mr. Thomas Parsonnet: This is not a question of spending the money. It is merely making the money available in the event it has to be paid.

Commissioner Keenan: What is this "If it is concluded that our citizens are opposed" (looking at statement)? In what manner are we to assume that the citizens are opposed? How is that to be determined?

Mr. A. J. Cozzolino: The sentiment of the people I assume. The commissioners will have the sentiment of the people.

Commissioner Keenan: But how are we to come to that conclusion inasmuch as there is a supposedly legal petition on file now?

Mr. A. J. Cozzolino: But you are petitioning the court. Why should you petition the court if you don't believe that there is a sentiment?

Commissioner Keenan: But that would be only a conclusion.

Mr. A. J. Cozzolino: That is right.

Mayor Murphy: Now on these points I mentioned, do these points in your opinion, cover everything, or do they cover everything that the members of the commission here can recall, so that the law department can go ahead and proceed?

Mr. Thomas Parsonnet: Of course points 6 and 7, on page two of this statement Mr Mayor

Mayor Murphy Point 6 is "Should the sufficiency of the petition by the Commissioner of Registration be deferred until an appropriation is properly made, in view of the fact that there is no appropriation in the budget for the holding of these special elections."

Mr. Parsonnet: That point is not a point that should be brought into the court. I don't think that was intended. Under the law we need not go into that; but no municipal officer can incur any obligation on the part of the city without an appropriation; and it is my advice that this resolution be adopted before Mr. Bross is able to take any action or incur any obligations.

As to the seventh point also, that was not intended to be any part of the legal question.

Mayor Murphy: I think that number six, in connection with that, Mr. Darby, on numerous other occasions, had reprimanded the city for not seeing that the money was appropriated before the commitment was made.

Mr. Parsonnet: That is right.

Commissioner Keenan: Yes, but how could the law hold you when this thing comes up, after the adoption of the budget?

Mr. Parsonnet: You should, by emergency resolution, appropriate the money.

Commissioner Keenan: That should always be done.

Mr. Parsonnet: Exactly; but it should be done before any obligation is incurred for the city.

Mayor Murphy: In other words, if these petitions are turned over to the county, we immediately start committing ourselves, don't we?

Mr. Parsonnet: That is correct, because we request the county do some work for us, for which they charge us.

Mayor Murphy: And for which we have no appropriation.

Mr. Parsonnet: That is correct.

Mayor Murphy: But by passing this emergency resolution, we have that appropriation, and then we can proceed legally, and turn the petitions over to the county and they can start checking them from that time on. The City should have the money available for the work done by the county.

Mr. Parsonnet: That is right.

May I state to you members of the commission that I was in touch with Director Villani by phone on Friday, and he said he would be here this morning. But Mr. Paskow called me yesterday and said he had a wire yesterday and he told him he was unable to make reservation to get here.

Mayor Murphy: Is there any other thought you had, Mr. Parsonnet, legally that should be presented to the court, outside of what is outlined in this statement?

Mr. Parsonnet: I have given this matter a rather complete study Mr. Mayor, and commissioners. I have looked into every legal viewpoint. And I believe that these five points are the only points which should be raised; and I recommend that there be no delay in proceeding with this matter, and that I, on behalf of Mr. Bross, on behalf of the city clerk, make application to the court for instructions by way of a Declaratory Judgment, to determine what rights and obligations he has under the law.

Mayor Murphy: How long will that take? How long will it take to present this, by way of the Declaratory Judgment, to the court?

Mr. Parsonnet: I think I could be ready tomorrow morning.

Mr. Cozzolino: It is merely academic, but on point six Mr. Parsonnet, who is to determine as to whether commitments can be made in view of the fact that the law demands an election to be held without any "ifs" and "ands"?

Mr. Parsonnet: Well, . . .

Commissioner Keenan: We must do that as the elected representatives.

Mr. Parsonnet: Well, the law department will advise as follows: that the commitments must be made, and that the Board of Commissioners is obligated before the commitments are made to adopt a means of appropriation, by emergency resolution, to authorize the commitments. It isn't a question as to who is to determine it. The law determines it by directing an election to be held; and it is therefore incumbent upon the municipal officials, the city commission, to make the funds available by an emergency resolution.

Commissioner Keenan: Yes. In any other instance, if the budget had already been adopted, and there is some other appropriation which came up that necessitated an expenditure for which there is no funds, you would then have to act by a resolution.

Mr. Cozzolino: But with Commissioner Villani and Commissioner Byrne away, you are going to file your petition tomorrow?

Mr. Parsonnet: That is correct.

Mr Cozzolino Shuldn't the court be asked to declare on that, in view of the fact that it is impossible to get this emergency resolution through without the other commissioners? And these three commissioners now, wouldn't they be liable for a fine for having spend the money without an appropriation?

Mr. Parsonnet: We will not spend any money by going to court.

Commissioner Keenan: Even regardless of that, supposing we kept them away; supposing by some way there is no more than three here?

Mr. Parsonnet: If I may suggest gentlemen, the Board of Commissioners would be held responsible for failure to appropriate the funds. In this case it would be essential for the Board of Commissioners, at its earliest possible opportunity, to appropriate the funds; and I think it is pretty evident that the Board of Commissioners is making a pretty definite effort to make the appropriation and that it will be made at the earliest possible opportunity. And I don't think there will be any question about failing to carry out the obligations either of the City Clerk, or of the Board of Commissioners.

Mayor Murphy: Do you think there is any point in having three members of the city commission signing this resolution, until such time as the four members of the commission will be here?

Mr. Parsonnet: The signatures at this time would be meaningless.

Commissioner Keenan: Yes. You have got to wait until there are four here.

The picture as I see it is this way — I recall when the first

apartment house was built in South Orange, on South Orange Avenue on the left hand side just before you get to the village. I remember there was pposition made against the erection of the apartment house in the village of South Orange because it was more than a one family proposition, and one of the ordinances there was, one of the objections was that the fire department was not adequately equipped with trucks or equipment to make rescues in the event it was necessary. The court then said the village must provide adequate equipment for that. So it was "knocked" out, for the town, in not being able to take care of it in the event of a fire. The courts said to the village of South Orange that you must make the apparatus available.

And then there was another similar emergency resolution which was made at the time when repairs were to be made to the Fire Boat when an inspection was made by the Federal Inspectors. At that time they condemned some 21 steel plates on the boat; and it necessitated an expense of some \$51,000. You recall the piece in the paper when they were all excited and they said it was a lot of money. And it had to be done. But by the government orders. We have had to do it. And we put through a special resolution to pay for that expense, for the repairs to the boat, there having been no provision made for an expense of that type in the budget.

So there were those two instances. The law would say to us this, that if no provision is there, you must by some means make some provision for it.

Mayor Murphy: Would you advise, Mr. Parsonnet, that the city commission, there now being a quorum present, take action on points number 1, 2, 3, 4, and 5, and

instruct the law department, to go into court for a Declaratory Judgment?

Mr. Parsonnet: If I may suggest, I think the commission should merely take action not on specific points, but take action to instruct the law department to take every out the obligations of the city commission, and if possible to find out possible means available to find what the duties and obligations of the City Clerk are.

Mayor Murphy: There should be a motion passed to that effect then.

Mr. Parsonnet: It is wise to do that.

Commissioner Brady: Mr. Mayor, before the motion is made, I am in favor of this election being held as quickly as possible; but it is confusing to me. When I heard explained by the law department, and from reading the press, that there is another law requiring 40 days I believe . . .

Commissioner Keenan: (Interrupting) That is number 1.

Mr. Parsonnet: Commissioner Brady, if you wish me to explain that in detail, I would be glad to do it.

Commissioner Brady: Yes, I would like to have that explained; but I want to give my reasons why I take this position. If the law making provision for holding of a city commission election indicates that we must hold it on a specific day after the petitions are filed is sound, then the other law providing for 40 days notification must be sound also. What I am deeply concerned about is that the commission does not violate any of the laws. And the only way that that could be adjudicated to the satisfaction

of the commission is by having a court of competent jurisdiction pass upon it; and then the commissioners are in the position to determine whether or not they have been acting within the scope and the provisions of the law.

Now, I know it is very confusing if on one hand we hold the election as indicated in the City Manager provision, we might be violating the law providing for 40 days notice. And on the other hand we wait in accordance with the provisions of the Soldiers Act, when we may be violating the City Manager Law. And I believe that we should have that matter definitely clarified for the commission; and I will make the motion Mr. Mayor, that the commission instruct the law department to go to court for clarification on a Declaratory Judgment basis to find out what the duties and obligations of the City Clerk are — is that right?

Mr. Parsonnet: That is right.

Commissioner Brady: In conformity with both laws.

Mayor Murphy: All those in favor of the motion signify by saying "aye." The Clerk will call the roll.

(The Acting City Clerk calls the roll. All Present say "aye.")

Mayor Murphy: Of course as I see it, the important thing here counsellor is that this be clarified as quickly as possible, because if we are going to have an election we should have it, then go through it and get it over with. One thing I don't think is, that the commission wishes to create an impression in the minds of the public, as some people may have in mind, that we are trying to delay it. What I want to do is to make sure we are acting legally right, and then get through

it as quickly as possible.

Commissioner Brady: I am in favor of voting it tomorrow even, if we could get through with it.

Commissioner Keenan: Now, what would be the status of a ballot in this respect — I would like to state that we have soldiers now in Australia for instance, the Philippine Islands, in Pearl Harbor, and they will not be back for it for at least a hundred days. Suppose at the expiration of the 40 day period a number of soldier ballots came in?

Acting City Clerk: Then it would be no good. You cannot accept soldier ballots after that day.

Commissioner Keenan: Can the law then, whether it be the law department or the courts say, what time would be necessary to be consumed in mailing to and receiving back from the soldier from the distant ports, of a piece of mail?

Mr. Parsonnet: There is a provision in our Constitution, Article 2, Section 1 of our Constitution, which provides specifically that no action shall be taken which will deprive a soldier in military service of his right to vote. Just exactly how that is to be construed is something I cannot possibly answer. It has never been acted upon by the courts at all.

The Soldiers Vote Act was approved by Governor Edison on the sixteenth day of March, this year. It requires the Adjutant General to send to the county clerk, and through the county clerk to the city clerk, 40 days before any election, whether it be primary, general or special, a list of the names and addresses of all legal voters in military service. Of course that list is not available at this time. The Adjutant General has not done it

It would not be possible for the Adjutant General to do it in accordance with the City Manager Law, because the City Manager Law requires an election 28 days after the filing of the petition.

Under the circumstances those two laws seem to be a hopeless conflict.

Commissioner Keenan: That is admitted. But my point is, that some of those soldiers are at so far distant points that they would not be down there and back again even in forty days, as provided for by the recent act. And then what?

Acting City Clerk: Then their votes will not be counted.

Mayor Murphy: Some of them won't even get their notices in forty days. I know it has taken more than thirty days for one of those convoys to reach some of those points at distant places, then it would mean another convoy to take at least thirty days back.

Commissioner Keenan: And then if everything was done, the delayed vote that might come in might mean the balance of power either way. Everything might be done and you could not include them.

Mr. Parsonnet: No.

Commissioner Brady: I think Commissioner Keenan brought up a very important point.

Commissioner Keenan: It isn't an "an" or a "but" in this thing. I am not for delay. Let us have it next Tuesday for all I care.

Commissioner Brady: It is a very important thing. If these soldiers are in Australia they are entitled to vote. They have just as much right to vote as I have, and they

are entitled to vote; and they have just as much right to approve or to disapprove any matter concerning the city of Newark. They are just as much a part and parcel of free institutions of government as we are; and they are entitled to their say. That seems to be one of the unfortunate situations in this country, or in the nation, that some people take it upon themselves to exercise the thinking of others; and if we would pay more attention to the entire elector I think we would be better off, whether he is twenty-one or seventy-one. If he is a citizen he has just as much right to exercise his approval or disapproval as we have. And I am in favor of it. If they are in Australia or the Philippine Islands or in Iowa or anyplace, I feel if they are citizens of the city of Newark, they have just as much right to say as much as any other citizen.

Commissioner Keenan: And more.

Commissioner Brady: It is a good point.

Commissioner Keenan: We know you could never get mail to our boys in Australia and get the mail back in forty days.

Commissioner Brady: I think the city law department should be instructed.

Commissioner Keenan: I don't mention it to delay election. Let us have the election.

Commissioner Brady: I am bringing it up for, let us say, even tomorrow; but at the same time I am in favor of everybody exercising his right of franchise.

Mayor Murphy: Well, if there is no further business, we will act on this question.

Mr. Parsonnet: Before you adjourn, I suggest that you adjourn until a specific date, as a continued meeting, so as to get the four commissioners here.

Mayor Murphy: Suppose we adjourn from day to day until the additional commissioner is available, so that we could act on the emergency resolution.

Mr. Parsonnet: That is right. So there is no need in calling another special meeting.

Commissioner Keenan: And in asking for \$120,000, I would like to bring to the public in general that it is making provision for both elections, inasmuch as some people would think that you are providing twice as much as necessary. And I would like to bring to the public that it is not so, because we are making provision for the election itself, and then for the election of the officials if the first election is successful. It is two elections; whereas prior it was one.

Commissioner Brady: I think that could be straightened out very easily. If the first election is held, and they are not successful, then we could rescind that part of the resolution for the other \$60,000.

Commissioner Keenan: Well, it won't be spent anyhow.

Mayor Murphy: It won't be spent.

Commissioner Brady: We are trying to follow out the law as the city law department interprets it; but here is another thing on this; these soldiers in Australia and the Philippine Islands, we have no assurance how they are going to vote.

Commissioner Keenan: No, we don't know; but they have their

right and that privilege, but they may not exercise it.

Mr. Parsonnet: The act, Chapter 18 of the laws of 1942, this recently adopted act, says that the Adjutant General must give us the names and addresses within forty days prior to any election, and that the city clerk must twenty-five days before any election mail ballots to all the persons listed on that list. Then there is provision made for their mailing them back to the County Board of Elections for tabulation.

Commissioner Keenan: Is that time limited on the number of days?

Acting City Clerk: And if they are not in the County Board of Elections office on that day, they are not counted.

Commissioner Keenan: You see, with this type of a war with these men all over the globe, even 40 days is not enough time.

Mr. James Owens: It seems to me that that act was passed in consideration of the Selective Service training, and does not take into consideration the war.

Mr. Parsonnet: Oh, that was introduced this year, subsequent to the Pearl Harbor affair.

Commissioner Brady: This is off the record. (Addressing the stenographer).

(At this point Commissioner Brady makes a statement which is not taken on the record).

If it is going to take twenty-five days for the city clerk to mail a ballot to the soldiers, and we have to wait until it comes back again, I cannot see how it is going to come

within the provision of this act.

Commissioner Keenan: I feel the same way about it. I only had a question of what would happen to the count when it comes in.

Mayor Murphy: Some of it may come in even after the war is over.

Commissioner Brady: These boys will have just as much right to criticize us for not looking after their interests as anybody would, for withholding the election until they have had an opportunity to say something.

Mayor Murphy: Well, if there is no objection, the meeting will adjourn until tomorrow at ten o'clock.

Commissioner Brady: I so move you.

Commissioner Keenan: I second it.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

Mayor Murphy: I think the important thing is for the counsellor to immediately go into court in view of his advice; and that we have the emergency resolution passed. That seems to be the only procedure to follow. Otherwise, you are going to violate what we have been talking about. Once we submit the petitions to the Register, to the Commissioner of Registration, we immediately incur expenses, without any appropriation.

And we ought to have a decision counsellor from the court, within the next few days?

Mr. Parsonnet: The only power that Justic Parker has is as any

other single justice would have, to refer it to the court at the earliest date. Now just when the court will sit, I could not say. I would have to find out. But I am going to urge an immediate hearing, and I am going to urge, before the justices before whom I will appear, that I be given an opportunity to appear before the court at the conference day within a week or so. And individual justices of the Supreme Court will not have the power. You will recall the Declaratory Judgment case we brought on the question of the Relief Bonds a little while ago; and Justice Parker ruled then that he does not have the power to rule on it himself, that it has to be referred to the court en banc. Just when that will come up I could not say.

Commissioner Brady: Then Mr. Mayor I suggest that we proceed immediately, that we set up the election machinery and get going, pending that the court does.

Mr. Parsonnet: The first thing

you will have to do in that respect is to adopt this appropriation.

Commissioner Brady: Yes. I suggest we proceed right along and set up the election machinery, so that regardless of how it goes we will be prepared to hold the election on the date set.

Mayor Murphy: The meeting will be adjourned until tomorrow. I will find out tomorrow whether there are four commissioners available. If not, we will adjourn this meeting from day to day.

APPROVED:

JOHN B. KEENAN

VINCENT J. MURPHY

The Board of Commissioners  
of the City of Newark, N. J.

MARTIN G. BROSS  
Acting City Clerk.

Newark, N. J., April 6, 1942

An adjourned meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Mayor's office, City Hall, Newark, at 10:00 A. M., Eastern War Time.

Mayor Murphy: The meeting will come to order. The Clerk will call the roll.

Present: Commissioners Brady, Keenan, Villani, Mayor Murphy.

Absent: Commissioner Byrne.

Mayor Murphy: This special meeting which has been arranged for today is called in reference to the passing or the taking of action on this emergency resolution, setting up \$120,000, which we have been advised by counsel it is necessary to pass this resolution before we may proceed in making any commitments. As soon as this resolution is passed, then the petitions which are filed can then be forwarded to the County Clerk. Is that correct Mr. Parsonnet?

Mr. Thomas Parsonnet: Correct.

Acting City Clerk: You mean to the Superintendent of Elections.

Mayor Murphy: Yes, the Superintendent of Elections.

The Clerk then read the following resolution:

WHEREAS, an emergency has arisen with respect to the following:

WHEREAS, on March 25, 1942,

petitions containing 15,183 names were delivered to the Acting City Clerk, Martin G. Bross, requesting that he call a special election in the City of Newark, for the adoption of the Municipal Manager form of government, and

WHEREAS, in the proper examination of the petitions and the conducting of an election or elections, if held, it will be necessary to expend money for printing, advertising, employment of necessary clerical help, the election officers, and other items of expenses incidental thereto; and

WHEREAS, it shall be the condition of the expenditure of the fund herein appropriated, that all costs, charges and expenses especially provided for by the election laws of the State of New Jersey, shall be paid therefrom, and all other costs, charges and expenses deemed necessary in connection with the examination of the petitions and the election, if held, shall first be approved by the Board of Commissioners of the City of Newark; and

WHEREAS, adequate provision was not made in the 1942 Budget for the aforesaid purpose; and

WHEREAS, R. S. 40:2-31, Chapter 23, P. L. 1939, provides for the creation of an emergency appropriation for the purposes above mentioned; and

WHEREAS, the total amount of emergency appropriations created including the appropriation to be created by this resolution is One Hundred and Twenty Thousand Dollars (\$120,000.), and three per

cent of the total current operating appropriations in the Budget for 1942 is Five Hundred Sixteen Thousand, Seven Hundred Thirty-seven Dollars and Ninety-eight Cents (\$516,737.98);

NOW, THEREFORE BE IT RESOLVED, that an emergency appropriation be and the same is hereby made pursuant to R. S. 40:2-31 (1) in the total amount of One Hundred Twenty Thousand Dollars (\$120,000.00), as follows:

Salaries and wages ....	\$60,000.00
Other expenses .....	\$60,000.00

and

BE IT FURTHER RESOLVED, that said appropriation shall be provided for in full in the 1943 Budget, and

BE IT FURTHER RESOLVED, that an "Emergency Note" not in excess of the above amount be hereby authorized pursuant to R.S. 40:2-31 and in accordance with the provisions of R. S. 40:2-40 and 40:2-41 and 40:2-43 to 40:2-46; and

BE IT FURTHER RESOLVED, that said note shall be dated March 30, 1942, may be renewed from time to time and such note and any renewals thereof shall be payable on or before December 31, 1943; and

BE IT FURTHER RESOLVED, that such note shall be executed by the Director of the Department of Revenue and Finance and by the Acting Auditor of Accounts of the City; and

BE IT FURTHER RESOLVED, that a copy of this resolution be filed forthwith with the Commissioner of Local Government.

John A. Brady  
John B. Keenan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Keenan, Villani, Mayor Murphy.

Mayor Murphy: There being no further business which I can think of . . .

Commissioner Brady: (Interrupting) I move we adjourn.

Commissioner Villani: I would like to supplement that first. Because I was not here when all this commotion was going on, I would like to release a statement for the record and for the press, within the next hour.

Mr. Thomas Parsonnet: May I ask that you move to make your statement a part of the minutes of this meeting?

Commissioner Villani: Yes.

Mayor Murphy: If there is no objection, the statement by Commissioner Villani will be included as part of the minutes of the meeting. All those in favor signify by saying "aye". The Acting City Clerk will call the roll.

Yeas: Commissioners Brady, Keenan, Villani, Mayor Murphy.

Mayor Murphy: Motion to adjourn is now in order.

Commissioner Villani: Can we take up any other matter at this meeting?

Mayor Murphy: Yes, unofficially.

Commissioner Villani: I just

wanted to discuss this matter of daylight savings time that Mayor LaGuardia mentioned in today's paper.

Mayor Murphy: Yes, I know about that; but I did not want to bring it up.

Commissioner Villani: I think we ought to discuss it informally.

Mayor Murphy: Suppose we adjourn this meeting and then we could talk about it; and later have it ready for the next meeting.

Commissioner Keenan: I move we adjourn.

Mayor Murphy: Motion has been made to adjourn. The Clerk will call the roll.

Yeas: Commissioners Brady, Keenan, Villani, Mayor Murphy.

(At this point a discussion takes place not taken on the record).

(Following is the statement from Ralph A. Villani, Director of Department of Parks and Public Property):

"Addressing several groups, the major one at the West End Club, last night after his return from Florida, where he spent a vacation, Commissioner Ralph A. Villani, Director of the Department of Parks

and Public Property, said:

"My vacation turned out to be more than a recreational jaunt. It gave me first-hand opportunity to observe major doing at Miami where the city-manager form of Government has been adopted. The War Department recently took over hotel rooms to house 30,000 members of our armed forces in that city, which means that the military will more or less supercede the municipal rule. I did notice, however, that within 48 hours 178 city employees, protected by Civil Service and working as career men and women, were fired without notice and half of that number were re-fired which means that the taxpayers indirectly will pay the freight of these retired employees. It is my strong conviction that the firing and retiring of these people means curtailment of essential services which no municipality in the midst of war can afford to adopt.

"The City Manager by this drastic action proves the theory that the 'Manager Plum' is dictatorial through centralization of authority and contrary to every decent democratic ideal that our boys are fighting for.

"I promised recently to restore to the City Commission Chamber the flag encased which was the standard of the 312th Infantry from Newark in the World War. While these men were away prohibition was put over on them. Prohibition begot the bootlegger and the bootlegger begot several other forms of indecency in our community and now in this generation while thousands of Newark boys are fighting on every sea and ocean in the world and it is impossible to reach them for their decision it is proposed to sneak up on their absence and put something over on them that I know by virtue of my

experience in politics, city affairs, on the Bench, and in the Department of Parks and Public Property is wrong and will prove a backward step.

"I have seen Port Newark revitalized. I have seen industry return to Newark. I have seen the tax rate and the tax base in the city of Newark lowered. I know

my colleagues are doing an honest job and I think it is un-American and impractical to force a decision like a major change in government when our workers are working at it 7 days a week 24 hours a day. We have just begun to fight and I think we can well afford to leave all our fighting to the common enemy instead of diverting our attention from the major task."

Newark, N. J., April 8, 1942

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chambers, City Hall, Newark, at 2:00 P. M., Eastern War Time.

Mayor Murphy: The meeting will come to order. The Clerk will call the roll.

Present: Commissioners Brady, Keenan, Villani, Mayor Murphy.

Absent: Commissioner Byrne.

Mayor Murphy: The Clerk will now read the minutes of the previous meeting.

Commissioner Brady: I move that the reading of the minutes be dispensed with.

Commissioner Villani: I second it.

Mayor Murphy: Motion has been made that the reading of the minutes of the previous meeting be dispensed with. The Clerk will call the roll.

Yeas: Commissioners Brady, Keenan, Villani, Mayor Murphy.

Commissioner Keenan introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance at length:

An Ordinance to amend an Ordinance entitled: "An Ordinance to amend an Ordinance of the City

of Newark entitled: 'Revised Ordinances of the City of Newark (Revision of 1913), adopted October 4, 1913' which amendment was adopted February 10, 1937.

The Board of Commissioners of the City of Newark do ordain:

1: That Section 1009: Paragraph 4, of an ordinance of the City of Newark entitled: "An Ordinance to amend an ordinance of the City of Newark entitled: 'Revised Ordinances of the City of Newark (Revision of 1913), adopted October 4, 1913' which amendment was adopted February 10, 1937, be and the same is hereby amended to read as follows:

"Section 1009: Paragraph 4.

House and all horizontal drains. (Acid Drains alone excepted).

All horizontal house drains within the walls of, or under, any building, must be extra heavy uncoated cast iron pipe, not less than four (4) inches in diameter. Galvanized wrought iron, galvanized steel, or brass pipe, may be used above the ground only. Where house drain is run above cellar floor, it must be supported, at intervals of not more than ten (10) feet, by eight (8) inch brick or concrete piers, accepted iron brackets, or be suspended from the floor beams by heavy excepted iron hangers. All piers, brackets and pipe hangers must be in place before the water test is made. All horizontal house sewers, house drains, and horizontal soil pipes, waste pipes, and vent pipes shall be installed with a fall of not less than one quarter inch per foot."

2: That the aforesaid ordinance is also amended by adding a new paragraph to Section 1037, said paragraph to be known as Paragraph 8, to read as follows:

"Section 1037. Paragraph 8: Food Packing Establishments.

"In each and every place where any food or beverage products whatsoever is manufactured, processed, prepared, packed or enclosed in jars, bottles, jugs, cans or barrels for sale, distribution or storage purposes, there shall be provided at least one two-part deep sink to be used for rinsing, washing, dipping and cleansing all such aforesaid jars, bottles, jugs, cans, or barrels, and all utensils and machinery used in such processing.

"Each part of the deep sink shall be not less than eighteen (18) inches long and eighteen (18) inches wide and fourteen (14) inches deep.

"Each part of the deep sink shall be provided with a plentiful supply of hot and cold running water. 'Hot water' as referred to in Paragraph 7 and 8 of Section 1037 is defined to mean water having a temperature of not less than 120 degrees Fahrenheit.

"In addition there shall be installed one or more floor drains, as the Department of Health may direct."

3: All ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

5: This ordinance shall take effect immediately, upon final passage and publication according to law.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Brady, Keenan, Villani, Mayor Murphy.

Commissioner Keenan moved that April 22, 1942, at 2:00 P. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

Yeas: Commissioners Brady, Keenan, Villani, Mayor Murphy.

The City Clerk presented the following ordinance and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

The Clerk then read the ordinance at length:

An Ordinance to authorize the borrowing of \$200,000 by the issuance of Bonds and Bond Anticipation Notes pursuant to the Local Bond Law to finance improvements

to the water supply system of the City of Newark.

The Board of Commissioners of the City of Newark do ordain as follows:

Section 1. It is hereby determined and stated that the Board of Commissioners of The City of Newark proposes to enlarge and improve the water supply system, established and operated by said City, by the construction or reconstruction of additional water mains together with appurtenances necessary or suitable for their operation, an improvement hereinafter described as "purpose"; that said purpose is not a current expense of said City; and that it is necessary to finance said purpose by the issuance of serial bonds and notes of said City, pursuant to the Local Bond Law of New Jersey, as hereinafter provided; and that said water supply system would have been self-liquidating, as defined in Section 40:1-79 of said Local Bond Law, during the fiscal year beginning January 1, 1941, had there been included in the interest and debt redemption charges for such year an amount equal to interest for one year at the rate of four and one-half per centum ( $4\frac{1}{2}\%$ ) per annum, on said bonds or notes, and the amount of the first installment of serial bonds legally issuable to finance such purpose.

Section 2. It is hereby stated, pursuant to said Local Bond Law, that (a) the estimated maximum amount of money necessary to be raised from all sources for said purpose is Two Hundred Thousand (\$200,000) Dollars; (b) the maximum amount which is to be charged as a part of the cost of said purpose and which is necessary to finance interest on obligations issued to finance such purpose

or to finance engineering or inspection costs and legal expenses, or to finance the cost of the issuance of said obligations, as provided in Section 40:1-55 of said Law, is Twenty Thousand (\$20,000) Dollars; and (c) the estimated maximum amount of bonds or notes necessary to be issued for said purpose is Two Hundred Thousand (\$200,000) Dollars.

Section 3. To finance said purpose, bonds of said City of an aggregate principal amount not exceeding Two Hundred Thousand (\$200,000) Dollars to be designated "Water Bonds," are hereby authorized to be issued pursuant to said Local Bond Law. Said bonds shall bear interest at a rate which shall not exceed six per centum (6%) per annum. All matters with respect to said bonds not determined by this ordinance shall be determined by resolutions to be hereafter adopted.

Section 4. To finance said purpose, Bond Anticipation Notes of said City of an aggregate principal amount not exceeding Two Hundred Thousand (\$200,000) Dollars are hereby authorized to be issued, in anticipation of the issuance of said bonds, pursuant to said Local Bond Law. Said notes shall bear interest at a rate which shall not exceed six per centum (6%) per annum, and may be renewed from time to time pursuant to and within the limitations prescribed by law. All matters with respect to said notes not determined by this ordinance shall be determined by resolutions to be hereafter adopted. In the event that bonds are issued pursuant to this ordinance, the aggregate amount of notes hereby authorized to be issued shall be reduced by an amount equal to the principal amount of the bonds so issued. If the aggregate amount of

bonds and notes issued pursuant to this ordinance shall at any time exceed the sum first mentioned in this section, the moneys raised by the issuance of said bonds shall, to not less than the amount of such excess, be applied to the payment of such notes then outstanding.

Section 5. It is hereby determined and declared that the period of usefulness of said purpose is a period of forty (40) years, computed from the date of said bonds.

Section 6. No part of the cost of financing said purpose has been or is to be specially assessed against property specially benefited thereby.

Section 7. It is hereby determined and declared that the Supplemental Debt Statement required by said Local Bond Law has been duly made and filed in the office of the City Clerk of said City, and that such statement so filed shows that the gross debt of said City, as defined in Section 40:1-76 of said law, is increased by this ordinance by Two Hundred Thousand (\$200,000) Dollars, and that the issuance of said obligations is permitted by an exception to the debt limitations prescribed by said law, contained in subdivision (f) of Section 40:1-16 of said law.

Section 8. This ordinance shall take effect twenty (20) days after the first publication thereof after final passage.

The Board then entered upon said hearing.

Mayor Murphy: Does any citizen desire to be heard on this ordinance.

Mr. Charles Shankroff: May I have a copy of the ordinance? I misplaced my advertisement.

(Mr. Shankroff is handed a copy of the ordinance).

There is something peculiar about this ordinance. In the first place, — is this going to be "maintenance" or "part of maintenance" or is this an "extension of maintenance"?

Mr. Theodore Miller, Jr. (Deputy Director): It is not an extension of maintenance. It is a six year program which was adopted. Dr. Cole is here. Address your questions to Mr. Cole here.

Mayor Murphy: Well, he is addressing his questions to the mayor.

Mr. Theodore Miller, Jr.: I mean permit Mr. Cole to answer it.

Mayor Murphy: Well, that is perfectly all right, Mr. Cole, will you kindly answer that? It has been a program that is going on for a number of years, and it is a six year program of the development of our water ways throughout the city.

Of course you could probably enlarge on what I have stated.

Mr. L. Dudley Coles: It has the recommendation and the approval of the fire underwriters.

I was busy there answering the 'phone just now, and I want to make sure what one you are talking about.

Mayor Murphy: All right. Will you let him see the ordinance? It is an ordinance authorizing the issuance of \$200,000 of bonds for water improvements.

Mr. Coles: It is for construction and reconstruction of city water mains. That is part of our six year

program. We have one contract to rehabilitate a pipe line laid 50 years ago, to clean it out and re-line it. It has already lived 50 years; and this will increase the life of it 40 years more. And we could not possibly get a new pipe now.

Mayor Murphy: I know some time back, I don't know just how long ago, when part of it was brought up for discussion, I think you had plans here outlining these lines all over the city, and the ages of them, how long they had been in the ground, and how some of them had to be replaced. And then I think, with the re-lining that you talked about — is that part of the relining, by the way, part of that resolution passed today?

Mr. Coles: Yes, sir.

Mayor Murphy: The awarding of the contract?

Mr. Coles: Yes, sir.

Mayor Murphy: And that is also part of the bond monies that is now set up; and gradually, as the bond monies run down in this whole program, then we introduce a new ordinance to create the funds, so we could continue with the work. Of course this may go on much longer than we anticipated, due to the fact you may not get the pipe. It may be slow in coming through.

Mr. Coles: That is right; but we should rehabilitate the pipe lines that are already in the ground 50 years in order to take care of the increased amount of water drawn from our water shed. There is already talk and suggestions by the North Jersey suggesting that Newark decrease its draft on the North Jersey by ten million gallons a day,

and take it from our own water shed. As we keep more coming down, we are going to have to increase these lines, because the more older they get the fuller they get of these iron deposits and it decreases their capacity. And we have to rehabilitate them. They hang down like those stalactites like you see in these caves. You have to break those out and reline them and restore the pipe line carrying capacity back to its original capacity.

Mayor Murphy: I remember a discussion before the commission some time ago explaining that in detail, as you do now; but of course the only point I have is and which is very likely being brought up by Mr. Shankroff—I don't know how well the other members of the commission understand it, because after all they are practically new members of the commission—how much money have you got now from the balance of the old ordinance, or the last ordinance passed, to carry on this work? For how long a period of time?

Mr. Coles: That is a W.P.A. ordinance designed for reconstruction. This is an ordinance, and we are doing that by contract.

Mayor Murphy: I know, but what I am getting at now is; and I don't know whether or not the rest of the Commission wants any more information that I already have gotten here, whether they want to go into this thing in seeing the plans of this thing, this whole outline, this whole development which is termed as a six year program, before they take action. Now, if they don't take action today, and if it is going to be delayed for two weeks in order to convey to the members of the commission this whole six year program, will it in any way, in any manner, shape or

form jeopardize the program that is going on? Have you any other money there?

Mr. Coles: We have no money, unless you award this contract.

Mayor Murphy: Is there a contract now in existence, or has the old contract been cleaned up?

Mr. Coles: All the old contracts have been cleaned up. We have taken bids for the relining. I think the new one is about \$157,000 out of the \$200,000.

Mayor Murphy: Well, of course the bond ordinance is now up before this commission. The contracts will not be able to be carried through unless the funds are created, in order for this work to be done.

Now, you heard the explanation. Have you any further remarks?

Mr. Charles Shankroff: Mr. Mayor, may I say this? I am satisfied that you have not the information necessary to pass this bond ordinance. There was work done of a similar nature, but it was done by W.P.A. work. This is a straight contract that you have now, and it is merely the cleaning out of the pipe. For 52 years this pipe has delivered water, and will deliver water for a number of years more. We are in a period which is not a depression. This is not a depression period. This is a war economy period where everything else has to be subordinated for one thing, for one purpose; and you have got to hold on to your money.

Now, the whole thing, the whole bond issue, is not properly advertised for this reason; "It is hereby determined and stated that the Board of Commissioners of the City of Newark proposes to enlarge

and improve the water supply system, established and operated by said city, by the construction or reconstruction of additional water mains . . ." Now, we will stop right there. There is no necessity of my reading any further. You are not building "new mains" by this advertisement. It is false. It is a false advertisement. What they are doing is taking the old pipe and cleaning it out.

Mayor Murphy: That is only part of it.

Mr. Shankroff: Now wait, Mr. Mayor. I have spoken with the engineer this morning, Mr. Banks, and he explained it to me on many occasions. On three times he explained it to me, and I am thoroughly familiar with this. Wanaque Reservoir has delivered today, for seven years, seven and a half billion gallons of water per year. Wanaque Reservoir is intended to take, under your contract with North Jersey District fifteen billion gallons a year; and you are only taking 50 per cent of the quota that you are entitled to. Why? Because you cannot use all of the water; you have too much water. And now you are going to spend \$200,000 for additional pipes as they say, or for additional water supply. You don't need it. You have more water than you could dispose of. You are actually selling more water.

And I will agree to this extent only, that the amount of money you receive, about \$260,000 a year by the sale of water, the other municipalities have found money; but you are losing money by the sale of water if you figure by the cost, and as I explained, by comparing it with Jersey City. Jersey City is using more water, and water is cheaper there. But, what are we talking about, this \$200,000? It is not necessary for you to spend

one cent for additional water, because you have got all the water you need. You have more water than you could use.

Will Mr. Coles say that I am wrong when I say in Wanaque we get seven and a half billion gallons a year when we are entitled to fifteen billion gallons a year?

Mr. Coles: We take about 20 million gallons a day from Wanaque.

Mr. Shankroff: Now, did you hear my question Mr. Coles? Didn't I say that Wanaque delivered seven and a half billion gallons of water to Newark a year?

Mr. Coles: I cannot say. We take 20 million gallons a day.

Mr. Shankroff: Why should we have an argument? We have had an argument before. Why don't you answer the question or say you don't want to answer?

Mr. Coles: I have given you an answer. 20 million gallons a day; and there are 365 days a year.

Mr. Shankroff: It is not responsive. My statement is that Wanaque delivers seven and a half billion gallons a year, and you are entitled to take 15 billion gallons a year. And that was the question I asked Mr. Cole. And he did not answer that. He says that Wanaque gives 20 million gallons a day. That is not true.

Commissioner Brady: Mr. Mayor, is this cross-examination, or is this something opposing the ordinance?

Mr. Shankroff: No, it is opposing it. If I say what is true, if you are only taking half of the water from Wanaque, then why do you have to spend \$200,000 to improve this water supply? And this advertise-

ment is not true.

Mayor Murphy: Do I understand one contention made here is that certain pipe lines are now becoming partly clogged with what do you call them?

Mr. Coles: Tubercles. It is a growth inside the pipe.

Mayor Murphy: These pipe lines have been inspected and it has been found out that that gradually obstructs the water system, and what else?

Mr. Coles: It decreases the flow, and it also may eat holes through the pipe.

Mayor Murphy: And after this survey was made, the report was that these pipes should be cleaned and relined?

Mr. Coles: And rehabilitated, to strengthen them.

Mayor Murphy: Oh, I see, they go in there and they clean all these pipes out?

Mr. Coles: Yes.

Mayor Murphy: And they go ahead and reline them with the concrete finish?

Mr. Coles: Yes, sir.

Mayor Murphy: Which in the opinion of the engineer, will make them as good as new?

Mr. Coles: It makes them forty years more of life.

Mayor Murphy: And in the opinion of the engineer, unless something is to be done with these pipe lines now, and in fact some of them he said he has been having considerable trouble with, with

leaks, and unless something is done about it there may be a serious situation with reference to those pipes, is that right?

Mr. Coles: Yes. This is one of the two main outlets from the water shed to the city of Newark.

Mayor Murphy: And the question now is whether we should put those pipe lines in proper condition.

Mr. Shankroff: May I suggest this? Why do this thing indirectly? You have Mr. aBnks who is very well versed in the Water Department.

Mayor Murphy: I understand you to say that Mr. Banks does not believe that this work is necessary?

Mr. Shankroff: No, I would not say that.

Mayor Murphy: I mean, this is important to me, because you are making statements. I would like to get it clear.

Mr. Shankroff: I have not finished. Why get the information indirectly when you could get the information directly? Why don't you call Mr. Banks here and let him explain the situation as he explained it to me?

Now, there are two pipe lines, is that true (addressing Mr. Coles)?

Mr. Coles: I just said that.

Mr. Shankroff: You must know there are two pipe lines. And while they are going to do this work here and clean this pipe where they claim there is a certain condition there, this growth or whatever it is, the other pipe is going to function nevertheless. So you

will have no calamity. So Mr. Banks is responsible for the statement that there is no great leakage from the water supply to the city of Newark, than there is to any other municipality. In other words, the percentage of water that is delivered to the city, the amount of loss is about ten or eleven per cent. In other words twenty-one billion gallons is supplied to the city, and you consume about nineteen billion gallons a year, so there is a loss of about a billion, or about ten per cent. And he said that is a fair rate of loss. And he said there is no real danger.

Now, there is no leakage now. You made mention of leakage. There is no haste. There is no rush. You don't have to issue this one bond. You don't have to pass that contract. You will get your water just the same in the city of Newark. There is no threatened shortage. There is no emergency. And you don't have to issue this bond ordinance.

Mayor Murphy: Would you say then — rather, did you draw the impression from Mr. Banks' statement that this work was not necessary?

Mr. Shankroff: No.

Mayor Murphy: I am not asking you did he say that. I am asking you did you draw that impression.

Mr. Shankroff: That is my impression. Not from his statement, but from knowledge of the facts, from knowing something about the water system. From reading other engineering advice.

Mayor Murphy: To which you applied his statement naturally, because you spoke to him about it?

Mr. Shankroff: No. He admitted

this when I asked him this morning: Could we postpone that to another period on account of the water emergency? Well, he had to admit that for fifty-two years it has been functioning. And, there is no emergency now.

Mayor Murphy: We certainly don't want to wait until there is one. And if we have two lines, we need two lines. And if one gets in bad condition . . .

Mr. Shankroff: (Interrupting) You don't need two lines.

Mayor Murphy: Why not? Supposing something happened to one?

Mr. Shankroff: I don't say there is any harm to it.

Mayor Murphy: Well, isn't it to our advantage?

Mr. Shankroff: In that case, let us have three or four lines.

Mayor Murphy: Well, if you have only one street car track, and something happens to it, everything is tied up. And we cannot take a chance on our water.

Commissioner Keenan: I move the adoption of the ordinance.

Mayor Murphy: Suppose there is an accident, or sabotage or something, and it broke this line, then what will we do?

Mr. Shankroff: Now, you have nothing before you; and I think I forgot to get that record. That is, I forgot to get that record to show you how much water is supplied, flowing through the existing pipes, coated as it is with corrosion, and you may be more familiar with this thing than I am.

Mayor Murphy: I don't profess

to be.

Mr. Shankroff: Well, anyway there is nothing to show that the flow of water now would be much better, more or less, than it is now by this alleged improvement.

Commissioner Keenan: I move the adoption of the ordinance.

Mr. Shankroff: Because water is flowing at the rate, let us say, a thousand gallons a minute. Would you clean the pipe and then say there is two thousand gallons a minute going through or fifteen hundred gallons? You have nothing before you.

Mayor Murphy: Well, only from the record. That will show, from the pipes that have been improved.

Mr. Shankroff: But you have nothing before you now to show at present how much there will be, after the cleaning.

Mayor Murphy: Not exactly now, but we did have the statement here and the facts, before this old commission, and the whole picture with reference to these pipe lines and the ages of them.

Mr. Shankroff: All right. In 1930 there was completed the Wanaque Reservoir, and from information I got from Mr. Banks, and from other sources; and the Wanaque Investment, that amounted for the city to \$20,000,000, which is in your budget to the extent of Five Hundred or Six Hundred Thousand Dollars a year, was entirely unnecessary.

Mayor Murphy: Of course you do know we are going to need more water.

Mr. Shankroff: We are using more water now.

Mayor Murphy: That is right; and because industry now is operating to a greater degree, and there is a greater use of water. So that the danger of something happening to that water line is very bad. More so now in this war emergency than ever before, isn't that true?

Mr. Shankroff: That is true, except that the fact that I said before, you have seven and a half billion gallons a year which is wasted at Wanaque. Today you are not taking the full quota. You are taking 50 per cent of that.

Mayor Murphy: But you are hinging on the amount of water used; while I am hinging it on the safety of the water system.

Mr. Shankroff: But you have two pipes there.

Mayor Murphy: But you will have only one pipe if anything happens.

Mr. Shankroff: But the other pipe will function, but with the additional seven and a half billion gallons a year from Wanaque.

Mayor Murphy: Do you think we should wait until something happens, and then depend on a pipe line which is gradually getting bad?

Mr. Shankroff: Well, suppose we pass that and get to the next step on this. We will get to the next step on this. There is a statement here in this ordinance "and that said water supply system would have been self-liquidating, as defined in Section 40:1-79 of said Local Bond Law, during the fiscal year beginning January 1, 1941, had there been included in the interest and debt redemption charges for such year an amount equal to

interest for one year at the rate of four and one-half per centum per annum, . . ."

Now Mr. Mayor, I would like to get an explanation of that statement.

Commissioner Villani: You understand English, don't you.

Mr. Shankroff: Yes.

Commissioner Villani: Then why don't you give us an explanation.

Mr. Shankroff: All right, but you seem to answer a question by a question. I am asking the question.

Commissioner Villani: You seem to know everything. You seem to be a lawyer; you might as well be an interpreter.

Mr. Shankroff: May I ask Mr. Villani, being a lawyer, I would like to have Mr. Villani explain that section there.

Commissioner Brady: Mr. Mayor, for the record, in case this superfluous document may become a part of Newark's historical data, I want to agree with Mr. Shankroff and say this is an emergency now. And it is one of the worst emergencies Newark has ever faced. The country is at war.

Mayor Murphy: "It is hereby stated, pursuant to said Local Bond Law, . . .". Is that what you are talking about?

Mr. Shankroff: Yes.

Mayor Murphy: "Pursuant to said Local Bond Law . . .": Of course we are now dealing with the law.

Mr. Shankroff: Yes.

Mayor Murphy: I am not a lawyer. Probably someone alongside of me may come in and straighten me out on this; someone from the law department. "That the estimated maximum amount of money necessary to be raised from all sources for said purpose is Two Hundred Thousand Dollars" — is that what you were reading?

Mr. Shankroff: No, that is not the part. It is up above that. It is "said water supply would have been self-liquidating" if the interest had been included.

Mayor Murphy: (Reading) "That said purpose is not a current expense of said city; and that it is necessary to finance said purpose by the issuance of serial bonds and notes of said city, pursuant to the Local Bond Law of New

Commissioner Villani: If it mentions the statute, you have to refer to the statute on that.

Mr. Shankroff: I think the intention of that phrase was . . .

Commissioner Villani: (Interrupting) What do you think it should have been?

Mr. Shankroff: I think the intention of that phrase was that this is a self-liquidating utility, and that the interest and principal should be paid through the budget, as a charge; but the way it is phrased, it is all wrong.

(At this point several commissioners go into a "huddled" conversation with the corporation counsel).

Mayor Murphy: Well, I have just been informed by the corporation counsel that that language as outlined there — of course you know, these bonds are self-liquidating

water bonds?

Mr. Shankroff: Oh, yes, that is correct.

Mayor Murphy: And it is not part of the ordinary bonds issued by the city for other work, isn't that right?

Mr. Shankroff: I will agree with you that the bonds have to be liquidating.

Mayor Murphy: And it is the contention of the corporation counsel that it is necessary to quote the language of the statute. This language there has been prepared by the bond attorneys and is the same as is outlined in every other bond ordinance, for the issuance of water bonds, in the state of New Jersey.

Mr. Shankroff: Don't you think that something may be passed by the legislature and then may be questioned by some judge? Don't you think that is possible?

Mayor Murphy: Why of course, you can, if you want to. You have that right as a citizen.

Mr. Shankroff: I am leaving that to you.

Mayor Murphy: Well, I don't know; but I am not a lawyer. And I have to have a lawyer for this.

Mr. Shankroff: May I call your attention to this, Mr. Mayor; that since we have the benefit of Mr. Schroeder here, maybe we could determine certain things about this ordinance that may help to clear the atmosphere.

Mayor Murphy: Let us clear up the question we have got before us now. I see we have Mr. Banks here now.

Mr. Banks: Mr. Shankroff appeared before this commission, and if I understand his impression right, he said he had a conference with you on one or more occasions, is that right? (Addressing Mr. Shankroff).

Mr. Shankroff: Yes, that is right.

Mayor Murphy: With reference to the water supply pertaining to the water supply of the city of Newark.

Mr. Banks: We spent many hours discussing it.

Mayor Murphy: And he has formed the impression in his mind, after talking with you, and from what he knows from his own experience — is that right (addressing Mr. Shankroff)?

Mr. Shankroff: Yes, sir.

Mayor Murphy: That it is not necessary for the city of Newark to carry on this reconditioning of the pipe line in the city of Newark or to award a contract, which is about to be awarded to the contract, which is about to be awarded to the extent of some Hundred Thousand and some odd dollars. Now, did you give him, in any manner, shape or form, the impression, if you recall it, that this work was not of real necessity to be done by the city of Newark, and that the pipeline that we now have there, is sufficient; and that there is not any more leakage than the average municipalities have from their water reservoir?

Mr. Banks: We discussed that this morning; and there was no discussion on that whatsoever. I told him very definitely this morning Mr. Mayor, that this work was absolutely necessary. And this is the opportune time to do it.

Didn't I tell you that (addressing Mr. Shankroff)?

Mr. Shankroff: Yes.

Mayor Murphy: He did tell you the work was absolutely necessary?

Mr. Shankroff: Yes. He said in his opinion it was necessary.

Mayor Murphy: Of course you did not tell us that.

Mr. Shankroff: No. He recommended it.

Mayor Murphy: I tried to get that out of you, before, but you did not tell us that.

Mr. Shankroff: I tried to tell you what my impression was; and now you are trying to say that I missed something.

Mayor Murphy: I asked you very plainly before that, after you spoke with him.

Mr. Shankroff: Yes. And my impression is from that it is still unnecessary. And despite anything that Mr. Banks or anybody else may say, I still say that it is unnecessary now.

Mayor Murphy: Have you anything else to say?

Mr. Banks: No. I thought he agreed with me on that. And he jumped into the Jersey City matter immediately. I had to hold him to the point.

Mayor Murphy: From your experience, do you think the city of Newark should be protected with two pipe lines?

Jersey, as hereinafter provided; and that said water system would have been self-liquidating" . . .

Mr. Charles Shankroff: (Interrupting) That is it, "self-liquidating."

Mayor Murphy: (Continuing) "As defined in Section 40:1-79 of said Local Bond Law, during the fiscal year beginning January 1, 1941, had there been included in the interest and debt redemption charges for such year an amount equal to interest for one year . . .". Well of course, if it had been included, then of course it would have been self-liquidating.

Mr. Shankroff: Well. No. I think there is a mistake there in that phraseology. In other words, "self-liquidating" probably has nothing to do with it, whether the interest is included is it or not. The interest included there is part of your cost of operating, but that does not make it self-liquidating. It is the money you receive for the services, less all the money you receive in debts service, which is self-liquidating. If the amount of revenue received is greater than the operating service and the debt service, then it is self-liquidating.

Mr. Coles: This is the proper phraseology for the bond ordinance.

Mr. Banks: Yes. The Pequannock Water Shed has a yield of 58 million gallons a day; and our present pipe line is good for only 50. And this reconditioning will increase it by about 13 million gallons; or close to 65 million gallons a day. Our present yield of the Water Shed about 58 million gallons a day; but the pipe lines have not the capacity to carry it all down.

Mayor Murphy: And over a period of time the corrosion that has been going on in there has reduced the bore, and we have not the capacity that we had originally. And it is now cut down to what?

Mr. Banks: To about 51.

Mayor Murphy: And this plan will bring it up to what?

Mr. Banks: About 65.

Mayor Murphy: So there will be an increase of . . .

Mr. Banks: 14 million gallons a day.

Mayor Murphy: And at the same time it will be improving the pipes so that they will last the city at least for another forty years?

Mr. Banks: That is right. This reconditioning will probably prolong the life of the pipe about forty years; whereas if the work was done it would probably have to renew the pipe in about another ten years, because it is pitting, and to a certain point is beginning to leak.

Mayor Murphy: I know of course they may question me on what I know about it; but I do know that from the cutting of the pipe lines in half, that corrosion may hang in there; and there are certain spots where we find that if you would cut right through it, where you have the connections, you will find a leak where it has corroded right through the steel.

Mr. Banks: Yes. And that is the condition we have there. And this thing will prevent any further deterioration.

Mayor Murphy: And if something happens to our line, what position will we be in with only one pipe line?

Mr. Banks: Well, we will have to be out of luck. We will have to call on Cedar Grove Reservoir. And it will drop and drop, until

repairs are made. The Cedar Grove is only good for about ten days supply. One line will not carry the load.

Mayor Murphy: So, is one line in much better condition than the other?

Mr. Banks: No. They are both bad. The only other line is in just as bad a shape. The program we adopted in 1938, the six year program, takes in consideration that other line. That is a step in that program.

Mayor Murphy: I am satisfied on that point, that it is perfectly all right.

Now, what is your other point (addressing Mr. Shankroff)?

Mr. Shankroff: You asked Mr. Banks a question about the leakage, whether the leakage was discussed, and he said truly that the leakage was not discussed this morning. That is true, but that does not answer the statement that I made. He had made the statement on a previous occasion, and mind you, it is to the credit of the water department that he made the statement; and I will repeat it. In other words, I said the Water Department is efficient to that extent. And the way it looks, the way you brought out the testimony, that I said something against the Water Department, which is not the fact.

Mr. Banks, on another occasion told me the amount of leakage in the Water Department is the uniform practice in the Water Departments in all other places. In other words, it is about eleven or twelve percent.

Mayor Murphy: Did you not take into consideration, and in analyzing this thing, that the bore of the

pipe was getting smaller; that it was that size (showing)?

Mr. Shankroff: Mr. Mayor, I heard everything. I want to give you this idea; that after 52 years, this pipe has been there. Now, I cannot swear that it was there 52 years, but from the statement I heard, they say the pipe was there for 52 years. Now, if it was there for 52 years, it will stay there another year or two without anything, if you don't issue this bond issue.

Now, there is another question there . . .

Mayor Murphy: I think your argument is bad on those points.

Mr. Shankroff: Maybe so. Now, I would like to have Mr. Schroeder's opinion as well as Mr. Banks' opinion where it says there in the bond ordinance "additional piping" . . . you have it right there in the beginning, that this bond issue provides for additional piping.

Commissioner Villani: It is not necessary.

Mayor Murphy: You mean "by the construction or reconstruction of additional water mains, together with appurtenances necessary or suitable for their operation . . ." is that what you are talking about?

Mr. Shankroff: That is what I am talking about. In other words, I would like to get Mr. Schroeder's idea and Mr. Banks' version of what this phraseology means, and whether it is true.

Mayor Murphy: This job we just talked about is "reconstruction," I think.

Mr. Shankroff: This job is not

-reconstruction. This is "maintenance."

Mayor Murphy: This is "reconstruction." Don't you tell me.

Mr. Shankroff: Mr. Mayor, you will find that there is a difference of opinion between "maintenance" and "reconstruction."

Mayor Murphy: No. Maintenance is this, if you go out and fix a leak. That is maintenance. But here where you are going into these lines all the way through, you are reconstructing them, because you are relining them.

Mr. Shankroff: Mr. Mayor, I don't want to have any delay on this thing, but I am calling your attention to the differences of opinion.

Mayor Murphy: But I am not going to give way. What about this reconstruction?

Mr. Banks: This work will prolong the life of the pipe for forty years.

Mayor Murphy: What I am talking about is "construction" or "reconstruction." Is there anything new involved?

Mr. Banks: As far as we know, there may be.

Mayor Murphy: This language used here is in case there is, is that right?

Mr. Banks: Yes.

Mayor Murphy: By the construction of additional water mains.

Mr. Shankroff: Now, I don't think Mr. Schroeder's idea is, from what I heard, whether the relining of pipe qualifies that statement.

Mayor Murphy: Yes, I think so. I will answer that; and I am not a lawyer.

(Mayor Murphy turns around and speaks to the corporation counsel).

Mayor Murphy: He says "Yes."

Mr. Shankroff: I heard the answer; but I still say it is wrong.

Now, I would like to get Mr. Banks to say whether I was right or not when I said that Wanaque now delivers, and for the last ten or eleven years has delivered seven and a half billion gallons of water to Newark, which is fifty per cent of the quota that you are entitled to.

Mayor Murphy: Mr. Banks, have you been able to follow him on that?

Mr. Banks: I am trying to follow him.

Mr. Shankroff: The question is this: the statement I made is this; that Wanaque now, and for the last ten or eleven years, has delivered seven and a half billion gallons of water a year to the city of Newark. And your quota is fifteen billion gallons a year.

Mr. Banks: That has nothing to do with it.

Mr. Shankroff: I am asking you is that statement true. That is all.

Mr. Banks: Yes, that is a fact. We are only using half of our Wanaque supply.

Mr. Shankroff: That is what I wanted to know.

Mayor Murphy: All right. Are you through on this ordinance?

Mr. Shankroff: No, I have another question.

Mayor Murphy: On this ordinance?

Mr. Shankroff: The question is; there was raised a question here — there is a contract that is being awarded with reference to this bond issue. Has the contract been awarded?

Mayor Murphy: No. It is going to be awarded.

Mr. Shankroff: When?

Mayor Murphy: After the ordinance has been approved.

Mr. Shankroff: Today?

Mayor Murphy: Yes. After the ordinance has been adopted.

Mr. Shankroff: I don't think you could authorize that contract.

Mayor Murphy: All right. Are there any further objections? Are there any further objectors? If not, a motion is in order.

There being no one else to be heard, Commissioner Brady moved that the hearing be closed.

WHEREAS, said assessment is not indicative of or the controlling factor as to present day market value and

WHEREAS, Charles P. Gillen of 790 Broad Street, Newark, a qualified real estate appraiser of the City of Newark, has submitted a detailed report, original copy attached to original resolution, summarized as follows:

"Lot is 50 by 95 feet with an L 40 by 30. The building is a three story, apparently covering almost entire plot excepting the L. The front portion of the building to a depth of 30 feet is of brick, the rear portion about 65 feet in depth, the first floor is of brick the second and third floors of frame, partly covered with stucco. First floor contains 2 stores to a depth of 30 feet, rear of first floor is used for storage of furniture. The second and third floors are open lofts which have been used as club rooms and public meeting halls. Both upper floors have not been used for the past year. Few improvements. No cellar under rear 65 of building. Permit was denied for the use of the hall on top floor. Building is in very poor condition. Could be rehabilitated only at a very great cost. Only a nominal value can be put on the building.

"In my opinion a fair market value for the said property as of December 29, 1941, is:

Land .....	\$1,500
Building ....	4,500
Total .....	\$5,500"

and

WHEREAS, the Board of Commissioners of the City of Newark, on the basis of an appraisal, made by Charles P. Gillen, is satisfied that the true market value of the property in question is \$5,500. and

WHEREAS, upon written application of the taxpayer hereinabove named, the Director of the Department of Revenue and Finance, upon investigation, deems it equitable and just and in the best interests of the City of Newark, the taxpayer agreeing, that the sum of \$7,136.95 be abated, settled and compromised for the sum of \$5,500., in full satisfaction of all unpaid principal taxes, assessments, water connections and rents, sewer connections, and other municipal liens and charges hereinabove set forth.

NOW THEREFORE BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF NEWARK, that the Comptroller and Tax Receiver be and they are hereby authorized and directed to accept the sum of \$5,500. as payment in full of all unpaid principal taxes, assessments, water connections and rents, sewer connections, and other municipal liens and charges are hereby ordered to be cancelled upon payment of \$5,500., provided the said sum shall be paid within 60 days from the date hereof, and

BE IT FURTHER RESOLVED, that this Resolution is presented in consideration of the fact that

the petitioner will improve the real property; said improvements to commence on the said property within 60 days from the date hereof, otherwise this Resolution to be null and void; and the City to have a lien on the premises in question for the full amount of unpaid principal of taxes, interest, assessments, etc., referred to herein and abated by this resolution; and this Resolution is presented under and by virtue of the provisions of revised statutes of New Jersey, Sec. 54:4-96 to 54:4-102 and all amendments thereto and supplements thereof giving municipalities the right to abate, revise, alter, adjust and settle unpaid principal of taxes, interest, penalties and costs, assessments, water connections and rents, sewer connections and other municipal liens and charges.

94 and 96 Charlton Street, Block 2537, Lots 32 and 31, Newark, New Jersey.

"The two buildings, namely, No. 94 and 96 Charlton Street, consists

of two extremely old and dilapidated residences. And while it is perhaps true, the owner occasionally receives very small amounts as rent, I am informed the very poorest of poor unfortunates occupy the premises due only to the fact that they cannot afford to live elsewhere. It would be a relief to the neighborhood if these buildings were torn down immediately as they are nothing more than dried up tinder boxes, hence, constitute a real fire hazard.

### PARCEL No. 3

"545 Market Street, Newark, New Jersey, Block 2004, Lot 23.

"Lot 20.11 x 102 feet. Building is a three story frame building. Store on the first floor and 5 room flat on the second; and 5 room flat on the third floor. First floor occupied by a dealer in secondhand clothing; second and third floor occupied by negro tenants. Rent sixty (\$60) dollars. Building is very old—probably 75 years. Of cheap construction and in a most dilapidated condition. Could be rehabilitated only at a cost equal to that of a new building—therefore has little value. Should really be demolished. Unfit for habitation.

WHEREAS, the Board of Commissioners of the City of Newark, on the basis of an appraisal, made by Charles P. Gillen, is satisfied that the true market value of the property in question is \$4,200 which is less than the principal sum of such taxes, and

WHEREAS, upon written application of the taxpayer hereinabove named, the Director of the Department of Revenue and Finance, upon investigation, deems it equitable and just and in the best interests of the City of Newark, the taxpayer agreeing, that the sum of \$6,837.95 be abated, settled and compromised for the sum of \$4,200, in full satisfaction of all unpaid principal taxes, assessments, water connections and rents, sewer connections, and other municipal liens and charges hereinabove set forth; to be applied as follows: \$1,100 on Parcel No. 1; \$1,550 on Parcel No. 2; and \$1,550 on Parcel No. 3.

NOW THEREFORE BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF NEWARK, that the Comptroller and Tax Receiver be and they are hereby authorized and directed to accept the sum of \$4,200 as payment in full of all unpaid principal taxes, assessments, water connections and rents, sewer connections, and other municipal liens and charges are hereby ordered to be cancelled upon payment of \$4,200 provided the said sum shall be paid within 60 days from the date hereof, and

BE IT FURTHER RESOLVED, that this Resolution is presented in consideration of the fact that the petitioner will improve the real property; said improvement to commence on the said property within 60 days from the date hereof, otherwise this Resolution to be null and void, and the City to have

a lien on the premises in question for the full amount of unpaid principal of taxes, interest, assessments, etc., referred to herein and abated by this resolution; and this Resolution is presented under and by virtue of the provisions of revised statutes of New Jersey, Sec. 54:4-96 to 54:4-102 and all amendments thereto and supplements thereof giving municipalities the right to abate, revise, alter, adjust and settle unpaid principal of taxes, interest, penalties and costs, assessments, water connections and other municipal liens and charges.

"This is a one story, flat roof, 25 year old, frame building with brick front. Part of building is finished and used for office purposes. Approximately two-thirds or balance of building is of the ordinary mill type. Present tenant is The Broadway Maintenance Equipment Co. They conduct a display sign business and pay a rental of \$100.00 per month.

"The City Building Department records indicate the following:

1915 — Building was used as a store and dwelling — but was altered at a cost of ..... \$1,750.00

1919 — Building was completely altered to its present arrangement at a cost of ..... \$4,000.00

Total \$5,750.00

City records also indicate permit was granted in 1911 to amount of \$600.00 for presumably certain changes which in all probability were removed prior to the major reconstructions of 1915 and 1919.

"Therefore, my appraisal can justifiably have to do with only a total original construction cost of \$5,750.00. Application of Steele Realty Co., owner; for the construction of annex to present business building in a 3rd residence district; on premises 36 South Seventh Street; same to be constructed in accordance with the plans approved by the Board of Adjustment.

Mayor Murphy: You heard the reading of the application. Is there

anybody who desires to be heard in opposition to it?

I would like to state for the benefit of the members of the commission, that this is the zoning matter on 7th Street on which two weeks ago there was a public hearing and there were quite a few people down here on this.

Mr. Emanuel Kohn: I would like to have this matter postponed for two weeks, if the commission would approve of it. I want to go into the question of the legality of the zoning board as compared with the commission's approval, because as I understand the act, it specifically says it must be the zoning board. And I don't want to get into any difficulty later on. I would like to have two weeks adjournment.

Commissioner Brady: I move that it be laid over for two weeks.

Mayor Murphy: Are you in favor of it? (Addressing Mr. Kohn).

Mr. Emanuel Kohn: Yes, sir.

Mayor Murphy: You are asking for a two week's delay?

Mr. Emanuel Kohn: Yes, sir.

Commissioner Villani: I second the motion.

Mayor Murphy: At the request of the counsel for the applicant, is that right?

Mr. Emanuel Kohn: That is correct.

Mayor Murphy: Motion has been made that that application be deferred for a period of two weeks from today, until April 22nd, at two p.m., at which time a public hearing will be held.

The Board of Commissioners  
of the City of Newark, N. J.

MARTIN G. BROSS  
Acting City Clerk.

Newark, N. J., April 22, 1942

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 2:00 P. M., Eastern War Time.

Mayor Murphy: The meeting will come to order. The Clerk will call the roll.

Present: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: The Clerk will read the minutes of the previous meeting.

Commissioner Brady: I move that the reading of the minutes be dispensed with.

Commissioner Villani: I second it.

Mayor Murphy: Motion has been made that the reading of the minutes of the previous meeting be dispensed with. The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: Communications.

Acting City Clerk: We have communication from Robert Carpenter, Clerk, of the County of Essex, Committee on Highways and Bridges. It is addressed to Mr. Bross, as Acting City Clerk. It is dated April 7th, 1942. It reads:

"For your information, I wish to

inform you that at the regular meeting of the Committee on Highways and Bridges of the Essex Board of Chosen Freeholders held today, it was reported that the posting in Essex County of "Civil Defense Route No. 507" from Newark to Morristown, Long Valley and Frenchtown, beginning on Lincoln Highway at Doremus Avenue, Newark, thence along Lincoln Highway, Ferry Street, Fleming Avenue, Market Street, Springfield Avenue, crossing High Street to South Orange Avenue, thence along South Orange Avenue through Newark, South Orange, Maplewood, Millburn and Livingston to Columbia Bridge, over the Passaic River, et cetera, has been completed."

Mayor Murphy: You heard the reading of the communication with reference to Route 507. If there is no objection the communication will be made part of the record.

Acting City Clerk: Communication over the signature of Edward J. Scanlon, Recording Secretary of the Patrolmen's Benevolent Association, Newark, New Jersey, Local No. 3. It is addressed to Mr. Bross, and is dated April 22, 1942. It reads:

"At a recent meeting of the Patrolmen's Benevolent Association, the enclosed resolution protesting a change in the form of government of the city of Newark was adopted, and I was instructed to send a copy of said resolution to each member of the Board of Commissioners and to the Acting City Clerk, in order that our sentiments in this matter might be made known.

"Sincerely yours, Patrolmen's

Benevolent Association, Local No 3.

"Edward J. Scanlon, Recording Secretary."

The resolution reads:

"Whereas, the Citizens' Union has demanded a special election to change the form of government of Newark from Commission government to city manager, and

"Whereas, many members of the Newark Patrolmen's Benevolent Association are serving with the armed forces of the country in all parts of the world, and

"Whereas, we feel that our status in the Civil Service structure might be threatened as a result of dealing with a personality as City Manager who is unfamiliar with conditions in Newark, the background, experience, requirements and services of the police officers individually and collectively, and

"Whereas, we believe that the City Manager form of government upholds the principle of centralization, which is contrary to all angles of public administration in the democratic form of government,

"Now therefore, be it resolved that we, the members of the Newark Patrolmen's Benevolent Association, go on record with all possible earnestness as opposing this change because of its undemocratic nature in theory and practice, and because many of us as soldiers in the first World War believe it impracticable and inadvisable to change the form of our municipal government while thousands of the youth of Newark fight in all theaters of war throughout the World for the preservation not only of our own security, but safe-

guard democracy everywhere, and

"Be it further resolved that the officers of our association be authorized to appoint a committee to bring to the attention of the present Board of Commissioners of the city of Newark that as citizens and servants of the city we think the welfare of this community would be jeopardized by changing the present form of government, which we are convinced is functioning efficiently and satisfactorily."

Signed by "Samuel J. Cobb, President." Attested by Edward J. Scanlon, Recording Secretary.

Mayor Murphy: You heard the reading of the resolution adopted by the P.B.A. disapproving of the form, or the change of the form of government. If there is no objection, this communication will be made a part of the record and each commissioner be given a copy thereof; and the association forwarded a letter of thanks for their action.

Hearing of no objection, that will be the action taken.

Commissioner Keenan introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance at length:

An Ordinance to amend an Ordinance entitled: "Rules and regulations covering the sale of alcoholic beverages within the City of Newark," adopted July 25, 1934, and as amended and supplemented.

The Board of Commissioners of the City of Newark do ordain:

1. That Section 1 of an Ordinance entitled as above set forth, be and the same is hereby amended

to read as follows:

"1. No person or persons, partnership, firm or corporation shall sell or serve any alcoholic beverage between the hours of 2:45 o'clock A. M., and 7 o'clock A. M., on weekdays, and between the hours of 2:45 A. M., and 12 o'clock noon, on Sundays, except on January 1st, of any year; provided where January 1st is on Sunday, no alcoholic beverages shall be sold or served between the hours of 5 o'clock A. M., and 12 o'clock noon; and no place or establishment licensed under an act of the legislature of the State of New Jersey, entitled: 'An Act Concerning Alcoholic Beverages', shall be open during the above prohibited hours, except that restaurants, drug stores, and establishments where the principal business is other than the sale of alcoholic beverages may remain open during the above prohibited hours for such purpose only. That all establishments selling alcoholic beverages by virtue of a plenary retail consumption license shall be required to draw aside the curtains or screens obscuring the view from the street to the interior at 3 o'clock A. M., or 5 o'clock A. M., the closing hour designated, as the case may be, and keep the same open at least until 7 o'clock A. M., on weekdays and 12 o'clock noon, on Sundays, so that a free and unobstructed view may be afforded the public from the street to the interior during the above prohibited hours. The hours herein mentioned refer to Standard Time, except during the period of Daylight Saving Time, when the hours of Daylight Saving Time shall apply."

2. All ordinances and parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

3. This ordinance shall take ef-

fect immediately upon final passage and publication according to law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Keenan moved that May 6th, 1942, at 2:00 P. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered or final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The Acting City Clerk presented "An Ordinance creating the position of Adjuster in Workmen's Compensation and prescribing the procedure in cases of injuries to employees of the City of Newark," and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

Commissioner Villani: I move that this ordinance be deferred for two weeks.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

The Acting City Clerk presented an Ordinance pertaining to Air Raid Wardens and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

Mayor Murphy: This ordinance

was to be acted upon today, but a motion was made to defer it for two weeks. All those in favor signify by saying "aye," The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

The City Clerk presented "An Ordinance creating the position of Assistant Chief Inspector in the Industrial Hygiene Division of the Bureau of Health and providing a salary therefore," and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

The Board then entered upon said hearing.

Mayor Murphy: Is there any citizen who desires to be heard on this ordinance?

Commissioner Brady: This is an ordinance Mr. Mayor, to create a title for a man who receives the salary at this time for a position he now has.

Commissioner Villani: It is clarifying the title, and he is now in the employ of the city.

Commissioner Brady: That is his title at the present time.

No one else appearing, Commissioner Brady moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: You heard the reading of the bills and claims:  
The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy offered the following resolutions:

WHEREAS, the Bond Anticipation Note of The City of Newark hereinafter described becomes due and payable on the 30th day of April, 1942, and the Board of Commissioners desires to make provision for the renewal of said note;

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of The City of Newark that there shall be issued pursuant to the ordinance entitled "An Ordinance providing for the financing of enlargements and extensions of the sanitary and storm water sewer systems of The City of Newark, and authorizing the issuance of bonds and bond anticipation notes for such purpose," adopted by the Board of Commissioners on the 30th day of July, 1941, a Bond Anticipation Note of The City of New-

ark of the aggregate principal amount of \$100,000 for the purpose of renewing the outstanding \$100,000 Bond Anticipation Note of said City dated January 30, 1942, payable April 30, 1942, heretofore issued pursuant to said ordinance.

FUURTHER RESOLVED, That the note issued pursuant to this resolution shall be adted on or about the date of its issuance and shall be payable not more than six months after its date and shall bear interest at a rate which shall not exceed six per centum (6%) per annum.

FURTHER RESOLVED, that said note shall be signed by the Director of the Department of Revenue and Finance and shall be countersigned by the Mayor and Acting City Auditor and shall be under the seal of said City and attested by the City Clerk, and said officers are authorized to execute said note and to issue said note in such form as they may adopt in conformity with law and to recite therein that all requirements and conditions of law have been complied with in the issuance of said note, and that said note is within every debt and other limit prescribed by the Constitution and statutes of New Jersey.

FURTHER RESOLVED, That the power to determine any matter with respect to said note not determined by this resolution, and also the power to sell said note, is hereby delegated to the Director of the Department of Revenue and Finance, who is hereby authorized to sell said note in the manner provided by law.

FURTHER RESOLVED, That said Director be and he hereby is directed to report to the Board of Commissioners the amount, description, interest rate and maturity

of said note sold pursuant to this resolution, at the meeting of said Board of Commissioners next succeeding the sale of such note so sold.

**WHEREAS**, the attention of the Board of Commissioners of the City of Newark has been called to HR 6750, the proposed Congressional bill to exempt personal property used in performing defense contracts from legal taxation; and

**WHEREAS**, this legislative proposal would create havoc in the

tax structure of municipalities inasmuch as it would deprive such municipalities of a very substantial proportion of their tax ratables, and thus create an impossibly heavy burden upon the tax payers in general, in such municipalities;

**NOW, THEREFORE, BE IT RESOLVED**, by the Board of Commissioners of the City of Newark, that it does hereby go on record as opposing the adoption of HR 6750, and as urging the members of the United States Congress to register their opposition to the passage of said bill; and

**BE IT FURTHER RESOLVED**, that a copy hereof be forwarded to each Senator and Congressman from the State of New Jersey, and to the United States Conference of Mayors.

WHEREAS, said assessment is not indicative of or the controlling factor as to present day market value, and

WHEREAS, Carmine E. Gerard of 31 Clinton Street, Newark, New Jersey, a qualified real estate appraiser of the City of Newark, has submitted a detailed report, original copy attached to original resolution, summarized as follows:

"189-193 Bloomfield Avenue,  
Newark, New Jersey,  
Block 536, Lot 8.

Northwest corner of Bloomfield Avenue and Ridge Street, 92.52 feet front on Bloomfield Avenue, 136.20 feet on Ridge Street, by 100 feet almost to a point on Ridge Street. On said irregular plot of land is a one-story brick building which practically covers the entire plot, with a small cellar of about 800 square feet. A fire occurred last summer and while said loss was being repaired, an explosion occurred, which practically destroyed the entire building. The only part remaining are the brick walls. Nothing has been done to repair the damage. This property is located in a business area. A fair market value of the land is \$1.50 a square foot. The building in its present condition is worth about \$1,500.

"Land - 4800 sq. ft.,

TOTAL	\$8,700"

and

WHEREAS, the Board of Commissioners of the City of Newark, on the basis of an appraisal, made

by Carmine E. Gerard, is satisfied that the true market value of the property in question, is \$8,700.00, and

WHEREAS, upon written application of the taxpayer hereinabove named, the Director of the Department of Revenue and Finance, upon investigation, deems it equitable and just and in the best interests of the City of Newark, the taxpayer agreeing, that the sum of \$10,475.65, be abated, settled and compromised for the sum of \$8,700.00, in full satisfaction of all unpaid principal taxes, assessments, water connections and rents, sewer connections, and other municipal liens and charges hereinabove set forth.

NOW THEREFORE BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF NEWARK, that the Comptroller and Tax Receiver be and they are hereby authorized and directed to accept the sum of \$8,700.00, as payment in full of all unpaid principal taxes, assessments, water connections and rents, sewer connections, and other municipal liens and charges are hereby ordered to be cancelled upon payment of \$8,700.00 provided the said sum shall be paid within 60 days from the date hereof, and

BE IT FURTHER RESOLVED, that this Resolution is presented in consideration of the fact that the petitioner will improve the real property; said improvements to commence on the said property within 60 days from the date hereof, otherwise this Resolution to be a lien on the premises in question null and void; and the City to have for the full amount of unpaid principal of taxes, interest, assessments, etc., referred to herein and abated by this resolution; and this Resolution is presented under and by virtue of the provisions of revised

statutes of New Jersey, Sec. 54:4-96 to 54:4-102 and all amendment thereto and supplements thereof giving municipalities the right to abate, revise, alter, adjust and settle unpaid principal of taxes, interest, penalties and costs, assessments, water connections and rents, sewer connections and other municipal liens and charges.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, The City of Newark filed a complaint with the Essex County Board of Taxation for the assessment of certain intangible property of the Montana Power Company, for the tax year 1939, in the sum of \$14,525,965.26; and,

WHEREAS, the said County Board, on motion to dismiss the complaint made by counsel for the Montana Power Company, did dismiss the same except to the item of "cash" in the amount of \$1,025,748.56, as set forth in its Determination, copy of which is attached hereto and made a part hereof; and,

WHEREAS, the New Jersey Supreme Court did affirm the decision of the County Board; and,

WHEREAS, the Montana Power Company, through its attorneys, offers to pay the tax on the said cash item of \$1,025,748.56, as set forth in its letter to the Mayor, copy of which is attached hereto

and made a part hereof, on condition that no further appeal be taken by the City; and,

WHEREAS, it is the recommendation of the Mayor, concurred in by the Law Department, that the offer of the said Montana Power Company be accepted in full settlement of the claim of the City in respect to the property set forth in complaint, for the taxing year 1939;

THEREFORE BE IT RESOLVED By the Board of Commissioners of The City of Newark, that the offer of the Montana Power Company, as aforesaid, be and the same is hereby accepted, and the Mayor, Director of the Department of Revenue and Finance, be and he is hereby authorized to execute and deliver all necessary instruments, approved by the Law Department, upon receipt of the payment of the tax as aforesaid.

WHEREAS, final decree of the Court of Chancery of New Jersey, November 19, 1941, adjudged that erroneous description of property now owned by Essex Mutual Building and Loan Association at No. 19 Drift Street, owned by the Francesco Megaro, et ux, appears on tax records of the City, and

WHEREAS, it appears by said decree and by proceedings in that

cause, docket 136/275, that the Master of the Court found that three inches of property owned by said Building and Loan Association is embraced on the premises known as No. 21 Drift Street, according to city surveys, and that as a result the City has erroneously taxed said adjoining property when in fact taxes for the said three-inch strip should have been imposed upon the owner of the Property No. 19 Drift Street, and

WHEREAS, said decree has made the apportionment, and the Chancellor has ruled that as of September 4, 1941, the owner of the property at No. 19 Drift Street, Newark, is indebted for taxes on said strip since 1931 in the sum of \$82.07, and it appearing that Sheriff's deed with correct description was given Essex Mutual Building and Loan Association, and that it was duly recorded February 28, 1942, in Book Y 98 of Deeds for Essex County at pages 551-552, and that certified copy of aforementioned decree was duly served upon the Acting City Clerk on Tuesday, March 10, 1942, and that the Tax Receiver has determined that the sum of Fifty Cents has accrued since September 4, 1941, on said three-inch strip;

Therefore Be It RESOLVED, by the Board of Commissioners of the City of Newark that on the First day of May, 1942, the records of the Tax Receiver and Surveyor be corrected so as to conform with the description of the property owned by Essex Mutual and Loan Association as set forth in the aforementioned decree; and

Be It Further RESOLVED, that, agreeable to said decree and its terms, the sum of \$82.07 be accepted by the Tx Receiver for the purpose of clearing tax liens on property of said Taxpayer the Essex

Mutual Building and Loan Association, up until September 4, 1941, and that the further sum of Fifty Cents be accepted to clear the records to adte, and that upon payment of said sums, certificate issue to Essex Mutual Building and Loan Association showing tax-clear property at No. 19 Drift Street.

Yeas Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, the Director of the Department of Public Works has received an offer from a reliable, established electrical products company, now engaged in its manufacturing business in the City of Newark, and presently engaged in supplying its products for the war purposes of our country, to lease from the City a portion of the vacant land now owned by the City, immediately contiguous to the lands heretofore leased to C-O-Two Fire Equipment Company, which plot of ground is to be approximately 400 feet front, on Highway No. 25, and about 934 feet, in depth, running to the Pennsylvania Railroad Company property, upon the following terms and conditions:

(1) That the lease is to be for a period of 50 years.

(2) That the rental is to be \$5000 per year.

(3) The tenant is to erect a manufacturing plant immediately after the execution of the lease, at a cost in excess of \$200,000, with the privilege of adding to and enlarging its plant, at its own expense.

(4) That immediately upon the plant and buildings being erected, the same is to become the property of the City and be insured for the benefit of the City and the Tenant, with benefit to be apportioned in case of destruction by fire, dependent upon the date of occurrence, as compared to the time of the lease.

(5) That the Tenant is, at its own expense, to install the piling necessary for the erection of its

buildings, up to the cost of 54c per square foot of land, covered by the construction, and the City to pay an excess of cost of piling above said 54c per square foot of land covered, which excess cost, if any, is to be advanced by the Tenant, and deducted from the rent, as it accrues.

(6) That the City is to pay a commission to the broker procuring the tenant, of 5% of aggregate rental reserved, which is to be payable in installments, out of the rents received by the City as the rentals accrue.

(7) That the offer is subject to the tenant being able to receive the necessary government permission for the construction work and priorities of materials.

(8) That the buildings which become the property of the City, upon completion, and the lands which the City owns, are not to be assessed for taxes as against the Tenant, during the term of the lease.

(9) That during the term of the lease the Tenant is to have an option to purchase said lands at \$10,000 per acre, which option is to be subject to the statute which governs the sale of City-owned property, as to the manner of its being carried out; and

WHEREAS, the Director of the Department of Public Works deems it advisable and for the best interests of the City of Newark to enter into such lease and agreement;

Now, Therefore, Be It RESOLVED by the Board of Commissioners of the City of Newark that the Director of the Department of Public Works be and he is hereby authorized and empowered to ne-

gotiate a lease, upon the terms outlined in the preambles to this resolution, subject to the approval of the City Law Department, as to form and contents, to carry out the general provisions as therein indicated.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, an emergency has arisen with respect to the following:

The City of Newark, a participant in the "Wanaque" water supply system, has been notified by the North Jersey District Water Supply Commission that the City's share of the estimated cost of operating the system for the year 1942 is \$174,400.84; and

WHEREAS, the 1942 budgetary appropriation of the City for the aforesaid purpose is \$165,000.00, to wit:

"Wanaque Maintenance  
and Operation ..... \$165,000.00"

and,

WHEREAS, adequate provision was not made in the 1942 budget for the aforesaid purpose; the appropriation therefor, as above stated, being deficient to the amount of \$9,400.84; and

WHEREAS, R. S. 40:2-31, Chapter 23, P. L. 1939, provides for the creation of an emergency appro-

appropriation for the purpose aforesaid; and

WHEREAS, the total amount of emergency appropriation created, including the appropriation to be created by this resolution, is \$129,400.84; and three percent of the total current operating appropriations in the budget for 1942 is \$516,737.98;

Now, Therefore, Be It RESOLVED by the Board of Commissioners of the City of Newark, that an emergency appropriation be and the same is hereby made pursuant to R. S. 40:2-31 (1) in the total amount of Nine Thousand, Four Hundred Dollars and Eighty-four Cents (\$9,400.84), as follows:

"Wanaque Maintenance  
and Operation ..... \$9,400.84"

Now, therefore, be it further resolved that the said appropriation shall be provided for in full in the 1943 budget; and

Be It Further Resolved that a "Emergency Note" not in excess of the above amount be hereby authorized pursuant to R. S. 40:2-31 and in accordance with provisions of R. S. 40:2-40 and 40:2-41 and 40:2-43 to 40:2-46; and

Be It Further Resolved that such note shall be dated April 30, 1942; may be renewed from time to time; and such note or any renewals thereof shall be payable on or before December 31, 1943; and

Be It Further Resolved that such note shall be executed by the Director of the Department of Revenue and Finance and by the Acting Auditor of the City; and

Be It Further Resolved that a copy of this resolution be filed forthwith with the Commissioner

of Local Government.

WHEREAS, President Franklin Delano Roosevelt has proclaimed May 1st as Child Health Day and in recognition of the vital importance of Children's Health to the

strength of the Nation, has called upon all mothers to have their children immunied against diptheria and smallpox; and,

WHEREAS, the citizens have co-operated to such an extent that the City of Newark already enjoys remarkable and almost complete freedom from diptheria and smallpox through immunization and vaccination and has therefore been able to start a campaign for immunization against both whooping cough and diptheria simultaneously; and

WHEREAS, whooping cough is today, a major destroyer of child health as well as life itself; and

Now, Therefore, Be It RESOLVED, that the parents of the City of Newark be and they are hereby urged to follow the recommendation of their President, by having their babies and pre-school children immunized immediately against both whooping cough and diptheria, for which a combined material is now available.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, heretofore a suit was instituted in District Court of 2d Judicial District, County of Essex, by Edward Schwartz against City of Newark, for \$350, for damages to plaintiff's automobile, through the alleged negligence of the City, on Feb 24, 1941, in maintaining

a nuisance in the street, to wit, on Custer Avenue, in the vicinity of Hunterdon Street, whereby plaintiff's automobile was damaged; and,

WHEREAS, after investigation, it appears that it would be for the best interest of the City to settle said suit, without further litigation, if a reasonable settlement could be made; and,

WHEREAS, said Edward Schwartz has agreed to accept \$50 in full compromise and settlement of said suit, which settlement, in the opinion of the Law Department is a fair one;

Therefore, Be It RESOLVED by the City of Newark that the sum of \$50 be and the same is hereby appropriated to Edward Schwartz, in full settlement of the suit above mentioned; said sum to be paid upon receipt of proper release and Warrant of Satisfaction, to be approved, as to form and legality, by the Law Department; (said moneys to be charged to the Department of Public Works).

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, one Morry Raff instituted an action against the City of Newark in the 1st District Court of the City of Newark, for \$500, for damages sustained by him when his automobile was damaged through the alleged hazardous con-

dition of 13th Avenue, near South 9th Street, Newark, on August 14, 1940, which condition of the Street said Raff alleges was due to the negligence of the City; and

WHEREAS, said suit is shortly to come to trial, and an examination of the facts discloses that there may be a question as to the City's negligence in maintaining said street, and it is the opinion of the Law Department that it is for the best interests of the City to settle said litigation, without further expense, incident to suit, etc; and,

WHEREAS, said Morry Raff has agreed to settle said action for the sum of \$96.80;

Therefore, Be It RESOLVED by the Board of Commissioners of the City of Newark that the sum of \$96.80 be and the same is hereby appropriated to Morry Raff (Brody & Brody, Attorneys), in full settlement and satisfaction of the suit above mentioned; said sum to be paid to said Morry Raff (Brody & Brody, Attorneys) upon receipt of proper Warrant of Satisfaction and Release, in favor of the City, approved as to form by the Law Department.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: Board of Adjustment matters.

The Clerk then read the following resolutions:

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended

in writing to the Board of Commissioners of The City of Newark that the following structure or use be allowed:

Application of Steele Realty Co., owner; for the construction of annex to present business building in a 3rd residence district; on premises 36 South Seventh Street; same to be constructed in accordance with the plans approved by the Board of Adjustment;

AND the matter having been considered by the Board of Commissioners of The City of Newark, that the said recommendations of the Board of Adjustment be and the same are hereby approved.

**John A. Brady  
Ralph A. Villani  
Vincent J. Murphy  
Jos. M. Byrne, Jr.**

Mayor Murphy: You heard the reading of the application. Are there any objectors? Is there anybody who desires to be heard in opposition? Were there any objectors at the conference?

Mr. Emanuel Kohn: This is the case where your Honors have already heard the opposition, and your ruling was that there was no further matter to be heard on this. This is the American Stores on Central Avenue.

Mayor Murphy: The last time it came up you requested a delay on this.

Mr. Emanuel Kohn: That is right. And prior to that your Honors, the Commission has already heard the objections and those in favor; and there was to be no further discussion on the matter.

Mayor Murphy: This is the story, Commissioner Byrne; you were not

here at the time this came up. There was a group of women down here from that neighborhood, from the neighborhood of Seventh Avenue and Central Avenue. You might be able to visualize where this is. This is where Central Avenue and Warren Street, or rather West Market Street come to a point. There is a store being built there, and they want a side entrance so that their trucks could pull off the street from Seventh Street, instead of having these big trucks parking on the street and unloading and carting the stuff in there. They purchased a house on Seventh Street, the first one in from the corner of Central Avenue, near that apartment house there, and they are going to make a driveway there. I guess it would come to about 50 feet.

Mr. Emanuel Kohn: Thirty feet from the corner.

Mayor Murphy: No; I mean wide.

Mr. Emanuel Kohn: The width is 25 feet.

Mayor Murphy: And you will have an alleyway there too?

Mr. Emanuel Kohn: We have an alleyway of approximately 15 feet.

Mayor Murphy: So it would be about 40 feet?

Mr. Emanuel Kohn: Yes.

Mayor Murphy: And you will have a loading platform there, and you will be back thirty feet from the curb, so that these trucks could get in off the street.

Now, on the other side of the street there, there is a market — I think it is the A. & P. — they have big trucks pulling in on Seventh Street and unloading. And if there is going to be more trucks on the

street — and this is a narrow street — it is going to terribly interfere with the traffic. That is the view of some members of the Commission.

At that time there was no action taken — it was laid over. But these women felt, for many reasons, that it was going to be hazardous for the children going by there, and it was going to depreciate the values of their properties, and many other points they raised which I cannot remember in detail at this time. You might remember them counsellor (indicating Mr. Murray E. Kempler).

Mr. Murray E. Kempler: I appeared for the Kilgus Estate.

Mayor Murphy: And they are an objector, and are opposed to the application?

Mr. Murray E. Kempler: Yes. At the present time the street is zoned for residences; and our objection was to furthering the business zone of Central Avenue into South Seventh Street. I think Mayor Murphy has presented the facts to you as they appeared at the hearing before. It involves tearing down a two and a half family house in order to build this addition to the garage building on Seventh Street. And we felt that those who objected strenuously were sincere.

The A. & P. which is on the corner of Central Avenue and South Seventh Street, on the south — We never had any right to object to their trucks backing in; and they have got these trailers on them; and the width of Seventh Street is about 35 feet. They take up practically half the street or more with these trucks. Seventh Street, from the testimony that was given to this Commission on the previous occasion, is loaded with

cars on both sides of the street. It is difficult for automobiles to pass through, as it is now.

These trucks going into this proposed market will go in every morning I believe, for produce, and three times a week for food products. The people in the neighborhood or those who appeared here feel that that would add to the hazardous condition. There is a school on South Eighth Street where children walk back and forth; and there is a parochial school, I believe, in the neighborhood, which would make it an additional hazard there; and the city ambulances pass through the street; and there is a fire station around there and the fire trucks would go through. And those were the objections we raised.

Mr. Samuel Kohn: May I say just one word? I thought there was going to be no discussion; but the major thing, as the Mayor pointed out before, is that that driveway that is there now, we have a right to use it. Under the present zoning law we have a right to unload in the street; and this new proposal takes the trucks off the street and puts them off the street. If it is not passed, this building on Central Avenue is going up anyhow. It simply means that we will have to use the driveway, which we are permitted to do, and park in the street. But what we are going to do now is to take those trucks off the street and putting it in this section here. We are eliminating, rather than creating a hazard there.

Commissioner Byrne: What do you say to that (indicating Mr. Kempler)?

Mr. Murray E. Kempler: All those facts were gone into already.

Commissioner Byrne: I mean this; just to get this point clear; if I get what he says clearly — at the present time they can bring their trucks in there, is that correct?

Mr. Murray E. Kempler: No, they cannot.

Commissioner Byrne: They cannot?

Mr. Kempler: No.

Commissioner Byrne: Can they get them in or can they not?

Mr. Emanuel Kohn: They can sir. If I may point it out sir. I say we would have to park here. This driveway is ours anyhow. Now, we have a legal right; and it has been used all along for driving in and driving out.

Commissioner Byrne: You cannot get in to there?

Mr. Emanuel Kohn: That is right. We have to park our cars outside and unload outside; but what we are doing it putting a set-back here (indicating on paper); and this will be all cemented; and instead of unloading on the street and carrying it through this driveway by hand and blocking up the street, we will drive the trucks in here and unload. Now, those unloading shall only be three times a week for the groceries and only once at 8:00 A. M. for produce.

We have a legal right to use that driveway.

Mr. Murray E. Kempler: If this is not granted the trucks would not then go up on the sidewalk and back out again.

Mr. Emanuel Kohn: I may also say that the Kilgus Estate, which is managed by the Howard Savings,

is not objecting to it as an Estate. It is purely because they have been directed to do so by these heirs.

Commissioner Byrne: May I ask what is the objection to having this widened so that they could come in here? If they take the trucks off the street and put them in, isn't that a benefit?

Mr. Murray E. Kempler: The Kilgus property is right adjacent to that.

Commissioner Byrne: And is that a dwelling house?

Mayor Murphy: That is a dwelling house, yes.

Mr. Murray E. Kempler: These trucks will come adjacent to that property and then unload and load.

Commissioner Byrne: Adjacent to that property is a place for autos isn't there?

Mr. Murray E. Kempler: Sixth Street is zoned for industrial.

Commissioner Byrne: But that is flush against this property here.

Mr. Murray E. Kempler: And they also have factories on Sixth Street; but that zone was established some thirty or forty years ago, before Seventh Street was even built. We cannot object to that, because they have existed there for years.

Commissioner Byrne: Do the Kilguses live in this dwelling now?

Mr. Murray E. Kempler: No.

Mr. Emanuel Kohn: There is a rooming house there now.

Mr. Murray E. Kempler: I believe they rented the house to a city

employee for \$75 a month.

Mayor Murphy: I think myself it is an improvement over having those trucks in the street. That is how I feel about it.

Commissioner Byrne: If this is being presented here today, I am willing to vote in favor of it.

Commissioner Villani: I am in favor of it.

Mayor Murphy: How do you feel Commissioner Brady, about it?

Commissioner Brady: I am in favor of it Mr. Mayor. I don't see where it is going to impair the values of the property there, and I think as a matter of fact it is going to release a traffic condition that would be otherwise created.

Mayor Murphy: If you ever have these big trucks parked on both sides of the street, and you have a fire apparatus going through there( it would be an awful jam.

Mr. Murray E. Kempler: They would not be parked there at the same time. There would not be room enough to park.

Mayor Murphy: They would certainly be parked some place.

Mr. Murray E. Kempler: I say they could not park at the same time because the width of the street would not permit it.

Commissioner Brady: Which is all the more reason why they should be taken off the street.

Mayor Murphy: I think so too. I cannot see why the Kilgus Estate objects when they have a parking place there themselves.

Well, all right, if there is no fur-

ther objection, a motion is in order.

Commissioner Brady: I move that the zoning board's action be concurred in.

Commissioner Villani: I second it.

Mayor Murphy: Motion has been made that the City Commission concur in the action of the Zoning Board in granting the permit to establish this loading platform and driveway. Of course you understand that there is to be a wire fence and a gate placed there?

Mr. Emanuel Kohn: Yes.

Mayor Murphy: All those in favor will signify by saying "aye." The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Villani, Mayor Murphy.

Nays: Commissioner Keenan.

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of The City of Newark that the following structure or use be allowed:

Application of Chancer Corp., owner, for the establishment and operation of automobile parking station in a 2nd business district; on premises 107-109 Lincoln Park; on condition that there be one entrance on Lincoln Park and one exit on Broad Street; that a four (4') foot wood fence as shown on plans approved by the Board of Adjustment be erected along the Lincoln Park and Broad Street sides of the lot; same to be operated and maintained in conformity with the rules of the Board of Ad-

justment and to be in accordance with the plans approved by the said Board; such use to be limited to the period ending one year from date hereof;

AND the matter having been considered by this Board;

IT IS RESOLVED, By the Board of Commissioners of the City of Newark, that the said recommendations of the Board of Adjustment be and the same are hereby approved.

Vincent J. Murphy  
Jos. M. Byrne, Jr.  
John B. Keenan

Mayor Murphy: You heard the reading of the application in reference to granting a permit for a parking station on Lincoln Park and Broad Street. Are there any objectors?

Mr. Samuel S. Saiber: There are a number of us here, Mr. Mayor and members of the Commission. I represent the Lincoln Park Realty Co. I am going to try to not violate the rules that was made by Commissioner Brady before, about allotting fifteen minutes time, in view of the lateness of the hour and the great number of objectors here. I don't think it is necessary.

I represent the owner of two properties immediately adjacent to this particular proposed parking station. I might say at the very outset that I don't think that there is any doubt in the minds of any of you gentlemen now that Mr. Dornbusch, the owner of this property is not in the business of running parking lots, but he is in the business of selling gasoline. I don't think that there is any doubt about that.

This is a Broad Street property.

It is on the corner of Broad Street and Lincoln Park. My clients purchased the particular property adjacent to it less than a year ago, as an investment, because we felt that this neighborhood had great possibilities for building up. There is no doubt that in time to come the particular locality in question will be occupied by, we hope, by substantial buildings, greatly increasing the ratables in the City of Newark. This location is ideally located for office buildings, for apartment houses or similar buildings of that kind. We have not many parks in the City of Newark, especially in the downtown area; and certainly if we have a parking station on the corner of this lot nobody with any sense of course, is going to attempt to purchase property adjacent to it and increase the ratables and build there, such as they might otherwise do.

We feel that this parking lot at this particular point is not necessary. You gentlemen could go along Broad Street at that point now, especially with the parking meters, and surprisingly enough there is ample available space at all times. People would go in and go out, and they no longer park their cars all day. The entire prospective of the site itself will mar the locality.

It is true that this lot is now empty and it is likewise littered with rubbish. It should be cleaned up. And it is probable that something would have to be built up there, but certainly a parking station with cars coming in and out would not help the situation any. I don't want to go into this in full.

Mayor Murphy: What properties do you represent?

Mr. Samuel Saiber: 1079, 1083 Broad Street.

Mayor Murphy: What is that building at 1079 used for?

Mr. Samuel Saiber: That is a tavern.

Mayor Murphy: That is a tavern?

Mr. Samuel Saiber: Yes, sir. It is a high class tavern.

Mayor Murphy: It is now a high class tavern?

Mr. Samuel Saiber: Yes.

Mayor Murphy: It always has been?

Mr. Samuel Saiber: No, possibly not, but it is now.

Commissioner Byrne: Is that the Silver Bowl?

Mr. Samuel Saiber: That is the Silver Bowl. I might also say that my client contemplates improving that property immediately adjacent to the tavern. That is the rooming house. And we have now stopped it because if we have a parking station now, it would not pay us. It would not pay us to spend several thousands of dollars for that improvement.

Mr. Maxwell M. Chesler: Mr. Mayor and Commissioners, I represent the Industrial Office Building. As you know we occupy the streets of Pennington Street up against the Essex House, and from Broad Street to Elder Place. We are surrounded by parking stations.

Mayor Murphy: Now wait a minute. Pardon me, does the Industrial Building come within this zone?

Mr. Maxwell M. Chesler: We are about twenty feet short of it; but

we were asked to come in and offer our objections the last couple of times; but this time we were not; and we felt that we should be here because we are surrounded by parking stations for 309 feet on Elder Place; and there are parking stations on Broad Street on the south end of our building, and parking stations on the north end of our building and parking stations all around us. The only clear view we have of the street is on Broad Street, and that is a park.

Now, only recently the street was widened where they contemplate the parking station is going to be, and the busses come around there. And if they are to have the facilities for cars coming in and out of that place, there is sure to be additional congestion. We feel that we should enter our objection because of the many parking stations around the place which have the facilities for thousands of cars. I took a picture of some that are around our place where they have the sidewalks littered from the curb fourteen inches into the street, planks three or four inches thick and seventy-five to one hundred feet long right out on the street. If you drive by there with an automobile you might pick up a splinter as big as your hat.

Mayor Murphy: That is a matter of regulation from the City's point of view. That is I imagine some violation of the permit that was granted to them.

Mr. Maxwell S. Chesler: And they don't present a nice appearance to the neighborhood. One fellow there has a tree that is all littered up with signs "Park here." It is the only tree that is littered up there.

Mayor Murphy: Are there any other objectors?

Mr. Orland J. Ridenour: Mr. Mayor and Commissioners, I own the property at 47 Lincoln Park and I reside there with my family. It is not within the two hundred feet limit; nevertheless the traffic hazard . . .

Mayor Murphy: (Interrupting). Is it anywhere near here?

Mr. Orland Ridenour: No, sir.

Mayor Murphy: It is way around the Clinton Avenue way?

Mr. Ridenour: It is around the corner; but the traffic is still there. The traffic flows in there from Halsey Street, from Washington, Clinton Avenue, Tichenor, Pennington and Washington. That location is where the busses make the turn from Lincoln Park, from Broad Street into Lincoln Park, and around and up Clinton Avenue and down to Broad Street. Every night from five to seven it is almost impassable on either side of Lincoln Park to get in the Park or get out of the Park. Cars are blocked up there, in front of my house every evening. It is my opinion that the parking lot would only add to the hazard because the traffic would be lined up while the cars are parking in or coming out; and while I don't speak for any neighbors except myself, those who have discussed it with me are all very much opposed to a parking lot.

Mayor Murphy: Certainly the traffic congestion, if there is any down there at the spot where this is located would have nothing to do with the traffic condition where you are located, would it?

Mr. Ridenour: Yes, because it is backed up there. They cannot get through.

Mayor Murphy: I thought you were on Clinton Avenue on the right?

Mr. Ridenour: Yes, on Lincoln Park.

Mayor Murphy: What number did you say you were?

Mr. Ridenour: 47.

Mayor Murphy: In other words, traffic would have to go all the way up Lincoln Park to this Clinton Avenue and go across Clinton Avenue before they come to your property, is that correct?

Mr. Ridenour: Yes.

Mayor Murphy: You are across the street where the K. C. building is?

Mr. Ridenour: No, the Medical Tower.

Mayor Murphy: Oh, the Medical Tower? That is further yet. Well, go ahead anyhow. That is your statement. It does not have much weight with me.

Mr. Fred Harries: (Broad Street Association). Mr. Mayor and Commissioners. We object from a traffic standpoint. We believe that the City paid money for the widening of that street; that the busses come around there and turn around, and that traffic is going by all the time.

We think that it is a very hazardous thing for traffic, and we believe that there are enough parking stations around there now.

We have been trying for the past year and a half, as you know, because we came before you to try to get Lincoln Park to be brought up to date with up-to-date housing, and this would certainly put a "spike" in our plans.

Commissioner Byrne: Do you think that the sign on that property is anything decorative at all?

Mr. Fred Harries: No, sir.

Mr. Samuel A. Saiber: That sign has been removed.

Commissioner Byrne: Do you know that the Fire Department likes open corners so that they could see around?

Mr. Fred Harries: Would there be an open corner with a parking space there?

Commissioner Byrne: Surely.

Mayor Murphy: Doesn't the driver of a car like open corners?

Mr. Fred Harries: Yes, but here are the busses going around there, and why does the City go to the expense of widening that street if it were not necessary.

Commissioner Byrne: Why does which street? Lincoln Park?

Mr. Fred Harries: Yes, sir.

Commissioner Byrne: I lived around there in that neighborhood for many years, across the park, eleven Lincoln Park, and I remember when the Dryden House was on that property. I remember when the Stengels wanted to put a gas station there or a parking lot. I was of the opinion then that it should be granted because people had to pay taxes on that property

and they should be given an even chance as the fellow opposite the Industrial Building where there is a parking lot on that corner. And I am not impressed myself, knowing the property better than anyone here, having lived there for a number of years, of the hazards there. And I would like to see the property put to use so that we could get some money from it.

Mr. Fred Harries: That is what we are trying to do, get something there, a defense housing.

Commissioner Keenan: As soon as that comes along, we will throw this parking station out.

Mayor Murphy: When you talk about defense housing, there is a question as to how long that would be. And even private investment, from the capital point of view, are not interested, from what I could see from conversations had with them, of developing that into an apartment house section, because they are talking of another area altogether.

Mr. Fred Harries: We have found that that was the most opportune place to start a thing like that.

Mayor Murphy: Of course that may be the view of the Broad Street Association, but not the views of the men who are here to spend the money.

Mr. Fred Harries: That is all I am here to say.

Commissioner Byrne: How about the parking lots on North Broad Street, right near Clay Street, that everyone was concerned about? It is a gas station I think, and the same applicant has it. That has not caused any accidents up there.

Mr. Fred Harries: Pardon me,

Mr. Byrne, but there were two people killed up there.

Commissioner Byrne: Not due to that parking station. We had a policeman knocked out in the middle of the street.

Mr. Fred Harries: Yes, sir.

Commissioner Byrne: But you cannot blame that on the parking lot.

Mr. Fred Harries: Doesn't it all contribute to it? Of course there are those lights which are a great aid to that parking station.

Commissioner Byrne: Unless somebody could convince me I am going to tell you now I am going to vote for it.

Mr. Fred Harries: We are not asking you not to vote for it; we are asking you to vote in accordance with what you think.

Mayor Murphy: We had one here on Broad Street that I was opposed to; it was only two blocks from here. I think you could recall a lot of people were in favor of it, including the Broad Street Association; and that was only two blocks from the City Hall, which I did not think was a very nice thing to establish on a main thoroughfare right here. I am trying to figure out where the consistency in the policy adopted is.

Mr. Fred Harries: There is a difference in the danger; where those busses turn around.

Mayor Murphy: There is less traffic at that end of Broad Street than there is here at this end.

Mr. Fred Harries: No, sir.

Mayor Murphy: Then I don't

agree with you — because the busses turn there. Because there are a number of busses that don't go that far. They turn up Clinton Avenue. And they do pass here. They come right down Broad Street. Down there, they go down and make that swing there up Clinton Avenue. I say that there are more busses that pass two blocks down from here than there is at that spot.

Mr. Fred Harries: No, sir.

Mayor Murphy: Don't you tell me that.

Mr. Fred Harries: Then let the police take a traffic count on it.

Mayor Murphy: They could take a traffic count of the busses that pass here on Broad Street; and then there is a certain percentage of them that pass up Clinton Avenue.

Mr. Fred Harries: Yes, but they park up there.

Mayor Murphy: There are only a small percent of them; but there are certain busses that go all the way up to Irvington, up Clinton Avenue and over Elizabeth Avenue. And I am telling you that there is more traffic right up here on Broad Street.

Mr. Fred Harries: Not by a traffic count. By a traffic count there are more busses down there than elsewhere.

Mayor Murphy: I don't agree with you. I still say there is more traffic here. And I am satisfied that a count will prove you wrong anyhow.

Mr. Vincent P. Biunno: (of Lum, Fairlie & Wachenfeld). We represent the owners of premises at

99-101 Lincoln Park. Aside from the reasons stated by the other objectors, we base our objections mainly on this reason; the application is for a parking station. The zoning ordinance does not permit that use in this zone, nor does it permit that use in any zone on which this zone abutts; therefore the application comes under subsection D of the statute. The rule has been stated by our highest court in the case of Brandon against Montclair, that in an application of this nature, the Board of Adjustment and this body both act in a semi-judicial capacity, and they have no jurisdiction to act, unless they have brought before them competent testimony establishing that the applicant will suffer an unnecessary hardship by reason of the peculiar circumstances applying to his case, as differentiating from the remainder of the neighborhood, if the application is not granted.

We submit gentlemen that such proof has not been submitted. There was no proof before the Board of Adjustment of that nature. There was no proof before this body. And I say that there is absolutely no bases on which this Board could act to grant the permit.

If the applicant has a projected use for the property which is not permitted, and is unable to show that the zoning ordinance will work an unnecessary hardship because of the special circumstances of his case, his remedy lies in an amendment of the ordinance, and not by permit under these proceedings.

Mayor Murphy: Is there anybody else? I have your legal statement on record. Is there anyone else who has any objections?

Mr. Joseph F. Holland: Mr. Mayor and Commissioners, I represent McTighe, Incorporated, which is the lessees in possession of the building immediately adjacent on the west, No. 105 Lincoln Park. That building is occupied as a hotel. I think it has 70 rooms, the large percentage of which are occupied by defense workers who work at night, and who try to sleep in the day time. The management of the hotel is very fearful that if a parking station is permitted to occupy the corner, the rooms on the easterly side of the building would be almost worthless for sleeping purposes, because of the noise of the parking station during the day and the buses and so on and so forth. And therefore it is objectionable on that ground. We have objected as I believe over a period of five years. As Commissioner Byrne has said there has been several applications.

Commissioner Byrne: Wasn't that for a gas station and not for a parking lot?

Mr. Joseph F. Holland: It was for both.

Mr. Philip Mandelbaum: (representing the applicant). A parking permit was issued, and that applicant could not make it worthwhile; and they removed the sign.

Commissioner Byrne: Why wouldn't that be a desirable place for the owner of that hotel, to have a parking lot for his clients?

Mr. Joseph F. Holland: I think for one thing it would be too small to be profitable.

Mayor Murphy: They have a parking lot next to the Hotel Douglas there.

Mr. Philip Mandelbaum: And you

have one next to the Robert Treat.

Mr. Joseph F. Holland: The one next to that would not be on the corner.

Mayor Murphy: You would have the same argument insofar as the gases and the noises on these sleepers are concerned.

Mr. Holland: And I don't think that the Hotel Douglas is adjacent to it. There it takes in the whole east wall.

Mayor Murphy: It takes in the whole side.

Commissioner Keenan: From the standpoint of the Department of Public Safety I cannot see any objection to it for this reason; that I am confronted from time to time with the parking of cars on the streets; and in many instances defense workers get in late and many early; and I think there are very few accommodations in this neighborhood, with the exception of the public garages. I think if we could get them off the streets, that it would work to the advantage of our particular division of government.

Mayor Murphy: Are there any other objectors?

Mr. Edgar Williamson, Jr.: (Commercial Casualty Insurance Co.) Mr. Mayor and Commissioners, I too wish to voice the objections as voiced by the previous speakers, practically along the same lines, excepting that we feel, as the actual owner of record of the property and having leased it to McTighe's clients we object to the nuisance value angle, due as Commissioner Holland said, that the gases and the noises we do feel seriously interfere with the residence of the people who do the work, and who

board and room on the easterly side of the building.

We too are taxpayers and have the government of the City of Newark in heart, and we want to have more parking lots and more defense workers and all that sort of thing, but when you really do see more people here representing quite a few ratables in The City of Newark, whether they are within the two hundred foot area or not, that means something. Bein a member of the Board of Adjustment of the City of East Orange, I think that any resident could appear before the Board and voice an objection. And I want to bring that to your attention, that there are thousands of dollars represented in these objectors this afternoon.

Mayor Murphy: Well, I don't think it is fair to say that I have not paid a lot of attention to it, because I argued with one man who seemed to be a quarter of a mile away, an eighth of a mile away. Because he has to go down to Clinton Avenue and then around to Washington Street and down to his place — because I know that section very well. There is no justification in saying that we have not paid any attention to it. We have; but of course we must confine it to some degree to those in the area involved.

Commissioner Brady: Of course, also Mr. Mayor, the Supreme Court looks at the record and it takes the time to reach a decision. I presume everything that was said here this afternoon must be in the record, and I also further assume the Commissioners could read the record.

Mayor Murphy: Now, who here is speaking for the permit?

Mr. Philip Mandelbaum: I am

speaking for Mr Dornbusch. May I point out to you that we had filed one plan for the application, and the Board of Adjustment granted our application subject to filing another plan with a fence, which we did file, showing the fence with two entrances. That will eliminate the argument from the gentleman of 1069 Broad Street that we may park our cars on the streets.

Mayor Murphy: May I ask you counsellor how many objectors are there? I see in this zone here, on my map, four marks offered as objectors; and it also appears that are about twenty. Is that right; that there is about four objectors in twenty within this radius of two hundred feet?

Mr. Bates (of the Zoning Board): About that.

Mayor Murphy: What is the matter with all the other people?

Mr. Mandelbaum: I presume that they are satisfied. Insofar as the hardship is concerned, this is an application only for one year, and I may assure you that if we could build at any time, if we could get anybody who wants to improve the property, we would be more than glad to release it or to sell it to them, because we cannot make any money from a parking station.

Mayor Murphy: I am sure that if the city Commissioners saw any opportunity for development there they probably would not approve the permit for another year.

Mr. Philip Mandelbaum: So far the owner next door had two attorneys who represented him. And I think insofar as a traffic hazard is concerned, I think that when Commissioner Brady made a count last year he found that there was

not a traffic hazard as Commissioner said. And as far as Mr. McTighe is concerned, Mr. Dornbusch could explain that to you.

Mr. Sigmund Dornbusch: That survey was made when we made that application for a gasoline station.

Commissioner Byrne: You made that survey?

Commissioner Brady: Yes.

Commissioner Brady: And you found it was safe?

Commissioner Brady: Yes.

Mr. Dornbusch: I would just want to say that Mr. McTighe was in favor of the parking station there because it was through him that we had this sign removed; and he was interested in the place as a parking station. He is the tenant in the building next door. And I am not surprised that Mr. McTighe will be the tenant even if the permit is granted. We did not buy it with the intention of running it as a parking station. It does not even pay any part of the taxes. And any time that that property would be developed; if there was anything that we could build there or anyone who wanted to buy or improve the property, we certainly would not want to run it as a parking station.

Commissioner Byrne: You are perfectly willing to sell it to anybody who wants to put a building there?

Mr. Dornbusch: Anytime at all. Mr. McTighe is interested because he needs that parking station for his hotel guests. I know right now that the guests in the hotel who own cars have to drive their cars to garages farther away from the

hotel and pay a much higher parking fee because cars are not permitted to park all night in the streets.

Mayor Murphy: And you have two or three hotels right around there.

Mr. Dornbusch: That is right. And this is the only hotel that I know of that has not got a parking station alongside of the hotel. All of the hotels have them; and Mr. McTighe, there is no question in my mind, will be a tenant in that parking station.

Mr. Joseph Holland: I am representing Mr. McTighe, and I was talking to him as late as two o'clock today, and he was against the proposition.

Mr. Edgar Williamson, Jr.: Mr. Mayor, if I may, I would also voice an objection to that statement about Mr. McTighe going into the parking station. Mr. McTighe has his hands full in running that hotel without taking up any more liability; and Mr. McTighe was talking to our office today, and he asked that our Company have some representative come down here with Commissioner Holland and voice an objection to it.

Commissioner Brady: I move that the matter be laid over for a week, Mr. Mayor, to give us an opportunity to look into the objections. There are quite a number here, and I don't think that another week would do us any harm; and it would give the Commissioners a chance to read the record here of the objections.

Mayor Murphy: It will have to be laid over for two weeks. But personally I am ready to act now. I am ready to vote in favor of it.

I don't know about the other Commissioners.

Commissioner Byrne: I am ready to vote for it.

Mayor Murphy: Unless you want to have it laid over.

Commissioner Brady: I think a week's time would not make any difference.

Mayor Murphy: It will have to be two weeks.

Mr. Sigmund Dornbusch: We are losing revenue there, Commissioner. We had the signs removed at the request of Mr. McTighe.

Commissioner Brady: There seems to be some conflict here.

Mr. Dornbusch: Let us leave Mr. McTighe out of the picture entirely. Let us take it on the merits.

Mayor Murphy: I am not taking the McTighe angle into it at all insofar as I am concerned.

Commissioner Villani: Are you making a motion to move it or not? You cannot make it a week; it will have to be two weeks.

Commissioner Keenan: I am ready to vote.

Commissioner Byrne: I am ready to vote.

Mayor Murphy: You heard the report of the Board of Adjustment approving of this permit. What is the action of the Commission?

Commissioner Byrne: I move its adoption.

Commissioner Keenan: I second it.

Mayor Murphy. Motion has been made that the action of the Board of Adjustment be concurred in, and the motion has been seconded. All in favor signify by saying "aye"; contrary "no." The Clerk will call the roll.

IT IS RESOLVED, by the Board of Commissioners of the City of Newark, that the said recommendations of the Board of Adjustment be and the same are hereby approved.

Commissioner Villani: I move its adoption.

Mayor Murphy: This one is for eight years?

Acting City Clerk: The open-air parking station s renewed for a period of one year ending March 9, 1943, and the gasoline station is renewed for a period of eight years ending March 9, 1950.

Commissioner Brady: Have we a right to do that?

Mayor Murphy: Are they all renewed on that basis?

Mr. Bates: We have been doing that since 1932.

Commissioner Villani: That is a long time.

Mr. Bates: That is the way it was.

Mayor Murphy: Well, you heard the reading of the application for a gasoline station. Are there any objectors?

Mayor Murphy: You heard the

reading of the application. Are there any objectors? If not, a motion is in order.

(No response).

Commissioner Villani: I move its passage.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: Are there any other applications?

Acting City Clerk: There is one more thing. This is the application by this man for a six months extension for the establishment of a parking station. It reads:

WHEREAS, on January 14, 1942, the Board of Commissioners of The City of Newark, on the recommendation of the Board of Adjustment dated December 23, 1941, adopted a resolution approving the establishment and operation of an automobile parking station on premises 109-115 Lafayette Street; and,

WHEREAS, the applicant, City Parking Service, was unable to establish this use within the allotted time; therefore be it

RESOLVED, By the Board of Commissioners of the City of Newark, that an extension of three months be granted to the said City Parking Service for the establishment of the aforesaid use, said extension to expire July 14, 1942.

John A. Brady  
Ralph A. Villani  
Vincent J. Murphy  
Jos. M. Byrne  
John B. Keenan

Mayor Murphy: All those in favor of the resolution signify by saying "aye." The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Acting City Clerk: That is all, Mr. Mayor.

Commissioner Brady: I have one thing, Mr. Mayor. I just want to get this on the record. There has been a bill introduced in the Assembly known as Assembly Bill No. 130. I understand it has been amended, but I have not received any definite information on it. It is known as, "An act to amend 'An act to provide for the protection, welfare of and financial assistance to certain needy persons in the State of New Jersey, providing for the administration thereof, and prescribing penalties for the violation thereof' approved June 18th, 1940."

I am objecting to this section Mr. Mayor, and I am going to ask the Commission to go on record in supporting me on the objection. This act creates the terms of the local assistance board, giving them the right to "appoint employees, including assistants, clerks, investigators and nurses, in such number as may be necessary to properly administer public assistance. The Director of Welfare and such other employees shall be paid such salaries as may be fixed by such board subject to approval by the governing body."

That takes out of the hands of the man who is in charge of that department the right to make necessary appointments, and in my opinion that would put him in a position to create a political set-up that might militate against the in-

terests of the City.

We are responsible for the expending of the funds of the City Government; the man who is in charge of that department; whether it be me, or some other member of the commission. He is held responsible and certainly should not delegate the powers to any subordinate body.

There is a lot of money expended in relief in the City of Newark, and it would permit them to promiscuously appoint clerks and investigators and nurses in such number as they deemed necessary.

I am opposed to it on the ground that I feel that the elected representative of the City of Newark who is charged with the responsibility of spending the taxpayer's money should take care of matters of that character.

Commissioner Byrne: Have you a resolution on that?

Commissioner Brady: I will introduce a resolution.

Commissioner Byrne: I will go along with you on that.

Mayor Murphy: Let us have, from the Legal Department, the position that bill is in.

Mr. Parsonnet: It was just brought to my attention this afternoon, Mr. Mayor. I have not looked into it; but may I suggest that instead of a resolution, inasmuch as it is rather late, that a motion be passed to oppose it?

Commissioner Villani: I second the motion.

Mr. Parsonnet: And in that way we could take care of it.

Mayor Murphy: A motion has been made that the Commission be opposed to Assembly Bill No. 130. All those in favor signify by saying "aye." The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: And the Legislative representatives from the Law Department will stand instructed to oppose the Bill by notifying the member of the Assembly and the Senate.

Commissioner Keenan: From what source does that Bill emanate?

Commissioner Brady: From Mr. Shepard of Bergen County.

Commissioner Villani: I move we adjourn.

Commissioner Brady: I second the motion.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy offered the fol-  
lowing resolutions:

WHEREAS, Erozya Tool & Ma-  
chine Manufacturing Company, the  
owner of property located at 69-73  
Summit Street, Newark, New Jer-  
sey, known and designated on the  
Tax Maps of the City of Newark  
as Block 383, Lots 6 and 8, has  
petitioned the Board of Commis-  
sioners of the City of Newark, for

the adjustment of unpaid principal of taxes, assessments, water connections and rents, sewer connections and other municipal charges and liens on the property aforesaid, and

WHEREAS, at a tax sale held on the 28th day of June, 1933, the City of Newark acquired a certain tax sale certificate No. 18834, covering the above premises now in the total amount of \$946.88, representing \$824 principal of taxes and \$122.33 interest, penalties and costs for the year 1931, and

WHEREAS, there has accrued on the above Certificate of sale from the date thereof to the 6th day of May, 1942, the sum of \$436.62 interest, penalties and costs, making a total of \$1,383.50 of principal, interest, penalties and costs on the Certificate for the above period, and

WHEREAS, there has further accrued on said Certificate for

	Principal Tax	Interest
1932	\$649.80	\$291.75
1933	560.88	387.87
1934	624.15	392.20

		33.30

making a grand total due and owing to date on this Certificate and subsequent taxes in the sum of \$7,203.97 of principal and \$3,058.43 interest, penalties and costs, and

WHEREAS, there is due to the City of Newark on the above designated property in unpaid principal taxes, assessments, water connections and rents, sewer connections, and other municipal charges and liens up to and including the 6th day of May, 1942, principal, interest, penalties and costs, in the total sum of \$10,262.40, and

WHEREAS, the petitioner has offered to pay the sum of \$6,750.00 to the City of Newark in full satisfaction of all unpaid principal taxes, assessments, water connections and rents, sewer connections, and other municipal liens and charges hereinabove set forth, and

WHEREAS, the said property has been assessed at \$20,900 for the year 1931, \$17,100 for the years 1932 to 1936 inclusive, \$14,300 for the years 1937 to 1939 inclusive, \$12,900 for the years 1940 and 1941, \$11,500 for the year 1942; and

WHEREAS, said assessment is not indicative of or the controlling factor as to present day market value, and

WHEREAS, John J. Gillen of 40 Clinton Street, Newark, N. J., a qualified real estate appraiser of the City of Newark, has submitted a detailed report, original copy attached to original resolution, summarized as follows:

"69-73 Summit Street; 144-150 Bleeker Street, Block 383, Lots 6-8.

"Corner plot of ground 81.4 front (rear 82.3') x 95.6' deep on Bleeker Street.

"In my opinion, this land, taking into consideration its plottage and corner influence, is worth today \$40 per front foot ..... \$3,250.00  
Buildings on this plot owing to their present poor condition (as described below) are worth .....  
..... \$3,500.00  
Total valuation today \$6,750.00

"On this plot there stands two old buildings. On the corner is a three-story and basement-brick factory building (in size about 81' x 30').

"On first floor is a loft rented to hardware manufacturing concern. Entire 2nd floor utilized by owner for his machine shop and manufacturing plant.

"3rd floor, because of bad repair, is condemned, being unusable and untenable.

"Second building is on Bleeker Street (in rear of above building), being a 2-story and basement brick factory building.

"First floor used by owner for his own storage purposes. Second floor rented to small manufacturing concern. (Size of building about 52' x 22' and 34' x 22'.

"There is a one-story brick building on upper part of plot.

"No. 150 Bleeker Street, occupied by an auto paint and body shop. Size about 48' x 25'.

"I judge the building must be at least 60 years old. They are in a dilapidated condition and badly in need of immediate renovations and necessary repairs to prevent condemnation of building by Building,

Tenement House and Labor Departments of the State.

"The total yearly rental is \$1,800. On this basis there is a loss of about \$1,000 yearly to maintain these buildings and pay all the costs and expenditures in connection therewith." and,

WHEREAS, the Board of Commissioners of the City of Newark, on the basis of an appraisal, made by John J. Gillen, is satisfied that the true market value of the property in question, is \$6,720, which is less than the principal sum of such taxes, and

WHEREAS, upon written application of the taxpayer hereinabove named, the Director of the Department of Revenue and Finance, upon investigation, deems it equitable and just and in the best interests of the City of Newark, the taxpayer agreeing, that the sum of \$10,262.40 be abated, settled and compromised for the sum of \$6,750.00, in full satisfaction of all unpaid principal taxes, assessments, water connections and rents, sewer connections, and other municipal liens and charges hereinabove set forth.

NOW THEREFORE BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF NEWARK, that the Comptroller and Tax Receiver be and they are hereby authorized and directed to accept the sum of \$6,750.00 as payment in full of all unpaid principal taxes, assessments, water connections and rents, sewer connections, and other municipal liens and charges are hereby ordered to be cancelled upon payment of \$6,750., provided the said sum shall be paid within 60 days from the date hereof, and

BE IT FURTHER RESOLVED,

that this Resolution is presented in consideration of the fact that the petitioner will improve the real property; said improvements to commence on the said property within 60 days from the date hereof, otherwise this Resolution to be null and void; and the City to have a lien on the premises in question for the full amount of unpaid principal of taxes, interest, assessments, etc., referred to herein and abated by this resolution; and this Resolution is presented under and by virtue of the provisions of revised statutes of New Jersey, Sec. 54:4-96 to 54:4-102 and all amendments thereto and supplements thereof giving municipalities the right to abate, revise, alter, adjust and settle unpaid principal of taxes, interest, penalties and costs, assessments, water connections and rents, sewer connections and other municipal liens and charges.

John A. Brady  
Ralph A. Villani  
Jos. M. Byrne, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, Merchants & Newark Trust Company, the owner of property located at 454-456 Clifton Avenue, Newark, New Jersey, known and designated on the Tax Maps of the City of Newark as Block 608, Lot 23, has petitioned the Board of Commissioners of the City of Newark for the adjustment of unpaid principal of taxes, assessments, water connections and rents, sewer connections, and other municipal charges and liens on the property aforesaid, and

WHEREAS, at a tax sale held on the 13th day of November, 1940, the City of Newark acquired a certain tax sale certificate No. 33405, covering the above premises in the total amount of \$2,856.55, representing \$2,235.30, principal of taxes and \$621.25 interest, penalties and costs for the years 1934 to 1939 inclusive, and

WHEREAS, there has accrued on the above Certificate of sale from the date thereof to the 6th day of May, 1942, the sum of \$330.25 interest, penalties and costs, making a total of \$3,186.80 of principal, interest, penalties and costs on the Certificate for the above period,

and

WHEREAS, there has further accrued on said Certificate for

Acting City Clerk: We have a communication from Morris Levine counsellor-at-law, stating:

"On February 11th, 1942, the Board of Adjustment granted to the Ternon Company, the then owner of the property, permission to use the above premises for light manufacturing, upon the provision that the use be established within ninety days from February 11th, 1942.

"The General Tool & Die Corporation, on whose behalf the application was made, has not been able to establish this use, and asks for an additional extension of three months.

"May I inquire at this time if such an extension will be granted, and if any further steps on our parts will be required."

Acting City Clerk: The resolution reads:

WHEREAS, On February 11, 1942 the Board of Commissioners of the City of Newark, on the recommendation of the Board of Adjustment dated February 3, 1942, adopted a resolution approving the use of present building for light manufacturing purposes on premises 211-213 North Twelfth Street; and,

WHEREAS, the owner of these premises, General Tool and Die Corporation, was unable to establish this use within the allotted time; therefore be it

RESOLVED, By the Board of Commissioners of the City of Newark, that an extension of three months be granted to the said General Tool and Die Corporation for the establishment of the aforesaid use, said extension to expire August 11th, 1942.

JOS. M. BYRNE, JR.

JOHN B. KEENAN

RALPH A. VILLANI

VINCENT J. MURPHY

The Board of Commissioners  
of The City of Newark, N. J.

MARTIN G. BROSS  
Acting City Clerk.

Newark, N. J., May 20, 1942

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 2:00 P. M., Eastern War Time.

Mayor Murphy: The meeting will come to order. The Clerk will call the roll.

Present: Commissioners Brady, Keenan, Villani, Mayor Murphy.

Absent: Commissioner Byrne.

Mayor Murphy: The Clerk will read the minutes of the previous meeting.

Commissioner Brady: I move we dispense with the reading of the minutes.

Mayor Murphy: Motion has been made that the reading of the minutes of the previous meeting be dispensed with. All in favor signify by saying "aye." The Clerk will call the roll.

Yeas: Commissioners Brady, Keenan, Villani, Mayor Murphy.

Mayor Murphy: Members of the City Commission, I want to call your attention to a letter that I have just received. This letter is from the "Vote Yes" Committee, and it says — dated today — "I have been informed that Local Government Commissioner Darby has submitted to you his audit of the City of Newark for the year 1940. I have been further informed that upon receiving Commissioner

Darby's audit, you ordered the audit placed in a vault. The citizens of Newark are entitled to your answer to these two questions:

"1. Did you receive the 1940 audit from Commissioner Darby?"

"2. If so, why have you failed to submit the audit to the newspapers for publication?"

I want to make this answer to that letter, for the benefit of the members of the City Commission. I am in receipt of a letter from the Citizens' Union asking two questions. "1. Did you receive the 1940 audit from Commissioner Darby?" "2. If so, why have you failed to submit the audit to the newspapers for publication?"

In answer to this premature and impertinent letter, I am informed that this audit was signed by Mr. Price and Mr. Hulsart of the Local Government Commission last Wednesday, and that, under the law, immediately after it is signed, it must be submitted to the next official meeting of the City Commission through the City Clerk. The City Clerk is undoubtedly prepared to discharge his duties in accordance with the law. Mr. Farrell, the acting auditor, informed me he placed the copies of the audit in the city vault until today, as he did not want to have some thief steal them before today's City Commission meeting, which, under the law, must be presented at a regular meeting of the City Commission and a record thereof made, and also a copy for the City Clerk.

I make that explanation for the

benefit of the members of the Commission, because that has always been the procedure and the law governing our actions; and therefore I have had no opportunity until today to present the audit, which did not come in here into the office, until late last Wednesday. So there was no other course to be followed but to bring it here before the Commission today and to present the audit today. I wanted to bring that out and make it clear because the inference was drawn that the Finance Director was withholding public information, and I wanted that clear on the record because that is unfair in my opinion.

I would like to state that the books are all here, and as a matter of record I now present to the City Clerk the 1940 audit. In accordance with law, I hereby direct the City Clerk to advertise the audit.

Commissioner Brady: I am surprised, Mr. Mayor, that those super-intellectuals did not know the law.

#### AUDIT

Audit of the City of Newark for the year 1940, Department of Local Government, was received, ordered filed and the City Clerk instructed to advertise the same.

Mayor Murphy: The next order of business, ordinance on first reading.

Commissioner Keenan introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance at length:

An Ordinance to amend an Ordinance entitled, "An Ordinance regulating and licensing taxicabs and

the licensing of drivers thereof and designating taxicab stands and prescribing penalties for violations," adopted 12-11-29 and as amended and supplemented.

The Board of Commissioners of the City of Newark do ordain:

1. That sub-paragraph (e) of paragraph 19 of an ordinance entitled, "An Ordinance Regulating and Licensing Taxicabs and the Licensing of Drivers Thereof and Designating Taxicab Stands and Prescribing for Violations," adopted, December 11, 1929, and as amended and supplemented, be and the same is hereby amended to read as follows:

(e) It shall be unlawful for any person owning, operating or driving a taxicab, as herein defined, to operate or drive such taxicab, unless such taximeter is used to determine the fare to be charged, excepting that a stipulated fare of not more than seventy-five cents (\$.75) for any destination within the city limits may be charged; such charge, however to be collected regardless of the figure showing on said taximeter, unless such figure on such taximeter shall read less than seventy-five cents (\$.75), in which case the smaller amount shall be collected; excepting further that the hourly rate may be used at the option of passengers after the meter has registered an amount equal to that of the first hour, conforming to the rates as herein provided for. No other rates or methods of measuring the distance or time charges shall be allowed.

2. This ordinance shall take effect in manner provided by law.

The roll being called, the motion was declared adopted by the fol-

lowing votse:

Yeas: Commissioners Brady, Keenan, Villani, Mayor Murphy.

Commissioner Keenan moved that June 3, 1942, 2:00 P.M., Eastern War Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

Commissioner Villani: I move the adoption of the bills, claims and payrolls.

Mayor Murphy: Motion has been made that the bills, claims, and payrolls be adopted. The Clerk will call the roll.

Yeas: Commissioners Brady, Keenan, Villani, Mayor Murphy.

Mayor Murphy offered the following resolutions:

WHEREAS, the Board of Commissioners has received the following written request:

May, 1942.

Board of Commissioners of  
The City of Newark,  
New Jersey.

Gentlemen:

We hereby request that the \$20,000 of bonds of The City of Newark, hereinabove described, be reconverted at our expense into bonds in coupon form as provided by law.

The bonds are dated March 1, 1930, bear interest at the rate of four and one-half per centum (4½%) per annum, payable semi-annually on March 1st and September 1st and consist of twenty bonds of the denomination of \$1,000 each, payable March 1, 1950, and comprising \$10,000 Public Improvement Bonds numbered from 973 to 982, inclusive, and \$10,000 City Railway Construction Bonds numbered from 391 to 400, inclusive.

The bonds are now registered in the name of "Trustees for the Support of Public Schools of the State of New Jersey." We have purchased the bonds and the bonds have been assigned to us with a power of attorney which authorizes us to have the bonds reconverted into coupon bonds.

Very truly yours,  
J. B. HANAUER & CO.

By .....  
and

WHEREAS, the City of Newark has heretofore issued the bonds

described in said written request pursuant to ordinance adopted by the Board of Commissioners of The City of Newark on the 29th day of January, 1930, and each of said bonds was issued in coupon form and subsequently converted into a bond registered as to both principal and interest by the removal and cancellation of the coupons attached thereto and by the execution by the City Comptroller of a conversion certificate printed on the back of each bond, and each of said bonds is now registered as stated in said written request: NOW, THEREFORE,

The Board of Commissioners of The City of Newark DO RESOLVE as follows:

Section 1. The Mayor and Director of the Department of Revenue and Finance and City Clerk are hereby authorized and directed to cause to be prepared \$20,000 of bonds of The City of Newark, dated March 1, 1930, bearing interest at the rate of four and one-half per centum ( $4\frac{1}{2}\%$ ) per annum, payable semi-annually on March 1st and September 1st, consisting of twenty bonds of the denomination of \$1,000 each, payable March 1, 1950, and comprising \$10,000 Public Improvement Bonds numbered from 973 to 982, inclusive, and \$10,000 City Railway Construction Bonds numbered from 391 to 400, inclusive. Said bonds so prepared shall be of the same tenor as the outstanding bonds described in said written request, and there shall be attached to each of said bonds coupons for the unmatured interest of the same form and tenor as the coupons which were attached to said outstanding bonds when they were originally issued; provided, however, each of said bonds shall recite on its face that it is issued pursuant to this resolution. Each

of said new coupons shall be authenticated by the facsimile signature of the Director of the Department of Revenue and Finance now in office.

Section 2. The Mayor and Director of the Department of Revenue and Finance and City Clerk are hereby authorized and directed to sign said bonds so prepared. Said Director is hereby authorized and directed to issue said bonds in exchange for said outstanding registered bonds pursuant to Section 40:1-57 of the Local Bond Law, and to cancel said outstanding registered bonds.

Section 3. The cost of reconverting said bonds shall be paid by J. B. Hanauer & Company.

Section 4. Upon effecting the re-conversion of said bonds said Director of the Department of Revenue and Finance shall execute a certificate identifying the bonds and coupons, and shall file such certificate in the office of the City Clerk.

WHEREAS, the City of Newark has heretofore issued the bonds described in said written request pursuant to ordinances adopted by the Board of Commissioners of the City of Newark on the 10th day of November, 1925, and each of said bonds was issued in coupon form and subsequently converted into a bond registered as to both principal and interest by the re-

removal and cancellation of the coupons attached thereto and by the execution by the City Comptroller of a conversion certificate printed on the back of each bond, and each of said bonds is now registered as stated in said written request: NOW, THEREFORE,

The Board of Commissioners of The City of Newark DO RESOLVE AS FOLLOWS:

Section 1. The Mayor and Director of the Department of Revenue and Finance and City Clerk are hereby authorized and directed to cause to be prepared \$22,000 Public Improvement Bonds, \$8,000 Municipal Dock Bonds and \$5,000 Port Newark Improvement Bonds of the City of Newark, dated December 15, 1925, bearing interest at the rate of four and one-quarter per centum (4¼%) per annum, payable semi-annually on June 15th and December 15th, and consisting of thirty-five bonds of the denomination of \$1,000 each, designated, numbered and maturing as follows, viz.: (1) \$8,000 Municipal Dock Bonds numbered from 273 to 280, inclusive, payable on December 15, 1960; (2) \$2,000 Public Improvement Bonds numbered 234 and 235, payable on December 15, 1960; (3) \$4,000 Public Improvement Bonds numbered from 244 to 247, inclusive, payable on December 15, 1961; (4) \$4,000 Public Improvement Bonds numbered from 251 to 254, inclusive, payable on December 15, 1962; (5) \$4,000 Public Improvement Bonds numbered from 258 to 261, inclusive, payable on December 15, 1963; (6) \$6,000 Public Improvement Bonds numbered from 263 to 268, inclusive, payable on December 15, 1964; (7) \$2,000 Public Improvement Bonds numbered 274 and 275, payable on December 15, 1965; and (8) \$5,000 Port Newark Improvement Bonds numbered from 911 to

915, inclusive, payable on December 15, 1963. Said bonds so prepared shall be of the same tenor as the outstanding bonds described in said written request, and there shall be attached to each of said bonds coupons for the unmatured interest of the same form and tenor as the coupons which were attached to said outstanding bonds when they were originally issued; provided, however, each of said bonds shall recite on its face that it is issued pursuant to this resolution. Each of said new coupons shall be authenticated by the facsimile signature of the Director of the Department of Revenue and Finance now in office.

Section 2. The Mayor and Director of the Department of Revenue and Finance and City Clerk are hereby authorized and directed to sign said bonds so prepared. Said Director is hereby authorized and directed to issue said bonds in exchange for said outstanding registered bonds pursuant to Section 40:1-57 of the Local Bond Law, and to cancel said outstanding registered bonds.

Section 3. The cost of reconverting said bonds shall be paid by J. B. Hanauer & Company.

Section 4. Upon effecting the re-conversion of said bonds said Director shall execute a certificate identifying the bonds and coupons, and shall file such certificate in the office of the City Clerk.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Keenan, Villani, Mayor Murphy.

Acting City Clerk: That is all the resolutions, Mr. Mayor.

Mayor Murphy: I see Mr. McCauley here and Mr. Greenfield.

Mr. T. Hubert McCauley: Mr. Mayor and fellow Commissioners. We beg leave to submit our report after the first seven weeks of the Fair Employment Practices Committee.

I am very sorry our full committee is not here; but Dr. Hilton

is attending a medical convention, and Joseph Crescenzi has a very sick wife and is unable to be with us.

We held a meeting, at the call of the Mayor, of employers and employees, and labor unions and independent organizations yesterday afternoon in this hall to discuss the effect of the new law which was passed by the legislature on the 4th of this month, signed by the Governor the next day, which makes it a misdemeanor to refuse any qualified person of employment in any war or essential industry.

Since the inception of the committee, you may not have heard very much from us, because of the fact we have received almost a total black-out from the two leading newspapers in Newark. It may have been that the newspapers were a little alarmed of the identity of the chairman of the committee, thinking perhaps that it was just a wild Irishman. For their information, if they don't know me now, I could say that I could be just as diplomatic as the next fellow where tact is indicated; and I hope that they will give us as much of a break as the foreign and other classifications have.

Since this is a report we must be very specific. It is the first report of this committee. I submit it on the May 20th meeting of the Board of City Commissioners. The reason we have chosen today is because the law was signed after the last meeting, and we could not appear before you then; and since our status may be very much changed by the new law, from today on, we think this is the proper time to present it.

"This committee has been in ac-

tion about seven weeks. Weekly hearings have been held each Thursday evening in Room B-6. In that time many complaints have been heard. All have been settled to the satisfaction of both sides of the controversy, which we feel is a real accomplishment.

"With no body of law behind us other than the Constitution of the United States, which obviously, forbids discrimination, and no other weapon than that of the compulsion of public opinion, we have been able not only to settle differences between prospective employees and the employer in whose places of business they have sought employment, but we have actually secured employment for scores of Newark citizens. In every case, the employer against whom complaint has been made, complied with our request and attended the hearing, at which the difficulties was adjusted to the satisfaction of both sides. In every case cooperation has been cheerful and prompt.

"In some of the cases, we have referred adjustment to a labor union, as it appeared that their central body could more effectively remove the source of contention than we. In the case of employers who were not situated in the City of Newark, we have referred the cases to the Governor's Good Will Commission. In those cases where no complication existed, where both sides of the controversy were resident in Newark, we have settled the cases by persuading employers to take on those who had alleged discrimination.

"For instance, in the case of two negro girls against the Sigmund Eisner Company, we have found no case of discrimination, as several negroes were employed at the time we received the complaint.

However, due to the intervention of this committee, this Company opened its gates a little more widely, so that today negroes comprise about 15% of the total personnel employed in the Newark plant, and the Company was sufficiently impressed to open the plant at Red Bank, New Jersey to Negroes where, heretofore, none had been employed. About 60 or 65 people were put to work of that race because of our intervention.

Complaints have been heard against governmental agencies and labor unions as well as private industries. In many cases, there was merely a misunderstanding, which was cleared. In other cases, the complainant was not trained in the job applied for. The committee did not feel competent enough in these technical phases to dictate to the employer, but found the latter willing to train people or take them at some later time.

"This committee could have heard many more cases than those brought before it. Complainants have been reluctant, for some unknown reason, to come forward with a complaint. The notable exception was that of the negroes, who seem to be adequately alert to their problem and sufficiently aggressive to fight for their rights. Perhaps the passage of a law, signed by the Governor on the 5th instant, will bring out sufficient cases to keep us busy."

In another month we will come back to you with some recommendation. At the present time it seems to be that the main recommendation we might make out of our experience is that greater facilities be provided for the training of unskilled labor in skilled work.

Thank you very much.

Mayor Murphy I wanted to thank the Fair Employment Practice Committee for the work they have taken upon themselves here at the request of the City Commission. And I am sure that any group of men in the City of Newark, like they, who will give of their time to sit down in these trying times and hear complaints which are made in reference to discrimination, are due to a great measure of gratitude by the City Commission and the people of the City of Newark; and we ask all to be patient with this committee. If there are any complaints of discrimination we ask the people to meet with the committee that has been set up by the City Commission, particularly now that this new law has been passed in the State of New Jersey, signed by the Governor, which gives the Committee much more power than they had before.

I think there can be no good reason why any person should be whispering on the side that there is constant discrimination going on in our heavily industrialized city with this committee in operation; and we call on everybody to take note that this committee, voluntarily acting in its capacity, representing the City Commission, is willing and ready at all times to cooperate with employees and employers in any complaint that they may receive.

Mr. T. Hubert MacCauley: Mr. Mayor, if I may call this to your attention, Newark was the first city to establish such a committee; and we are probably better known, not personally, but the fact that there is such a committee known all over the country today.

Mayor Murphy: Of course I do not want to take credit for that myself; but thank you anyhow, and

I know that no member of the City Commission want to take credit for it; but it is trying to do a good job.

Mayor Murphy: Board of Adjustment matters.

Commissioner Brady offered the following resolutions:

WHEREAS, On an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of William Valtre (Trustees of The Standard Trust Estate); for the manufacture of radio tubes and parts in a 2nd business district; on premises 23-27 Wright Street; same to be in accordance with the plans approved by the Board of Adjustment;

AND the matter having been considered by this Board;

IT IS RESOLVED, By the Board of Commissioners of The City of Newark, that the said recommendations of the Board of Adjustment be and the same are hereby approved.

Mayor Murphy: You heard the reading of the application. Are there any objectors?

Mr. Russell Rankin: There were objectors, Mr. Mayor, at our hearing. I don't see them here today.

Mayor Murphy: Have they been advised that the matter was coming up before the Commission today?

Mr. Russell Rankin: Yes sir.

Mayor Murphy: All right. You heard the reading of the application. Hearing of no objectors, what action do the Commission wish to take?

Commissioner Villani: I move the adoption.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Keenan, Villani, Mayor Murphy.

BOARD OF ADJUSTMENT  
CITY HALL  
NEWARK, NEW JERSEY

May 12, 1942

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted recommending to your Honorable Body, in accordance with Section 40, 55-39 R. S., that the following applications for variances from the terms of the Zoning Ordinance be allowed:

\*7-9 Warren Place; Moses Eisner, owner; renewal of permit for automobile parking station; such use to be limited to the period of one year ending May 8, 1943;

\*179-183 Charlton Street; Fisher's

Esso Service, Inc., owner; renewal of permit for gasoline station; such use to be limited to the period of eight years ending May 25, 1950;

\*36-46 Hill Street and 40-44 Court Street; Modern Parking Co.; renewal of permit for automobile parking station; such use to be limited to the period of one year ending May 13, 1943;

\*418-422 Bloomfield Avenue; Red Seal Motors, Inc., owner; renewal of permit for automobile sales station and car-washing building; such use to be limited to the period of two years ending May 22, 1944;

\*247 Central Avenue; Ed Morgan Co.; renewal of permit for automobile sales station; such use to be limited to the period of one year ending May 10, 1943.

Respectfully submitted,

BOARD OF ADJUSTMENT

R. B. Rankin,  
Secretary.

Ordered Filed.

Acting City Clerk: Five of these six applications can be heard today; inasmuch as there were no objectors before the Board.

Mayor Murphy: A motion to suspend the rules is now in order.

Commissioner Villani: I so move you.

Commissioner Keenan: I second

the motion.

Mayor Murphy: Motion has been made to suspend the rules. The Clerk will call the roll.

Yeas: Commissioners Brady, Keenan, Villani, Mayor Murphy.

Mayor Murphy: Before the Clerk read the applications, I would like to make this statement: That Commissioner Byrne is unable to be at this meeting today, due to the fact that Mr. Costello, the Chief Engineer, has been taken seriously ill, and there was a very important meeting of the Water Policy Commission, and it was necessary to have representation there; and Commissioner Byrne, on account of Mr. Costello not being able to attend, has gone to that Water Policy Commission meeting. He has asked the City Commission here to kindly make that announcement so that no one could possibly think that he was passing up a City Commission meeting.

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of The City of Newark that the following structure or use be allowed:

Yeas: Commissioners Brady, Keenan, Villani, Mayor Murphy.

Acting City Clerk: That is all on the desk at this time, Mr. Mayor.

Mayor Murphy: I see Jack Press here. Of course Jack, I don't suppose you are ready to make a final report on the "General Mac Arthur Night." I suppose it will take a little time to get the report ready, isn't that so?

Mr. Jack Arnold Press: I did not anticipate making the report at this time, Mr. Mayor, because the figures have not been compiled. As soon as I get that from the Treasurer, I guess you will know about it.

Mayor Murphy: I want to thank you, Jack, on behalf of the members of the City Commission, for the hard and tedious task that you have performed in endeavoring to make the "Mac Arthur Night" af-

fair a success. I think it was a grand success. The job that you have performed in getting to the City of Newark such outstanding talent is certainly amazing; and on behalf of the members of the Commission, and I think on behalf of everyone who saw that show, I want to express the appreciation of all of us. It was a worthy cause. The funds which came in will be equally distributed, as you know, to the Army and Navy Relief Funds. And I think that the members of the Commission all feel overjoyed to know that it was such a success.

Mr. Jack Arnold Press: Thank you, Mr. Mayor. When the report comes in, I will be very happy to submit it to you.

Commissioner Brady: I move we adjourn.

Commissioner Villani: I second the motion.

Mayor Murphy: Motion to adjourn has been made. The Clerk will call the roll.

A Woman: Mr. Mayor.

Mayor Murphy: Yes, what is it?

A Woman: I want your permission to address the Commission.

Mayor Murphy: I am sorry, lady. We asked for speakers before, and no one answered.

A Woman: I am sorry. I did not understand the procedure. This is the first time I have been here.

Commissioner Brady: I move, Mr. Mayor, that we go into session again.

Mayor Murphy: The motion was

not carried yet, so it is perfectly all right.

A Woman: I don't represent any organizations or any legal firm. I merely represent, you honor, five hundred mothers residing at the Seth Boyden Apartments at Frelinghuysen Avenue.

We have a situation there that must be aided; and only by you gentlemen, I think, can such a thing be done. Our children do not have a public school. Now, there was public reading matter about a year or so ago that a parcel of ground was sold to the Board of Education for such a purpose; and it was also public reading matter that a cash appropriation will be made for such a building. And in the meantime, our children were sent to schools on Anne Street and Miller Street, a considerable distance from their homes, by bus four times a day. That in itself was half a problem, because we lived in the hope that the school will come through in a short time. Now, our buses are stopping two blocks further from the home than they did originally. Now our children get in the homes about five or ten minutes past twelve, and twenty minutes after they are required to be back in their bus seats. And our children are getting thinner. They have no time to make their Ablutions; and they go back to school and then they are marked down for improper health habits. And their lunches are ruined.

We would like to know what can be done about it. Last year I appeared before the Board of Education with a Committee. Mr. Cozzoline at that time told me about the appropriation and promised me that ground would be broken in the spring, this year, but nothing has been done. And the situation

grows steadily worse.

Now, we have a batch of children eligible for enrollment in September; but you cannot take a five-year-old baby and send her to School on a bus four times a day. And there isn't time enough for the older ones to do what they are supposed to do at dinner time. And I would like to know what can be done.

Mayor Murphy: You have referred to a Mr. Cozzoline who was on the Board of Education at that time, I suppose.

The Woman: Yes.

Mayor Murphy: I do recall something pertaining to the new school sometime ago, but I just cannot bring it to my memory just what action the Board of Education had taken. I believe they intended to erect a new school, but just what is holding it up I don't know. But I will be glad to check into the matter with the Board of Education and find out exactly what their plans are in reference to the erection of a new school. Also with reference to the question you mentioned here pertaining to the buses. I think that at least until such time as you get the new school, something should be done to give the children more time than ten minutes to get a bite to eat.

The Woman: You see, originally, they used to drive in ten minutes of twelve and stop in the heart of the project. And that was an equal distance from our homes. Now with the decrease of traffic, I cannot understand why they get in ten or fifteen minutes later. And for the past few weeks, those buses have gone in Dayton Street, right opposite the park, which is ten minutes away, at five after twelve. And

there is the point, that children are missing all the buses; and they are being marked down in school; and they have had to take time out.

Mayor Murphy: What is your name?

The Woman: Mrs. Beatrice Sachs.

Mrs. Sachs: 109 Center Terrace, Newark.

Commissioner Villani: Mr. Mayor, I am in charge of the housing in Newark, and I know that these people have come to me time and time again asking some cooperation for the school there. And I am heartily in favor of it, if something could be done. I realize that the school system is in your department, and I feel that you ought to look into it so that some relief could be given to this group here.

Mayor Murphy: I note that there was quite some discussion in connection with the plan. I remember something in the papers concerning it. Of course, while I have nothing to say over the Board of Education, they are appointed by the Mayor; but they are on their own. But I still have a responsibility to the people.

Mrs. Sachs: Your Honor, we will still be grateful if a one-story building were put up so that the children could at least pass the fifth grade. You see, the children who go to the fifth grade attend Miller Street School, and they get the full three-quarters of an hour,

but for the younger children it is almost an impossibility for them to manage anything. And the teachers request them to please not to leave the room; and yet when they get home they do not have time. And so, often things happen when they get home. That is the trouble.

Mayor Murphy: I will check into it with the Board of Education, and I will write you on it. I will go into the question of the buses and find out just what can be done.

Mrs. Sachs: Thank you very, very much. I am very grateful to you.

Mayor Murphy: Is there anybody else who desires to be heard before the motion is made to adjourn?

(No response).

Motion has been made to adjourn. The Clerk will call the roll.

Yeas: Commissioners Brady, Keenan, Villani, Mayor Murphy.  
APPROVED:

JOHN A. BRADY

JOHN B. KEENAN

The Board of Commissioners  
of the City of Newark, N. J.

MARTIN G. BROSS  
Acting City Clerk.

Newark, N. J., May 29, 1942

A special meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chambers, City Hall, Newark, at 12:00 o'clock, Eastern War Time.

Commissioner Byrne, presiding.

Acting Mayor Byrne: The meeting will come to order. The Clerk will call the roll.

Present: Commissioners Brady, Byrne Keenan.

Absent: Commissioners Villani, Mayor Murphy.

The Acting City Clerk then read the following call for the meeting.

.... DEPT. OF PUBLIC WORKS ....  
CITY HALL  
NEWARK, NEW JERSEY

To the Honorable  
Board of Commissioners

City Hall,  
Newark, New Jersey.

Gentlemen:

You are hereby notified that a special meeting of the City Commission will be held on Friday, May 29th, 1942 at twelve o'clock, noon, to receive the official tabulation of the election held on May 26, 1942, for the adoption or rejection of the Municipal Manager Act.

Very truly yours,

JOS. M. BYRNE, JR.  
Director

Dept. of Public Works.  
Ordered Filed.

Acting Mayor Byrne: This special meeting has been called for the purpose of receiving from the acting City Clerk his certification of the result of the special election held on Tuesday, the 26th instant, on the question of the adoption or rejection of the Council-Manager Form of Government, and to have the result thereof set forth in the minutes of this Commission.

The Acting City Clerk will submit his report of the result.

The acting city clerk submitted the following report of the result.

"Shall subtitle 5 of the title Municipalities and Counties of the Revised Statutes (40:79-1 et seq.) providing for Municipal Manager form of government be adopted in the City of Newark?"

The Clerk then read the ordinance at length:

An Ordinance to amend an Ordinance entitled "An Ordinance to regulate the construction, repair, alteration and removal of buildings within the City of Newark, New Jersey."

The Board of Commissioners of the City of Newark do ordain:

That the above entitled Ordinance be and the same is hereby amended by adding the following supplement to the Building Code:

WHEREAS, National Emergency program requirements have created a shortage of critical materials for war and private use, and

WHEREAS, The Federal Government will impose necessary restrictions on the use of these materials, thus making it impossible to secure certain types now required by the Building Code, NOW, THEREFORE,

BE IT ORDAINED BY THE BOARD OF COMMISSIONERS OF THE CITY OF NEWARK,

Section 1. EXCEPTIONS PERMISSIBLE DURING THE NATIONAL EMERGENCY.

That for the period of the National Emergency created by war, the Superintendent of Buildings may grant permits allowing the substitution and omission of materials and methods of construction now required by the Building Ordinance of the City of Newark, wherever he shall find the following facts to exist:

1) If the materials required by the said Ordinance are not available, or cannot be obtained within a reasonable time, or cannot be

obtained except at prohibitive cost, because of the National Emergency, and

2) The omission of required materials, or the use of such substitute materials or methods will not seriously increase the fire or safety hazards, nor lessen the structural stability of the building or structure where such exceptions are permitted.

This Ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan.

Commissioner Keenan moved that June 17, 1942, at 2:00 p. m., Eastern War Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan.

Commissioner Brady introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance at length:

An Ordinance providing for the

issuance of \$100,000 Water Bonds of the City of Newark, and providing for the issuance of Bond Anticipation Notes in anticipation of the issuance of such bonds.

The Board of Commissioners of the City of Newark do ordain as follows:

Section 1. It is hereby determined and stated that the Board of Commissioners of The City of Newark proposes to enlarge and improve the water supply system established and operated by said City by the construction or reconstruction of additional water mains together with appurtenances necessary or suitable for its operation, an improvement hereinafter described as "purpose"; that part of the cost of financing said purpose, in labor and materials, is to be met by the Works Progress Administration of the United States of America; that said purpose is not a current expense of said City, and that it is necessary to finance said purpose by the issuance of obligations of said City, pursuant to the Local Bond Law of New Jersey, as hereinafter provided; and that said water supply system would have been self-liquidating, as defined in Section 40:1-79 of said Local Bond Law, during the fiscal year beginning January 1, 1941, had there been included in the interest and debt redemption charges for such year an amount equal to interest for one year at the rate of four and one-half (4½%) per annum, on said bonds or notes, and the amount of the first installment of serial bonds legally issuable to finance such purpose.

Section 2. It is hereby stated, pursuant to said Local Bond Law, that (a) the estimated maximum amount of money necessary to be raised from all sources for said

purpose is One Hundred Thousand Dollars (\$100,000); (b) the maximum amount which is to be charged as part of the cost of said purpose and which is necessary to finance interest on obligations issued to finance such purpose or to finance engineering or inspection costs and legal expenses or to finance the cost of the issuance of said obligations, as provided in section 40:1-55 of said law, is Sixteen Thousand, Five Hundred (\$16,500) Dollars; and (c) the estimated maximum amount of bonds or notes necessary to be issued for said purpose is One Hundred Thousand (\$100,000) Dollars.

Section 3. To finance said purpose, bonds of said City of an aggregate principal amount not exceeding One Hundred Thousand (\$100,000) Dollars, to be designated "Water Bonds" are hereby authorized to be issued pursuant to said Local Bond Law. Said Bonds shall bear interest at a rate which shall not exceed six per centum (6%) per annum. All matters with respect to said bonds not determined by this ordinance shall be determined by resolutions to be hereafter adopted.

Section 4. To finance said purpose

Section 4. To finance said purpose, Bond Anticipation Notes of said City of an aggregate principal amount not exceeding One Hundred Thousand (\$100,000) Dollars are hereby authorized to be issued, in anticipation of the issuance of said bonds, pursuant to said Local Bond Law. Said notes shall bear interest at a rate which shall not exceed six per centum (6%) per annum, and may be renewed from time to time pursuant to and within the limitations prescribed by law. All matters with respect to

said notes not determined by this ordinance shall be determined by resolutions to be hereafter adopted. In the event that bonds are issued pursuant to this ordinance, the aggregate amount of notes hereby authorized to be issued shall be reduced by an amount equal to the principal amount of the bonds so issued. If the aggregate amount of bonds and notes issued pursuant to this ordinance shall at any time exceed the sum first mentioned in this section, the moneys raised by the issuance of said bonds shall, to not less than the amount of such excess, be applied to the payment of such notes then outstanding.

Section 5. It is hereby determined and declared that the period of usefulness of said purpose is a period of forty (40) years computed from the date of said bonds.

Section 6. No part of the cost of financing said purpose has been or is to be specially assessed against property pecially benefited thereby.

Section 7. It is hereby determined and declared that the Supplemental Debt Statement required by said Local Bond Law has been duly made and filed in the office of the City Clerk of said City, and that such statement so filed shows that the gross debt of said City, as defined in section 40:1-76 of said law, is increased by this ordinance by One Hundred Thousand \$100,000) Dollars, and that the issuance of said obligations is permitted by an exception to debt limitations prescribed by said law, contained in sub-division (f) of Section 40:1-16 of said law.

Section 8. The sum of One Hundred Thousand Dollars (\$100,000) provided for herein is in addition to bonds heretofore authorized for said purpose.

Section 9. This ordinance shall take effect twenty (20) days after the first publication thereof after final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan.

Commissioner Brady moved that June 17, 1942, at 2:00 p. m., Eastern War Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The Clerk then read the ordinance at length:

An ordinance granting permission to Ohrbach's, Inc., to erect, construct and maintain a bridge over and above Library Court.

The Board of Commissioners of the City of Newark do ordain:

1. That permission be and the same is hereby given to Ohrbach's, Inc., (a corporation), to erect, construct and maintain over Library Court, in the City of Newark, a bridge substantially of the character and design as shown upon the

plans of same presented to this Board and to be filed in the office of the Superintendent of Buildings of the Department of Public Safety, and subject to approval by the Superintendent of Buildings.

2. The aforesaid bridge shall be located over and above Library Court, approximately 100 feet north of the northerly line of Market Street. The bridge shall have a minimum clear height of 40 feet above the surface of the street; the height of the roof of said bridge above the surface of the street shall be approximately 50 feet, and the width of said bridge shall be approximately 8 feet.

3. The said bridge to be erected and constructed over said street shall be designed architecturally so as to present a pleasing appearance and shall be constructed substantially in accordance with the plans submitted to this Board, and to be filed in the office of the Superintendent of Buildings, as aforesaid.

4. That such permission be and the same is hereby given upon the condition and premise that Ohrbach's Inc., its successors and assigns, shall forever maintain said bridge in good condition, and shall save the City harmless from all injury and damages, if any, to persons and property, by reason of the erection, construction and maintenance of said bridge, and shall indemnify and save harmless the said City of Newark, its officers, agents and servants, from any claim or claims whatsoever, to any person, persons, firm or corporation, arising from or in any way connected with the granting of the permission herein contained.

5. That the permission herein given and granted shall not become effective until the Ohrbach's,

Inc., shall have filed with the Acting City Clerk of the City of Newark a written acceptance of the permission, subject to the conditions herein set forth; such writing to be in form and substance approved by the Corporation Counsel of the City of Newark, and to be filed within 30 days from the date on which this ordinance becomes effective.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan.

WHEREAS, there is an unexpended balance of an appropriation for the 1938 Budget Appropriations,

Department of Revenue and Finance, for the tax sale certificate foreclosure costs, reserved for such purpose; and,

WHEREAS, the City of Newark acquired a lien by sale for taxes and assessments, against lands in the City of Newark, known as No. 155 Washington Street, Block 60, Lot 45, on the assessment maps of the City of Newark, as evidenced by tax sale certificate No. 29777, dated October 30, 1936 and recorded in the Office of the Register of Essex County, in Block L 85 of Mortgages for said County, on page 82, and,

WHEREAS, said tax sale certificate was assigned to Aaron Levinstone, one of the Special Counsels appointed by the Corporation Counsel of the City of Newark, with the approval of the Board of Commissioners, to collect the amount due on said certificate and for subsequent municipal liens, or to foreclose said certificate, and,

WHEREAS, by resolutions of the Board of Commissioners of the City of Newark, presented under and by virtue of Revised Statutes 54:4-99 to 54:4-102 inclusive, said Board of Commissioners granted the application of Kent Parking Garage Incorporated, the owner of the aforesaid premises, and did abate the taxes, assessments and other municipal charges, interest and penalties against said premises, for the years from 1933 to April 22, 1942, to the sum of \$100,000.00, which sum was later paid by Kent Parking Garage, Incorporated, pursuant to the terms of said resolution, and,

WHEREAS, Aaron Levinstone, as Special Counsel, as aforesaid, rendered service in the form of negotiations for the payment of said

liens and in the further preparation of a foreclosure suit instituted on said tax sale certificate, for which services, said Aaron Levinstone claims the sum of \$100.00, and,

WHEREAS, it is deemed that such compensation is reasonable and just,

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark, that the sum of \$100.00 be, and the same is hereby appropriated for the payment of the services of Aaron Levinstone, as aforesaid, and that the Director of the Department of Revenue and Finance, is hereby directed to draw a check for the sum of \$100.00 to the order of Aaron Levinstone, for said fees.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan.

Commissioner Byrne offered the following resolutions:

WHEREAS, heretofore, Alexander Isserman, instituted suit against The City of Newark, for damages growing out of the rental by the City of premises 209-213 Mulberry Street (Block 865-59/61), as a municipal lodging house; and,

WHEREAS, said suit is shortly to come to trial; and,

WHEREAS, in the opinion of the Law Department, if a suitable offer of settlement were made, it would be to the advantage of the City to conclude such settlement rather than engage in prolonged litigation,

the outcome of which is problematical; and,

WHEREAS, in the opinion of the Law Department there has been created a moral obligation which the City, if it so desires, may recognize, as a matter of law; and,

WHEREAS, John J. Clancy, Attorney for Mr. Isserman, has offered to compromise and settle said litigation for a sum representing the amount due for taxes, interests and costs, the moneys to be received to be applied immediately to the payment of such accrued taxes, interest and costs; and,

WHEREAS, it appears that the amount due the City for taxes, including the first ½ of 1942, is the sum of \$20,432.23, and interest and costs, in the sum of \$8,829.22, making a total sum of \$29,261.45; and,

WHEREAS, it is the opinion of the Law Department that such settlement would be for the best interest of the City;

THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF NEWARK that the suit instituted by Alexander Isserman v The City of Newark, (Essex Circuit Court), be and the same be compromised and settled for a sum aggregating amount due for the accrued taxes (including first ½ 1942 taxes), interest and costs, in the sum of \$29,261.45 against the property hereinabove mentioned, such moneys to be forthwith paid over to The City of Newark in full settlement and satisfaction of such tax delinquencies, interest, etc.; and the Director of the Department of Revenue and Finance is hereby authorized to make such payment to Alexander Isserman (said sum being hereby appropriated), in

satisfaction of the tax liens, etc., above mentioned; the draft so made to be immediately endorsed over to the Department of Revenue and Finance of the City of Newark, in payment of accrued taxes, interest, etc., on the property in question, as hereinabove set forth.

WHEREAS, under the terms of a Lease now in existence, dated December 30, 1933, made and entered into BETWEEN THE CITY OF NEWARK, as Landlord, AND, DAVID RIPLEY & SONS - W. FRANK HOPPING, INC., as Tenant, which Lease expires January 1, 1944, the Tenant was given the privilege of renewing said Lease for an additional period of 10 years from the date of its expiration, upon the same terms and conditions contained in said Lease, except that the rent to be reserved and paid during the renewal period was to be agreed upon at the time of the exercise of the renewal privilege; and,

WHEREAS, said Tenant has dissolve as a corporation and those interested in the corporation have continued the business as partners, now trading under the name of David Ripley & Sons - W. FRANK HOPPING, the partners composing said firm being William D. Ripley, William C. Ripley, Howard G. Ripley, W. Frank Hopping, B. S. Hopping and R. A. Hopping; and,

WHEREAS, the Tenant has written the following letter to the Director of the Department of Public Works:

"April 28th, 1942.

Jos. M. Byrne, Jr., Comm.

Dept. of Public Affairs,  
City Hall,

Newark, New Jersey.

Dear Sir:

We are furnishing the Navy, Army and shipbuilding interests up to 85% of our capacity. Increasing our output at this time entails installation of additional sawmill machinery and facilities to expedite unloading and reloading of freight cars, which, since the embargo on water shipments, has of course increased tremendously.

This outlay on our part can only be amortized over a period and we would appreciate an assurance from you that our lease may be renewed for another ten years, at the present rate of approximately One Thousand Dollars per acre, per year.

Very truly yours,

David Ripley & Sons - F.  
Frank Hopping  
W. F. Hopping"

and, WHEREAS, the Director of the Department of Public Works is of the opinion that the rental offered for the renewal period is a reasonable rental, and that it is for the best interest of the City to accept the same, provided that in addition to said rental the Tenant pays the dockage and wharfage charges, according to the schedule and Rates established by the City;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF NEWARK, that the Director of the Department of Public Works be and he is hereby authorized and empowered to enter into and execute, on behalf of the City of Newark, a renewal of said Lease, in form attached hereto; and the Director of the Department of Public Works and the City Clerk of the City of Newark are hereby directed to sign said Lease, on the adoption of this Resolution.

WHEREAS, the City of Newark, through the Division of Central Purchase and the Department of Public Safety, has been endeavoring for some time to obtain a Preference Rating from the Priorities Division of the War Production Board, for the construction of a 1,000 gallon triple combination pumping engine according to specifications on file in the Division of Central Purchase, and

WHEREAS, the War Production Board has not made a Preference Rating available to the City of Newark for this Fire Equipment because of the National Emergency, and

WHEREAS, the War Production Board, through Mr. George Cummings advised the Division of Central Purchase that if priority were granted, delivery could not be

made for approximately one year, and,

WHEREAS, the War Production Board, through its investigators, has full knowledge of the seriousness of the local conditions, the said Mr. Cummings advised the Acting Director of the Division of Central Purchase that the War Production Board would grant the City of Newark the necessary Preference Rating, and would allocate a larger "Metropolitan" pumping engine manufactured by the American LaFrance Foamite Corporation, which will be ready for delivery on or about June 15, 1942, and

WHEREAS, the said Mr. George Cummings advised the American LaFrance Foamite Corporation to reserve the above mentioned apparatus, and enter negotiations with the City of Newark; and

WHEREAS, the larger "Metropolitan" pumping engine is offered for \$14,350.00 net, or \$4,947.00 more than the City of Newark specification pumping engine originally contracted for under contract No. 44/42S; and

WHEREAS, it is the opinion of this Board of Commissioners that an emergency exists which requires immediate acceptance of said offer, as above mentioned, now therefore

BE IT RESOLVED, by the Board of Commissioners of the City of Newark that an emergency exists, which requires the purchase of the "Metropolitan" pumping engine above mentioned, allocated by War Production Board, from the American LaFrance Foamite Corporation for the protection of the City's property and its welfare; and

BE IT FURTHER RESOLVED, that the Director of the Department

of Public Works and the City Clerk of the City of Newark are hereby authorized and directed to execute on the part of the City of Newark, proper contracts for furnishing and delivering said apparatus.

The Board of Commissioners  
of The City of Newark, N. J.

Gentlemen:

We hereby request that the \$35,000 of bonds of The City of Newark, hereinafter described, be reconverted at our expense into bonds in coupon form as provided by law.

The bonds consist of (1) \$15,000 Passaic Valley Sewer Bonds, dated September 1, 1918, payable September 3, 1952, bearing interest at the rate of five per centum (5%) per annum, payable semi-annually on March 3rd and September 3rd, and consist of fifteen bonds of the denomination of \$1,000 each, numbered from 1369 to 1383, inclusive, and (2) \$5,000 School Bonds, dated March 15, 1929, payable March 15, 1953, bearing interest at the rate of four and one-half per centum (4½%) per annum, payable semi-

annually on March 15th and September 15th, and consist of five bonds of the denomination of \$1,000 each, numbered from 602 to 606, inclusive, and (3) \$5,000 Port Newark Improvement Bonds, dated March 15, 1929, payable March 15, 1953, bearing interest at the rate of four and one-half (4½%) per annum, payable semi-annually on March 15th and September 15th, and consist of five bonds of the denomination of \$1,000 each, numbered from 1031 to 1035, inclusive, and (4) \$10,000 School Bonds, dated June 1, 1931, payable June 1, 1955, bearing interest at the rate of four per centum (4%) per annum, payable semi-annually on June 1st and December 1st, and consist of ten bonds of the denomination of \$1,000 each, numbered from 1101 to 1110, inclusive.

The bonds are now registered in the name of "Trustees for the Support of Public Schools of the State of New Jersey." We have purchased the bonds and the bonds have been assigned to us with a power of attorney which authorizes us to have the bonds transferred to us on the books of the City and to have the bonds reconverted into coupon bonds.

Very truly yours,

J.B. HANAUER & CO.

By .....

and

WHEREAS, The City of Newark has heretofore issued the bonds described in said written request, and each of said bonds was issued in coupon form and subsequently converted into a bond registered as to both principal and interest by the removal and cancellation of the coupons attached thereto and by the execution by the City Comptroller of a conversion certificate

printed on the back of each bond, and each of said bonds is now registered as stated in said written request: NOW, THEREFORE,

The Board of Commissioners of The City of Newark Do Resolve as follows:

Section 1. The Mayor and Director of the Department of Revenue and Finance and City Clerk are hereby authorized and directed to cause to be prepared (1) \$15,000 Passaic Valley Sewer Bonds, dated September 3, 1918, payable September 3, 1952, bearing interest at the rate of five per centum (5%) per annum, payable semi-annually on March 3rd and September 3rd, and consisting of fifteen bonds of the denomination of \$1,000 each, numbered from 1369 to 1383, inclusive, and (2) \$5,000 School Bonds, dated March 15, 1929, payable March 15, 1953, bearing interest at the rate of four and one-half per centum ( $4\frac{1}{2}\%$ ) per annum, payable semi-annually on March 15th and September 15th, and consisting of five bonds of the denomination of \$1,000 each, numbered from 602 to 606, inclusive, and (3) \$5,000 Port Newark Improvement Bonds, dated March 15, 1929, payable March 15, 1953, bearing interest at the rate of four and one-half per centum ( $4\frac{1}{2}\%$ ) per annum, payable semi-annually on March 15th and September 15th, and consisting of five bonds of the denomination of \$1,000 each, numbered from 1031 to 1035, inclusive, and (4) \$10,000 School Bonds, dated June 1, 1931, payable June 1, 1935, bearing interest at the rate of four per centum (4%) per annum, payable semi-annually on June 1st and December 1st, and consisting of ten bonds of the Denomination of \$1,000 each, numbered from 1101 to 1110, inclusive. Said bonds so prepared shall be of the same tenor

as the outstanding bonds described in said written request, and there shall be attached to each of said bonds coupons for the unmatured interest of the same form and tenor as the coupons which were attached to said outstanding bonds when they were originally issued; provided, however, each of said bonds shall recite on its face that it is issued pursuant to this resolution. Each of said new coupons shall be authenticated by the facsimile signature of the Director of the Department of Revenue and Finance now in office.

Section 2. The Mayor and Director of the Department of Revenue and Finance and City Clerk are hereby authorized and directed to sign said bonds so prepared. Said Director is hereby authorized and directed to issue said bonds in exchange for said outstanding registered bonds pursuant to Section 40:1-57 of the Local Bond Law, and to cancel said outstanding registered bonds.

Section 3. The cost of recovering said bonds shall be paid by J. B. Hanauer & Company.

Section 4. Upon effecting the re-conversion of said bonds said Director of the Department of Revenue and Finance shall execute a certificate identifying the bonds and coupons, and shall file such certificate in the office of the City Clerk.

IN THE COUNTY OF ESSEX

WHEREAS, the City of Newark in the County of Essex in the State of New Jersey desires to qualify itself to receive from funds available such financial aid and assistance as it may be entitled to, or eligible for.

NOW, THEREFORE, BE IT RESOLVED By the Board of Commissioners of The City of Newark in the County of Essex in the State of New Jersey, that written application be and hereby is made to the Director of the Municipal Aid Administration for assistance to aid in the financing of their relief program; such assistance to be that provided for in Chapter 28, P. L. 1941, approved March 28.

AND FURTHER, to qualify for said assistance, the aforesaid municipality declares that public assistance as defined in Chapter 130, P. L. 1940, will be administered by a Local Assistance Board appointed in accordance therewith; that it will maintain a separate division of accounts with a separate relief trust fund account (bank account) for relief to which receipts from all proper sources, including State allotments, will be deposited and from which payments for poor relief only (exclusive of relief administration) will be made. It also declares that it maintains a staff of trained personnel adequate to administer relief properly; that no

assistance is extended to any person or persons except those accepted after proper investigation which determined their need on a budget deficit basis, taking into consideration any income or resources and using allowances for food and other needs in accordance with standards issued by the Municipal Aid Administration; that each applicant for relief is required to make an affidavit to the correctness of his or her statements in his or her application for relief; that in the conduct of such investigations the services of a Central Index will be employed if such is available, and that all active relief cases will be subject to reinvestigation at regular periods of not more than thirty days. The municipality further declares that it will keep such records on such forms as the Director shall direct; that the Welfare Department of the municipality will not either directly or indirectly exploit recipients of relief for political purposes; that no employees of the Welfare Department holds any office in any political party and that the municipality will make no transfers from its current budget appropriation for relief to any other current budget appropriation. The municipality further agrees to be bound by the policies, rules, regulations and decisions of the Municipal Aid Administration and the provisions of Chapters 23 and 28, P. L. 1941.

AND BE IT FURTHER RESOLVED, That two copies of this resolution be sent to the State Director of the Municipal Aid Administration for approval.

JOHN B. KEENAN

The Board of Commissioners  
of The City of Newark, N. J.

MARTIN G. BROSS  
Acting City Clerk.

Newark, N. J., June 17, 1942

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 2:00 P. M., Eastern War Time.

Mayor Murphy: The meeting will come to order. The Clerk will call the roll.

Present: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: The Clerk will now read the minutes of the previous meeting.

Commissioner Brady: I move that the reading of the minutes be dispensed with.

Commissioner Villani: I second it.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Keenan introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance at length:

An Ordinance for the regulation and control of vehicular traffic on certain streets in the City of Newark.

The Board of Commissioners of

The City of Newark do ordain:

1. That express wagons, trucks, carts or other vehicular carrying or ordinarily used to carry merchandise, goods, tools or supplies, however propelled, shall be excluded from the following street, in the City of Newark:

Highland Avenue from Bloomfield Avenue to Verona Avenue, except as it may be necessary to carry merchandise, goods, tools or supplies from or to buildings on either side of the aforementioned thoroughfare.

2. That such express wagons, trucks, carts or other vehicles carrying or ordinarily used to carry merchandise, goods, tools or supplies, however propelled, shall take station close to the curb, and parallel thereto, and shall not be left standing in any other position.

3. Any person, firm or corporation violating the provisions of this ordinance shall, upon conviction, be subject to a fine of not more than \$50 or 15 days' imprisonment in the County Jail, or both, in the discretion of the court.

4. All ordinances and parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

5. This ordinance shall take effect immediately upon final passage and publication, according to law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

The City Clerk presented the following ordinance and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

The Clerk then read the ordinance at length:

An Ordinance providing for the issuance of \$100,000 Water Bonds of the City of Newark, and providing for the issuance of Bond Anticipation Notes in anticipation of the issuance of such bonds.

The Board of Commissioners of the City of Newark do ordain as follows:

Section 1. It is hereby determined and stated that the Board of Commissioners of The City of Newark proposes to enlarge and improve the water supply system established and operated by said City by the construction or reconstruction of additional water mains together with appurtenances necessary or suitable for its operation, an improvement hereinafter described as "purpose"; that part of the cost of financing said purpose, in labor and materials, is to be met by the Works Progress Administration of the United States of America; that said purpose is not a current expense of said City, and that it is necessary to finance said purpose by the issuance of obligations of said City, pursuant to the Local Bond Law of New Jersey, as hereinafter provided; and that said water supply system would have been self-liquidating, as defined in Section 40:1-79 of said Local Bond Law, during the fiscal year beginning January 1, 1941, had there been included in the interest and debt redemption charges for such year an amount equal to interest for one year at the rate of four and one-half (4½%) per annum,

on said bonds or notes, and the amount of the first installment of serial bonds legally issuable to finance such purpose.

Section 2. It is hereby stated, pursuant to said Local Bond Law, that (a) the estimated maximum amount of money necessary to be raised from all sources for said purpose is One Hundred Thousand Dollars (\$100,000); (b) the maximum amount which is to be charged as part of the cost of said purpose and which is necessary to finance interest on obligations issued to finance such purpose or to finance engineering or inspection costs and legal expenses or to finance the cost of the issuance of said obligations, as provided in section 40:1-55 of said Law, is Sixteen Thousand, Five Hundred (\$16,500) Dollars; and (c) the estimated maximum amount of bonds or notes necessary to be issued for said purpose is One Hundred Thousand (\$100,000) Dollars.

Section 3. To finance said purpose, bonds of said City of an aggregate principal amount not exceeding One Hundred Thousand (\$100,000) Dollars, to be designated "Water Bonds" are hereby authorized to be issued pursuant to said Local Bond Law. Said bonds shall bear interest at a rate which shall not exceed six per centum (6%) per annum. All matters with respect to said bonds not determined by this ordinance shall be determined by resolutions to be hereafter adopted.

Section 4. To finance said purpose, Bond Anticipation Notes of said City of an aggregate principal amount not exceeding One Hundred Thousand (\$100,000) Dollars are hereby authorized to be issued, in anticipation of the issuance of said bonds, pursuant to said Local Bond

Law. Said notes shall bear interest at a rate which shall not exceed six per centum (6%) per annum, and may be renewed from time to time pursuant to and within the limitations prescribed by law. All matters with respect to said notes not determined by this ordinance shall be determined by resolutions to be hereafter adopted. In the event that bonds are issued pursuant to this ordinance, the aggregate amount of notes hereby authorized to be issued shall be reduced by an amount equal to the principal amount of the bonds so issued. If the aggregate amount of bonds and notes issued pursuant to this ordinance shall at any time exceed the sum first mentioned in this section, the moneys raised by the issuance of said bonds shall, to not less than the amount of such excess, be applied to the payment of such notes then outstanding.

Section 5. It is hereby determined and declared that the period of usefulness of said purpose is a period of forty (40) years, computed from the date of said bonds.

Section 6. No part of the cost of financing said purpose has been or is to be specially assessed against property specially benefited thereby.

Section 7. It is hereby determined and declared that the Supplemental Debt Statement required by said Local Bond Law has been duly made and filed in the office of the City Clerk of said City, and that such statement so filed shows that the gross debt of said City, as defined in section 40:1-76 of said law, is increased by this ordinance by One Hundred Thousand (\$100,000) Dollars, and that the issuance of said obligations is permitted by an exception to the debt limitations prescribed by said law, contained

in sub-division (f) of Section 40:1-16 of said law.

Section 8. The sum of One Hundred Thousand Dollars (\$100,000) provided for herein is in addition to bonds heretofore authorized for said purpose.

Section 9. This ordinance shall take effect twenty (20) days after the first publication thereof after final passage.

The Board then entered upon said hearing.

Mayor Murphy: Does any citizen desire to be heard on this ordinance.

Mr. Charles Shankroff: Mr. Mayor, my objection to this ordinance is that first it is a W.P.A. project, and it is about time that somebody should start the proceeding of eliminating all W.P.A. projects. The continuation of the W.P.A. projects certainly means business is usual; and we have not enough workers now. Although it seems like a contradiction, we have not enough workers in the City. But we have too many on the payroll.

Mayor Murphy: You are opposed to this ordinance because it is a W.P.A. project?

Mr. Charles Shankroff: No. There are not enough workers; but there are too many on the payroll. I am talking now about the City of Newark. There are not enough workers, but there are too many on the payroll. You have over \$60,000 on the payroll of the Water Department, for engineering in one form or another. Now, I am not including the chief engineer or the assistants, but all the other engineers in the Water Department. The total is \$60,000. The payroll there for 1941, last

year, is over \$200,000. In other words, you have \$60,000 paid to engineers and \$204,000 paid to laborers. You have three laborers for every one engineer. One engineer for every three laborers.

There is something wrong in that picture. If the picture was right, you would not have to have this W.P.A. project. It is a contribution by the City.

Now, in drawing this ordinance, they quoted the law. They quoted part of the law. And the law says, and I am quoting the other part which they did not quote. This is Revised Statutes 40:1-79, which provides "Provided, that the Board of Public Utility Commissioners shall have determined by order that the income will be sufficient to make the utility or enterprise self-liquidating within the definition of this article, on the basis of a project report prepared by the engineer." Now, what is the "definition"? For the definition, we have to go to the Revised Statutes, 40:1-78. Self-liquidating purpose is defined. Any publicly owned utility or enterprise shall be deemed to be a self-liquidating purpose, if the cash receipts from fees, rents or other charges in a fiscal year are sufficient to pay operating and maintenance costs, exclusive of depreciation and obsolescence, and interest and debt redemption charges payable or accruing in such year, without recourse to general taxation or special assessments on property specially benefited . . . ."

Now, here we are in 1942. In the 1942 budget, you appropriated \$165,000 from the general budget to help out the Water Department. Does that make that a self-liquidating project? You have got in the Water Department budget, antici-

pated revenue of \$165,000 from the general budget funds to make this water project a self-sustaining project. The whole thing is absolutely contradictory. It is not a self-sustaining project. If that is so, where is your debt statement filed with Mr. Darby? How do you account for that? It is knocked out of gear, your whole procedure, on debt limit.

Mayor Murphy: I assume that the ordinance was properly drawn.

Mr. Charles Shankroff: I don't say it is not properly drawn. But, it is drawn on the imagination when it is called a self-liquidating project. It is not a self-liquidating project.

Your Water Department would be a paying proposition if you did not have the burden, that load, of Wanaque Reservoir, which cost the City Five or Six Hundred Thousand Dollars a year on account of the debt service. But it is tied together. If you could separate the two of them, you have a different proposition in the Water Department. But, being as it is, you have got to — in other words, to comply with the law you have to file a project report with the law you have to file a project report with the Utility Commissioners in order to have them pass on this thing, whether your Water Department is a self-liquidating project or not. You cannot go ahead with this ordinance.

Mayor Murphy: Of course, so you say.

Mr. Charles Shankroff: Well, I discussed that with the Utility Commissioner and they tell me that a project report should be produced by the City. I may tell you that while you file your report annually

with the Public Utility Commission, they have no jurisdiction. But they do have jurisdiction when you issue bonds, when it becomes a question of debt service. They then have jurisdiction. And here you go and you put in \$165,000 in the budget. That is a self-sustaining project. Now, the law says distinctly if you have to go and take general funds in the City, then it is not a self-sustaining project. And when there is a debt statement submitted to Mr. Darby, there is something wrong with that debt statement. However, let us come to the third proposition.

The question of the wording of this ordinance is the third proposition. That the purpose is, they say, the purpose of these funds is for the "construction or reconstruction of additional water mains together with appurtenances necessary." This is the same question that arose originally with the \$200,000 appropriation, and I believe at that time Commissioner Byrne was not present, so he did not hear the controversy on the question of the purposes of additional water bonds.

Mayor Murphy: Yes, he did. I think he was here at one time when you spoke on these bonds. I think he was here.

Mr. Charles Shankroff: On the \$200,000 bonds?

Mayor Murphy: Well, I think at that time Commissioner Byrne had called Dr. Coleshere.

Mr. Charles Shankroff: No. You called in the chief engineer of the Water Department. He did say there that one of the tests is whether the bond issue could pay for itself or be self-liquidating. It was whether the additional construction will result in a profit or

additional revenue, additional water supply. Now, there is no additional water supply; there is no additional pipes, no additional construction. The point of this is that you are supposed to get 21 billion gallons of water from Pequannock, and you have been taking considerably less than that because you have been taking water from Wanaque. But between the two, you have sufficient water. And you are not going to get additional water. You don't need any more water. As a matter of fact, your problem now is to separate your water, the water you cannot use. You are taking water from Wanaque only about 50 per cent, or about 66 2/3rds per cent of the supply that it has; and you are worried about trying to dispose of that water. So therefore this falls by itself. There is no additional mains. There will be no additional revenue by reason of this.

Mayor Murphy: I know. But it is the protection of our water system.

Mr. Charles Shankroff: Just a minute. I want to say that the total cost of maintenance and operation of the City water system is over a Million Dollars. Now, if this . . .

Commissioner Byrne: (Interrupting) Mr. Shankroff, in order not to prolong this, would you mind allowing Mr. Coles to explain why this was done please?

Mayor Murphy: Mr. Coles, will you explain the purpose?

Mr. Charles Shankroff: I may say this: I was going to say this, I have not seen the original request of this Hundred Thousand Dollars appropriation, but if it is the relining of pipes, it has the same purpose as

the \$200,000 bond issue that is coming up today, then the purpose is the same, except that this Hundred Thousand Dollar bond issue is by aid of the W.P.A., while the \$200,000 is by contract. That is the only difference.

Mayor Murphy: The trouble is, when you start talking, you talk so long. I thought you were only going to say two words and then give Mr. Coles the chance.

Mr. Charles Shankroff: Oh, I did not know he was waiting.

Mayor Murphy: Why don't you wait and give the man a chance.

Mr. L. Dudley Coles: Gentlemen, I am essentially an engineer and not a bond expert. We have asked the City Commission before for certain monies with which to construct water pipe lines for the water department. We have spent some monies from some funds which we have asked for, and the Hundred Thousand Dollar bond issue is to reimburse us for some monies that were spent. And the \$200,000 bond issue is to rehabilitate a pipe line. And I don't think that anyone could stand here before us until we have uncovered this pipe line and say that it will not be necessary. And as the wording of the bond issue says, there would be some new construction of other pipe that we have uncovered. If the wording is not in the bond issue, I have been given to understand, we could not put in a new section. The wording as I understand it complies with the law under which bonds are issued. The language may be confusing to a layman, or engineer, but as I understand, we have the best bond experts that we could employ to advise us on this language, and they have assured us that the word-

ing of this bond issue is in order, and we as engineers only ask for the money to do these certain things as we explained in our memoranda to our director. And he in turn, turns it over to the Law Department and to the Revenue Department, the Department of Revenue and Finance, and to the bonding attorneys, to prepare such bond ordinances as is necessary and in the best form, so that they are negotiable. And we go ahead and do the work.

Mayor Murphy: Doy ou feel as though he has answered you now?

Mr. Charles Shankroff: I heard what he said, but that does not answer my question. I have not seen the request. I have asked for it and I was delayed in getting it, so I don't know what the purpose is. But, as he said before, if the purpose is to save, that \$200,000 on that bond issue — I know what the purpose is; it is the relining of pipe and putting in cement, is that correct?

Mr. L. Dudley Coles: The Hundred Thousand Dollar bond issue is for the construction of the pipe lines. The \$200,000 bond issue is for the reconstruction of pipe lines with the possibility of having new construction necessary; but where the pipe line is worn out or becomes old or weak . . .

Mayor Murphy: This proposed bond issue then is for the construction of new water mains, is that right?

Mr. L. Dudley Coles: The Hundred Thousand Dollar bond issue, yes; and the \$200,000 is for the reconstruction or any possible new construction.

Mayor Murphy: These are sepa-

rate ordinances?

Mr. L. Dudley Coles: Yes.

Mr. Charles Shankroff: Now, may I ask you a question? Where is this work done? Has it been done already, or do you intend to spend it?

Mayor Murphy: Where will it be done?

Mr. Charles Shankroff: Yes.

Mayor Murphy: Of course it is —

Mr. Charles Shankroff: (Interrupting) I don't know if they have already spent the money or what, or whether it is for new pipe line. If it is actually for new pipe line, it is one thing.

Mayor Murphy: Don't you worry. Nobody spends any money around here while I am the finance office and then puts in an offer to try to create the funds to offset it. It does not work that way.

Mr. Louis Fast: (Assistant Corporation Counsel) I would say that the work, as is determined, is for 40 years — reading in view of the date of said bonds. I may say that I got the benefit of Mr. Lester Washburn, who I understand, is one of the authorities on bond matters; and these bonds are in absolutely proper form.

Mr. Charles Shankroff: Mr. Mayor, what has Mr. Washburn got to do with the question I am asking; where would this work be done. Would it be additional water supply? I cannot get that answer yet.

Mayor Murphy: We would certainly not pass the bond ordinance without having the work laid out.

Mr. Charles Shankroff: I was over to Mr. Byrne's office and I asked Mr. Nagel for a copy of that request which would give me the story, and I did not get it. Mr. Nagel was out for the day. I still don't know where this work is going to be done.

Mayor Murphy: I think they will be glad to furnish you with that.

Mr. Shankroff: Yes, but where will this work be done?

Mayor Murphy: In the water supply system; but they will be glad to give you each a little spot throughout that system.

Mr. Charles Shankroff: May I say this, due to the fact that I discussed this with the engineer sometime ago, he said that on account of this vast program of interconnection, it may be that the City will have to spend a lot of money on this new piping so as to overhaul all of this water system. And I said to Mr. Banks, the engineer, "That has nothing to do with the City of Newark. That if any other municipality or county or town or the state wants the City to spend money, let them bear the cost. Why should the City of Newark have to spend all the money for the other municipalities or towns."

Take Wanaque. Wanaque does not do the City of Newark any good.

Mayor Murphy: Where are we building this water supply?

Mr. L. Dudley Coles: All of this bond issue we are asking for is — we have a contract up with the W.P.A., up in Alexander Avenue in Montclair. We have this proposed pipe line with the Hundred Thousand Dollar bond issue. All of these

funds are allocated to take care of the so-called six year program. Mr. Shankroff, to my personal knowledge, has had access to this six year program which was promulgated several years ago. And it is still going on and is still being reconstructed.

Mayor Murphy: Oh, this is part of the six year program?

Mr. L. Dudley Coles: Yes.

Mayor Murphy: And that is all you figure you need to carry on?

Mr. L. Dudley Coles: Yes, sir.

Mayor Murphy: And you figure that later on you may come back and ask for additional monies?

Mr. L. Dudley Coles: It is possible, or it is possible we will have to ask that the program be deferred.

Mr. Charles Shankroff: All I wanted to know is whether this Hundred Thousand Dollars is the same purpose as the \$200,000. Now, I understand it is part of the six year program. Which is it? Is the \$200,000 part of that? That is, the relining of those pipes or putting in new pipes if necessary? If the engineer finds that a new pipe is necessary, they will put in a new pipe; and I say that that could be deferred for the duration of the war, when there is no necessity for it. You could still get water from Pequannock and Wanaque. And your engineer will tell you now, if you don't spend this money, you could get plenty of water from both sources.

I did not discuss this with Mr. Byrne. Maybe if I did, I think he would change his mind.

Commissioner Byrne: If we don't need it, we are not going to use it.

I mentioned the claim that you stated before the State Water Department Commission. I asked them at the meeting, that was the day I was not here at the Commission meeting, that they reimburse the City. I wanted to know where we stood on all this interconnection work. I claimed there was no water shortage at that time; but the engineer stated that under their six year plan that they wanted to be prepared to find out whether necessary pipes were in proper shape. I don't think that anybody should state they don't know their business.

Mr. Charles Shankroff: No, I don't state that. But I state that they are anxious for some reason to give the work to the W.P.A.; and they are anxious to give some men some work. And I say that is not the time to keep on the payroll engineers who are not necessary. You got a picture there of \$200,000 for laborers, and \$60,000 for engineers.

Commissioner Byrne: The W.P.A. is only supplying their part of it.

Mr. Charles Shankroff: Yes, but I understand you are contributing a Hundred Thousand Dollars and the W.P.A. is probably supplying \$400,000. It is not economy.

There being no one else to be heard, Commissioner Brady moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Brady moved that the ordinance be taken up on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

The Clerk then read the ordinance by sections:

Section 1 declared open to amendment.

Commissioner Byrne: I move that section 1 be amended so that reference to the self liquidating time of the bonds theretofore issued should read "January 1, 1941" instead of "January 1, 1940."

Commissioner Keenan: I second the motion.

Mayor Murphy: Is there anyone who desires to be heard on the amendment.

(No response).

Mayor Murphy: The Clerk will call the roll on the amendment.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

The Clerk then read Section 1, as amended in full.

Section 1. It is hereby determined and stated that the Board of Commissioners of The City of Newark proposes to enlarge and improve the water supply system established and operated by said City by the construction or reconstruction of additional water mains together with appurtenances necessary or

suitable for its operation, an improvement hereinafter described as "purpose"; that part of the cost of financing said purpose, in labor and materials, is to be met by the Works Progress Administration of the United States of America; that said purpose is not a current expense of said City, and that it is necessary to finance said purpose by the issuance of obligations of said City, pursuant to the Local Bond Law of New Jersey, as hereinafter provided; and that said water supply system would have been self-liquidating, as defined in Section 40:1-79 of said Local Bond Law, during the fiscal year beginning January 1, 1941, had there been included in the interest and debt redemption charges for such year an amount equal to interest for one year at the rate of four and one-half (4½%) per annum, on said bonds or notes, and the amount of the first installment of serial bonds legally issuable to finance such purpose.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

Section 6 declared open to amendment.

Section 7 declared open to amendment.

Section 8 declared open to amendment.

Section 9 declared open to

amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance as amended was then read in full.

An Ordinance providing for the issuance of \$100,000 Water Bonds of the City of Newark, and providing for the issuance of Bond Anticipation Notes in anticipation of the issuance of such bonds.

The Board of Commissioners of the City of Newark do ordain as follows:

Section 1. It is hereby determined and stated that the Board of Commissioners of The City of Newark proposes to enlarge and improve the water supply system established and operated by said City by the construction or reconstruction of additional water mains together with appurtenances necessary or suitable for its operation, an improvement hereinafter described as "purpose"; that part of the cost of financing said purpose, in labor and materials, is to be met by the Works Progress Administration of the United States of America; that said purpose is not a current expense of said City, and that it is necessary to finance said purpose by the issuance of obligations of said City, pursuant to the Local Bond Law of New Jersey, as hereinafter provided; and that said water supply system would have been self-liquidating, as defined in Section 40:1-79 of said Local Bond Law, during the fiscal year beginning January 1, 1941, had there been included in the interest and debt redemption charges for such year an amount equal to interest for one year at the rate of four and one-half (4½%) per annum, on said bond or notes, and the

amount of the first installment of serial bonds legally issuable to finance such purpose.

Section 2. It is hereby stated, pursuant to said Local Bond Law, that (a) the estimated maximum amount of money necessary to be raised from all sources for said purpose is One Hundred Thousand Dollars (\$100,000); (b) the maximum amount which is to be charged as part of the cost of said purpose and which is necessary to finance interest on obligations issued to finance such purpose or to finance engineering or inspection costs and legal expenses or to finance the cost of the issuance of said obligations, as provided in section 40:1-55 of said law, is Sixteen Thousand, Five Hundred (\$16,500) Dollars; and (c) the estimated maximum amount of bonds or notes necessary to be issued for said purpose is One Hundred Thousand (\$100,000) Dollars.

Section 3. To finance said purpose, bonds of said City of an aggregate principal amount not exceeding One Hundred Thousand (\$100,000) Dollars, to be designated "Water Bonds" are hereby authorized to be issued pursuant to said Local Bond Law. Said bonds shall bear interest at a rate which shall not exceed six per centum (6%) per annum. All matters with respect to said bonds not determined by this ordinance shall be determined by resolutions to be hereafter adopted.

Section 4. To finance said purpose, Bond Anticipation Notes of said City of an aggregate principal amount not exceeding One Hundred Thousand (\$100,000) Dollars are hereby authorized to be issued, in anticipation of the issuance of said bonds, pursuant to said Local

Bond Law. Said notes shall bear interest at a rate which shall not exceed six per centum (6%) per annum, and may be renewed from time to time pursuant to and within the limitations prescribed by law. All matters with respect to said notes not determined by this ordinance shall be determined by resolutions to be hereafter adopted. In the event that bonds are issued pursuant to this ordinance, the aggregate amount of notes hereby authorized to be issued shall be reduced by an amount equal to the principal amount of bonds so issued. If the aggregate amount of bonds and notes issued pursuant to this ordinance shall at any time exceed the sum first mentioned in this section, the moneys raised by the issuance of said bonds shall, to not less than the amount of such excess, be applied to the payment of such notes then outstanding.

Section 5. It is hereby determined and declared that the period of usefulness of said purpose is a period of forty (40) years, computed from the date of said bonds.

Section 6. No part of the cost of financing said purpose has been or is to be specially assessed against property pecially benefited thereby.

Section 7. It is hereby determined and declared that the Supplemental Debt Statement required by said Local Bond Law has been duly made and filed in the office of the City Clerk of said City, and that such statement so filed shows that the gross debt of said City, as defined in section 40:1-76 of said law, is increased by this ordinance by One Hundred Thousand (\$100,000) Dollars, and that the issuance of said obligations is permitted by an exception to the debt limitations prescribed by said law, contained in sub-division (f) of Section 40:1-16 of said law.

Section 8. The sum of One Hundred Thousand Dollars (\$100,000) provided for herein is in addition to bonds heretofore authorized for said purpose.

Section 9. This ordinance shall take effect twenty (20) days after the first publication thereof after final passage.

Commissioner Brady moved that the ordinance as amended be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Brady moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Brady moved that the title of "An Ordinance providing for the issuance of \$100,000 Water Bonds of the City of Newark, and providing for the issuance of Bond Anticipation Notes in anticipation of the issuance of such bonds," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

The Clerk then read the title of the ordinance as follows:

An Ordinance providing for the issuance of \$100,000 Water Bonds of the City of Newark, and providing for the issuance of Bond Anticipation Notes in anticipation of the issuance of such bonds.

The ordinance having been read three times was then declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

The City Clerk presented the following ordinance and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

The Clerk then read the ordinance at length:

An Ordinance to amend the ordinance entitled: "An Ordinance to authorize the borrowing of \$200,000 by the issuance of Bonds and Bond Anticipation Notes pursuant to the Local Bond Law to finance improvements to the water supply system of the City of Newark," adopted on the 8th day of April, 1942.

The Board of Commissioners of the City of Newark do ordain as follows:

Section 1. Section 1 of the ordinance entitled: "An Ordinance to authorize the borrowing of \$200,000 by the issuance of bonds and bond anticipation notes pursuant to the Local Bond Law to finance improvements to the Water supply system of The City of Newark," adopted by the Board of Commissioners of The City of Newark on the 8th day of April, 1942, is here-

by amended to read as follows:

"Section 1. It is hereby determined and stated that the Board of Commissioners of the City of Newark proposes to enlarge and improve the water supply system, established and operated by said city, by the construction of additional water mains or by the reconstruction of existing water mains and by the construction or installation of appurtenances necessary or suitable for the operation of such water mains, and improvement hereinafter described as 'purpose,' that said purpose is not a current expense of said city; and that it is necessary to finance said purpose by the issuance of serial bonds and notes of aid city, pursuant to the Local Bond Law of New Jersey, as hereinafter provided; and that said water supply system would have been self-liquidating, as defined in Section 40:1-79 of said Local Bond Law, during the fiscal year beginning January 1, 1941, had there been included in the interest and debt redemption charges for such year an amount equal to interest for one year at the rate of four and one-half per centum (4½%) per annum, on said bonds or notes, and the amount of the first installment of serial bonds legally issuable to finance such purpose."

Section 2. This ordinance shall take effect at the time and in the manner provided by law.

The Board then entered upon said hearing.

Mayor Murphy: Does any citizen desire to be heard on this ordinance?

Mr. Charles Shankroff: Yes, Mr. Mayor. I wanted to call Mr. Byrne's attention that this is the ordinance

that was passed in his absence (the speaker stops talking).

Mayor Murphy: Just make your objection so that it gets on the record, and we could then proceed.

Mr. Charles Shankroff: The ordinance here is to enlarge and improve the water supply system — and I say, Mr. Mayor, that insofar as the disturbance that goes on here, that any of those who are disturbing the meeting in one manner or another, it is not an insult to me. I don't care. But I think it is an insult to the City of Newark.

Mayor Murphy: Why make a speech? Will you go on?

Mr. Charles Shankroff: I think it is an insult to the City of Newark to have a public officer treated in this manner.

Mayor Murphy: I did not insult you.

Mr. Charles Shankroff: I don't like this treatment of the public officer of the City of Newark.

Commissioner Villani: I think the Mayor has been more than fair with you. He has given you too much time.

Mr. Charles Shankroff: I know, and I have given you too much time.

Now, this amendment to the ordinance, this change in the wording says "To enlarge and improve the water supply system." Here we are faced with an oversupply of water, and they want to enlarge the water supply system. How are they going to improve there?

Mayor Murphy: Would you please put your opposition in the record?

Mr. Charles Shankroff. I am quoting my objections to the wording.

Now, it says here "Construction of additional water mains or by the reconstruction." Now, there is no construction of water mains. According to the theory of the Public Utility Commission, you cannot have this ordinance passed because there will be no additional income and no additional water supply.

There being no one else to be heard, Commissioner Byrne moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

The City Clerk presented "A supplement to an Ordinance entitled: An Ordinance to establish the names of certain streets in the City of Newark," and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

The Board then entered upon said hearing.

Mayor Murphy: Is there any citizen who desires to be heard on this ordinance?

Mayor Murphy. You heard the reading of the title of the ordinance, to change the name of Florence Avenue to Kerrigan Boulevard, in honor of the first soldier as Director Villani informs me, killed in the war.

Commissioner Brady: Mr. Mayor, I would like to get this in the record, if you don't mind: This is from the Commander of the U. S. Navy, and it is addressed to Mr. John V. Kerrigan, 176 Isabella Avenue, Newark, N. J. It reads:

"My dear Mr. Kerrigan,

"With deepest regret I must inform you that your son, Raymond Kerrigan, passed away on December 7, 1941, of injuries received in combat with the enemy, as a last full measure of his service to his country.

"Raymond was well liked by all of his shipmates, and you can be justly proud of his record on board this ship and his conduct during the recent engagement.

"With all my sympathy, I am,

Very sincerely yours,

C. YOUNG,

Commander, U. S. Navy."

And a letter from the Secretary of the Navy, Washington. It reads:

"My dear Mr. Kerrigan:

"I desire to offer to you my personal condolence in the tragic death of your son, Raymond Joseph Kerrigan, Machinist's Mate first class, United States Navy, which occurred at the time of the attack by the Japanese on December seventh.

"It is hoped that you may find comfort in the thought that he made the supreme sacrifice upholding the highest traditions of the Navy, in the defense of his country.

Very sincerely yours,

FRANK KNOX,  
Secretary of the Navy."

Here is a letter from the Naval Hospital, at Pearl Harbor.

"Mr. John V. Kerrigan  
311 Florence Avenue  
Newark, New Jersey.

Dear Mr. Kerrigan:

"I have been wanting to write this letter for some time. I am the Catholic Chaplain at this hospital and gave your son Raymond the consolation of the last sacraments of his church. He was killed on his way to Mass Sunday Morning, December 7th, and was the first boy I attended. I saw him later during the day at this hospital. He was very brave and not a bit afraid to die. The nurse who attended him is enclosing a note to you.

Sincerely,

THOMAS J. ODLUM,  
Chaplain, U.S.N.R.,  
Naval Hospital,  
Pearl Harbor, T. H."

Now, this is what I want in, this note from the nurse.

"Dear Mrs. Kerrigan —

"Your son was the first patient of the war to reach this hospital. He was given the best treatment possible, and enough sedatives to enable him to rest comfortably till the last.

"During most of the time I was with him he dozed a good deal, but when he awakened, he spoke several times of you and his home there in New Jersey." And there also is indicated here, and it occurred in the letter I received from the Chaplain, that "Father Oldum stopped to see him several times, and somehow I feel that his message and memories of home were John's last thoughts." This is signed "In deepest sympathy, Phyllis Dana, a nurse at Pearl Harbor Hospital."

I wanted to get that in the record Mr. Mayor, so that it would conform with the ordinance.

No one else appearing, Commissioner Byrne moved that the hearing be closed.

making a grand total due and owing to date on this Certificate and subsequent taxes in the sum of \$2,731.54 of principal and \$1,545.31 interest, penalties and costs, and

WHEREAS, there is due to the City of Newark on the above designated property in unpaid principal taxes, assessments, water connections and rents, sewer connections, and other municipal charges and

liens up to and including the 20th day of May, 1942, principal, interest, penalties and costs in the total sum of \$4,276.85, and

WHEREAS, the petitioner has offered to pay the sum of \$3,050.00 to the City of Newark in full satisfaction of all unpaid principal taxes, assessments, water connections and rents, sewer connections, and other municipal liens and charges hereinabove set forth, and

WHEREAS, the said property has been assessed at \$7,000.00 for the year 1931

6,200.00 for the years 1932 to 1938 inclusive.  
5,200.00 for the year 1939.

4,700.00 for the year 1941.  
4,600.00 for the year 1942, and

WHEREAS, said assessment is not indicative of or the controlling factor as to present day market value, and

WHEREAS, John J. Gillen of 40 Clinton Street, Newark, a qualified real estate appraiser of the City of Newark, has submitted a detailed report, original copy attached to original resolution, summarized as follows:

"19-21 Foundry Street, Newark, N.J. Block 2400, Lots 14-15

"Dimension of Plot — 47.50 front by 100' deep.

"Standing on this plot is an old three story frame dwelling house (in size about 33' x 50') arranged into six tenement flats of 4 rooms each — cold water railroad type; rent for \$15 per flat. I judge the building must be between 50 and 60 years old.

"Interior: requires the following necessary repairs: Cellar bottom cement is all broken up and as the basement is very dark—it is very dangerous for the tenants to walk down there. Should be repaired at once. Rear porches to be fixed up where necessary. A number of rooms need painting and decorating as well as the front and rear halls — Plumbing work where necessary needs fixing.

"Exterior: Roof requires repairing and house should receive two good coats of paint to preserve the shingles on the outside. I estimate the entire amount necessary to put the property in good shape would amount to about \$800.

"The value I place on the building as is at the present time is ....  
..... \$2,200.00  
Land 47.50' at \$20  
per front foot ..... 950.00

Total value as of today \$3,150.00

"Capitalized for the remaining economic and physical life at a 7% rate, the value of the property would be \$3,050.00;" and

WHEREAS, the Board of Commissioners of the City of Newark, on the basis of an appraisal, made by John J. Gillen, is satisfied that the true market value of the property in question, is \$3,050.00, which is more than the principal sum of such taxes, and

WHEREAS, upon written application by the taxpayer hereinabove named, the Director of the Department of Revenue and Finance, upon investigation, deems it equitable and just and in the best interests of the City of Newark, the taxpayer agreeing, that the sum of \$4,276.85 be abated, settled and compromised

for the sum of \$3,050.00, in full satisfaction of all unpaid principal taxes, assessments, water connections and rents, sewer connections, and other municipal liens and charges hereinabove set forth, now therefore

BE IT RESOLVED by the Board of Commissioners of the City of Newark, that the Comptroller and Tax Receiver be and they are hereby authorized and directed to accept the sum of \$3,050.00 as payment in full of all unpaid principal taxes, assessments, water connections and rents, sewer connections, and other municipal liens and charges are hereby ordered to be cancelled upon payment of \$3,050., provided the said sum shall be paid within 60 days from the date hereof, and

Be It Further RESOLVED, that, this Resolution is presented in consideration of the fact that the petitioner will improve the real property; said improvements to commence on the said property within 60 days from the date hereof, otherwise this Resolution to be null and void; and the City to have a lien on the premises in question for the full amount of unpaid principal of taxes, interest, assessments, etc., referred to herein and abated by this resolution; and this Resolution is presented under and by virtue of the provisions of revised statutes of New Jersey, Sec. 54:4-96 to 54:4-102 and all amendments thereto and supplements thereof giving municipalities the right to abate, revise, alter, adjust and settle unpaid principal of taxes, interest, penalties and costs, assessments, water connections and rents, sewer connections and other municipal liens and charges.

and

WHEREAS, said assessment is not indicative of or the controlling factor as to present day market value, and

WHEREAS, Thomas M. Ford, of 70 Clinton Avenue, Newark, a qualified real estate appraiser of the

City of Newark, has submitted a detailed report, original copy attached to original resolution, summarized as follows:

"SUBJECT: 185 Prince Street, Block: 2553, Lot 9, Newark, N. J.

"This is a very old one-family house. Should be demolished immediately as it really hasn't any value whatsoever, and constitutes an absolute fire hazard. First the store is frightfully cluttered with inflammable materials which consist of shoe shining equipment, in rear of said store there is a small room. The second floor used as bedrooms; on third floor there are two rooms into which rain pours through the roof.

"As to the land on which this building is placed, same really isn't worth more than Fifty dollars (\$50) per front foot. Approximately 75 years old.

"Plot size 24.11 x 188 R. 25.

"My total appraised valuation:

Land:	\$1,247.00
Building	No Value
Total Assessments	\$1,247.00"

and

WHEREAS, the Board of Commissioners of the City of Newark, on the basis of an appraisal, made by Thomas M. Ford, is satisfied that the true market value of the property in question, is \$1,247.00, which is less than the principal sum of such taxes, and

WHEREAS, upon written application of the taxpayer hereinabove named, the Director of the Department of Revenue and Finance, upon

investigation, deems it equitable and just and in the best interests of the City of Newark, the taxpayer agreeing, that the sum of \$1,996.60 be abated, settled and compromised for the sum of \$1,247.00, in full satisfaction of all unpaid principal taxes, assessments, water connections and rents, sewer connections, and other municipal liens and charges hereinabove set forth.

Now Therefore Be It RESOLVED by the Board of Commissioners of the City of Newark, that the Comptroller and Tax Receiver be and they are hereby authorized and directed to accept the sum of \$1,247 as payment in full of all unpaid principal taxes, assessments, water connections and rents, sewer connections, and other municipal liens and charges are hereby ordered to be cancelled upon payment of \$1,247.00, provided the said sum shall be paid within 60 days from the date hereof, and

BE IT FURTHER RESOLVED, that this Resolution is presented in consideration of the fact that the petitioner will improve the real property; said improvements to commence on the said property within 60 days from the date hereof, otherwise this Resolution to be null and void; and the City to have a lien on the premises in question for the full amount of unpaid principal of taxes, interest, assessments, etc., referred to herein and abated by this resolution; and this Resolution is presented under and by virtue of the provisions of revised statutes of New Jersey, Sec. 54:4-96 to 54:4-102 and all amendments thereto and supplements thereof giving municipalities the right to abate, revise, alter, adjust and settle unpaid principal of taxes, interest, penalties and costs, assessments, water connections and rents, sewer connections and other municipal

liens and charges.

#### PARCEL NO. 1

"710 Lake Street, Newark, N. J.

Block 742, Lot 25.  
25 x 100' — vacant land.

"This property is located on the West side of Lake Street between Elwood Avenue and Heller Parkway. This property joins 263-65 Elwood Avenue, which is at the Northwest corner of Elwood Avenue and Lake Street and both properties are owned by the same owner. I mention this because this property has on 25 feet frontage and would have very little value in this neighborhood, because most lots in this area have a frontage of at least 50 feet. This neighborhood is very good.

Plot 25' x 100' @ \$30  
a front foot or ..... \$750.00"

#### PARCEL NO. 2

"263-65 Elwood Avenue,  
Newark, N. J.

Block 742, Lots 26-27  
50' x 700' — vacant land

"This property is located at the Northwest corner of Elwood Avenue and Lake Street. The neighborhood is very good, but due to the

economic conditions it is hard to sell vacant land. In this area, there is considerable vacant land.

Plot 50' x 100' @ \$40  
a front foot or ..... \$2,000.00"

**PARCEL NO. 3**

"704-10 De Graw Avenue,  
Newark, N. J.

65' more or less x 115' more  
or less rear of 704-10 DeGraw  
Avenue. — Vacant land.

"This property is situated in rear of 704-10 De Graw Avenue between Heller Parkway and Elwood Avenue. This property has a very little value due to its unusual location. It would have some value to the owners of property 704 and 710 De Graw Avenue. It fronts at what is known as First Street, a dirt road without improvements.

In my opinion a fair  
market value is ..... \$500."

**PARCEL NO. 4**

"326 Grafton Ave., Newark, N. J.

Block 753, Lot 5  
36.6' x 100' — vacant land

"This property is situated on the South side of Grafton Avenue between Forest Hill Parkway and Branch Brook Park. In my opinion \$30 a front foot is a fair value due to the economic conditions.

"Plot 36.6 x 100' @ \$30  
a front foot or ..... \$1,100."

**PARCEL NO. 5**

"84-94 Forest Hill Parkway,  
Newark, N. J.

Block 753, Lot 13  
165' x 232' Av. irreg. Vacant land

"This property is on the west side of Forest Hill Parkway between Grafton Avenue and Heller Parkway. This area has considerable vacant land, which, in my opinion, is due to the economic condition. Twenty-five feet of this property fronts on Grafton Avenue with a depth of 184' more or less.

"Plot 165' x 200' on Forest  
Hill Parkway and 25' x 186'  
more or less on Grafton  
Avenue @ \$30 a front  
foot or ..... \$6,200."

**PARCEL NO. 6**

"96-98 Forest Hill Parkway,  
Newark, N. J.

Block 753, Lot 15  
50' x 87.6' — Vacant Land.

"This property is situated on the West side of Forest Hill Parkway between Grafton Avenue and Heller Parkway. This property is located in an area that has considerable vacant land.

"Plot 50' x 87.6' @ \$30  
a front foot with a depth  
factor of 94% or ..... \$1,400.00"

**PARCEL NO. 7**

"61-81 Forest Hill Parkway,  
Newark, N. J.

Block 755, Lot 43-45  
282' x 150' — Vacant land.

"This property is situated on the East side of Forest Hill Parkway, between Heller Parkway and Grafton Avenue. In this area, there is considerable vacant land and due to the economic conditions, vacant land is difficult to dispose of.

"Plot 282' x 150' @ \$30  
a front foot with a depth

factor of 117.6% . . . . \$9,948."

#### PARCEL NO. 8

"302-6 Grafton Avenue,  
Newark, N. J.

Block 755, Lot 58  
90' x 150' — Vacant land.

"This property is situated at the Southeast corner of Grafton Avenue and Forest Hill Parkway. This property is located in an area where there is considerable vacant land due to the economic conditions.

"Plot 90' x 150' @ \$30 a front foot with a depth factor of 117.6% or ..... \$3,175.00."

#### PARCEL NO. 9

"295-301 Grafton Avenue,  
Newark, N. J.

Block 785, Lot 29-31  
100' x 122' — Vacant land

"This property is situated at the Northeast corner of Grafton Avenue and Beaumont Place. This property is located in an area where there is considerable vacant land, due primarily to the economic conditions.

Plot 100' x 122' @ \$30  
a front foot ..... \$3,258."

#### PARCEL NO. 10

"303-17 Grafton Avenue,  
Newark, N. J.

Block 786, Lot 29  
200' x 119' — Vacant land

"This property has a frontage of 200 feet which takes in two corners, one being the Northeast corner of Grafton Avenue and Man-

chester Place and the other being the Northwest corner of Grafton Avenue and Beaumont Place. This property is in the area of considerable vacant land and realizing the difficulty of selling land at the present time in my opinion, \$30 a front foot is a fair value.

"Plot 200' x 119' @ \$30  
a front foot with a depth factor of 107.6% or ..... \$6,456.00"

#### PARCEL NO. 11

"331-33 Grafton Avenue,  
Newark, N. J.

Block 787, Lot 30  
58' x 100' — Vacant land

"This property is situated at the Northeast corner of Grafton Avenue and Bellair Place. It is very hard to dispose of vacant land during the present economic situation. In my opinion, \$30 a front foot is a fair value.

"Plot 50' x 100' @ \$30  
a front foot or ..... \$1,500."

#### PARCEL NO. 12

"15½ Bellair Place, Newark, N. J.  
Block 787, Lot 37

10' x 100' — Vacant land

"This property is situated on the East side of Bellair Place between Montclair and Grafton Avenue. This property has a small frontage and would have hardly any value, but due to the fact that the owner of property 15 Bellair Place is also the owner of this property, in my opinion a value of \$20 a front foot is fair.

"Plot 10' x 100' @ \$20  
a front foot or ..... \$200.00"

**PARCEL NO. 13**

'2-12 Bellair Place, Newark, N. J.

Block 788, Lot 28  
142' x 100' — Vacant land

"This property is situated on the Northwest corner of Bellair Place and Grafton Avenue. This property is located in a very good neighborhood but there is considerable vacant ground in this locality due to the lack of new buildings being erected in my opinion is caused by the present economic conditions.

"Plot 142' x 100' @ \$30  
a front foot or ..... \$4,260.00"

**PARCEL NO. 14**

'3-23 Branch Brook Place,  
Newark, N. J.

Block 788, Lot 39  
261' x 100' — Vacant land

"This property is situated between Montclair Avenue and Branch Brook Park. This property has no street improvements and in my opinion \$10 a front foot is a fair value for same.

"Plot 261' x 100' @ \$10  
a front foot or ..... \$2,600.00"

**PARCEL NO. 15**

'788-90 Highland Avenue,  
Newark, N. J.

Block 850, Lot 16-17  
50' x 100' rear 35'—Vacant land.

"This property is located at the Southeast corner of Highland Avenue, and Watchung Railroad at a dead end street. This property would be hard to dispose of, on account of its location.

"Plot 50' x 100' rear 35'  
@ \$25 a front foot or ..... \$1,100."

WHEREAS, the Board of Commissioners of the City of Newark, on the basis of fifteen appraisals, made by C. E. Gerard, is satisfied that the true market value of the properties in question is \$44,447.00, which is less than the principal sum of such taxes, and

WHEREAS, upon written application of the taxpayer hereinabove named, the Director of the Department of Revenue and Finance, upon investigation, deems it equitable and just and in the best interests of the City of Newark, the taxpayer agreeing, that the sum of \$89,721.05, be abated, settled and compromised for the sum of \$44,447.00, in full satisfaction of all unpaid principal taxes, assessments, water connections and rents, sewer connections and other municipal liens and charges hereinabove set forth.

Now Therefore Be It Resolved by the Board of Commissioners of the City of Newark, that the Comptroller and Tax Receiver be and they are hereby authorized and directed to accept the sum of \$44,447.00 as payment in full of all unpaid principal of taxes, assessments, water connections and rents, sewer connections, and other municipal liens and charges are hereby ordered to be cancelled upon payment of \$44,447.00, provided the said sum shall be paid within 60 days from the date hereof, and

Be It Further Resolved, that this Resolution is presented in consideration of the fact that the petitioner will improve the real property; said improvements to commence on the said property within

60 days from the date hereof, otherwise this Resolution to be null and void; and the City to have a lien on the premises in question for the full amount of unpaid principal of taxes, interest, assessments, etc., referred to herein and abated by this resolution; and this Resolution is presented under and by virtue of the provisions of revised statutes of New Jersey, Sec. 54:4-96 to 54:4-102 and all amendments thereto and supplements thereof giving municipalities the right to abate, revise, alter, adjust and settle unpaid principal of taxes, interest, penalties and costs, assessments, water connections and rents, sewer connections and other municipal liens and charges.

Vincent J. Murphy  
 Jos. M. Byrne, Jr.  
 John B. Keenan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, Patrick T. Corrigan, the owner of property located at 366-370 West Market Street, Newark, New Jersey, known and designated on the Tax Maps of the City of Newark as Block 1833, Lot 60, has petitioned the Board of Commissioners of the City of Newark for the adjustment of unpaid principal of taxes, assessments, water connections, and rents, sewer connections and other municipal charges and liens on the property aforesaid, and

WHEREAS, at a tax sale held on the 1st day of October, 1935, the City of Newark acquired a certain tax sale certificate No. 28691 covering the above premises in the total amount of \$4,177.25, representing

\$3,570.22 principal of taxes and \$607.03 interest, penalties and costs for the years 1931 to 1934 inclusive, and

WHEREAS, the sum of \$4,177.25 due on the above Certificate of sale has been paid, and

WHEREAS, there has further accrued on said Certificate for:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, the property known and designated as 795 Broad Street, Newark, New Jersey, Block 57, Lot 82, is owned by The Trustees of Second Presbyterian Church, Newlyn Company, Incorporated, and Brooklark Company, Incorporated, Lessees, and was assessed for the year 1941, at Land \$151,200., Improvements \$16,300., Total valuation \$167,500., Tax \$9,631.25; and,

WHEREAS, It has just come to the attention of The Board of Assessment and Revision of Taxes that the land value on said plot was inadvertently computed for assessment purposes for the year 1941 as a plot having dimensions of 20 x 100 feet, and a check-up of the records in the Surveying Department indicates that the correct dimensions of said plot are 22.6 x 100 feet, and the true tax thereon should have been \$9,085.00, and;

WHEREAS, as a result of this incorrect computation, the property known and designated as 795 Broad Street, Block 75, Lot 82 was therefore over-assessed \$9,500.00 in valuation, Tax \$546.25 for the year 1941;

BE IT THEREFORE RESOLVED  
By the Board of Commissioners of  
The City of Newark that a credit  
of \$546.25 be allowed on the 1941  
taxes against the property known  
and designated as 795 Broad Street,  
Newark, New Jersey, Block 57, Lot  
82, to correct the inadvertency in  
the computation of the land assess-  
ment on said property and that The  
Director of Revenue and Finance  
be, and he is hereby authorized to  
enter such credit on the record.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Villani: Mr. Mayor, before the zoning matters come up, may I put into the record a matter which came up at our private conference with reference to the Kim Parking Station?

I move that we inscribe in our record that the Kim Parking Station made an application for reduction in the rent, due to the fact that because of tire rationing and the gas rationing and all the war measures, they are losing money every day; and that we are making an investigation through the Auditor of The City of Newark to check their records to see whether or not their request is a satisfactory one. If it is found later that it is satisfactory, then we are going to go on record to make effective as of today, and giving them a reduction in their rent. We will set the amount up to that time.

Mayor Murphy: Motion has been made by Commissioner Villani that whatever adjustment in the contract between The City and the Kim Parking Station, after a report by the Auditor and action by the City Commission, will be as of today. Is that right?

Commissioner Villani: That is right, Mr. Mayor.

Mayor Murphy: You heard the

motion. Are there any other remarks?

Commissioner Byrne: I so move.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, On an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of The City of Newark that the following structure or use be allowed:

Application of Josephine Sciarillo (Pauline Helkin, owner); for the establishment and operation of an automobile parking station in a 1st business district; on premises 155 Newton Street; same to be operated and maintained in conformity with the rules of the Board of Adjustment and to be in accordance with the plans approved by the said Board; such use to be limited to the period ending two years from date hereof;

AND the matter having been considered by this Board;

IT IS RESOLVED, By the Board of Commissioners of the City of Newark, that the said recommendations of the Board of Adjustment be and the same are hereby approved.

Acting City Clerk: In the matter of the application of William E. Lehman, Jr., in a first industrial district the construction of a garage at 16-28 Brill Street, for Christian Feigenspan Brewing Co., there was a protest from an out-of-town subscriber. The attorney is here. He makes application for the suspension of the rules in this case.

Mr. Russell Rankin: That is not the case.

Commissioner Byrne: Was that passed by the Zoning Board?

Acting City Clerk: Yes, sir.

Mayor Murphy: Are there any objectors here?

Acting City Clerk: I am informed now that this is not the case, Mr. Mayor. I have been corrected on that. The case is the application of Francis Ph. Friedman, David G. Cohen, owner, for the alteration to apartment house increasing the number of families from eleven to thirty-one in a first business district, on premises 393 Seventh Avenue, same to be in accordance with the plans approved by the Board of Adjustment.

That is the case in which there was one objector from out-of-town. The attorney is here now to ask for a suspension of the rules.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Acting City Clerk: There are two other matters, Mr. Mayor, which ordinarily would go over for two weeks, but there were no objections raised to these applications.

Commissioner Byrne: What about the other one that you read off? That was not finished.

Acting City Clerk: That was incorrect. That was given to me, but that was laid over.

Commissioner Byrne: Are there no objections to these two you have now?

Acting City Clerk: No objections.  
Commissioner Byrne: Mr. Mayor,

I move that they be passed. There are no objections.

Mayor Murphy: Under a suspension of the rules. The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, On an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of The City of Newark that the following structure or use be allowed:

WHEREAS, on February 10, 1940, James R. Nugent executed and delivered to the City of Newark a Warranty Deed, conveying 4 tracts, aggregating 10 acres, more or less, in the Port Newark Area, which Deed was recorded in the Essex County Register's Office in Book E. 63/351 of Deeds for Essex County; and,

WHEREAS, subsequently, an examination of the title to said lands disclosed an outstanding interest in the lands so conveyed by Warranty Deed by said James R. Nugent, in one Edward J. Grassman, which outstanding interest the City was obligated to purchase from Mr. Grassman, for the sum of \$96,150, the said Deed containing 6 tracts of land, and being recorded in Book I 80/398 of Deeds; and,

WHEREAS, on July 5, 1922, James R. Nugent, conveyed to the City 1.01 acres in the same locality, which Deed is recorded in Book T. 67/317 of Essex County Deeds; and,

WHEREAS, thereafter, under date of September 17, 1929, the City was forced to purchase an outstanding interest in the property so later conveyed by Mr. Nugent from William I. Cooper, for which Deed it paid \$3,232, and which Deed is recorded in Book N. 80/112 of Deeds; and,

WHEREAS, in 1929, an action in ejectment was commenced in the Essex County Circuit Court by Dayhill Corporation against the City of Newark, in which proceedings

it was alleged that said James R. Nugent was not the lawful owner of the premises so conveyed by him to the City of Newark, and that said Dayhill Corporation was the legal owner thereof; and,

WHEREAS, after investigation the City, being convinced of the truth of the allegations of said Dayhill Corporation, accepted a conveyance from said Dayhill Corporation, of 23 tracts, for the sum of \$64,140, which Deed is recorded in Book F. 85/490 of Essex County Deeds; and,

WHEREAS, said James R. Nugent has died and his estate has become vested in his wife, Helena R. Nugent; and,

WHEREAS, it is questionable, from an examination of the law and the running of the statute of limitations, whether an action to recover from the Estate of James R. Nugent, would be successful; and,

WHEREAS, it is the opinion of the Law Department and this Board that if an equitable adjustment of the difference between the City and said estate may be arrived at, considerable expense incident to litigation, the outlook of which is problematical, would be saved the City; and,

WHEREAS, the Estate of James R. Nugent, through counsel, has agreed to allow the City of Newark \$2500 in settlement of any outstanding claim the City may have against such estate by reason of the failure of the Warranty Deeds for said property given to the City by James R. Nugent in his lifetime;

NOW, THEREFORE, BE IT RESOLVED By the Board of Commis-

sioners of The City of Newark that the sum of \$2500 be allowed as a claim against the selling price of the first property that may hereafter be conveyed by Helena M. Nugent, widow, to The City of Newark, pursuant to contract entered between her and the City of Newark, dated March 27, 1930, which said allowance shall be in settlement of the claim or claims which may have accrued to the City of Newark through failure of the Warranty Deeds heretofore given to the City of Newark by James R. Nugent, in his lifetime, as hereinabove mentioned; and the Director of the Department of Public Works and the City Clerk are hereby authorized and directed to execute such form of release, approved as to form by the Law Department, as may be necessary to consummate said settlement.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Mayor Murphy.

Mayor Murphy: I would just like to state — I don't know if Commissioner Villani is coming back again or not — I would like to state to the members of the Commission that a few weeks ago a resolution was passed in reference to a matter that was before the Commission concerning an adjustment of claim against the City over a period of years by Mr. Isserman, who was represented by Counsellor Clancy. I contacted Mr. Darby in reference to the resolution, and the emergency resolution that was passed, and I was informed that in his opinion we could pay it. I had therefore issued orders to go ahead and adjust the matter in compliance with the request of the Commission, but upon doing so, I was informed by the Internal Revenue Department that a levy against Mr. and Mrs. Isserman was made for unpaid income taxes of approximately \$300, and that should be held against them as a lien.

I am therefore unable at this

time to adjust this matter. It is my impression that a federal tax is a prior right; unless I am instructed otherwise by the Law Department. I would like to be informed as to how I should proceed, because here is a claim against Mr. Isserman of Approximately \$300 which was placed as a lien; and it stops me from going ahead and completing the transaction as the Commission has directed me.

Mr. Raymond Schroeder: I suggest, Mr. Mayor, that the matter be referred to the Law Department.

Mayor Murphy: I called Mr. Clancy yesterday on the matter, because he was asking me about it, and he wanted to be paid, and he wanted to leave town. And I conveyed the information to his office as we had discovered a lien filed with the Treasurer of the City of Newark as a check against any payment being made.

Commissioner Brady: I move that the matter be referred to the Law Department.

Commissioner Keenan: I second the motion.

Mayor Murphy: If there is no objection, the matter will be referred to the Law Department who will instruct the Revenue and Finance Director.

(At this point Commissioner Villani returns to his seat).

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of William E. Lehman, Jr., architect (Christian Feigenspan Brewing Company, owner); for the construction of garage for trucks and cars of Christian Feigenspan Brewing Co., in a 1st industrial district; on premises 16-28 Brill Street (1-27 Richards Street); same to be constructed in accordance with the plans approved by the Board of Adjustment;

AND the matter having been considered by this Board;

IT IS RESOLVED, by the Board of Commissioners of the City of Newark, that the said recommendations of the Board of Adjustment be and the same are hereby approved.

Mayor Murphy: Do you have the report from the Secretary of the Zoning Board?

Mr. Russell Rankin: At our meeting, Mr. Mayor, there were about 25 objectors. Apparently there were none here today.

Mayor Murphy: What did you say?

Mr. Russell Rankin: There were about 25 objectors at our meeting.

Mayor Murphy: Are there any objectors here today?

(Several men come forward).

Here come some now.

What is your name?

A Gentleman: John Byrne, 25 Brill Street. These trucks, we can't get any sleep at all. They keep us awake all day and all night. It is impossible. In the morning they go in and out. We cannot get any

sleep. And it is a fire hazard. It is all frame buildings surrounded by that garage from Richard Street all through Fleming Avenue up to Brill Street. And I don't think that anybody should be allowed there.

In the early hours of the morning the drivers use all kinds of rotten, filthy language. They don't care how they use it.

Mayor Murphy: Are there any further objectors? We want to hear them all. Are there any other objectors here that we could get on the record?

Was there a petition filed opposed to this?

Mr. John Byrne: Yes, sir. I understand it is in the city clerk's hands, the petition.

Mayor Murphy: Has there been a petition filed — for the benefit of the Commission?

Mr. Russell Rankin: There was a petition filed with the Board of Adjustment. (Mr. Rankin produces a petition which he shows to the Mayor).

Mayor Murphy: The map is not checked off here, indicating who the objectors were.

Mr. Russell Rankin: No, they are not. There are about twenty property owners who are within two hundred feet. Most of the others are tenants.

Mayor Murphy: How many did not object?

Mr. Russell Rankin: There are about 55 property owners who were notified.

Mayor Murphy: 55 property owners that did not object within the 200 feet?

Mr. Russell Rankin: No sir. 55

were notified; and 20 appeared.

Commissioner Keenan: 20 out of 55.

Mayor Murphy: That is 35 who did not object?

Mr. John Byrne: Can I add how many of that 55 is represented by Feigenspan? They own quite a few houses down there.

Mayor Murphy: They own a number of these buildings?

Mr. John Byrne: Yes, sir. They own a number of these buildings. How many of the 35 did they represent?

Mayor Murphy: How many of the 35?

Mr. John Byrne: Yes, the 35, that is right.

Commissioner Brady: There are only 4 houses on Brill Street. There are only four houses that show on the map on Brill Street.

Mr. John Byrne: The one I own is the apartment house right across No. 25.

Commissioner Brady: There is no house across the street at all.

Mr. John Byrne: 25 Brill Street is directly opposite where they propose building.

Commissioner Brady: It shows 21, 23, 25 and 27. There are four houses; and that is all this map shows.

Mr. John Byrne: That is all; and there are all frame houses on Fleming Avenue.

Mayor Murphy This proposed

building, as I understand it, will come to the backyards of these houses on Brill Street, is that right?

Mr. John Byrne: No. Not on Brill Street. On Fleming Avenue.

Mayor Murphy: Fleming Avenue, that is right.

Commissioner Brady: There are eight houses on there.

Mayor Murphy: Are all these dwellings on Fleming Avenue, or stores and dwellings mixed?

Mr. John Byrne: Combined.

Mayor Murphy: No stores alone?

Mr. John Byrne: No stores. Stores and dwellings combined.

Commissioner Byrne: Mr. Rankin, on this map here, what does "S" stand for? Store?

Mr. Russell Rankin: "S" stands for "store."

Commissioner Byrne: But they claim that part of these were for dwellings and part for stores combined.

Mr. Russell Rankin: Yes, sir.

Commissioner Byrne: Can't you designate it on that map so that we could tell?

Mr. Russell Rankin: Where there is a store and dwelling combined — some of them are low one stores and some of them are two stores.

Mayor Murphy: Where are these trucks kept now? On the ground here?

A Gentleman: In the open.

Mayor Murphy: Will you explain

it? First, do you represent the applicant?

A Gentleman: I represent the applicant, Mr. Mayor.

Mayor Murphy: Will you go ahead and speak for the applicant?

The Gentleman: My name is Roy C. Collins, 24 Commerce Street, Newark, N. J. The situation with respect to the applicant, Mr. Mayor is that the company has obtained up to a short period ago, three garages for the storage of its trucks.

And one of its main garages is located at 246 Raymond Boulevard. That property is leased from the Fidelity Union Express Company. In the month of April this year, that property was purchased by the Bennet Steel Treating Company, which is an industrial concern here in Newark; and it is engaged in the production of war materials. Immediately after this company purchased the building, it notified my client that notwithstanding its lease, it had to vacate immediately, and that it needs that space and that building for the work it had to do in connection with war effort.

Simultaneously, my client received notice from the Ordnance Department, the Ordnance branch of the War Department, notifying it also that it had to vacate immediately notwithstanding its lease; and if it did not vacate immediately the War Department would proceed to condemn and oust it. And under those circumstances, it had no alternative but to remove its trucks immediately, which it did during the month of April past. Since that time, it has been storing these trucks, fifty of them, on the vacant land where we want to erect this garage.

Now, we cannot continue to store these trucks on this vacant land indefinitely, because in the first place, storage there day after day and month after month is just ruinous for the equipment, and when these trucks go by, or something happens to them, nobody knows when and if or how or whether if ever we will get any more; and without trucks it will be an impossibility for this company to carry on its business. And in addition to that, these trucks come in in the afternoon after having made its delivery, loaded down with empty cases and barrels; and they are unloaded at the brewery and platform a block or two blocks away; and then immediately the trucks are loaded again with beverages for delivery. And the trucks and cars are stored in the open on this vacant lot.

Now, obviously, when the fall and winter comes along and the bad weather, the freezing weather comes along, the beverages will freeze. They will spoil. We would not be able to sell them. And also, it will be a practicable impossibility to start these trucks after they have stood out there in the cold and rain and snow and sleet, so that it would be imperative that if the company is to continue its operations, that it have facilities for the storage of trucks for the winter. And it does not have enough room in either one of its existing garages for another truck. And we have gone all over the entire neighborhood trying to locate some other property; and we have not been able to do so. And that is the reason why the company is before the Board on this application for the erection of this garage.

Mayor Murphy: Now, as to the objections. Do I understand that one of the objections there is that

there will be too much noise created at this place?

Mr. John Byrne: That is one of them.

Mayor Murphy: In answer to that one, is it a fact or is it not a fact that if these trucks were enclosed in a building, that there would be less noise in starting off?

Mr. John Byrne: No, I would not say "no" on that.

Mayor Murphy: Now, they are stored on the same grounds, aren't they?

Mr. John Byrne: Yes, sir. They are in the open there right across the street.

Mayor Murphy: Now, when the trucks pull in there, there certainly is more noise, but don't you think that if they are enclosed inside a building, a brick building, there would be less noise?

Mr. John Byrne: Well, there would be if the doors were closed; but the doors in the big garages are never closed. And when those trucks are started, it is absolutely impossible to get any sleep.

Mayor Murphy: Your feeling, in other words, is that even when they are parked on the open lot there, it is a nuisance, is that it?

Mr. John Byrne: It keeps us awake. It is absolutely impossible for anyone in our house to get any sleep.

Mayor Murphy: It certainly would be less noise, to a lesser degree, if the trucks were enclosed in a brick building, than if they were out in an open field. Of course, that situation has been pre-

vailing down there for a long time, hasn't it?

Mr. John Byrne: No. It is only since April.

Mayor Murphy: Since April; and they have been putting their cars there, is that right?

Mr. John Byrne: And there is another objection.

Mayor Murphy: What is your objection?

Mr. John Byrne: Well, the drivers, they get out early in the morning and they don't care if anybody else is in bed or not.

Mayor Murphy: What time do they come out in the morning?

Mr. John Byrne: Well, I will say sometimes they get out there four o'clock in the morning, and they come in as late as one o'clock at night; and they don't care what language they use or how noisy they are.

Mayor Murphy: Of course the language would be out of the question. You don't say, do you, that they use profanity, these members of the Chauffeurs' Union, do you (smiling)?

Mr. John Byrne: They could not be responsible for them at all times, but I think I should be given some protection.

Commissioner Brady: Where is your property located?

Mr. John Byrne: Right opposite the proposed garage, 25.

Commissioner Brady: Down there. Are they any objectors along Fleming Avenue here? Do you

know whether there are any here or no? Are you the only one?

(A gentleman comes forward).

Commissioner Brady: Are you an objector?

The Man: Yes.

Commissioner Brady: What number do you live?

The Man: 108 Fleming Avenue. My name is Frank Nowakowski. I am right on the corner.

Mayor Murphy: What is that on the back of your building, is it a garage?

Mr. Nowakowski: No. On the back of my garage is a house.

Commissioner Keenan: What is this first building on Brill Street in back of your place?

Mr. Nowakowski: A house.

Commissioner Keenan: What does "G" stand for?

Commissioner Brady: That is a garage.

Mayor Murphy: You have a private garage?

Mr. Nowakowski: That is right along there to one way.

Mayor Murphy: Is there any public garage around there? Is that a public garage across the street?

Mr. Nowakowski: No, sir.

Mayor Murphy: No public garage?

Mr. Nowakowski: No.

Mayor Murphy: All private?

Mr. Nowakowski: Just one garage with two cars.

Mayor Murphy: Where do these trucks come from now?

Mr. John Byrne: The trucks come out from Brill Street and come out from Fleming Avenue and out that way.

Mayor Murphy: Is that Richard Street there?

Mr. John Byrne: Yes, sir.

Mayor Murphy: Do you intend to have an entrance on Richard St.?

Mr. Collins: We have an entrance on Brill Street and an entrance on Richard Street; but the garage would not be anywhere near Christie Street, where that loading platform is which that man is talking about.

Mayor Murphy: The trucks will go in Brill Street and Richards Street, is that right?

Mr. Collins: That is right. There will be a two-way entrance.

Mayor Murphy: You see, of course, what I was asking the counsellor, the corporation counsel, was that there is no way of stopping those trucks, their trucks from being parked in that field. Now, they could be entering on there and parking there as much as they want to. Isn't it better to put a garage up there?

Mr. John Byrne: I don't see how you are going to eliminate the noise.

Commissioner Villani: Don't you have nose now when they park on the open lot?

Mr. John Byrne: That is what I

said. We don't get any sleep there.

Commissioner Villani: Well, if they put a garage up there, I think you would have a better chance of sleeping. You won't have half the noise there.

Mr. John Byrne: When the trucks come in out of the street late at night . . .

Commissioner Villani: But they do that now.

Mr. John Byrne: That is what I say.

Mayor Murphy: The complaint as I see it here, and this is for the Feigenspan representatives, I don't think that probably there would be any objections on the part of the people to the putting up of that garage building — they realize that it will reduce the noise to some degree— but the question involved there is the going in and out of the trucks, with the noises which will be made, and the profanity which was mentioned here, or words of that sort, by the chauffeurs. And if something could be done in order to try to eliminate that complaint, the excessive noises, it will be helpful. Now, what is your idea on this? You ought to try to regulate that.

Mr. Collins: I think that my clients will do everything that they can as far as they are concerned. And as far as their boys are concerned. And as far as their boys are concerned, their drivers, you will find that they have the finest bunch of men in the City; and they will cooperate in that respect. We will do everything we possibly can to keep the noise down to a minimum; but of course, there is bound to be some noise of the trucks. That cannot be helped.

Mayor Murphy: Do those trucks have rubber tires yet? (smiling).

Mr. Collins: They still have rubber tires.

Commissioner Byrne: Mr. Counsellor, isn't it a fact that this open-air garage has been there for some time, and there was no objection to putting it there originally?

Mr. Collins: There has been no objection to using it as an open-air garage.

Commissioner Byrne: All right. Then what you are doing now is to improve it, if anything.

Mr. Collins: And I might say that as far as this particular garage is concerned, it has been operated by the company and it is affiliated for many years and has been operated originally as a coal yard. That is, up to a year or two ago. And we have had many complaints from our neighbors down there about the dust and so forth in connection with our coal business. And we moved our coal business up to East Orange in order to satisfy them. And it has been lying vacant, and we have been paying taxes on it, and we have not had a bit of use from that land for a number of years. And now we are preparing to use it as a garage. And I might say, as far as the noise is concerned there, that that location is right in the center of that first industrial district. There are factories all around there. And Ballantine's garage there, that houses as many, if not more, trucks. It is only a block or so away. And all these trucks going continuously up Fleming Avenue and Raymond Boulevard; and there has been no objection to any of their activities by any of our neighbors down there. And there was no objection to our

use of that base for storing of trucks until we applied for a permit to erect a garage.

Mayor Murphy: Of course I could see how there could be more objectors today than there were before. Because there are all sorts of men going to industries and working in all kinds of shifts at this time.

I think there ought to be some way or means devised by the company to try to remedy an annoying condition. I feel that a building will certainly eliminate a lot of the noise. Now, what further steps could be made in order to cut it down, the entry of trucks, the noise caused by the entry of trucks and when they congregate outside. I don't know if they will have to congregate outside and wait there, and perhaps turn along the street and blow their horns.

Mr. Roy Collins: No, sir. The loading platform is a block or two blocks away. The trucks load and unload on that platform.

Mayor Murphy: And there will be no loading there?

Mr. Collins: No, sir.

Mayor Murphy: And at this place they will just park?

Mr. Collins: Yes, sir. They will go out of the garage and go away.

Mayor Murphy: What is your idea as to how it could be remedied? Because you have got a situation where the applicants do need that now, this garage.

Mr. John Byrne: Right at the end of that street it is all vacant. They have a concrete wall there on the other side of the railroad trestle.

Why can't they put their opening and their entrances down there away from all the houses, all the way down at the end of Richards Street?

Mayor Murphy: You mean nearer the coal pockets?

Mr. John Byrne: No. It will be in the back.

Mayor Murphy: There is no street down there.

Mr. John Byrne: Yes, there is. Raymond Boulevard.

Mr. Collins: This tract on which it is proposed to erect this garage is part of a larger tract which runs all the way down to Raymond Boulevard. However, the tract is bisected by a right-of-way of the Central Railroad Company. We will have to build on one side or the other side of that right-of-way. Now, Mr. Byrne is speaking about the building to the north of the right-of-way, instead of the south, which is the tract we have elected to build on, and we cannot build on the other tract because there is not sufficient land between the right-of-way and Raymond Boulevard to put a building up there. There would not be enough space there to store our trucks.

Mr. John Byrne: They could go in at that foot of Brill Street. They will have a lot of room there. They have close to a hundred feet there and they could drive under the trestle into the garage.

Mayor Murphy: Well, there is nothing on this plan which I have which indicates where the entrance will be.

Mr. John Byrne: If they put it down to the end of the street, there

will be a lot of room there.

Mr. William E. Lehman, Jr.: (Architect) May I give you this photograph, which will give you a general idea of it (handing photograph to the Mayor).

Mayor Murphy: What street is this here we are supposed to be looking at?

Mr. Lehman, Jr.: That is Brill Street (indicating).

Mayor Murphy: Where is Fleming Avenue?

Commissioner Keenan: Fleming Avenue is up on the other side, to your left. Raymond Boulevard is to your right. Richard Street will be up in back of it, and Christie Street is down below.

Mayor Murphy: Is this Richard Street way up on the top?

Commissioner Keenan: Yes. And Christie Street is on the block down here. Ferry Street is to your left, and Raymond Boulevard is to your right.

Mayor Murphy: Will you indicate on this where you mean?

Mr. John Byrne: They haven't got that on there. They haven't got the railroad trestle on there. It is down to the left. I would judge anywheres from 75 to 100 feet, roughly, from Brill Street, to the trestle, the railroad trestle. This is part of Brill Street (indicating on photograph). They are not showing this below here (indicating).

Mayor Murphy: In other words, your opinion is that it should come out along there (pointing on photograph), is that right?

Mr. John Byrne: That is away from the other houses.

Mr. Collins: We cannot do that. We haven't got room to turn.

Mayor Murphy: You haven't the room to turn there? Oh, I see; it narrows down here (looking at photograph). That looks like a short space to me — I don't know.

(At this point several of the gentlemen came forward and in a group crowd close to the Mayor's desk, and carried on a conversation which is unable to be heard by the reporter).

Mayor Murphy: All right. You heard the reading of the application. What is the pleasure of the Commissioners?

Commissioner Byrne: I move we concur.

Commissioner Keenan: I second the motion.

Mayor Murphy: The motion has been made that we concur in the recommendation of the Board of Adjustment. All in favor signify by saying "aye"; contrary "no."

The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: I would like to state that the representative from the Feigenspan Brewing Company has promised to go into this matter where these complaints have been filed, which seems to be mostly on Christie Street, and he will file a report which

der to eliminate this objectionable noise which is the chief complaint

by the people of that area.

WHEREAS, there is an outstanding disputed water charge, Division of Water, Department of Revenue and Finance, against LaFera-Crecco Contracting Company, 241 Riverside Avenue, Newark, N. J.; and,

WHEREAS, on April 22, 1941, the

following report with respect thereto was made, to wit:

April 22, 1941

Mr. William G. Bank,  
Engineer in Charge,

Division of Water

City Hall Annex,

Newark, New Jersey

Re: 241 Riverside Ave.

Dear Sir:

The Inspector has made a new inspection at the above named property and reports that they were washing machinery while he was at the premises.

The meter was reset at zero Jan. 13, 1941. The reading on meter April 10, 1941 was 31,577 cu. ft. for 87 days or an average of 363 cu. ft. per day from Jan. 10, 1941 to April 10, 1941.

Using the above figures, as basis of an estimate for period June 30, 1940 to Dec. 1940, would make bill \$88.55.

The inspector also reports he was unable to find any cause for large bill and the only definite report we have is one by meter laboratory saying meter was badly mutilated.

In September 1940, our Inspector was unable to obtain reading as property was found locked.

Very truly yours,

DEPT. OF PUB. AFFAIRS  
Div. of Accounts - Water

-s- Samuel W. Lockhart  
Sup. of Consumers' Accounts

and;

WHEREAS, the Mayor recommends, based on the above report and reports also made by Mr. Lockhart on May 15, 1941 and by Mr. Forcella, Plumbing Investigator, dated April 10, 1941, original reports in files in Mayor's office, that the sum of \$88.55 be accepted in full satisfaction of the claim of the City aforesaid:

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark, that the sum of \$88.55 be accepted in settlement of the above stated water bill against the LaFera-Crecco Contracting Company, and upon payment of said sum of \$88.55, the balance of said claim amounting to \$903.90 be cancelled.

WHEREAS, DANIEL HENZLER brought an action against The City of Newark, in the Essex County Court of Common Pleas, on January 3, 1942, seeking to recover from the City \$5000, damages for personal injuries, and \$1000, for damages to his automobile, which he alleged was damaged on February 10, 1940; and,

WHEREAS, said Daniel Henzler alleged that the injuries suffered and the property damages which he

incurred were caused by the City neglecting to properly barricade and light the barricades upon Frelinghuysen Avenue during the time that the City was engaged in reconditioning or repaving said street; and,

WHEREAS, said Daniel Henzler is willing to settle said claim and execute and deliver to the City of Newark a release and discharge to the City from any and all liability for said accident and injuries and damages suffered, in consideration of the payment to him by the City of \$100; and,

WHEREAS, the Law Department, representing the City, is of the opinion that it is advisable and for the best interests of the City to settle said action for said sum of \$100, which sum does not exceed the probable costs of defending said action;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF NEWARK that the Director of the Department of Public Works be and he is hereby authorized and directed to settle the aforesaid suit by the payment to Daniel Henzler of the sum of \$100, in full satisfaction and discharge of all claims arising out of said accident hereinabove mentioned; said sum to be paid to him upon execution and delivery by him to the City of Newark of a proper Release from all damages arising out of said accident; the said sum of \$100 being hereby appropriated to Daniel Henzler, for the purpose aforesaid; and the proper City authorities are hereby directed to pay over said sum upon receipt of a proper Release, executed and delivered by said Daniel Henzler, in favor of the City of Newark, approved as to form by the Law Department.

WHEREAS, The City of Newark has heretofore issued the bond described in said written request as a fully registered bond without privilege of conversion into coupon form and it appears from the books kept in the office of the City Comptroller that said bond is payable to the persons who have presented said written request: NOW, THEREFORE,

The Board of Commissioners of  
The City of Newark, DO RESOLVE

as follows:

Section 1. The Mayor, City Comptroller and City Clerk are hereby authorized and directed to cause to be prepared \$10,000 School Bonds of The City of Newark, dated October 1, 1908, payable October 1, 1958, bearing interest at the rate of four per centum (4%) per annum, payable semi-annually on April 1st and October 1st, and consisting of ten coupon bonds of the denomination of \$1,000 each, numbered from A-461 to A-470, inclusive. Said bonds and the interest coupons thereto attached and the conversion certificate endorsed thereon shall be in substantially the following form:

Number	Number
A	A
UNITED STATES OF AMERICA	
STATE OF NEW JERSEY	
CITY OF NEWARK	
\$1000	\$1000
SCHOOL BOND	

The City of Newark, in the County of Essex, a municipal corporation of the State of New Jersey, for value received hereby promises to pay to the bearer, or, if this bond is registered, to the registered holder hereof, the sum of

ONE THOUSAND DOLLARS  
(\$1,000)

on the first day of October, 1958, with interest thereon from the date hereof until the payment of said principal sum, at the rate of four per centum (4%) per annum, payable semi-annually on April 1st and October 1st in each year, upon presentation and surrender of the annexed coupons therefor as they

severally become due, or, if this bond be converted into a fully registered bond, to the registered holder hereof. Both principal of and interest on this bond are payable in lawful money of the United States of America, at the principal office of The National State Bank of The City of Newark, in the City of Newark, New Jersey.

This bond may be registered as to principal by the holder in his name on the books of the Comptroller of said City, and such registration noted hereon, after which no valid transfer hereof shall be made except on said books until after registered transfer to bearer. Such registration shall not affect the negotiability of the coupons, which shall continue to be transferable by delivery. At the request of the holder of this bond, it will be converted into a fully registered bond and the coupons hereto annexed detached and cancelled, and thereafter both principal and interest will be payable only to the registered holder hereof.

The City of Newark reserves the right to pay this bond at any time after forty years from its date upon giving six months' previous notice, by advertisement in two of the newspapers printed and published in The City of Newark, and in two of the newspapers printed and published in the City of New York, and in case the said City of Newark shall exercise this option and give such notice, the interest on this bond shall cease at the time so stated.

This bond has been issued pursuant to The Local Bond Law (Chapter 1 of Title 40 of the Revised Statutes of New Jersey, as amended), and a resolution duly adopted by the Board of Commissioners of said City on the .....

day of July, 1942, for the purpose of converting into coupon bonds a bond of like date and maturity originally issued in registered form pursuant to the Act of the Legislature of the State of New Jersey entitled "An Act to establish a thorough and efficient system of free public schools, and to provide for the maintenance, support and management thereof," approved October 19, 1903, and the acts amendatory thereof, and a resolution duly adopted by the Common Council of said City on the first day of October, 1908, and approved by the Mayor of said City on the first day of October, 1908.

IT IS HEREBY certified and recited that all conditions, acts and things required by the Constitution or statutes of the State of New Jersey to exist, be performed or happen precedent to or in the issuance of this bond, exist, have been performed and have happened, and that this bond, together with all other indebtedness of said City, is within every debt and other limit prescribed by the Constitution or statutes of said State, and the faith and credit of said City are hereby pledged irrevocably to the punctual payment of the principal of and interest on this bond in accordance with its terms.

IN WITNESS WHEREOF, THE CITY OF NEWARK has caused this bond to be signed by its Mayor and City Clerk, and countersigned by its City Comptroller, and its corporate seal to be hereunto affixed, and the annexed coupons to bear the fac-simile signature of said City Comptroller, and this bond to be dated October 1, 1908.

and

WHEREAS, said assessment is

not indicative of or the controlling factor as to present day market value, and

WHEREAS, Thomas M. Ford of 70 Clinton Avenue, Newark, a qualified real estate appraiser of the City of Newark, has submitted a detailed report, original copy attached to original resolution, summarized as follows:

"SUBJECT: 65 Summit Street  
Block: 384, Lot: 14  
Newark, New Jersey.

"This is an extremely old frame

building, contains 24,000 cubic feet, ENTIRELY vacant with exception of two rooms, occupied by colored tenants who pay no rent now, NOR HAVE they been paying. The building is wrecked from top to bottom, and while it is assessed by the City at One Thousand Dollars (\$1,000), it really ISN'T worth anything at all and SHOULD BE demolished immediately.

"The land in my opinion, is still worth Forty Dollars (\$40.00) per front foot which is the amount the City has it assessed for.

"Plot Size: 21' x 100' R.19.3

and

WHEREAS, the Board of Commissioners of the City of Newark, on the basis on an appraisal made by Thomas M. Ford, is satisfied that the true market value of the property in question, is \$800.00, which is less than the principal sum of such taxes, and

taxes, assessments, water connections and rents, sewer connections, and other municipal liens and charges hereinabove set forth.

WHEREAS, upon written application of the taxpayer hereinabove named, the Director of the Department of Revenue and Finance, upon investigation, deems it equitable and just and in the best interests of the City of Newark, the taxpayer agreeing, that the sum of \$1,142.60 be abated, settled and compromised for the sum of \$800 00, in full satisfaction of all unpaid principal

NOW THEREFORE BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF NEWARK, that the Comptroller and Tax Receiver be and they are hereby authorized and directed to accept the sum of \$800.00 as payment in full of all unpaid principal taxes, assessments, water connections and rents, sewer connections, and other municipal liens and charges are hereby ordered to be cancelled upon payment of \$800.00, provided the said sum shall be paid within 60 days from the date here-

of, and

BE IT FURTHER RESOLVED, that this Resolution is presented in consideration of the fact that the petitioner will improve the real property; said improvements to commence on the said property within 60 days from the date hereof, otherwise this Resolution to be null and void; and the City to have a lien on the premises in question for the full amount of unpaid principal of taxes, interest, assessments, etc., referred to herein and abated by this resolution; and this Resolution is presented under and by virtue of the provisions of revised statutes of New Jersey, Sec. 54:4-96 to 54:4-102 and all amendments thereto and supplements thereof giving municipalities the right to abate, revise, alter, adjust and settle unpaid principal of taxes, interest, penalties and costs, assessments, water connections and rents, sewer connections and other municipal liens and charges.

WHEREAS, Chapter 27, P.L. 1942, sets forth that:

"1. Whenever the governing body of any municipality \*\* by resolution adopted during the calendar year 1942, declares that it is for the best interest of its citizens that the provisions of this act be made available to its property owners, then all taxes, assessments, tax sale certificates held by the municipality, or other municipal liens in arrears on January 1, 1942, and not yet paid and satisfied, together with the interest and penalties thereon, shall, when brought under the provisions of this act by compliance with section seven of this act and subject to the conditions herein-after set out, be totaled as of said date; and the payment of such totaled sum shall be spread over a period not exceeding five years as may be contracted between the taxpayer and such financial officer of the municipality as shall be designated in said resolution for the making of contracts under this

act; \*\* interest \*\*\* shall not exceed 8% per annum \*\*\*"

and from which are following excerpts, reference being to paragraphs, to wit:

"2. A copy of such resolution (to be) \*\* filed in office of the clerk of county \*\*\* before provisions \*\*\* (are) applicable."

"5. \*\*\* conditioned on the prompt payment of the installment of taxes of "1942" and subsequent taxes, assessments and other liens \*\*\*."

"7. The extension of time for payment and suspension, of lien \*\*not effective until the first half of the 1942 taxes thereon has been paid, (and installments of assessments due)\*\*\*."

"8. In case\*\*\* installment \*\*\* or any new taxes, (&c.) not \*\*\* paid \*\*\* within '30' days (all arrears become due immediately, &c.)\*\*\*."

"14. Nothing in this act shall apply to water or sewer rents."

"16. The collection officer \*\*\* (designated to keep certain records) in such form as shall be prescribed by the commissioner of local government."

THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF NEWARK, that it does hereby "declare that it is for the best interest of its citizens that the provisions of Chapter 27, P. L. 1942, be made available to its property owners"; and that the rate of interest on unpaid balances of totaled arrears is hereby fixed at 8% per annum; that the Director of the Department of Revenue and Finance be and he is hereby designated the financial officer for the making of contracts under said act, and that the said Director be and he is hereby

authorized and directed to make contracts strictly in accordance with and subject to all the provisions contained in said Chapter 27, P. L. 1942, and to do all things in accordance with and as required therein; and,

BE IT FURTHER RESOLVED, that the City Clerk be and he is hereby directed to file a certified copy of this resolution with the Clerk of the County of Essex and to file with the Director of the Department of Revenue and Finance a certified copy, on which shall be contained acknowledgement by the County Clerk of the filing of certified copy in the office of said County Clerk.

WHEREAS, the Board of Commissioners of the City of Newark, on the basis of seven appraisals, made by Thomas M. Ford, is satisfied that the true market value of the properties in question, is \$15,842.09, which is less than the principal sum of such taxes, and

is about to erect thereon a Defense Housing Project, to be financed with Federal Housing Authority Funds, to cost approximately \$235,000.00, which project is made necessary to house workers in defense industries in this area due to the present shortage of such dwellings in the City of Newark, and

WHEREAS, the owner of the properties herein above mentioned

WHEREAS, due to the ceiling placed on rents by the office of

Price Administration, such construction will not be feasible or financially possible unless the cost of the land involved is reasonable enough to permit the investment for construction cost, and

WHEREAS, upon written application of the taxpayer hereinabove named, the Director of the Department of Revenue and Finance, upon investigation, deems it equitable and just and in the best interests of the City of Newark, the taxpayer agreeing, that the sum of \$100,065.00, be abated, settled and compromised for the sum of \$15,842.09, in full satisfaction of all unpaid principal taxes, assessments, water connections and rents, sewer connections, and other municipal liens and charges hereinabove set forth.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF NEWARK, that the Comptroller and Tax Receiver be and they are hereby authorized and directed to accept the sum of \$15,842.09 as payment in full of all unpaid principal taxes, assessments, water connections and rents, sewer connections, and other municipal liens and charges are hereby ordered to be cancelled upon payment of \$15,842.09, provided the said sum shall be paid within 60 days from the date hereof, and

BE IT FURTHER RESOLVED, that this Resolution is presented in consideration of the fact that the petitioner will improve the real property; said improvement to commence on the said property within 60 days from the date hereof, otherwise this Resolution to be null and void; and the City to have a lien on the premises in question for the full amount of unpaid principal of taxes, interest, assessments,

etc., referred to herein and abated by this resolution; and this Resolution is presented under and by virtue of the provisions of revised statutes of New Jersey, Sec. 54:4-96 to 54:4-102 and all amendments thereto and supplements thereof giving municipalities the right to abate, revise, alter, adjust and settle unpaid principal of taxes, interest, penalties and costs, assessments, water connections and rents, sewer connections and other municipal liens and charges.

Commissioner Byrne offered the following resolution:

WHEREAS, on July 29, 1940 an Oldsmobile automobile belonging to Frank Alfano was standing on the curb of Nesbitt Street near Eighth Avenue, in the City of Newark; and

WHEREAS, on the aforesaid date a wagon belonging to the City of Newark and operated by Wallace Taylor, one of its employees, (employed in the Bureau of Street Cleaning), collided with and damaged the left door, panel and other parts of said Oldsmobile automobile; and

WHEREAS, Frank Alfano has instituted suit in the East Orange District Court, in the sum of Two Hundred Dollars (\$200.) for damages to and the loss of use of his said automobile; and

WHEREAS, said Frank Alfano through his attorney, Herman Rusomanno has agreed to settle the claim for the sum of Sixteen Dollars (\$16.00) the costs of repairs, and Two Dollars and Fifty Cents (\$2.50) the cost of the suit; and

WHEREAS, the Law Department has advised the Director of the Department of Public Works that the matter should be settled for the aforesaid sum of Eighteen Dollars and Fifty Cents (\$18.50);

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark that the sum of Eighteen Dollars and Fifty Cents (\$18.50) is hereby appropriated to the said Frank Alfano in settlement of the aforesaid claim, and the Director of the Department of Revenue & Finance is hereby authorized and directed to issue a check in the amount of Eighteen Dollars and Fifty Cents (\$18.50), payable to Frank Alfano and Herman Rusomanno, his attorney, and upon presentation to said Director of the Department of Revenue & Finance of a Release and Discontinuance of said suit, approved as to form by the Law Department; and

BE IT FURTHER RESOLVED, that the said amount of Eighteen Dollars and Fifty Cents (\$18.50) be charged to the budget of the Bureau of Street Cleaning.

Acting City Clerk: That is all the resolutions, Mr. Mayor.

Mr. Raymond Lemassena: Mr. Mayor. Before you pass this resolution, may I say this: if the County bill resolution is included, I want to object and prove my case. So that you must not approve it in the amount you have in that resolution. You do not owe it, sir. You must not pay out the taxpayers' money of Newark when the bill is wrong. I am going to prove it is wrong now.

Mayor Murphy: Board of Adjustment matters.

The following communication was received and read:

BOARD OF ADJUSTMENT  
 CITY HALL  
 NEWARK, NEW JERSEY

August 11, 1942.

The Board of Commissioners  
 of The City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day, resolutions were adopted recommending

to your Honorable Body, in accordance with Section 40, 55-39 R.S. that the following applications for variances from the terms of the Zoning Ordinance be allowed:

65 Springfield Avenue; H. A. Seiler, owner; in a 1st business district the assembling of marine cable strippers; same to be in accord-

ance with the plans approved by this Board; such use to be limited to the period of two years; (No objectors).

Respectfully submitted,

R. B. RANKIN,  
Secretary.

Ordered filed.

Acting City Clerk: Five of these matters can be heard today without any question, and the other two matters can be heard on a suspension of the rules, because there are no objectors.

Mayor Murphy: Motion is in order to suspend the rules.

Commissioner Villani: I so move you.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, On an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, By resolution No. 1937 adopted February 25, 1942, a Committee of five members known as the "Committee on Fair Employment Practice," was appointed to receive and investigate complaints of discrimination in violation of that resolution and of the executive Order of the President of the United States No. 8802, dated June 25, 1941, to make appropriate recommendations for redress of said grievances; and,

WHEREAS, the Committee has held and is holding hearings to consider the complaints of the alleged discriminations; and,

WHEREAS, in connection with said work, certain expenses are being incurred and will be incurred;

THEREFORE BE IT RESOLVED By the Board of Commissioners of the City of Newark, that the sum of One Hundred Dollars (\$100.) is hereby appropriated to the said

"Committee on Fair Employment Practice," to cover the costs of incidental expenses; and,

BE IT FURTHER RESOLVED, That the Director of the Department of Revenue and Finance, be and he is hereby empowered to make payments from said appropriation, from time to time, to cover costs of the said incidental expenses; and

BE IT FURTHER RESOLVED, That the said appropriation of One Hundred Dollars (\$100.) shall be charged and taken from the contingent account of the 1942 Budget.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Acting City Clerk: That is all on the Clerk's desk, Mr. Mayor.

Mayor Murphy: Commissioner Brady.

Commissioner Brady: Mr. Mayor, in an article in the Newark Evening News of August 11th, mention is made of venereal disease by this man, Judge Masini. It says, "Judge Masini to recommend city ordinance with real authority in it."

Now, the implication from this article may be taken by the citizens of the City of Newark, that Newark is over-run with venereal disease. That is not so.

I don't know just exactly what

the Judge's intentions are. I know he has not been in touch with me on it, and he has not been in touch with the Health Department, as indicated in the article.

As a result of reading that article, I asked Dr. Craster for a report. I would like to read into the records his report. It is addressed to the Honorable John A. Brady, Director of Public Affairs. It is from Dr. Craster. It reads:

"Enclosed please find statement by Dr. Max J. Exner concerning Judge Masini's remarks regarding the need of further local ordinances to promote the control of venereal disease.

"Dr. Exner's letter is self-explanatory and would call your attention to the latter part of the second paragraph, in which he shows the remarked reduction during the past ten years up to 1940 in Congenital Syphilis, which has been reduced from 11.9% in the first five years to 4% during the last five years. He also shows that there has been a fairly satisfactory reduction in new infections and the venereal rate among domestics, food handlers and dispensary patients has been remarkably reduced during the last six or eight years.

"It may seem on the face of Judge Masini's remarks that there is a great increase of venereal disease in the City of Newark. This has not been observed by this department. If the law can be strengthened to make more possible the bringing in of known cases of venereal disease, it might be desirable but any amendment to the law should be one enforceable by the local or state health department with only the police called in when efforts of the Health Department are unavailing. Neither

Dr. Exner nor myself are familiar with the details of the proposed ordinance mentioned by Judge Masini.

Respectfully submitted,

CHARLES CRASTER,  
Health Officer."

Now, Dr. Exner in his report to Dr. Craster indicates, and I quote:

"In my opinion, wholesome changes or additions to the State Law for Venereal Disease control might be helpful, that law on the whole has been found fairly adequate, and under its operation, great strides have been made in recent years towards the control of syphilis and gonorrhea, particularly syphilis. For example, a study has shown that in Newark during the last ten years up to 1940, congenital syphilis has been reduced from 11.9% during the first five years to 4% during the last five years."

I have just indicated in Dr. Craster's report a reduction in those venereal diseases.

"The present State Law gives full authority to compel any person reasonably suspected of being infected, to submit to examination, including laboratory tests under threat of isolation under quarantine."

And as I read that article in the newspaper, it seems to me that that is the purpose of Judge Masini's recommendation. Now, I don't know whether the Judge knows if such a law exists. I presume he does. But if he does not, that law

exists. I cannot see any necessity for any ordinance being passed.

If anybody in the City of Newark, including the Judge or any member of any department, desires to cooperate with the Health Department, over which I have supervision, we shall be very glad to get those complaints; and we assure Judge Masini or anybody else that we will see that the law is strictly enforced.

I want this for the record, Mr. Mayor.

Mayor Murphy: Any further business before the Board?

Commissioner Villani: I move we adjourn.

Acting City Clerk: That is all, Mr. Mayor.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

The Board of Commissioners  
of the City of Newark, N. J.

MARTIN G. BROSS,  
Acting City Clerk.

Newark, N. J., August 26, 1942

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, N. J., at 2:00 p. m., Eastern War Time.

Mayor Murphy: Everybody will please rise. (Everybody stands while the National Anthem is played).

Mayor Murphy: The meeting will come to order. The Clerk will call the roll.

Present: Commissioners Brady, Keenan, Mayor Murphy.

Absent: Commissioners Byrne, Villani.

Mayor Murphy: The Clerk will read the minutes of the previous meeting.

Commissioner Brady: I move that the reading of the minutes be dispensed with.

Commissioner Keenan: I second it.

Mayor Murphy: Motion has been made that the reading of the minutes be dispensed with. The Clerk will call the roll.

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

Mayor Murphy: Ordinances on first reading.

Commissioner Keenan introduced the following ordinance and moved

its adoption on first reading.

The Clerk then read the ordinance at length:

An Ordinance regulating canvassing within the City of Newark, and providing penalties for the violation thereof.

The Board of Commissioners of the City of Newark do ordain:

1. No person, except as in this ordinance provided, shall canvass, solicit, distribute circulars or other matter, nor call from house to house in the City of Newark without having first reported to and received a written permit from the Chief of Police or the officer in charge at Police Headquarters.

2. The Chief of Police, or, in his absence, the officer in charge of Police Headquarters, shall have power to grant permit to canvass, which permit shall specify the number of hours or days that the permit will be in effect, and such officer shall refuse to issue a permit in all cases where the application of the canvasser or further investigation, to be made at the discretion of such officer, shows that the canvasser is not of good character or that he is canvassing for a project not free from fraud. The Chief of Police, or, in his absence, the officer in charge at Police Headquarters, shall revoke the permit for failure or refusal on the part of the permittee to observe the rules and regulations herein set forth.

3. Before the permit may be issued the canvasser shall make an

application to canvass, giving his or her full name and address, age, height, weight, place of birth, whether married or single, length and place of residence, whether or not previously arrested or convicted of crime, by whom employed, address of employer, clothing worn and a description of the project for which he or she is canvassing. Each applicant shall be fingerprinted and photographed before a permit shall be issued.

4. Rules and Regulations. No person shall canvass within the City of Newark, except between the hours of 9 A.M. and 5 P.M. A copy of the Permittee's photograph shall be carried on his or her permit, which photograph shall be furnished by the applicant. The Permittee shall exhibit his or her permit to any police officer or other person upon request. The Permittee shall be courteous to all persons in canvassing and shall not importune nor annoy any of the inhabitants of the City of Newark and shall conduct himself or herself in a lawful manner. On expiration of the permit the holder thereof shall surrender the same to the officer in charge of Police Headquarters.

5. This ordinance shall not affect any person engaged in the delivery of goods, wares or merchandise or other articles or thing in the regular course of business to the premises of persons ordering or entitled to receive same.

6. Any person violating the provisions of this ordinance shall be subject to a fine not exceeding \$100, or to imprisonment in the County jail for a period not exceeding 30 days. In the event of the imposition of a fine and default in the payment thereof the defendant may be imprisoned in the

county jail for a term not exceeding 30 days.

7. This ordinance shall take effect on final passage and publication according to law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

Commissioner Keenan moved that September 9, 1942, at 2:00 p.m. Eastern War Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

Commissioner Brady introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance at length:

An Ordinance to further amend Ordinance No. 2368 entitled: "An Ordinance to regulate and establish the opening and closing hours of establishments licensed for the sale of alcoholic beverages and fixing a penalty for violation of provisions thereof," adopted July 25, 1934, and to repeal Ordinance No. 2399, en-

titled: "An Ordinance to amend an Ordinance entitled 'Rules and regulations covering the sale of alcoholic beverages with the City of Newark,' adopted July 25, 1934, and as amended and supplemented," adopted May 20, 1942.

The Board of Commissioners of the City of Newark do ordain:

Section 1. That Section 1 of Ordinance No. 2368 adopted July 25, 1934, entitled as above set forth, be and the same is hereby further amended to read as follows:

"Section 1. (a) No licensee or other person shall sell, serve, deliver or allow, permit or suffer the sale, service or delivery of any alcoholic beverage, between the hours of 2:45 a. m., and 7 a. m., on weekdays, or between the hours of 2:45 a. m. and noon, on Sundays, except on New Year's Day as hereinafter provided.

"(b) No licensee or other person shall sell, serve, deliver or allow, permit or suffer the sale, service or delivery of any alcoholic beverage, or allow the consumption of any alcoholic beverage on licensed premises, on New Year's Day when it is a Sunday between the hours of 5:00 a. m., and noon, sales being permissible on New Year's Day when it is a weekday at all times.

"(c) No licensee or other person shall allow, suffer or permit any licensed premises to remain open or allow, suffer or permit the consumption of alcoholic beverages on licensed premises, between the hours of 3:00 a. m., and 7:00 a. m. on weekdays or between the hours of 3:00 a. m. and noon on Sundays, except on New Year's Day as hereinafter provided.

"(d) No licensee or other person

shall allow, suffer or permit any licensed premises to remain open on New Year's Day when it is a Sunday between the hours of 5:00 a. m., and noon, it being permissible for the licensed premises to remain open all day New Year's Day when it is a weekday.

"(e) Nothing contained in subsections (c) and (d) hereof shall prevent bona fide hotels, restaurants as defined in R. S. 33:1-1(t), clubs as defined in R. S. 33:1-12(5), and bona fide stores or establishments where the principal business is other than the sale of alcoholic beverages from remaining open at all times for the purpose of conducting business other than the sale and service of alcoholic beverages.

"(f) During the hours that licensed premises must be closed as required by subsections (c) and (d) all licensed premises shall be open to public view from the public thoroughfare or other place to which the public has free access. During such hours, no licensee or other person shall allow, permit or suffer any blind, screen, partition, curtain, frosted, colored or painted glass, or other article to be so left or placed as to prevent a clear and unobstructed view of the licensed premises from the public thoroughfare or other place to which the public has free access, provided, however, that this provision shall not apply to bona fide clubs as defined in R. S. 33:1-12(5) or to guest rooms and private dining rooms in hotels."

Section 2. That Ordinance No. 2399, adopted May 20, 1942, and entitled as above set forth be and the same hereby is repealed.

Section 3. All ordinances and parts of ordinances inconsistent

with the provisions of this ordinance be and the same are hereby repealed.

Section 4. This ordinance shall take effect upon final reading and publication according to law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

Commissioner Brady moved that September 9, 1942, at 2:00 P. M. Eastern War Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark, that the Mayor, Director of the Department of Revenue and Finance be, and he is hereby authorized to make apportionment of the liens aforesaid on the described property as requested in application, all in manner provided and required by law, subject to approval of the Law Department as to form and procedure.

Vincent J. Murphy  
John B. Keenan  
John A. Brady  
Jos. M. Byrne, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

WHEREAS, the Soldiers and Sailors Civil Relief Act of 1940 approved October 17th, 1940, provides that the real estate owned and

occupied by persons in military service or their dependents shall not be sold or otherwise proceeded against for the collection of any tax or assessment until a period not exceeding six months after the termination of such military service, and

WHEREAS, the said Act further provides that when any tax or assessment shall be due and unpaid, such tax or assessment, shall bear interest until paid at the rate of six percent (6%) per annum and no other penalty or interest shall be incurred by reason of such non-payment, and

WHEREAS, it is further provided by said Act that in order to enforce the rights provided thereunder such person in military ser-

vice or any person on his behalf shall file with the Collector of Taxes an affidavit showing that such tax or assessment has been assessed upon such property, that such tax or assessment is unpaid and that by reason of such military service the ability to pay is materially affected, and

WHEREAS, these provisions of the Soldiers and Sailors Civil Relief Act are not known to a large number of persons now in military service or their dependents who might, if they knew thereof, take advantage of the same, and

WHEREAS it is the desire of the Board of Commissioners of the City of Newark to give all protection possible to such persons in military service.

NOW, THEREFORE, BE IT RESOLVED, by the Board of Commissioners of the City of Newark that the Director of the Department of Revenue and Finance is hereby authorized and directed to withhold from the forthcoming tax sale and from all further tax sales to be conducted during the period of the war any property upon which there is unpaid taxes or assessments and which was owned by a person in military service or his dependents at the commencement of his period of military service and was then occupied by him or his dependents and is still so occupied by his dependents or employees, on condition however that an affidavit be signed in accordance with the provisions of Section 500 (2) of the Soldiers and Sailors Civil Relief Act of 1940 or in lieu thereof, the Director of the Department of Revenue and Finance be satisfied that the facts to be verified by such an affidavit exist as applied to such property, and it is further

RESOLVED, that with respect to any such property, upon the signing of any such affidavit or the satisfaction of the Director of the Department of Revenue and Finance as to the facts as above indicated, the interest upon such unpaid taxes or assessments shall be at the rate of six percent (6%) per annum and no other penalty or interest shall accrue thereon during the period of such military service and for six months thereafter, but in no case later than six months after the date when the Soldiers and Sailors Civil Relief Act of 1940 shall cease to be in force, and be it further

RESOLVED, that in order to secure the fullest measure of protection for all persons in military service, the newspapers of the City of Newark are requested to give full publicity to the contents of this Resolution so as to acquaint all persons in military service and their dependents with their rights as provided herein.

Mayor Murphy: You heard the reading of the application, pertaining to the automobile wrecking yard on 587-595 Third Street. Are there any objectors? Who represents the Board of Adjustment here today?

Mr. Alfred Bates (Assistant Engineer): I do. There were two objectors to this. The attorney for the applicant is here now. Mr. Samuel Roessler was an objector, appearing for the Fairmount Building and Loan Association; and Mr. Salvatore Intintola was the counsellor for five property owners who objected. Both of them were notified by our office that they should come, and that it will come up for hearing today. But they are not here.

Mayor Murphy: Hearing of no objectors, a motion is in order.

Commissioner Keenan: I move its adoption.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

Acting City Clerk: We have a communication from the Board of Adjustment, referring to the City Clerk seven applications which are renewals, and two others to which there are no objectors and which can be taken up under a suspension of the rules.

Mayor Murphy: A motion is in order to suspend the rules.

Commissioner Keenan: I so move.

Commissioner Brady: I second it.

Mayor Murphy: The Clerk will call the roll.

Alfred Bates  
Assistant Engineer

(\*renewals, no objectors)

Ordered filed.

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of Harold DeVoursney (United States Realty and Investment Co., owner); for the renewal of permit for automobile

parking station; on premises 23-25 Hill Street; on condition that an eighteen foot wide driveway as shown on the original plans be made within the year; such use to be limited to the period of one year ending July 14, 1943;

AND the matter having been considered by this Board;

IT IS RESOLVED, by the Board of Commissioners of the City of Newark, that the said recommendations of the Board of Adjustment be and the same are hereby approved.

John A. Brady  
Vincent J. Murphy  
John B. Keenan

Mayor Murphy: You heard the reading of the application. Are there any objectors? If not, a motion is in order.

(No response).

Commissioner Keenan: I move its approval.

Commissioner Brady: I second it.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of Red Seal Motors, Inc., (Red Seal Motors and Ralph DiMaio, owners); for the renewal

of permit for gasoline station, lubricatorium and repair shop, and renewal of automobile parking and sales station; on premises 443-447 Bloomfield Avenue; the use of the gasoline, lubricatorium and repair shop to be limited to the period of eight years ending June 27, 1950; the use of the automobile parking and sales station to be limited to the period of two years ending June 27, 1944;

Mayor Murphy: You heard the reading of the application. Are there any objectors? If not a motion is in order.

(No response).

Commissioner Keenan: I move the approval. Why are they taking them together, for two years and eight years? Is that the usual procedure, to tie them in together for two years and eight years on one resolution?

Mr. Alfred Bates: They were tied in four years ago. The usual procedure of the Board is to give gasoline stations eight years. And some of these outlying sales stations are given two years. And those within the central part of Newark are given one year.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of Harry Schanerman (Federal Credit Corp., owner); for the parking of automobiles on portion of present gasoline station in a 2nd business district; on premises 441-445 High Street; same to be in accordance with the plans approved by the Board of Adjustment and to be operated and maintained in conformity with the rules of said Board; on condition that no trucks are parked or repaired on the premises, that no automobile repairing is done on the premises, and that automobiles be parked only in the space designated on the plan; such use to be limited to the period ending one year from date hereof;

AND the matter having been considered by this Board;

IT IS RESOLVED, by the Board of Commissioners of the City of Newark, that the said recommendations of the Board of Adjustment be and the same are hereby approved.

NEWARK DEFENSE COUNCIL

## CITY HALL

NEWARK, N. J.

September 3, 1942

Honorable Vincent J. Murphy  
Mayor of the City of Newark

City Hall

Newark, New Jersey

Dear Mayor:

On behalf of the Newark Defense Council, I wish to advise you that every effort is being made to enforce the dimout and blackout regulations established by the military authorities and the Office of Civilian Defense Director of the State of New Jersey. Complaints are now being referred to the City Judges for action. Thus far, in the light of available facts and complaints, these cases are being heard and disposed of as quickly as possible.

HOWEVER, it has been pointed out to us by our counsel, our engineering staff and our Air Raid Precaution Organization that many of the individuals and firms we are prosecuting are complaining that they are not familiar with the laws governing dimout and blackout procedure. Of course, ignorance of the law is no excuse. Nevertheless, we feel that we should make a last effort to acquaint the public with what is expected of everyone in our national war emergency.

It has been recommended, therefore, that paid public notices be inserted in the press by our Council, thus giving the public at large the final opportunity to familiarize themselves with these laws before we take more stringent measures.

It is my understanding that the

Honorable Joseph M. Byrne, Jr., Director of the Department of Public Works, has a miscellaneous fund in his Department of Central Purchase which is used to defray the cost of city advertisements and public notices, and I respectfully recommend to you and to the Newark Board of City Commissioners that a copy of the enclosed public notice be authorized and ordered inserted in the local press.

In making this recommendation to you and to the Newark Board of City Commissioners I do so with the full realization of its timeliness and importance. As one of the most vital municipalities in the Target area, the City of Newark can ill-afford to gamble with the lives and the welfare of its population.

Thank you for your cooperation.

Very truly yours,

HERBERT S. WATERS  
General Chairman

P.S. For your information, the total cost of these Public Notices amounts to \$468.96. The breakdown is as follows:

Newark Evening News .....	\$154.56
Newark Sunday Call .....	125.40
Newark Star Ledger .....	189.00

Commissioner Villani: I move it be referred to Director Byrne.

Commissioner Brady: I second the motion.

Acting Mayor Byrne: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani.

WHEREAS, The Company is in process of reorganization "In Proceedings for Reorganization under Chapter X of the Bankruptcy Act," and,

WHEREAS under the plan of reorganization the United States District Court has approved a plan for the settlement of the aforesaid taxes, a copy of the order of the Court is attached herewith and made a part hereof, being summarized as follows:

(a) "The City of Newark is to

waive interest and penalties on its claim for real estate taxes on property at 98-100 Shipman Street and the taxes due thereon will be paid at the consumation of this plan"\*\*\*\*

(b) "The claim of the City of Newark for personal property taxes is to be compromised by the payment of five per cent (5%) of the amount due therefor, and

WHEREAS, the sum of \$402.85 paid for interest on 1939 taxes and the sum of \$598.17 paid for interest on 1940 taxes is to be applied as a credit to the balance due on the

principal of 1940 taxes; leaving a net balance due on 1940 real estate taxes of \$778.10; the total payment of real estate taxes under this resolution to be in the amount of \$14,320.96 which sum will pay in full all real estate taxes up to Dec. 31, 1942; and,

WHEREAS, the Director of the Department of Revenue and Finance has determined that the settlement approved is for the best interests of The City of Newark; the abatement of interest and penalties being within the provisions of the law relating to settlement of past due taxes, and the settlement of the personal taxes being necessary by reason of the fact that the federal government has tax liens against the personal property which is deemed greater than the liquidating value thereof;

THEREFORE BE IT RESOLVED By the Board of Commissioners of The City of Newark that the Director of the Department of Revenue and Finance be and he is hereby authorized to settle the aforesaid taxes on the plan approved by the Federal court and upon receipt of the payment of the said principal sum of the real estate taxes and the five per cent of the aforesaid personal taxes to cancel the unpaid interest and penalties as to the real estate taxes and the balance of the personal taxes.

John B. Keenan  
Ralph A. Villani

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: I would like to

state that there are two resolutions; one transferring the collections in the Water Division — that was considered temporarily under the supervision of the Revenue and Finance Director — to the Department of Public Works. I voted "no" on this resolution. While I still believe that it is, in my opinion, a backward step due to the fact that I believe that where there are a number of divisions, we should try to consolidate them; nevertheless I do hope that the fact that the majority of the members of this Commission have seen fit to make this transfer, after hearing both sides of the argument as to why it should remain in this department, and hearing the argument by Director Byrne as to why it should be transferred, I do hope that in the final analysis, it will be a step in bringing harmony to a greater degree among the City Commissioners.

I want to assure everybody that I will always abide by the rule of the majority. Of course, everyone should. That is the action of the Commission, and unquestionably, it will be carried out.

I also wish to state, in reference to the other resolution, the one pertaining to the city clerk's division, that supervision over any division is not that kind of direction which should be assigned to any Director. My experience has proven to me, that if the division is to be assigned to a Director, it should be outwardly and definitely assigned to him. When one in handling a division in a supervisory capacity, one cannot reorganize that division the way he wants to, and of course, he is always more or less under the threat of having the division removed.

I am glad that this matter con-

cerning the city clerk, now that the case concerning him has been for some time in the hands of the court, that it has been assigned by the majority members of the City Commission. — probably by all.

Commissioner Villani: By all.

Mayor Murphy: By all the members of the City Commission. So I do hope, at least anyhow, that the action taken in this regard, is a great step towards harmony among all the members of this Commission.

Commissioner Brady: Mr. Mayor, in recording my vote on the resolution, I want to say this: I did not know that the resolution about which you spoke has received a vote of the majority of the Commissioners. I received a letter from you dated September 19th, this morning; and of course, that was through no fault of yours. I did not, however, have an opportunity to look over that letter. I have it here before me. And I did speak with Director Byrne about it, and I told him that I would like to have an opportunity to analyze your letter before I voted on the proposition on the resolution. He agreed that I should have an opportunity, and therefore I am recorded on the resolution as "not voting." And that is my reason for taking that action. I wanted to have an opportunity to analyze your letter and to compare it with the letters I received from Director Byrne, and from you originally.

Mayor Murphy: But do you have any objection to the city clerk?

Commissioner Brady: In answer to your question, Mr. Mayor, when the City Commission organized, the city clerk's department was allocated to me with the understanding at that time, that I would be gracious enough to let it remain in

abeyance until such time as the entire City Commission had decided upon what procedure they would adopt concerning the alleged violations by the then city clerk. I agreed to it. But I took the position at the following meeting, and at every meeting since that time, with the exception of very few, that it should be allocated and it should be allocated to my department. And I want at this time to express my gratitude to the other Commissioners for allocating the city clerk's division to the department where it belongs, in the Department of Public Affairs.

Mayor Murphy: Hearing no further comment, we will have a roll call.

Commissioner Keenan: Mr. Mayor, before we go into the roll call, I would like to explain my vote on the resolution allocating the city clerk's office to one Director.

I want to be consistent in my views on the matter, although I did sign the resolution, on advice of counsel, for the reason that they tell me that in the opinion of the courts, that that particular division should be allocated. I am still of the personal opinion that the city clerk, being clerk to the City Commission, should not be allocated to one Director, but should remain under the jurisdiction of the City Commission to whom he is city clerk.

I take issue with the court on this subject; but nevertheless, the courts have so decreed. And I have signed the resolution.

Mayor Murphy: You are consistent on your position, Director Keenan. Of course, you have always held that position.

If there is no further comment,

we will have a roll call.

The roll being called, the motion was declared adopted by the following votes:

WHEREAS, in the year 1867 the Sisters of the Poor of St. Francis the Corner of Central Avenue and founded in the City of Newark, at High Street, a hospital known as St. Michael's, and

WHEREAS, the Sisters of the Poor of St. Francis, the prelates and priesthood of the Archdiocese of Newark, and the citizens of this City, County of Essex and State of New Jersey, regardless of race, creed or standing, have been the benefactors of this institution from the days of its birth, and

WHEREAS, the medical profession of Essex County and New Jersey have contributed to their genius, time and talents to make its medical staff one of the outstanding in hospitalization, and

WHEREAS, the Sisters of the Poor of St. Francis, who have guided and erected this institution, will celebrate their Diamond Jubilee beginning on September 30th, 1942, and

WHEREAS, the influence of this

religious order has been felt in this community, not only in healing the sick and caring for the afflicted regardless of race, creed or color, or financial standing, but in feeding daily hundreds and hundreds of homeless and those who were unable to get a meal, and have thus helped alleviate the burdens of the Department of Public Welfare of the City of Newark, and various private agencies, and

WHEREAS, the various units added to the hospital from the days of its inception have been a mighty contributing factor to the social service development in the hospitalization in the City of Newark, and

WHEREAS, the Board of Trustees, the Sisters of the Poor of St. Francis, and the medical staff under the guidance and influence of His Excellency, the Most Reverend Thomas Joseph Walsh, J.C.D., S.T.D., Archbishop of Newark, are about to eddicate a maternity wing as an addition to the present structures, which will be another milestone in the progress of this community,

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of the City of Newark, that we, in the name of the people, felicitate, congratulate and salute his Excellency, Archbishop Walsh, Reverend Mother Vincent Laurentia, Superior of the hospital, the members of her community, the Order of the Sisters of the Poor of St. Francis, its medical staff, Medical Director, Dr. Bernard A. O'Connor, K.S.G., nursing staff and school of student nurses, together with its Board of Trustees, its Ladies' Guild and its benefactors, on the occasion of the Diamond Jubilee of the founding of St. Michael's Hospital, and

BE IT FURTHER RESOLVED by the Board of Commissioners of the City of Newark that this resolution be spread in full upon the minutes of the Board of Commissioners and that copies be sent to His Excellency, Archbishop Walsh, the medical staff of St. Michael's, and that one copy be properly engrossed and signed by the Board of Commissioners personally and transmitted by the Acting City Clerk of the City of Newark to Reverend Mother Vincent Laurentia, as an expression of our personal official congratulations on the occasion of the Diamond Jubilee of St. Michael's Hospital, whose influence for good, for charity and for service has been paramount in the City of Newark for seventy-five years.

Respectfully submitted,

BOARD OF ADJUSTMENT

Alfred Bates  
Assistant Engineer

(\* renewals, no objectors).

Ordered filed.

Acting City Clerk: There are eight applications and objections to two. On the balance, there were no objectors, and can be heard under a suspension of the rules.

Mayor Murphy: A motion is in order to suspend the rules.

Commissioner Byrne: I so move.

Commissioner Villani: I second it.

Mayor Murphy: Motion is made to suspend the rules. The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of Krueger Brewing Co. (Vaux Hall Holding Co., owner); for the construction of addition to existing garage, and parking of trucks in yard in a 2nd business and 1st industrial district; on premises 246-258 Belmont Avenue (and 226-234 Livingston St.); on condition that there be no entrance or exit on Livingston Street; that all repair work and car washing be done only in the garage; that no malt be stored overnight in the two malt trucks; that the following schedule of truck operations be adhered to:—five trucks to leave at 3:00 A. M., five trucks to leave at 5:00 A. M., five trucks to leave at 5:30 A. M., remaining trucks to leave between 7:00 A. M. and Noon. All trucks to be back in garage before 10:00 P. M. with exception of two. All trucks which leave before 7:00 A. M. to be housed in garage and not in yard; that the time during which the permit shall operate shall be limited to the duration of the possession and operation of the premises by the Krueger Brewing Co.;

AND the matter having been

considered by this Board;

IT IS RESOLVED, by the Board of Commissioners of the City of Newark, that the said recommendations of the Board of Adjustment be and the same are hereby approved.

John A. Brady  
Ralph A. Villani  
Vincent J. Murphy  
Jos. M. Byrne, Jr.

Mayor Murphy: Are there any objectors to this application? Hearing of no objector, a motion is in order that this application be approved.

(No response).

Commissioner Byrne: I make that motion.

Commissioner Villani: I second the motion.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

(At this point, Mr. Jacob Goldberg comes forward and advises the clerk that he wishes to object to the application of the Krueger Brewing Company).

Mayor Murphy: If there is no objection by the Commission, we will find out what this man has to say now. I understand he is an objector.

I made the announcement before calling for objectors. Did you not hear?

Mr. Jacob Goldberg: No, sir. We have a letter here from the church.

Mayor Murphy: Are you a lawyer?

Mr. Jacob Goldberg: No, sir.

Mayor Murphy: You are not representing anyone?

Mr. Jacob Goldberg: No, sir. Personally. I have a letter here from the church.

(Mr. Goldberg hands the letter to the city clerk, who reads it).

Acting City Clerk: (Reading) "By this authorization, J. Goldberg of 253 Belmont Avenue, Newark, N.J., is representing the Church of the Assumption of 249-251 Belmont Avenue, Newark, N. J., as well, by the hearing in the Commissioners' Chamber, City Hall, Newark, N. J., on the 23rd of September, 1942, at two p. m. The Church objecting to the extension of the garage and packing yard across by the Krueger's Company.

"Reverend Stephen J. Diteljan,  
Pastor of the Church  
of the Assumption."

Mayor Murphy: All right, now, Mr. Goldberg; Do you want to speak?

Mr. Jacob Goldberg: I am talking on behalf of also forty landlords and tenants in the neighborhood, on Belmont Avenue. Now, we have properties there that are tax properties. Furthermore, we don't want those trucks to go in and out with a high water pressure, tilted trucks. We don't want them. And we are liable to lose our properties by losing our tenants. And we won't be able to hold them.

Now they come along and they build a garage, remodel the whole garage. And they built a new gar-

age on two empty lots. It is a large garage, with big, large trucks coming in and out, against the rights and will of the people, without notifying them. They almost was finished when I noticed wto lots being built on, two hundred feet deep, to Livingston Street. They told me they were building a garage. And when they were almost finished, only the roof, then they sent out petitions the next day and we were notified. That was three weeks later.

That garage was put up by Krueger's, or Krueger and Company, whatever the name is. I don't believe that they had a permit to put it up. They done it against the will of the people, the landlords and tenants of Belmont Avenue. Now I ask you, the Commissioners, in good faith, not to leave those trucks go in, because it is an injury to the neighborhood. Plenty of people have been killed on that corner. Many an accident has been on that corner of Belmont Avenue and Rose Street. Those trucks are a nuisance. Now, there is a lot of women and children who are opposed to that. You see, they are apposed to that. So they brought everything against us, doing everything they could; and that is the way the thing stands.

Mayor Murphy: Well, of course, the Board of Adjustment heard this case, isn't that right? And you appeared before this Board?

Mr. Jacob Goldberg: Three times.

Mayor Murphy: And they went in there and made a thorough investigation; and of course, their report to the City Commission is that in their opinion, they believe the permit should be granted. They acted favorably on it — do you understand? Did you know that the Board of Adjustment had ap-

proved of the application?

Mr. Jacob Goldberg: Yes, they did. I heard about it, and they told me about it. But they told me to appear before the Board of Commissioners. And I was told to come before the Board of Commissioners to state the case. And I believe the Commissioners should act for the good and welfare of the people.

Mayor Murphy: Yes. That is why you are here today; because you were notified that the matter would come before the Board of Commissioners today for final disposition.

Mr. Jacob Goldberg: That is correct.

Mayor Murphy: Of course the applicant has already submitted his side of it. They also have submitted to each member of the Commission in writing their side of it. As a matter of fact, their representative was here this morning, Mr. Gasert — no doubt you have heard him before the Board of Adjustment. He appeared before the Commission this morning. Through a misunderstanding, he thought he was to be here at eleven o'clock instead of two or two-thirty. But he did give a complete breakdown as to the reasons why the permit should be granted or approved by the City Commission; why the Commission should approve of the action of the Board of Adjustment.

I don't know now whether the members of the Commission wish to change their minds when a motion was presented a moment ago when the application was presented for the approval of the Commission. The members of the Commission have heard your statement and they have their statement of facts here also.

Mr. Jacob Goldberg: Well, Mr.

Mayor, can the brewery build over the will of the people, without any permit? Can they remodel and build a new garage?

Mayor Murphy: Pardon me a moment. Where is the Secretary of the Board?

Mr. Alfred Bates: (Assistant Engineer) I am here.

Mayor Murphy: Can you answer the questions presented by Mr. Goldberg?

Mr. Alfred Bates: I could try to.

Mayor Murphy: Go ahead.

Mr. Alfred Bates: What is your question?

Mr. Jacob Goldberg: The question is do they have a right to build, without the will of the people, a new garage, remodel a new garage above the building?

Mr. Alfred Bates: I don't know what he means by "above the building."

Mr. Jacob Goldberg: Without the consent of the people.

Mayor Murphy: What he has reference to, I believe, from his statements, is that this building must have been started and was pretty well constructed before any application was made to the Board of Adjustment for a permit to erect such a building — is that right or is that not right?

Mr. Alfred Bates: Yes, they had a permit from the Building Department.

Mayor Murphy: They had a building permit?

Mr. Alfred Bates: Yes.

Mayor Murphy: Then I suppose they were under the impression that they did not need a permit from the Board of Adjustment.

Mr. Alfred Bates: Yes, they were under that impression.

Mayor Murphy: Did you stop the building when they were requested to by the Board of Adjustment, the operation of the building?

Mr. Alfred Bates: That I don't know.

Mayor Murphy: Evidently they did, because I thought I heard you say something about it being stopped (addressing Mr. Goldberg).

Mr. Jacob Goldberg: They did stop, they told the Board the first time. And the second time I came down, and I swore before the Board that they worked; they finished the roof, the skylight in front; and they made me swear to it, and I did. And they told them again to stop. I don't know what they done after that inside; but they done everything at their own risk, and they did not ask anybody. Now, they come for a permit, and want to have everything legal; when they done everything illegal. Now the landlords and the tenants have to suffer. They don't have to suffer for that. We don't have to lose our homes and properties by losing the tenants; and the neighborhood don't want it. And we ask the Commissioners not to leave those trucks go in and out.

Mayor Murphy: Well, of course, I look at it this way — to give you my reaction on this permit: Some time ago, I had a conference with all the heads of the various departments, in reference to the new formation of a Zoning regulation throughout the city. I have been

expecting, for the last number of months, and have not as yet received it, a report from the Real Estate Board — this may not be on point; but what I am getting to is that there should be a coordination between those two departments. That is, the Building Department and the Board of Adjustment. In other words, the Building Department should not issue a permit when the Zoning Board says that it is not necessary. Apparently when these applicants got their building permit, they figured it was all right to go ahead with the building operation. I know this is not the first case of this kind which has come before the City Commission. This has happened in a number of instances and over a period of time. Now, the fact that they did not stop the building operation is important. They came before the Zoning Board, and the Zoning Board has already rendered its decision. The question of they going ahead and violating, as you say, people's rights or the violation of the law, that is a thing that has already been discussed. The question now is whether or not the Board of Adjustment and the City Commission are going to approve of this site for a garage. They have already done some work there; and they have already received the approval of the Zoning Board. In my opinion now, I don't think it important enough to throw out this application because they went ahead and built there without first obtaining the approval of the Board of Adjustment. That same mistake has been made in a number of instances throughout the city, and I don't think that it was intentionally overlooked.

Mr. Jacob Goldberg: But Mr. Mayor, they were putting it over on us until I brought down the complaints when the building was

almost finished. And then they sent the petitions out. And if they had it finished, they would put it over on us and the trucks would go out without our consent. That is why the Board is here to protect the people.

Mayor Murphy: Yes, that is right; but it is their contention that it was done unintentionally.

Mr. Jacob Goldberg: They did, otherwise they would not put it up. They built those lots up adjacent to the two garages; otherwise the petition or the agreement would not be any good. If those two lots were not built, the additions to the old garage rebuilt, the old garage, the front wall and the new garage built on the two lots, they would never draw up any agreement, because those trucks could not go in and out. And if they asked for it in the proper place, the petition would have gone against them. They would not have started to build. But they thought they could put it over on us, and they did. And it is up to the Board to correct it. I cannot do it. We are only taxpayers. We cannot do it.

Mayor Murphy: That is the way you analyze the situation.

Mr. Jacob Goldberg: That is why I am here for.

Mayor Murphy: You have expressed your views as to how you analyze it, how you analyze the situation as far as their dealings on this whole matter is concerned. Those are your views. Now they come along and present their views and they say it is not so; that they made application to the Building Department and they got a permit and they went ahead — which is true. Now, they should have gotten the other permit and they did not. But they do say in their letter to

us that they immediately stopped when it was brought to their attention. The question now boils itself down to whether or not they should have a permit. In their letter they say "The Board of Adjustment gave long, serious and minute attention in consideration of the application and unanimously gave its recommendation by a vote of four commissioners present." There was probably one absent. "The recommendation was subject to the inclusion in the permit of certain conditions, all of which were agreed to by the applicant." Now, they made certain conditions to this, which were read off, and with which they must comply.

Mr. Jacob Goldberg: I will explain it. There was one attorney there who has the property on the corner of Rose and Belmont Avenue. He made the conditions; but the petition and the 40 tenants, and the landlords, and the church did not make any conditions. We still protest. Further, that one landlord that did give the condition, but they did go ahead with the work, and the Board stopped them again. And I told them that they went ahead with the work. And they did. Now, in that house where the landlord made that protest, I have a few signatures from that house in which women and children are opposed to that garage. They are afraid that the children would be killed from that garage. The landlord on that petition, he don't live in that neighborhood. He only owns the property, — his mother does. But he was satisfied with any conditions. But we live there. All the people who signed that petition live there. We are not satisfied. No one was satisfied. It is only not to let the trucks go in and out.

Commissioner Keenan: There would not be any additional exits or entrances there, in accordance

with this agreement. Do you understand that? It will not increase the hazard to the neighborhood, there being no additional exits or entrances. Because in the addition to the building, there is to be provided no exits or entrances on the Livingston Street side.

Mr. Jacob Goldberg: They don't want to. They want to put all four entrances on Belmont Avenue. Probably in a month or more, they will have a hundred trucks, and maybe in five weeks from now, they will have five hundred trucks. Who is going to stop them? They may have a thousand trucks in a month. Would you let them go ahead? They will go ahead. We are only plain taxpayers and landlords. We will lose our homes, properties, everything. Why should it be that way? It will make nothing out of Belmont Avenue. They will destroy the whole neighborhood. Look what Belmont Avenue looks like, with Fischers blocking one side. Now you are going to block this side. What is going to become of Belmont Avenue? You cannot help it.

Mayor Murphy: Are there any further objectors, besides Mr. Goldberg?

Mr. Jacob Goldberg: We don't have anyone else here now, I had them here before, but they did come today.

Mayor Murphy: Evidently they were notified.

Mr. Jacob Goldberg: What?

Mayor Murphy: I say they probably were notified. They were supposed to be notified.

Mr. Jacob Goldberg: They were?

Mr. Alfred Bates: They were not

notified for this meeting. The case is out of our hands. They were notified by the Board of Adjustment.

Mayor Murphy: They were told there?

Mr. Alfred Bates: There was no one there, Mr. Mayor, objecting, except the lawyer for the apartment, and the lawyer for the synagogue on the next block, and this gentleman with his lawyer. The lawyer for the apartment withdrew his objection. The lawyer for the synagogue withdrew his objection. That left Mr. Goldberg and his attorney as the only objector. The petition that he speaks of has never been submitted to the Board.

Mayor Murphy: Well, if there is no further objections, the motion has been made.

Commissioner Byrne: I move its adoption.

Commissioner Keenan: And I second it.

Mayor Murphy: Motion has been made that this application be approved, and the motion has been duly seconded. The Clerk will call the roll.

# MINUTES OF MEETINGS OF THE BOARD OF COMMISSIONERS

---

## OCTOBER, 1942

---

Newark, N. J., October 7, 1942

A regular meeting of the Board of Commissioners of The City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 2:00 P. M., Eastern War Time.

Mayor Murphy: The meeting will come to order. The Clerk will call the roll.

Present: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: The Clerk will read the minutes of the previous meeting.

Commissioner Brady: I move that the reading of the minutes of the previous meeting be dispensed with.

Commissioner Villani: I second it.

Mayor Murphy: The Clerk will call the roll.

Mayor Murphy: Is there anyone who desires to appear before this meeting of the Commissioners?

(A gentleman steps forward).

Mayor Murphy: Do you desire to appear and speak before this Commission meeting?

Mr. Leonard Goldsmith: It depends on what is coming up. We may be interested in what may come up. May we have the right of requesting to appear later?

Mayor Murphy: Yes. It will be perfectly all right. I don't know of anything coming up, outside of just the straight city business, resolutions, payrolls and such. You may have the privilege. I don't think there will be any objection to it.

Commissioner Brady introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance as follows:

An Ordinance to amend an ordinance entitled: "An Ordinance to amend Section 1005 of the Revised Ordinances of The City of Newark, Revision of 1913," which said ordinance was adopted June 3rd, One Thousand Nine Hundred and Thirty-One.

The Board of Commissioners of The City of Newark Do Ordain:

1: Paragraph 9, subdivision 9, of an ordinance entitled "An Ordinance to amend Section 1005 of the Revised Ordinances of The City of Newark, Revision of 1913," which said ordinance was adopted June 3rd, One Thousand Nine Hundred and Thirty-one, be and the same is hereby amended to read as follows:

"9, Subdivision 9: Board of Examiners of Plumbers.

There is hereby created in the Department of Health of The City of Newark, a Board of Examiners of Plumbers, consisting of one member of the Greater Newark Master Plumbers Association, one member of the Master Plumbers Association of Newark, two journey-men plumbers, and one plumbing inspector, the last named to be the secretary of the Board. All members of said Board shall be citizens of the United States, and of the State of New Jersey, for at least five years, and residents of The City of Newark for at least five years, and shall be actively engaged in the trade or business of plumbing for not less than ten years.

A majority of the said Board shall be deemed competent for action on all matters coming within the province of said Examining Board. Said Board shall meet at the Call of the Department of Health and not more than one day each month for examinations of any applicant."

2: All ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

3: This ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Brady moved that October 21st, 1942, at 2:00 P. M., Eastern War Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

The City Clerk presented "An Ordinance creating the position of Adjuster in Workmen's compensation and prescribing the procedure in cases of injuries to employees of The City of Newark," and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

Commissioner Villani: I move it be adjourned.

Commissioner Keenan: I second it.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

The City Clerk presented "An Ordinance regulating canvassing within the City of Newark, and providing penalties for the violation thereof," and stated that today was the time fixed for a further hearing, this being the adjourned date for same, the ordinance having been amended on second reading September 23rd.

The Board then entered upon said hearing.

Mayor Murphy: Is there any citizen who desires to be heard on this ordinance?

(No response).

No one appearing, Commissioner Keenan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Keenan moved that the ordinance be taken up on second reading.

The Clerk then read the ordinance by sections:

Mayor Murphy: You heard the reading of the bills, claims and payrolls. All in favor signify by saying "aye." The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, the Bond Anticipation Notes of The City of Newark hereinafter described become due

and payable on the 30th day of October, 1942, and the Board of Commissioners desires to make provision for the renewal of said notes; NOW, THEREFORE,

BE IT RESOLVED by the Board of Commissioners of The City of Newark that there shall be issued pursuant to the ordinance entitled "An Ordinance to authorize the borrowing of \$200,000 by the issuance of bonds and bond anticipation notes pursuant to the Local Bond Law to finance improvements to the water supply system of The City of Newark," adopted by the Board of Commissioners on the 8th day of April, 1942, Bond Anticipation Notes of The City of Newark of the aggregate principal amount of \$200,000 for the purpose of renewing the outstanding \$200,000 Bond Anticipation Notes of said City dated July 30, 1942, payable October 30, 1942, heretofore issued pursuant to said ordinance.

FURTHER RESOLVED, that the notes issued pursuant to this resolution shall be dated on or about the date of their issuance and shall be payable not more than six months after their date and shall bear interest at a rate which shall not exceed six per centum (6%) per annum.

FURTHER RESOLVED, That said notes shall be signed by the Director of the Department of Revenue and Finance and shall be countersigned by the Mayor and Acting City Auditor and shall be under the seal of said City and attested by the City Clerk, and said officers are authorized to execute said notes and to issue said notes in such form as they may adopt in conformity with law and to recite therein that all requirements and conditions of law have been complied with in the issuance of said

notes, and that said notes are within every debt and other limit prescribed by the Constitution and statutes of New Jersey.

FURTHER RESOLVED, That the power to determine any matter with respect to said notes not determined by this resolution, and also the power to sell said notes, is hereby delegated to the Director of the Department of Revenue and Finance, who is hereby authorized to sell said notes in the manner provided by law.

FURTHER RESOLVED That said Director be and he hereby is directed to report to the Board of Commissioners the amount, description, interest rate and maturity of said notes sold pursuant to this resolution, at the meeting of said Board of Commissioners next succeeding the sale of such notes so sold.

WHEREAS, There existed in the Department of Revenue & Finance at the time of my taking office in 1937, 22 divisions with 24 titles with approximately 208 employees, and

WHEREAS, There were in said Department of Revenue and Finance, many titles, positions, duties and salaries unrelated to the type of work performed by said employee, and

WHEREAS, Salary ranges were not in conformity with length of service or type of work performed, and

WHEREAS, On April 17, 1940, the

Director of the Department of Revenue and Finance caused to be introduced a Resolution No. 7365, which resolution was adopted, setting forth a plan of reorganization, reclassification, standardization, equalization of duties and salaries, and

WHEREAS, Said plan of reorganization, reclassification, standardization, equalization of duties and salaries in the Department of Revenue and Finance has resulted in reducing the number of divisions, and employees from 208 to 188, and

WHEREAS, The Civil Service Commission gave, temporary approval to this reorganization, reclassification, standardization, equalization of duties and salaries, and

WHEREAS, Such reorganization has for the first time created in the Department of Revenue and Finance supervisory direction and equitable salary schedules, and

WHEREAS, Said reorganization has made it possible for the employee to render a greater amount

of service and in a more efficient manner, and

WHEREAS, As a result of Civil Service examination and approval the employees have been appointed in the order in which they have finished to their respective supervisory and classification, as a result of the examination, and

WHEREAS, The following salaries have already been in affect since January, 1942 and the money already provided for in the budget, and are now being permanently put into effect as a result of the Civil Service examination,

NOW, THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the annual salaries and titles of the following named persons employed in the Department of Revenue and Finance be and they are hereby changed to the following titles and amounts, effective as of October 1, 1942, as to present personnel and in accordance with the salaries fixed for said positions and approved by the Civil Service Commission and paid since January 1942.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mr. Charles Shankroff: I would like to say something. On one of these resolutions authorizing somebody in the city to attend a convention, that is the same thing that I objected to. There is no such thing in the budget. I don't think you have any authority to pass a resolution like that. Of course you have the resolution -- I mean the authority -- to pass any resolution, but I mean that somebody is to be held responsible.

Now, whether you are still with the city or not at the time the action is taken by the Attorney-General of the state, who is the one authorized to take such action, you will be held on your bond. Your bond continues even after you leave office.

Mayor Murphy: I know you objected a few weeks ago to a resolution that I presented. This one, I think, this one this week is for someone Director Byrne has authorized to attend a clinic.

Commissioner Byrne: That is right.

Mr. Charles Shankroff: I did not see this resolution until the time I inspected it. However, it does not

make any difference.

Mayor Murphy: The Commissioner has been informed by the Law Department that we are acting legally.

Mr. Charles Shankroff: I don't agree on that.

Mayor Murphy: I cannot help it.

Acting City Clerk: The application of Reiss Brothers, Inc., R. B. Holding Co., owner, for the installation of one gasoline pump for own use in a first industrial district; on premises 47-49 Summer Avenue, the same to be in accordance with the plans approved by the Board of Adjustment; such use to be limited to the period ending five years from date hereof. And I have a communication on that, protesting it.

Mayor Murphy: Yes, I know. It just came in today.

Acting City Clerk: That is right. This communication is from Ralph G. Caprio, co-owner of property 87 High Street, objecting to it.

Mr. Caprio is now here. There are others here, too.

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of Reiss Brothers, Inc., (R. B. Holding Co., owner); for the installation of one gasoline pump for own use in a 1st industrial district; on premises 47-49 Summer Avenue; same to be in ac-

cordance with the plans approved by the Board of Adjustment; such use to be limited to the period ending five years from date hereof;

AND the matter having been considered by this Board;

IT IS RESOLVED, by the Board of Commissioners of the City of Newark, that the said recommendation of the Board of Adjustment be and the same are hereby approved.

Mayor Murphy: You heard the reading of the application pertaining to a gasoline tank on premises located at 47-49 Summer Avenue. Are there any objectors?

(Three people come forward).

Mr. Ralph G. Caprio: I am objecting.

Mayor Murphy: What is your address?

Mr. Ralph G. Caprio: 87 High St.

Mayor Murphy: That is within the zone?

Mr. Ralph G. Caprio: It is directly behind this property, and it adjoins it in the rear.

Mayor Murphy: Will you kindly state to the Commissioners your objection?

Mr. Ralph G. Caprio: I wrote a letter to the Commissioners, and I wish it read at this time.

Mayor Murphy: Will the clerk kindly read the letter as submitted to the members of the Commission, for the record, by Mr. Caprio.

Acting City Clerk: This letter reads, "To the Board of Commis-

sioners of the City of Newark.

"Honorable Gentlemen:

"With regard to an application made by Reiss Brothers for the installation of a gasoline tank on the premises known as 47-49 Summer Avenue, I desire to make a very strenuous protest against the granting of this permit.

"At the hearing before the Zoning Board of the City of Newark, held on September 15th last, the counsel for the applicant made the statement that there are not many residences in the neighborhood, whereas, as a matter of fact, this property is surrounded by tenements on one side.

"The Zoning Board held up the hearing until Captain Eber of the Newark Fire Department was called. Captain Eber testified that the applicant had been ordered to remove a gasoline tank because of fire hazard from the site of another property, two blocks away, at 84 Webster Street, belonging to the applicant, where a four alarm fire occurred a few months ago. Another reason for the ordered removal from Webster Street was that the location is a tenement district. Captain Eber also went on to say that at 47-49 Summer Avenue, also a tenement district, no fire hazard would occur despite the fact that the proposed gasoline pump is to be in a lumber yard. It does not make sense.

"Despite vigorous protests from residents of the neighborhood, the whole thing seemed to be cut and dried and the application was granted with a three to one vote against all the evidence presented.

"The lumber yard itself should never be permitted in the heart of the First Ward, a very congested

district, because of the fire hazard. Now the owner proposes to put a gasoline tank and pump in the lumber yard to act, so to speak, as a fuse for a bomb.

"Webster Street school is less than two hundred feet away from the property involved and the lives of school children should be protected as much as possible.

"Please do not unnecessarily endanger the lives of the unfortunate people who must live in this neighborhood as well as the children who attend Webster Street School.

"Please deny this application.

Respectfully yours,

RALPH G. CAPRIO,  
Co-Owner, 87 High St.,  
Newark, N. J."

Mayor Murphy: I understand that Mr. Caprio also appeared before the Board of Adjustment, isn't that right?

Mr. Ralph G. Caprio: That is right.

Mayor Murphy: Are there any other objectors here besides Mr. Caprio? Are there any other objectors?

Mr. Ralph G. Caprio: Mr. Mayor, there are other objectors, but they don't speak English.

Mayor Murphy: May we have a

report in the meantime from the clerk in reference to the Board's action on this matter?

Mr. Alfred Bates: I could only read the report which we made to the Honorable Board of City Commissioners, and which is a resume of the hearing.

(Reading) "At the meeting of September 15th, Mr. Samuel Levin appeared as counsel for the applicant, and stated that the gasoline pump would be used solely to supply the needs of the applicant, and it would be located in the lumber yard owned by same. Mr. L. M. Reiss of Reiss Brothers, Incorporated, made the same statement.

"Captain John J. Eber of the Bureau of Combustibles stated that he did not regard the installation of this pump as a fire hazard.

"Mr. Ralph Caprio, representing the owner of 87 High Street, objected on that ground that the gasoline pump in a lumber yard would be a serious danger to the neighborhood, as there are many dwellings and apartment houses; and cited the recent fire in the Reiss plant at Webster Street. The following made the same objections:

"Mr. Carlo Tipaldi, speaking for the owner of 51 Summer Avenue.

"Mr. Lawrence Pickatelli, speaking for the owner of 51 Summer Avenue.

"Mr. Charles Stabile, owner of 53 Summer Avenue.

"Mr. Peter DePaolo, owner of 97 High Street.

"There were several women who are tenants in the adjoining houses or apartments, who voiced the same objection.

"The Board recommended, by a vote of three to one, Mr. Rooney voting "No," and Mr. Nolan being absent, that the application be approved, such use to be limited to the period of five years."

Mayor Murphy Do you know

anything about the fire which was mentioned there. Director Keenan, the fire on Webster Street?

Commissioner Keenan: I attended the fire, I think about seven-thirty that morning.

Insofar as the Department of Public Safety is concerned, I would personally like to see that whole business taken out of that building, wherever that fire occurred, but unfortunately that cannot be done, inasmuch as there was not a fifty percent loss there. Now, this tank, as I understand it from just what I heard today, and knowing nothing other than this, is the sole use of the applicant, for the convenience of his particular trucks. Where it is located in this particular building may be a factor, too. It can, and it cannot, be a hazard, as explained here.

I think for the moment, we could lay it over. I don't know whether the application has been granted or the permit granted for the installation of the tank. Can you enlighten us on that? If it has not, I move that it be held up for further investigation by the Fire Department to see whether it is advisable for that tank to be installed there at the present time. I don't like that type of business in that neighborhood; but it is there and nothing could be done about it until such time as they do have a fifty percent or more fire loss. I tried to get him out as the result of the other fire. I was there at seven-thirty. It is an "L" shaped building from Seventh Avenue; and it is also out into Webster Street. There is nothing that could be done, insofar as the removal of it from there. And something could be done if it had not been installed. I move it be laid over for two weeks

Mayor Murphy: Director Keenan has made a motion that the application be deferred for two weeks so that he could have a report from the Fire Department, is that right, Commissioner Keenan?

Commissioner Keenan: Yes.

Commissioner Villani: And I second it.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: This matter will come up before the City Commission for action on October 21, two weeks from today, at 2 p.m.

Acting City Clerk: We have a communication from the Board of Adjustment referring to the Board of Commissioners several matters which can be heard by reason of the fact that there are no objectors to them, by a suspension of the rules.

Commissioner Brady: I so move.

Commissioner Villani: I second it.

Mayor Murphy: A motion has been made for a suspension of the rules. The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

		Director Dept. Revenue & Finance						

Commissioner Villani: I want to bring up a matter. In view of the fact that next Monday is Columbus Day, I want to report on behalf of the Columbus Day Committee. They have prepared a resolution which I would like to read at this time and make part of the record. I would like to have the clerk read the resolution at this time, please.

The Acting City Clerk then read the following resolution:

WHEREAS, October 12, 1942 marks the 450th Anniversary of the discovery of America by Christopher Columbus, and,

WHEREAS, the rich, new territories of the Western Hemisphere afforded free thinking men the glorious opportunity to establish governments which were to function according to the will of the people, and,

WHEREAS, America and her Allies are now engaged in a titanic struggle to determine whether the forces of aggression and oppression, or those of self-government shall prevail and endure, and

WHEREAS, the United States of America is the last beacon light toward which the enslaved people of the world can face with any hope for their future security, and,

WHEREAS, millions of the youth of America, in a vast global effort, are already successfully meeting the challenge of the aggressor nations, and

WHEREAS, the American people at home, in the spirit of unity and harmony and with the full realization of the value of the time element, are exerting all their energies for the production of material and armaments so vitally necessary to the successful prosecution

tion of the war, and,

WHEREAS, the present emergency calls forth the same measure of indomitable courage and self-sacrificing perseverance that characterized the life of Columbus, and,

WHEREAS, in the light of the precept and example of Christopher Columbus, and the danger now facing our civilization, October 12, 1942 is appropriately a day for dedication and for self-communion, rather than one for song and story, and,

WHEREAS, patriotic and determined Americans are manning our industries and are performing the many and various duties demanded by the manifold agencies of war production and transportation, and,

WHEREAS, the Newark 1942 Columbus Day Committee appreciates the need for the uninterrupted operation of a full and complete civilian endeavor for the war effort,

NOW, THEREFORE, BE IT RESOLVED, that this 450th Anniversary of the Discovery of America, be observed in a manner in keeping with the needs of the critical urgency for economy of time and effort, to the end;

1. That all persons employed in essential services remain at work.

2. That the anniversary be marked by a simple but appropriate ceremony at the foot of the Columbus monument at Washington Park.

3. That this Committee, heeding the general need for economy, will meet the cost of the ceremony by voluntary contributions of its own members.

4 That the Honorable Ralph A.

Villani, Honorary Chairman of this Committee, be requested to inform the Board of Commissioners of the City of Newark, that the Committee will return to the City, the sum of \$600.00, appropriated for its expenses.

BE IT FURTHER RESOLVED, that the adequate and complete recognition of this all-important anniversary milestone, be reserved until such time when, with the help of God, America and all other freedom loving nations of the world, will have found the epace and security for which they are now struggling and for which Columbus laid the foundation by his immortal achievement.

Secretary

Newark 1942 Columbus  
Day Committee

WHEREAS, by Directive Orders 2 and 3, the Honorable Joseph E. Conlon, Coordinator of Transportation of the State of New Jersey, has called upon retail stores and other business and industrial establishments to stagger their hours of operation in forestalling transportation crises, and in order to make possible the continued production of war materials, without interruption; and ,

WHEREAS, by Directive Order No. 2, said Joseph E. Conlon has provided that:

"Beginning October 12, 1942, all retail businesses in the City of Newark, in the County of Essex and State of New Jersey within the territory bounded as follows:

On the east by Pennsylvania Railroad and Passaic River;

On the West by High Street;

On the north by the Lackawanna Railroad;

On the South by South Street and Clinton Avenue;

Shall not open their doors to the public for the start of the day's business between the hours of 8 A. M., and 10 A. M., and shall not close them between the hours of 4 P. M. and 6 P. M.

It is intended by this order that said retail businesses shall be open for business either before 8 A. M., or after 10 A. M., and shall close either before 4 P. M. or after 6 P. M."

And by Directive Order No. 3, said Joseph E. Conlon has provided for opening and closing hours of certain specified establishments as follows:

"American Insurance Company, from not earlier than 9 A. M. to not earlier than 5:30 P. M.

Beneficial Managment Company, from not earlier than 9:15 A. M. to not earlier than 5:15 P. M.

Firemen's Insurance Company Loyalty Group, from not earlier than 5:15 A. M., to not earlier than 5:45 P. M.

Prudential Insurance Company, from not earlier than 9 A. M., to not earlier than 5 P. M.

Public Service Corporation, from not earlier than 9:00 A. M., to not earlier than 5 P. M.

New Jersey Bell Telephone Co., from not earlier than 9:30 A. M., to not earlier than 5:30 P. M."

THEREFORE, BE IT RESOLVED by the Board of Commissioners of

the City of Newark that this Board does call upon all citizens and particularly those establishments covered by the aforesaid Directive Orders to cooperate and comply with said directive orders as a patriotic duty to the cause of winning the war, and does express its supreme confidence that the citizens of the City of Newark will, without question, and with the fullest of good will, comply with said orders; and,

BE IT FURTHER RESOLVED that the Board of Commissioners of the City of Newark does hereby extend to Joseph E. Conlon, Coordinator as aforesaid, its full offer and assurance of cooperation in any of his efforts.

**\$50,000 City of Newark, N. J.**

**Reconverted Dock Bonds dated  
December 15, 1914.**

Eugene Farrell, Esq.,  
Acting Auditor of Accounts,

City Hall, Newark, N. J.

Dear Sir:

Estabrook & Co., of New York City, have purchased \$50,000 registered Dock Bonds, dated December 15, 1914, and desire that they be reconverted into coupon bonds. We enclose herewith a "written request" for the reversion. We also enclose a form of resolution to be passed by the Board of Commissioners for the purpose of authorizing the reversion. Of course the written request should be presented before the resolution is adopted.

We are assuming that the resolution will be passed at the October 21st meeting of the Board of Commissioners. Please let us know if this is not the case.

The Security Bank Note Company is preparing the new bonds and will have them ready for execution toward the end of next week.

Very truly yours,

REED, HOYT,

WASHBURN & CLAY

Ordered filed.

WHEREAS, the Board of Commissioners has received the following written request:

October 15, 1942.

Board of Commissioners  
of The City of Newark, N. J.

Gentlemen:

We hereby request that the \$50,000 Dock Bonds of The City of Newark, hereinafter described, be reconverted at our expense into bonds in coupon form as provided by law.

The bonds are dated December 15, 1914, and payable December 15, 1959, bear interest at the rate of four and one-half per centum (4½%) per annum, payable semi-annually on June 15th and December 15th and consist of fifty bonds of the denomination of \$1,000 each, numbered from 74 to 76, inclusive, and from 78 to 100, inclusive, and 105, and from 109 to 126, inclusive, and 196, and from 531 to 534, inclusive.

The bonds are now registered in the name of "Kean, Taylor & Co." We have purchased the bonds and the bonds have been assigned to us with a power of attorney which authorizes us to have the bonds transferred to us on the books of the City and to have the bonds reconverted into coupon bonds.

Very truly yours,

ESTABROOK & CO.  
By Archie M. Richards,  
Partner.

and,

WHEREAS, the City of Newark has heretofore issued the bonds described in said written request, and each of said bonds was issued in coupon form and subsequently converted into a bond registered as to both principal and interest by the removal and cancellation of the coupons attached thereto and by the execution by the City Comptroller of a conversion certificate printed on the back of each bond, and each of said bonds is now registered as stated in said written request; NOW, THEREFORE,

The Board of Commissioners of The City of Newark Do Ordain as follows:

Section 1. The Mayor and City Comptroller and City Clerk are hereby authorized and directed to cause to be prepared \$50,000 Dock Bonds of The City of Newark, dated December 15, 1914 and payable December 15, 1959, bearing interest at the rate of four and one-half per centum (4½%) per annum, payable semi-annually on June 15th and December 15th, consisting of fifty bonds of the denomination of \$1,000 each, numbered from 74 to 76, inclusive, and from 78 to 100, inclusive, and 105, and from 109 to 126, inclusive, and 196, and from 531 to 534, inclusive. Said bonds so prepared shall be of the same tenor as the outstanding bonds described in said written request, and there shall be attached to each of said bonds coupons for the unmaturing interest of the same form and tenor as the coupons which were attached to said outstanding bonds when they were originally issued; provided, however, each of said bonds shall recite on its face that it is issued pursuant to this resolution. Each of said new coupons shall be authenticated by the fac-simile sig-

nature of the City Comptroller now in office.

Section 2. The Mayor and City Comptroller and City Clerk are hereby authorized and directed to sign said bonds so prepared. The City Comptroller is hereby authorized and directed to issue said bonds in exchange for said outstanding registered bonds pursuant to Section 40:1-57 of the Local Bond Law, and to cancel said outstanding registered bonds.

Section 3. The cost of reconverting said bonds shall be paid by Estabrook & Co.

Section 4. Upon effecting the reconversion of said bonds the Director of the Department of Revenue and Finance shall execute a certificate identifying the bonds and coupons, and shall file such certificate in the office of the City Clerk.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Mayor Murphy.

WHEREAS, an emergency has arisen with respect to expenditures for essential activities for the Newark Defense Council in the sum of \$31,342.00, for other than personal services; and,

WHEREAS, adequate provision was not made in the 1932 Budget Appropriation for the aforesaid purpose, and,

WHEREAS, R. S. 40:2-31 provides for the creation of an emergency appropriation for the purpose above mentioned; and,

WHEREAS, the total amount of emergency appropriations created, including the appropriation to be created by this resolution is \$397,702.21, and three per cent of the total operating appropriations in the Budget for 1942 is \$516,737.98;

NOW, THEREFORE, BE IT RESOLVED, By the Board of Commissioners of The City of Newark, that an emergency appropriation be and the same is hereby made pursuant to R. S. 40:2-31 in the total amount of Thirty-one Thousand Four Hundred and Thirty-two Dollars (\$31,432.00), being

"For other than personal services ..... \$31,432.00."

and,

BE IT FURTHER RESOLVED, That said appropriation shall be provided for in full in the 1943 Budget; and,

BE IT FURTHER RESOLVED, That the Mayor and Director of the Department of Revenue and Finance, and the Acting Auditor of Accounts, be and they are hereby authorized to issue an "Emergency Note," not in excess of the above amount, pursuant to R. S. 40:2-31, and in accordance with the provisions of R. S. 40:2-40, 40:2-41 and 40:2-43 to 40:2-46, inclusive; and

BE IT FURTHER RESOLVED, That a copy of this resolution be filed forthwith with the Commissioner of Local Government.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Mayor Murphy.

WHEREAS, Letter No. 7, dated August, 1942, over the signature of Walter Darby, Commissioner, Department of Local Government, sets forth the following:

#### APPOINTMENT OF AUDITOR

"The attention of every municipality and county is directed to the importance of naming without delay a registered accountant to make the 1942 audit if this has not already been done. The staff of many registered accountants has been depleted by men going into the Service and it is therefore necessary for both the municipality and the accountants to make plans for the end of the year. Financial statements must be prepared, information must be made ready for budgets, etc., and while there are some things that cannot be done until the end of the year, the appointment of an auditor well before November 1, 1942 will help both the registered municipal accountant and the Department. There are a number of municipalities that have already named a 1942 auditor, but at the same time we know that many municipalities have not as yet done so. I, therefore, recommend that every municipality and county appoint the statutory auditor for the year 1942 prior to November 1, 1942."

THEREFORE, BE IT RESOLVED By the Board of Commissioners of The City of Newark, New Jersey, that the Director of the Depart-

ment of Revenue and Finance be authorized to engage Puder & Puder, Certified Public Accountant, to make the following audits of the accounts of The City of Newark,

New Jersey, for the year 1942, at a cost not to exceed the following amounts and for the following work:

**Audit of the Books and Records of  
The City of Newark** ..... \$15,000.00

Our fee in 1938 for the audit was \$12,500.00. The increased cost quoted above is made necessary by the increased scope required by the Department of Local Government and the fact that all salary costs are higher today than they were in 1938.

**Audit of the Books and Records of  
the Pension Funds** ..... 1,200.00

Our fee for this phase of the work in 1938 was \$1,000.00. The increased amount is based upon the additional time we found it takes to do this work and also due to our increased salary costs.

**Preparation of Verification Forms for  
Delinquent Taxes** ..... 2,500.00

In 1938 we received \$1,600.00 for preparing these verifications. The increase in cost is due to the fact that the Department of Local Government requires a much more extensive verification than made in the past. In 1941 the State mailed approximately 7,000 verifications as compared with approximately 5,000 mailed in 1938.

**Audit of the Books and Records  
in the Water Department** ..... 3,000.00

In 1938 we received \$1,350.00 for this audit. The State insists upon a very detailed check on all the ledgers as well as the meter books in the Water Department and also a detailed study of the Changes made to independent users and analysis of all disbursements. We had only made a test check of the Water Department records.

**TOTAL** ..... \$21,700.00

WHEREAS, Suit No. 122497 was instituted in the Second District Court of the City of Newark by Helen Elfenbein, again Henrietta Hampe and Marie Hampe, Mary Frederick Heinemann, and the City of Newark, for the recovery of the sum of Five Hundred Dollars for damages sustained by Helen Elfenbein, arising out of an accident which occurred on February 2nd, 1940, whereby said Helen Elfenbein suffered injuries in a fall on the sidewalk on the premises known and designated as No. 359 Clinton

Place in the City of Newark, which condition of the street said Helen Elfenbein alleges was due to the negligence of the City; and

WHEREAS, said suit is shortly to come to trial and an examination of the facts discloses that there may be question as to the City's negligence in maintaining said street, and it is the opinion of the Law Department that it is for the best interests of the City to settle said litigation without further expense, incident to suit, etc.; and

WHEREAS, said Elfenbein has agreed to settle said action for the sum of Two Hundred Dollars (\$200.00);

THEREFORE BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF NEWARK THAT the sum of Two Hundred Dollars (\$200.00), be and the same is hereby appropriated to Helen Elfenbein (Samuel Goodman, attorney) in full settlement and satisfaction of the suit above mentioned; said sum to be paid to said Helen Elfenbein (Samuel Goodman, attorney) upon receipt of proper warrant of satisfaction and release, in favor of the City approved as to form by the Law Department. WHEREAS, heretofore, the sum of \$12,000 was appropriated to Cleveland Company for the purchase by the City of Newark of a fireboat, at the request of the Director of the Department of Public Safety; and,

WHEREAS, it has been disclosed that Cleveland Company was not the correct name of the company from whom said boat was to be purchased, but that in fact the name of the company from which said fireboat is to be purchased is Keenan Hanley, trading as Hanley Engineering Company; and,

WHEREAS, since the adoption of said resolution the United States Coast Guard has changed the specifications for said fireboat, and an additional charge of \$2000 will be necessary, making a total cost for said fireboat of \$14,000 instead of \$12,000; and,

WHEREAS, in the opinion of said Director and this Board it is urgent and necessary that such additional sum be paid in order to secure said fireboat for the protection of the City's interests; and,

WHEREAS, due to the error in the name of the seller of said fireboat, that part of the earlier resolution, insofar as it relates to the appropriation to said company is, simultaneously with the adoption of this resolution, to be rescinded;

THEREFORE, BE IT RESOLVED

BY THE BOARD OF COMMISSIONERS OF THE CITY OF NEWARK that the sum of \$14,000 be and the same is hereby appropriated to Keenan Hanley, trading as Hanley Engineering Co., for the purchase from him of the fireboat hereinabove referred to; said sum to be paid to him upon delivery of the fireboat aforesaid and proper receipt therefor.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Mayor Murphy.

WHEREAS, the 31st National Safety Congress and Exposition of the National Safety Council is to be held in Chicago, Illinois, October 27, 28, 29, 1942, and

WHEREAS, Edward L. Cyr, Traffic Engineer, and Matthew J. Bolger, Inspector of Police in charge of Traffic, have been studying traffic regulation and control for the City of Newark, and

WHEREAS, it is the opinion of the Board of Commissioners that the participation of said Edward L. Cyr and Matthew J. Bolger at said Congress would be for the benefit of the citizens of the City of Newark because of the exchange of ideas in regard to traffic control, regulations and accident prevention methods used throughout the United States,

NOW, THEREFORE, BE IT RESOLVED, by the Board of Commissioners of the City of Newark that the said Traffic Engineer Edward L. Cyr and Police Inspector Matthew J. Bolger be and they are hereby authorized to attend the 31st National Safety Congress in Chicago, Illinois, on October 27, 28, 29, 1942 and that said Traffic Engineer Edward L. Cyr and Police Inspector Matthew J. Bolger, be paid the expenses incurred by them because of their attendance at said Congress, in an amount not exceeding \$200.00 each.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Mayor Murphy.

WHEREAS, The following resolution was adopted by the Irish War Veterans at its annual convention held in Newark, to wit:

WHEREAS, the Irish War Veterans of the United States at their annual convention on September 26th, 1942, at Newark, N. J. were thrilled beyond measure in learning of the apprehension, trial and conviction of enemy German saboteurs, whose arrest on June 23, 1942 disclosed their intention of destroying many strategical and vital structures in the United States, under the direction of the dictatorship of Adolph Hitler, and

WHEREAS, We learned of the important part which was played in the capture of these enemies of our Government by one John C. Cullen, a member of the United States Coast Guard, who thereby displayed loyal, patriotic and conscientious devotion to the Government of the United States and its people, and

WHEREAS, by the timely arrest, conviction and punishment of these saboteurs untold damage and harm to important properties, and possible serious injury to individuals and loss of life, to say nothing of hindrance to the war effort, have been thus averted in the City of Newark and other sections of our Nation:

NOW, THEREFORE, BE IT RESOLVED by the members of the Irish War Veterans of the United States that we be recorded as earnestly petitioning the Government of the United States, through His Excellency, the Secretary of the Navy, to grant to the said John Cullen, of the United States Coast Guard, suitable recognition and honor for his invaluable and timely service to his country, and

BE IT FURTHER RESOLVED, That a copy of this resolution be given to United States Senators William H. Smathers and W. Warren Barbour of New Jersey, and to Congressmen Fred A. Hartley, Albert L. Vreeland and Robert W. Kean, and that a copy be also given to His Excellency, the Governor of the State of New Jersey, and

WHEREAS, the Newark Post of the aforesaid Irish War Veterans of the United States will have the said John C. Cullen as its guest on Armistice Day, and

WHEREAS, it is deemed appropriate that some public expression of the appreciation of the services of the said John C. Cullen, in the manner aforesaid, should be given by the people of the City of Newark because by his service in connection with the apprehension of the aforementioned persons, the persons and property of our people was preserved from their contemplated activities;

THEREFORE, BE IT RESOLVED by the Board of Commissioners of The City of Newark that we do hereby give expression of our appreciation of John C. Cullen, a member of the United States Coast Guard, in the matter aforesaid; and,

BE IT FURTHER RESOLVED, That on the occasion of his visit to

the City of Newark, as a guest of the Irish War Veterans, that appropriate reception be extended him by the Mayor, Vincent J. Murphy, for and on behalf of the members of the Board of Commissioners and of the people of our City, and furthermore, that there is hereby authorized the presentment to John C. Cullen, on the occasion of his visit on Armistice Day, November 11, 1942, of a citation and of a distinctive medal, appropriate of his services and visit to the City of Newark; and,

BE IT FURTHER RESOLVED, THAT the Mayor be and he is hereby authorized to appoint and designate a committee of citizens of Newark to assist in the reception and presentment of the citation and medal.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Mayor Murphy.

Mayor Murphy: Commissioner Byrne has asked to be excused as he has important business at his office.

(Commissioner Byrne leaves).

Mr. Charles Shankroff: Mr. Mayor, I would like to call your attention to one resolution. I have no objection to that resolution appropriating funds for the Defense Council, but part of that, if it is paid, if any part of that is paid for rent of the store at 45 Branford Place, I think it is unnecessary. It

has nothing to do with the war effort or the Defense Council effort. It is only a store.

Mayor Murphy: Let me inform you to the effect that I understand that that store, that the owner of that building has very graciously donated that store to the Defense Council for purposes of the Council, for the Consumers Interest Committee of the Council.

Mr. Charles Shankroff: That is just what I want to speak about.

Mayor Murphy: There is no use your wasting any breath on it. I have already answered it.

Mr. Charles Shankroff: Yes, but here they are volunteering personal services for that; but now I understand there is \$1200 salary attached to it.

Mayor Murphy: That is right.

Mr. Charles Shankroff: Now that \$1200 is wasted.

Mayor Murphy: So you think.

Mr. Charles Shankroff: Yes.

Mayor Murphy: Well, you are of course entitled to your opinion.

Mr. Charles Shankroff: I place that objection on the record.

Mayor Murphy: I don't agree with you on that.

Mayor Murphy: Is there any other business? Next, we will have zoning matters; Board of Adjustment matters.

Acting City Clerk: Laid over for action until today, we have the application of Reiss Brothers, Inc., R. B. Holding Company, owner, for

the installation of one gasoline pump for own use in a first industrial district; on premises 47-49 Summer Avenue, the same to be in accordance with the plans approved by the Board of Adjustment; such use to be limited to the period ending five years from date hereof.

As directed by the Commission at the last meeting, I have here a report from John J. Eber, Inspector in the Bureau of Combustibles, to the Hon. John B. Keenan, Director of Public Safety. It reads:

"In accordance with orders, we respectfully submit report on the matter of the gasoline tank and pump for the above address.

As the objection in the attached letter from Ralph Caprio appears to be mainly concerned with the lumber storage, we will give a brief description of the property.

Actually it is not the usual open lumber yard, but a smaller place for finished lumber. Three concrete open storage bins are on three sides of the lot. Each has a solid concrete back 35 feet high in one case, and 25 feet high for the other two. The roofs are wood and extended some distance beyond the ends of the storage sheds. The front of the property also has a concrete wall 25 feet high, with a large gate opening. The lot itself is approximately 61 by 100 feet deep.

On one side of the yard is a three story brick tenement house. On the other side is a factory building. The opposite side of the street contains factories and about 150 feet away is a gasoline station. The district is zoned as a light industrial district, which permits lumber storage as to the gasoline. This is to be only for trucks of the lumber company, which are filled once a

day at the pump. The storage tank is under the front sidewalk, and the pump is just inside the front wall near the gate. This pump will be, however, enclosed in a metal cabinet. No gasoline is carried or used about the property. We therefore cannot see how such underground storage can constitute a fire hazard.

At the former address, 84 Webster Street, the tank and pump had to be removed, as a new building is being erected on the entire lot, and we would not permit the tank to be placed in the cellar. The gasoline storage had no connection with the fire which occurred there, but remained untouched throughout the four alarm fire.

The entire matter was thoroughly checked and investigated. We believe the installation of the tank and pump will in no way create a danger, and believe the continued objections are not sound as they relate to fire safety. Incidentally, the Schedule Rating Bureau has stated there will be no increase in insurance rates in the vicinity, because of the gasoline storage.

For your further information, 87 High Street, address of Mr. Caprio, backs on Summer Avenue about 50 feet away from this lumber storage. We cannot find any possible danger to this property, inasmuch as his house is at the front of High Street, and separated by the length of his yard and by a solid concrete wall from the lumber.

Respectfully submitted,

JOHN J. EBER,  
Inspector."

Mayor Murphy: You heard the reading of the application for a gasoline pump at 47-49 Summer

Avenue, and also heard the explanation by Captain Eber.

Are there any objectors present?

Mr. Ralph G. Caprio: I was here, I think two weeks ago, and I also wrote to the members of the City Commission a letter of objection by myself and neighbors is that right?

Acting City Clerk: That is right.

Mayor Murphy: You heard the report from Captain Eber?

Mr. Ralph Caprio: I did.

Mayor Murphy: Do you still object?

Mr. Ralph G. Caprio: I still object. And I have a protest here by 79 owners and residents in the immediate vicinity; and with your permission, I will read it.

"To the Board of Commissioners of the City of Newark:

Gentlemen: We, the undersigned, owners and residents of properties in the immediate vicinity of 47-49 Summer Avenue, Newark, do vigorously protest against the approval of the application of Reiss Brothers, Incorporated, for a permit to install the gasoline tank and pump on the premises in the above, because of the additional fire hazard caused by the refueling of trucks in a lumber yard.

We pray that you deny the application for this permit, and by so doing, safeguard our property, our lives, and the lives of our children."

And here is the protest (handing it to the clerk).

In addition I wish to say that

there is absolutely no need to install a gasoline pump and gasoline storage in that particular place. If these people are doing defense work and have trucks, the law allows them "S" coupons; and there is any number of gasoline stations in the City of Newark that are taxpayers, and who will be ready to give them all the service they need.

Mayor Murphy: Is this the same list you handed me Mr. Caprio, that was addressed to the Board of Adjustment?

Mr. Ralph G. Caprio: No, sir.

Mayor Murphy: This list contains names that you have gotten since that time?

Mr. Ralph G. Caprio: Yes, sir, that is right.

Mayor Murphy: I don't see any date on this list. That is the reason I asked you that question. This is since the last meeting, is that right?

Mr. Ralph G. Caprio: Since the last meeting, yes.

Mayor Murphy: What was the action taken by the Board of Adjustment? Was it a unanimous vote? I think there were four present.

Mr. Alfred Bates: Three to one. There was one absent.

Mayor Murphy: Three votes in favor and one opposed, and one was absent?

Mr. Alfred Bates: That is correct.

Mayor Murphy: Are there any other objectors here who want to speak? Or is Mr. Caprio speaking for the people who are here?

Mr. Ralph G. Caprio: I am speaking for the people who are here.

Mayor Murphy: The reason I mention that is because many times there are other people who want to have a word too, and I want them to know that they are welcome to come up here.

What does the Commission want to do with this application for a gasoline pump at 47-49 Summer Avenue?

Commissioner Keenan: I move its adoption.

Commissioner Brady: Mr. Mayor, I would like to ask a question. What is your business, Mr. Caprio?

Mr. Ralph Caprio: I am a civil engineer.

Commissioner Brady: I move that it be laid over until the full Commission is here. I think the full commission should decide on it. I don't think that three members should make a decision of this kind.

Mayor Murphy: Commissioner Keenan, do you want to withdraw your motion and have it laid over?

Commissioner Keenan: We could lay it over, and you could go over and look at it if you want to. Personally, I don't like it, because we did have a serious fire there that was a whole menace to the neighborhood, and I thought inasmuch as the building has been burned, that if it had been burned to the extent of fifty percent, we would get rid of that business. The establishment is there. This is a convenience to the business. Whether you want to give them that convenience or not, that is a matter for the Commission to de-

cide. As Mr. Caprio said, they could get gas anywhere.

Commissioner Brady: What I am trying to do is, I don't think that the responsibility should be placed on three of the members of the Commission.

Commissioner Keenan: You see, I know nothing of this. This inspection was ordered, and there is the report. This is the opinion. In his opinion, it does not make it a hazard.

Mayor Murphy: Haven't you seen the report, Director, before?

Commissioner Keenan: Yes, I did. I make no attempt to influence reports or investigations.

Mayor Murphy: Director Keenan says he has no objection to the matter being laid over two weeks, until November 4th, to give the balance of the Commission an opportunity to look the property over.

A motion has been made that this matter be deferred two weeks. The city clerk will notify each member of the City Commission that they are requested to visit the property, so that we will be able to vote at the next meeting of the City Commission, when this matter comes up before us, on November 4th.

All those in favor will signify by saying "aye."

The Clerk will call the roll.

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

Acting City Clerk: We have the application, laid over until today, of Manuel Santos, the New World Building and Loan Association,

owner; for the construction of a public garage for the storage and repair of automobiles, in a third residence district; same to be constructed in accordance with the plans approved by the Board of Adjustment.

Mr. Frank Cavico is to be heard on this.

Mayor Murphy: You heard the reading of the application for the construction of a public garage at 133-135½ Prospect Street. Are there any objectors?

Mr. Charles W. Chadwick: Plenty.

Mayor Murphy: What is the decision of the Board of Adjustment?

Mr. Charles W. Chadwick: Four to one in favor of it.

Mayor Murphy: Four to one in favor of it?

Mr. Charles W. Chadwick: Yes, sir.

Mayor Murphy: All right, we will proceed. What is your name?

Mr. Charles W. Chadwick: My name, I will give it to the secretary, is Charles W. Chadwick. I am representing the petitioner, Samuel Santos.

Mr. Santos, Honorable gentlemen of the Commission, is a resident of Newark, and has been for over twenty-two years. He is in the garage business and owns the place now . . .

Mayor Murphy: (Interrupting) Pardon me. You are not an objector?

Mr. Charles W. Chadwick: No. I am for the petition.

Mayor Murphy: May we have the objectors speak first?

Mr. Charles W. Chadwick: You may.

Mayor Murphy: And then you probably can answer them.

Mr. Frank J. Cavico: Mr. Mayor and members of the Commission. I represent 38 property owners and taxpayers, all residents within two hundred feet of the premises 133-135½ Prospect Street. All of them taxpayers. All of them protest against the issuance of this application to construct a public garage for the storage and repair of automobiles.

Mr. Mayor and Commissioners. It is clear, from the outset, that this applicant is not entitled, under the law, or as a matter of right, to this application. On the contrary, these various proceedings now, and before the Board of Adjustment, were brought by the applicant in order that a special exception be made in his case. This is a residential zone. The applicant is now engaged in the garage business, repairing and storing of automobiles, at No. 66 Prospect Street. He now wishes to move to 133-135½ Prospect Street, which is south of Lafayette Street. The law provides very clearly that all property owners within a radius of 200 feet, should be notified of any action taken by the Adjustment Board. Now, it is the intention of these notices simply to notify the property owners and taxpayers that certain things are going to take place, or is it the intention of these notices to determine and to ascertain the will or the desirability of such a proposed structure? 38 of these taxpayers and property owners have already signed a petition and have demonstrated their unalterable opposition to such a con-

struction. Now, Mr. Mayor and Commissioners, let us consider briefly reasons which might have been advanced by the applicant for this permit. The applicant may argue the ground for necessity. First of all, let me say there is no necessity. The burden of proving necessity of such a construction is upon the applicant. It is common knowledge that there are innumerable garages in outlying districts of the city, which the applicant can rent. As a matter of fact, the garage and repair shop which he has now is adequate for his purposes. And I ask the question now, why is he attempting to move from one place to the other, if it isn't a question of possibly an increase in rent?

The second argument that may be advanced by the applicant is the question of convenience. I say to you gentlemen that mere convenience alone should not be the governing reason why this application should be granted.

As to desirability; 38 property owners have already demonstrated that they do not desire such a construction.

Now gentlemen, briefly, let us examine as to the advantage to the property owners. In the first place, such a proposed construction would, of necessity, raise the fire insurance rates. It will of necessity lower the rental income from adjacent properties. It will, of necessity, lower the value of houses located in the vicinity. And it will, finally gentlemen, such a construction will deteriorate the quality of the neighborhood. Now, in that connection, Mr. Mayor and gentlemen, may I call your attention that on the northeast corner of Lafayette and Prospect Street is located the

Lafayette Street School, and on the southeast corner is located St. Joseph's Church. Think of the increase hazard for the children as they will of necessity have to pass such a garage where numerous vehicles would be going into and out of the garage. Think of the parishioners who, on Sunday, hundreds of them, will have to pass such a structure.

And finally, gentlemen, one other factor I want to bring out is that all of these people are hard-working people, and many of them are engaged in defense industries and working in the night time; and of necessity, they of course have to sleep in the day time. And it is obvious and common knowledge that the repairing of automobiles and trucks will necessitate a large amount of noise. It will be impossible for these people to get any sleep. There are plenty of other garages elsewhere. There is no burden or hardship upon this applicant, because he has not either purchased the property as yet, or if he has purchased it, he purchased it at his peril. And therefore I submit, Mr. Mayor and Commissioners, that this application be not granted. And incidentally, Mr. Mayor, I have several of the taxpayers and property owners here, and if you will bear with me now, or after Mr. Chadwick gets through, I would like to call on some of them.

Mayor Murphy: May I ask you this: The objectors that you have here, — do I understand you to say there were some 28 or 38?

Mr. Frank J. Cavico: 38.

Mayor Murphy: 38 — pardon me. Are they on Prospect Street, the 38?

Mr. Frank J. Cavico: Everyone is on Prospect Street, with the ex-

ception of one, who is engaged in a business, and for that reason, he has refused to sign, because it may affect his business.

Mayor Murphy: Are they all within 200 feet?

Mr. Frank J. Cavico: All within 200 feet, yes.

Mayor Murphy: They are not 38 separate property owners are they?

Mr. Frank J. Cavico: It would be, if you were to take a radius of 200 feet. It will include property owners on Lafayette Street as well.

Mayor Murphy: How many property owners are involved, on Prospect Street?

Mr. Frank J. Cavico: Every one. With the exception of one.

Mayor Murphy: All right now. May we now hear from the other side? Did you say you wanted to put those ladies on now, or do you want to wait?

Commissioner Brady: I would like to say something.

Mayor Murphy: Commissioner Brady, pardon me.

Commissioner Brady: Mr. Cavico, I would like to have one thing clarified in my mind. You made a remark about one of the reasons for removal would make an increase of rents?

Mr. Frank J. Cavico: Yes.

Commissioner Brady: What do you mean by that?

Mr. Frank J. Cavico: I assume that is one of the reasons why this

applicant is moving from his place at present, to another address.

Commissioner Brady: Well, does he not come under the provisions of the rent ceiling?

Mr. Frank J. Cavico: Perhaps he might have had a lease, Director Brady. And may I say, I just thought of this now—the the priest of St. Joseph's Church also is one of the objectors to this application.

Mrs. Almeida: I live there at 136 Prospect Street. My husband and daughter both work in Duponts defense plant. My daughter has three shifts, and my husband has three shifts. They go in at work at one o'clock at night and come home at eight o'clock in the morning; and during the day, they have to sleep. And if they are going to hear noise, they cannot sleep. That is all there is to it. I am here to say they must sleep. If somebody is going to fix a fender and trucks going in there and out, it is pretty hard to sleep during the day when you are working at night. And my husband has the same kind of shift. He works three shifts a day.

Mayor Murphy: May I ask you what is on that property at the present time?

Mrs. Almeida: There is a garage.

Mr. Frank J. Cavico: They are individual garages.

Mrs. Almeida: They are just for touing cars.

Mayor Murphy: These people just drive in and park there?

Mrs. Almeida: Yes, they just drive in and park there. But there is no repair work being done on there.

Mrs. Josephine Shabilia: I am Mrs. Shabilia, and I represent my mother. She lives at 137 Prospect Street. - My sister works in the Westinghouse. She works nights, and she has to sleep days; and if there is a garage there, and there is too much noise, she cannot sleep. And there is two little boys in the house there, and if that garage is there I cannot be warning them all the time if they go in the yard. And it is right next door.

Mrs. Paglia: My name is Mrs. Paglia and I live at 131 and 129 Prospect Street. That is right next door.

I am a sick woman, sick with heart trouble and high blood pressure. And I rest in the day time. And I don't want to hear any noise. I got a petition from the daughter. My family, my boy and my daughter, work nights, and they got to take a rest. We don't want no garage. We want to have the building the way it was before.

Mayor Murphy: All right. Your objection is noted, madam. Is there anyone else?

Mr. Cavico: There are many others, but we do not call them.

Mr. John Rossi: Well, I want to say where I am, I work at nights, and I am supposed to sleep in the day time. And then I no want to hear noise. Excuse me, but I cannot talk very much English; but that is all I can say, because I no want to see no noise, and I want to have a place to rest. That is all.

Mr. Cavico: Suppose we let the record note that there are other objectors as well, but we won't call on them.

Mr. Charles W. Chadwick: Well,

I haven't heard much objections; but I would like to point out that my client has been living in Newark for the last 22 years, and in the garage business at 66 Prospect St.

A new owner came into there and he took over, and my client has to get out. Now he is moving up the street to 133 Prospect Street; and if he could be permitted to conduct his business there in the same way that he conducted it at 66 for many years, with no complaints, I think that is a fine record.

Now, on the property at 133 and 135½ Prospect Street, there has been no taxes paid since 1930. There is now due the City of Newark \$3,500. Now, Mr. Santos wants to pay that. He wants to spend \$5,000 to build a concrete block garage, and he wants to make that spot a garden spot for the neighborhood. He is going to store no gasoline there, although he has a permit for that. He is going to have no noise there. The working hours are going to be reasonable, and he promises that, if permitted by the Honorable Body, to conduct his business so that we will satisfy everybody in that neighborhood.

Now, that property will become a paying property for the City of Newark, which has not been so since 1930.

Now, the only objection that I have heard is that it is not necessary to have a garage there; but it is, because there are lots of defense workers who have no places to put their cars, and those cars cannot be parked on the street. Director Keenan will verify on that. And the other necessity is that this man Santos has no place to go. He has been ousted by his former landlord.

Now then, the other objection was "convenience." Now I think it will be mighty convenient for those in the neighborhood who will have to place their cars in a public garage, to have a garage. It will be convenient for those car owners to have a place where they could have their cars parked. I think that is a necessity in these troubled times.

Now, I don't see how there could be any increase in the fire premiums, the premium on the fire insurance policies. This man has been up the street, in the same neighborhood. I don't see how it will lower the incomes of rents, because if this building is going to be a modern building, I think it is going to make the neighborhood a nicer place to live in, even though it is a garage. It may increase rental incomes — although this is not permissible under our law today. No rents can go up or down.

And the only other reason is that it may lower the value of property in the neighborhood. But I think it will increase the value of property in the neighborhood.

Now, these poor women who came up here, very sincerely perhaps, they are afraid of what will happen. One woman said she lived nearby and she would not want to be disturbed by noise; and the other woman said that there are small children who will be affected in some way if this garage is built. But we promise, if given permission to build, to conduct our place there, that we would not violate the rights of anyone. We would respect the rights and wishes of all the neighbors around there.

Now gentlemen of the Commission, that is our story and that is our petition; and since the Board of Adjustment has passed on it,

with all these petitioners coming in, I don't see anything really objectionable. That is our position.

Mayor Murphy: Of course, there is one serious aspect to the garage angle of it that I could see, and that is the fact that I think the City Commission must take into consideration the noises. Especially in these times. While it is probably true what you say, that there has not been any taxes paid in some time, there is no doubt that the property is now going through the procedure of being foreclosed, and it probably is now in the hands of the Law Department.

The question comes up now as to whether or not, in my mind it is important, to make sure that we have our people getting the proper kind of rest, whether they work during the day or whether they work during the night. There have been many complaints throughout the City by people who have to work on different shifts. I am sure that is very important, because we want to, in the City of Newark, cooperate in a full degree with the manufacturing of the war products and war product implements. We want to cooperate in the war program, to make sure that those workers receive their proper sleep, with the least amount of interference as possible. I am just wondering whether or not a garage of this type which is going to do repairing work, is not going to be an interference with those workers who have to work nights, and when they come off from their work, expect to sleep in the day time. There have been a tremendous amount of complaints from people throughout the City, with respect to these noises. As a matter of fact, there is a group which has advocated that a flag be put out in front of the buildings where war workers on night shifts

are sleeping, and who expect to receive some rest during the day. Even the noises of the children in the neighborhood interfere.

Now, bringing a garage into the neighborhood where there is now no garage or repairing work being done, and where evidence has been submitted, as I see it, right next door, on both sides, and probably more of them throughout the block, and close by, that there are war workers sleeping and who need rest, I think that there is a serious question to consider, as to whether or not this Commission should consider an application of this kind. Of course I am giving you now my reaction, my state of mind on it today.

Mr. Charles W. Chadwick: I don't see anybody here before this Honorable Body who lives next door to the garage that is now being operated, and who lives up the street, at 66 Prospect Street.

Mayor Murphy: Have you called anybody?

Mr. Charles W. Chadwick: But I am not an objector.

Mayor Murphy: But you are the one who wishes to bolster up your client's case, and it certainly ought to be up to you to bring them in, and not the objectors.

Mr. Charles W. Chadwick: Well, it just occurred to me now as a reason.

Mr. Samuel Santos: Mr. Mayor, the fact that it is where it is now, is nearer to Lafayette Street, and opposite the fire house. Whereas the proposed construction is nearer to Elm Street, between Elm and Lafayette Street, opposite the church.

Mayor Murphy: Well of course

the matter is before the Commission. The members of the Commission heard the discussion.

Commissioner Brady: Who owns the property, the one at 166?

A Voice: Gentlemen, may I have a word?

Mr. Charles W. Chadwick: This is the gentleman who is going to build this place.

Mayor Murphy: Answer the question first.

Mr. Charles W. Chadwick: The building and loan.

Mr. Alfred Bates: The New World Building and Loan Association, owner.

Commissioner Brady: Have they been the owner for the last twelve years?

Mr. Charles W. Chadwick: This garage is going to be built in such a way that there won't be any noise. It is going to be in the rear, away from the property. And there are seven garages there now, at 133 and 135.

Mayor Murphy: Not repair garages?

Mr. Charles W. Chadwick: No, sir.

The daughter of the former owner said that her father owned the property ten years ago.

Commissioner Brady: What I am trying to find out is how they got away for twelve years without paying taxes.

Mr. Charles W. Chadwick: Now your Honor, there is a man who

said he lived next door to where this man is now conducting this garage business.

Mr. Salvatore Imposimato: I live next door for about 15 years where he has the garage now. And my father works nights for 16 years, and my father never complained anything about the noise. He has no bodywork.

That is the only thing that will make noise. The work he does is motor repairing. It is just with wrenches and screw drivers. I don't think that that will make a lot of noise. The men who objected there, they are the ones that started this idea of making noise, and saying they won't be able to sleep, and that their fire insurance will come up. It is just to discourage the people that signed the petition.

My father works for 16 years nights, and he never complained, if he had complained, the city could know about it. I worked nights for 5 years.

Mayor Murphy: Do you live there now?

Mr. Salvatore Imposimato: I don't live next door. I live in the house next to it. He is at 66. My father lives at 70. And I live at 72. But I lived at 70 for 15 years, and I moved next door. I mean if it was body work, there would be a lot of noise there, but the question is, it is only wrenches and screwdrivers, and that's all. That is all I could say.

Mr. Cavico: How long have you known Mr. Santos?

Mr. Salvatore Imposimato: Since he has been on Prospect Street.

Mr. Cavico: How long is that?

Mr. Salvatore Imposimato: About five years.

Mr. Cavico: You are a pretty good friend of his?

Mr. Salvatore Imposimato: Not a good friend. Just like everyone else.

Mr. Cavico: Who brought you up here toady?

Mr. Imposimato: Nobody.

Mr. Cavico: You came here on your own?

Mr. Imposimato: Yes, I came here on my own.

Mr. Cavico: Did you know about the proceedings taking place?

Mr. Imposimato: I heard about it, and I came up.

Mr. Cavico: You came voluntarily?

Mr. Imposimato: Very voluntarily. I don't like to see people come up and say, "Listen, that there is going to make a noise," to criticize — I know.

Mr. Cavico: You are pretty familiar with the kind of work he does in the garage?

Mr. Imposimato: Yes. Body noise is the only thing that could make noise.

Mr. Cavico: There is no question in my mind that this gentleman is a prejudiced witness in his behalf.

Mr. Charles W. Chadwick: Oh, no. I could say that about the other witnesses.

Commissioner Brady: He does not live near the proposed building

anyhow. He would not influence me anyway, because he is not anywhere near it.

Mr. Cavico: You are near the railroad there, and there is a fire house there, too, isn't there?

Mr. Imposimato: I live next door to the garage.

Mr. Cavico: Where you live is not near the railroad either?

Mr. Imposimato: Near the middle of the block.

Mr. Cavico: There is plenty of noise there, isn't there?

Mr. Imposimato: There is the same noise there that would be in every place else. There is children in the schools, and there is a church next door, Christ Church, and they make a lot of noise. But I don't blame them. You cannot stop children. There is a school right next door. You cannot help it. I tell them to stop, and they say it is a free country.

Commissioner Brady: Do you think that 38 people who are objecting to it, are just doing it because they want to take up our time?

Mr. Salvatore Imposimato: They were told that the taxes would go up if it was there.

Commissioner Brady: Do you actually know that they were told that?

Mr. Salvatore Imposimato: No.

Commissioner Brady: You are just assuming that.

Mr. Cavico: May I say that one of the signers was a pastor of the

church, and also a signer was Miss Elizabeth Lewitt, who is a school teacher.

Commissioner Brady: I don't put much weight on this man's testimony, because he don't know much about it.

Mr. Salvatore Imposimato: Why I came up here, Commissioner, is because there was a complaint about noise.

Commissioner Brady: You don't object to noise in your neighborhood?

Mr. Salvatore Imposimato: Oh, yes. I object to the children making noises in the church yard; but what could I do? The thing is he does not make any noise; and he has worked inside a closed garage. I don't think it would be any noise.

Mr. Cavico: You would like to see him move out of that place, wouldn't you?

Mr. Salvatore Imposimato: He has to. I don't say that I like to, because a new man bought in that place and he has got five trailers.

Commissioner Brady: You are not affected with heart trouble, are you?

Mr. Salvatore Imposimato: No.

Mr. Alfred Bates: Mr. Mayor, may I say that the place that they are moving from, 66, is coming before the Board of Adjustment because they have to get a permit for a truck garage and pumps. So you will have the case here then; but only on the other side.

Mr. Salvatore Imposimato: There are trucks parked in there now.

Mr. Alfred Bates: They have no

right to .

Mayor Murphy Pardon me. I have just a question for this gentleman. You heard the report from the secretary of the Board. Would you object to strangers using this new place and the pump being put in there?

Mr. Salvatore Imposimato: No, sir.

Mr. Manuel Santos: May I have a word, Mr. Mayor, on that? On that particular section where I am trying to build a garage, there is 4 Spanish fellows who own property there, and when I went in there, they asked me to sign a petition whether they were against it or in favor of the building of the garage. They said, "It is too late now, because a certain party in this block came around and asked another one to sign against you; so our word is just one. If you will come around once, we know you, but a certain party came around and asked me to sign against you. So we are not going to change our signatures." This I could prove if I brought the four people up here before the Chairman and the City Commissioners.

Mayor Murphy: Evidently, it appears as though there will not be enough votes here this afternoon. I don't know, of course, unless I could hear how Director Keenan feels about it. The matter will have to be laid over for a greater number of the Commissioners to pass upon.

Commissioner Keenan: Mr. Mayor and Director Brady. There is something that is being said both pro and con for the proposition, as I view it here. Against it, there appears to be a fully congested square block, inasmuch as on this diagram

that I have before me, that is about the only open lot on the street. That is apparently all built up on Elm Street, and Lafayette Street and Prospect. And while this does not show Lafayette Street, I know it is between Union and Prospect Street. And inasmuch as it is an old frame section, that is against it. Now, in accordance with this drawing, it appears to be an odd shape, and a no good type of a lot. It has apparently been idle since Columbus discovered this country. Now it is about to be utilized for some purpose. But, inasmuch as there are only three of us present, I think some of these things we could take a trip and look over. I could only visualize an old abandoned lot here, which is no good as it stands, and they are going to build on it, and there will be some taxes, revenue coming in; and whether it is a hazard, that is a question about that as to whether it is. In that respect it would lessen the hazard, inasmuch as a fire is concerned, because it would be of concrete, of brick construction. Now, is that an open lot on Prospect Street?

Mr. Manuel Santos: That is right.

Commissioner Keenan: In front of it?

Mr. Manuel Santos: There is about a 38 foot driveway there.

Mayor Murphy: How far does that driveway go? How far does that driveway go before you hit the building line?

Mr. Samuel Santos: Before the building I am supposed to build?

Mayor Murphy: Yes.

Mr. Manuel Santos: It will go 83 feet.

Commissioner Brady: I move it be laid over, Mr. Mayor, until the

next meeting.

Commissioner Keenan: I second the motion.

Mayor Murphy: Motion has been made that this matter be carried and deferred for two weeks, and the members of the City Commission be notified so that if they are able, they will view the property and be prepared to vote two weeks from today. All in favor signify by saying "aye." The Clerk will call the roll.

Yeas: Commissioners Brady, Keenan, Mayor Murphy.

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of Carm Caputo (Rose Carrino, owner); for the renewal of permit for automobile parking station; on premises 124 Academy Street; such use to be limited to the period of one year ending August 2, 1943;

AND the matter having been considered by this Board;

IT IS RESOLVED, by the Board of Commissioners of the City of Newark, that the said recommendations of the Board of Adjustment be and the same are hereby approved.

John A. Brady  
Vincent J. Murphy  
John B. Keenan

Mayor Murphy: You heard the reading of the application for the renewal of automobile parking station permit at 124 Academy Street

Are there any objectors?

(No response).

WHEREAS, on September 13, 1938, the following order was adopted by the Civil Service Commission respecting the certification of James T. Meleady for position as Electrician, Newark Airport, to wit:

"WHEREAS, James T. Meleady, a

veteran, was first regularly employed on March 1, 1932, as Electrician in the Department of Parks and Public Property in the competitive class of the classified civil service of the City of Newark, continued in such employment as the department required and laid off for stated reasons of economy on May 8, 1938, and

WHEREAS, on the termination of the services of the said James T. Meleady his name was entered on a reemployment list preferred for employment or re-employment in the same position in any department or division of the government of the City of Newark as the statute provides, and

WHEREAS, the records show that Lester M. Gamble, whose name does not appear upon any appointment list established by the Civil Service Commission as eligible for employment as Electrician in the civil service of the City of Newark, was employed as Electrician at the Newark Airport in the Department of Public Affairs beginning February 3, 1938, and has continued in such employment to date, and

WHEREAS, the name of James T. Meleady, he having notified the Civil Service Commission that he was desirous of such employment and it appearing that he was and is competent to perform the duties thereof, was certified to the Mayor and Director of the Department of Public Affairs, Meyer C. Ellenstein, of the City of Newark, for appointment as Electrician in the position temporarily held by Lester M. Gamble, on June 2, 1938, and

WHEREAS, the said Mayor and Director of the Department of Public Affairs, Meyer C. Ellenstein, has refused to appoint the same James T. Meleady and direct his to report

for duty and to discontinue the employment of the said Lester M. Gamble until the said James T. Meleady has been given employment or an opportunity to demonstrate his capacity to perform the duties assigned to the said Lester M. Gamble, notwithstanding the fact that the Mayor and Director of the Department of Public Affairs, Meyer C. Ellenstein, has been notified by written communication from the Civil Service Commission, dated June 2, 1938, by written communication dated June 29, 1938, by written communication addressed to Deputy Director of the Department of Public Affairs and Acting Director of the Department of Public Affairs, William L. Fox, dated August 3, 1938, and supplemented by written communication dated August 5, 1938, and by written communication dated August 25, 1938, that the employment of the said Lester M. Gamble must be discontinued and the said James T. Meleady appointed under the statute and that the Civil Service Commission has refused to approve the payroll of the said Lester M. Gamble as submitted from time to time since July 6, 1938;

IT IS HEREBY ORDERED that the said Meyer C. Ellenstein, Mayor of the City of Newark and Director of the Department of Public Affairs, and the Board of Commissioners of the said City of Newark, terminate the employment of Lester M. Gamble as Electrician, or under any comparable title or assignment in the employ of the City of Newark and appoint the said James T. Meleady as Electrician in the place and stead of the said Lester M. Gamble and in default thereof and upon the failure forthwith to comply with the terms and provisions of this order, of failure or neglect to meet the requirements thereof, the Attorney General of

this State be requested to proceed and enforce and make applicable in the courts of this State such remedy or penalty as is now provided by law for refusal to obey the terms and conditions hereby imposed; and

IT IS HEREBY FURTHER ORDERED that a duplicate of this order be signed by the President of the Civil Service Commission and executed by its Secretary and served within ten days upon the Mayor of the City of Newark and Director of the Department of Public Affairs, Meyer C. Ellenstein, and that a certified copy be served upon each of the members of the Board of Commissioners of the said City."

and

WHEREAS, the said James T. Meleady has brought an action in the Essex County Circuit Court against the City of Newark to recover salary allegedly due him from May 2, 1938 to October 20, 1938, in the amount of \$1,722.00; and

WHEREAS, it is the opinion of the Law Department that the said James T. Meleady has a meritorious claim with respect to same or part thereof, and that counsel for the City and the plaintiff have agreed upon the payment of \$900.00 in full settlement of plaintiff's claim;

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: Board of Adjustment matters.

Acting City Clerk: Laid over from two weeks ago, we have the application of Manuel Santos, the New World Building & Loan Association, owner, for the construction of a public garage for the storage and repair of automobiles, in a third residential district, premises 133-135½ Prospect Street, rear, same to be constructed in accordance with the plans approved by the Board of Adjustment.

(Several people come forward).

Mayor Murphy: This is the application for 133-135½ Prospect Street. We will hear those who are opposed first. We heard the objectors two weeks ago. Of course some of the members of the Commission were not present at that time.

Now, will you please go ahead and state your opposition again, please?

Mr. Frank Cavico: Mr. Mayor, this matter came up before this body two weeks ago, and there were only three members of the Commission present at that time. And I pointed out the argument for the property owners, every one of whom is opposed to the construction of this garage.

Briefly, summarizing some of the points raised in objection to the construction of the garage, I might point out first, that such a construction would of necessity first raise the insurance costs. Secondly, the rental, the income rental value of

the homes in the immediate vicinity would of necessity be lowered. Thirdly, the valuations of the properties in the immediate vicinity again of necessity would be lowered. Fourthly, may I call your attention to the fact that his is a residential neighborhood and that every single property owner on the block, on Prospect Street, absolutely is opposed to the construction of this garage. Many of them were here two weeks ago, despite the bad weather we had. Some of them are here today to voice their objections to this construction.

I also wish to call your attention to the fact that on the north east corner is located Lafayette Street School, and on the south east corner of Prospect and Lafayette St. is St. James Church. And that such a garage, of necessity, will be an increased hazard to the children going to and from the school. And of course it will interfere with the parishioners going to church on Sundays. And there will be trucks and cars outside of the garage, or going into the garage. And of necessity the church, being located across the street, will be interfered with their functions.

We pointed out two weeks ago, and we are ready to do it here today, if you want to hear from these people that such a garage will of necessity cause a great deal of noise, they are here.

The people in this neighborhood are hard-working people. Many of them work nights in defense industries, and they sleep during the day. And of course they will be interfered with. And of course that will be interfering with their jobs in the defense program.

Fifthly, gentlemen, may I also call your attention to the fact that one of the members of the Zoning

Board himself was of the opinion that this thing should no go through, and that member was Mr. Rooney.

Now, if you gentlemen wish to hear from the objectors again, —

Commissioner Villani: Well, what was the vote of the Board?

Mr. Frank Cavico: It was four to one.

Commissioner Villani: Where is this property, what number.

Mr. Frank Cavico: 133 Prospect Street.

Mr. Alfred Bates: 133-135½.

Commissioner Villani: What is it, a vacant lot there?

Mr. Frank Cavico: There is now a private garage located there, private garages.

Commissioner Villani: Is that the one right across the street from the church there?

Mr. Frank Cavico: Yes, sir.

Commissioner Villani: On Prospect Street?

Mr. Frank Cavico: Yes.

Commissioner Villani: Where Lewin had his private garages?

Mr. Frank Cavico: No. It is in between Lafayette Street and Elm Street.

Mr. Alfred Bates: The vote of the Board was three to one, and not four to one. There was one member absent at that meeting.

Mayor Murphy: Do you stand corrected on that, Mr. Cavico?

Mr. Cavico: I stand corrected, yes, sir.

Mayor Murphy: Do I understand you to say that the church was also opposed to it, the pastor of the church?

Mr. Frank Cavico: Yes, sir, Mr. Mayor. The pastor also signed the petitions protesting against the construction of the garage, and every single property owner on the street did likewise.

Mayor Murphy: Is there any person who is here today, who was not here two weeks ago?

A Gentleman: No, I was not here.

Mr. Frank Cavico: Mr. Alati is here. He is a property owner on Prospect Street who was not here two weeks ago.

Mayor Murphy: Is he here as an objector?

Mr. Cavico: Yes, sir. He is here as an objector.

Mayor Murphy: Well, I think it will be all right if he would go ahead and state his objections, for the record.

Mr. John Olati: My objection is because it is a residential district, and that street you know, on that street the kids in the morning go to school, and all the property owners know there was never any garage there. There was a house where these empty lots is. And that is a disgrace to the whole properties for them to come in and put up a public garage and repair shop on a dead-end street. There is a church there, and a school; and the property owners work hard. And now along comes a garage and they put it up there where it could be built

a house or something else.

Mayor Murphy: Are there any other objectors here who were not here two weeks ago?

Well, we will now hear from the applicant, as long as there are no objectors who are to be heard.

Mr. William Krueger (Counsel for the applicant): Mr. Mayor and members of the Commission. I appear here on behalf of the applicant, Mr. Santos. I am going to be very brief, because all this matter was heard by this Board two weeks ago.

Now, with respect to the erection of this garage, I believe the opposition has given the Board of Commissioners a wrong impression. This is not going to be a public garage in any sense of the word, just as is generally termed, "a public garage."

The capacity of this garage is to be merely 12 cars. There are seven individual garages there now which is constructed of brick and frame. We are going to have a brick garage, and as I said before, we have a capacity of only 12 cars. I doubt if at any one time there will be twelve cars there, because part of this garage will be devoted to the repair of cars.

Now, with respect to the noises emanating from this building, there will be less noises coming from this building.

(At this point, a discussion, in a low tone takes place amongst the Commissioners).

Mayor Murphy: All right, you may go ahead and continue.

Mr. William Krueger: We will have one building, housing a capa-

city at any one time, of twelve cars. Now, with respect to the noises, there will be no body work whatsoever done in this shop. The shop will be closed Sunday all day.

Now, we have there at the present time seven individual garages, with people occupying those at the present time. And we all know what happens. The owners go in for their car, they open the door and shut them — sometimes they bang them. Now, under this proposed construction, there will be one door, and the owner of the building will open the door at all times for the admission and letting out of cars coming into the place; so that as far as noises are concerned, and even as far as the hazards with children in that neighborhood is concerned, we are not going to be confronted with that because we are not going to use the back door for such purpose, and we are not going to use that number of cars that would warrant an assertion that there will be such a hazard.

Now, there is one feature here; where this man has his present garage is considerably nearer the public school than it will be when this building is erected, if it is erected. So there can be no objection from that point on the part of the school, because we have a garage right opposite it now, and that one will be abandoned.

Now, with respect to the church in that neighborhood, the proposed garage is just about the same distance from the church as the present garage is now, so that it will have and there will be no additional hazard to the church. If anything, it will be less of a hazard.

Now then, with respect to keeping these people awake at night — they are defense workers and they are entitled to their rest; but when

there is only machine work being done, you don't have such noises that will keep them awake. They will only use tools, wrenches and things of that nature. There will be no hammering, no sale of gasoline or anything of that nature. So I say that the opposition does not come forward with valid argument.

They seem to think that the insurance rates will be increased by the erection of this garage, but I don't think there will be any increase in the insurance rates over that which is there where the individual garages are now.

And so far as the increase of the value of the property is concerned, I don't think that is so as far as this particular garage is concerned. And it is going to be erected not on the street line, but it is going to be erected in the rear of the lot, and the front is going to be properly landscaped — so I ask you gentlemen to consider this application in that light.

Mayor Murphy: How much room have you got there for a driveway?

Mr. William Krueger: I think there is 20 feet; probably more. And that will be landscaped with a driveway, so that it will be considerably more beautiful than it has been at any time. Is that correct (addressing Mr. Bates)?

Mr. Alfred Bates: It is 40 feet.

Mr. William Krueger: 40 feet; with no building on the front line. It will all be to the rear.

And I might say this. Right in the rear of this there is an iron factory where they make iron fences, and there is plenty of noises emanating from that; and we will have none from this applicant.

Mr. Frank Cavico: The present garage that is now being operated by this applicant is not in a residential zone. The proposed garage is in a residential zone. Most of the people that attend this school comes across from South Lafayette Street and not from North of Lafayette Street. The present garage is in the vicinity of numerous factories, and it is alongside of the railroad. And it is in a different neighborhood.

Now, the present site consists of individual private garages, that is true. But the proposed construction will be a public garage and in the business of repairing automobiles and trucks, and business will be conducted the same as the applicant is now conducting it at 66-68 Prospect Street, which is not in a residential zone.

There is no need for this construction. There are a great number of garages in the outlying parts of the city where this work could be carried on without the necessity of constructing new garages.

Mayor Murphy: Well, we have heard both side two weeks ago, and we have heard you again. I would like to state, for the benefit of the people who are here, that this Commission, I believe the majority, feels as though we want to make a personal check-up on this property. Therefore, it will not be necessary for you to appear here again, and particularly these people. The counsel may appear here again two weeks from today if you wish to, but the motion by the Commission is that it will be deferred for two weeks, and the Commission will definitely decide at that time.

In the meantime, we will have an opportunity to go and visit the premises. There are many matters that we have to take care of. There

are many matters that have been taken care of by this Commission in the last two weeks, and we have been unable to pay a visit to this particular property, but I am sure that this matter will be definitely disposed of two weeks from today. So that there is no necessity to bring these people back here again. You, counsel, may be here if you wish to. Of course everything is now already in the record, so it will not be necessary for you people to come back here again.

Mr. Frank Cavico: In other words, two weeks from today you will announce your decision?

Commissioner Villani: Yes; we will probably vote on it.

Mayor Murphy: A motion to defer this matter for two weeks is now in order.

Commissioner Villani: I so move.

Commissioner Brady: I second it.

Mayor Murphy: Motion has been made that this application be deferred for two weeks from today, until November 18th. The clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: Are there any further applications?

Acting City Clerk: Laid over for action until today's meeting, we have the application of Reiss Bros., Inc., (R. B. Holding Co., owner); for the installation of one gasoline pump for own use, in a first industrial district, on premises 47-49 Summer Avenue.

Mayor Murphy: You heard the reading of the application. Are

there any objectors?

(Several people come forward).

Mayor Murphy: This matter has been before the Commission some time ago, perhaps as much as a month ago. Director Keenan, I understand, had an investigation made and he has received a police report.

I understand you still object (addressing Mr. Caprio)?

Mr. Ralph Caprio: Oh, yes.

Mayor Murphy: This matter first came up a month ago.

Commissioner Keenan: Mr. Mayor, inasmuch as the Department of Public Safety is the most important division of government which has relationship with regard to this particular application, and while John Eber does say in his paper that he considered it not a hazard, personally I don't like it. And I don't like the installation of gasoline on these particular premises, for the reason I was present at seven o'clock in the mornin one day at the fire which they had.

I don't know what stand the other members of this Commission are taking, but I am going to vote to sustain the objection.

Mayor Murphy: As director of the Department of Public Safety, you really believe that there is a hazard there and a danger there, and you are voting against it, is that it?

Commissioner Keenan: Yes.

Mayor Murphy: What is the action of the rest of the members of the Commission? This application is now before the Commission.

Commissioner Brady: What was the recommendation?

Mayor Murphy: The recommendation of Director Keenan is that he is opposed to it. He states that he believes, even in face of the report handed in by Captain Eber, he still believes it is a hazard, and he is opposed to it.

Commissioner Villani: I move the adoption.

Mayor Murphy: Motion has been made that it be adopted.

Commissioner Byrne: Pardon me, Mr. Mayor, but are the advocates here for this application. Is there anyone here representing the applicant?

Mr. Samuel Levin: Yes. I represent the applicant.

Mayor Murphy: Do you wish him to speak on it?

Commissioner Byrne: All I want to say on it is that I am undecided on it. I think today if I had to vote, I would vote against it, but I want to be fair on this. I don't like the area, but I do give some consideration to the recommendation. But if I had to vote on it today, I think I would vote against it to be safe; but I individually would like to request, if it is not going to embarrass anyone, for a postponement on it, to be fair.

Mr. Samuel Levin: That will be all right with me.

Commissioner Byrne: Is that satisfactory to you?

Mr. Samuel Levin: That is satisfactory.

Commissioner Byrne: I don't know how the rest of the members of the Commission feel about it.

Mayor Murphy: That is all right

as far as I am concerned. I am just wondering now about the other gentleman who is here. He has been here twice. I don't know whether it would be necessary for him to come again. He can if he wants to. We know he is on record, and we still know that he is opposed to it.

Mr. Ralph Caprio: I will come again.

Mayor Murphy: If you want to come two weeks from today, it will be perfectly all right.

All right, a motion is in order to defer this matter for two weeks.

Commissioner Villani: I will withdraw my motion, and I make a motion to postpone it for two weeks.

Commissioner Brady: I second the motion.

Mayor Murphy: Motion has been made that this application be deferred for two weeks from today, in order to give the members of this Commission, if they so desire, an opportunity to view this application themselves.

The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Respectfully,

VINCENT J. MURPHY  
Director of Revenue & Finance  
BY E. A. Farrell

Ordered filed.

Acting City Clerk: That is all on the clerk's desk, Mr. Mayor.

Mayor Murphy: We have a lady with us today, Mrs. Edna Gaugh, of the Social Service Bureau, who wishes to speak before this Commission today.

Commissioner Brady: Mr. Mayor, I might preface Mrs. Gaugh's appearance by stating that she has been in touch with me concerning the housing condition in the City of Newark. Mrs. Gaugh is a member of the Social Service Bureau which is located in one of the most congested districts of the City of Newark, up around the Third Ward and I advised her to appear before the Commission and make her request known to the members of the commission.

Mrs. Edna Gaugh: Well, mine is quite an informal discussion. I have had a feeling since the government is moving in, that a great many clerical people are coming in, and there is not adequate preparation for their care. And in watching the publicity in the newspapers, I feel that we cannot reach the whole thing at one time; but I am concerned about the people who have not at least a temporary place to go. We read about the people coming in Saturday and Sunday, and who have been unable to find any kind of rooms. I am particularly concerned, as Director Brady has said, about our situation among our young colored people. Their limitations are even greater there. So I thought it was a bright idea, and I called up Director Brady with the thought of perhaps finding some public building where the sanitation conditions were such where temporary quarters only could be put up until they could permanently housed in the country or in the immediate community. I have

spoken particularly about a building right in our own district, in my district, and that was the the Belmont Avenue School, which I understood had been thought of in terms of an emergency hospital for the duration. And I thought perhaps the facilities might be such that it might be used. That is my concern. That it might be used in meeting the immediate problems of these transients who are coming in to this community. You may have read that they are given five dollars a day for four days to meet their emergencies. That money does not come through until after they have had their emergency; I understand the pay day is officially the 8th of the month, but since the checks come from Washington, there is no security that that will come through in time, and they are facing needed attention.

Commissioner Brady: I might add, Mr. Mayor, in conjunction with Mrs. Gough's statement, that I am a member of the Board of Directors of the Travelers Aid Society, both the national and the Newark Travelers Aid Society, and I have here a lengthy communication sent to me concerning the same condition, and as you know the Travelers Aid Society is one of the recognized agencies which the government contacted concerning the condition which Mrs. Goughs spoke about. The Travelers Aid Society, as an organization, is willing to cooperate in any matter with the city officials or with any other service organization or social service organizations, to help alleviate the condition. Apparently it is becoming, I would say, an urgent emergency, and I think something should be done about it. I think in conjunction with what was done this morning at the conference, that if the matter were left in your hands, Mr. Mayor, that we might arrive at some kind of a

definite solution as to what we could do as quickly as possible about it. It is a health problem as well as a welfare problem, and I am very much interested in it myself.

Mayor Murphy: I think it is of vital importance, in connection with the health angle, Commissioner Brady. I am not certain concerning the Belmont Avenue School. Of course we were planning to use it as an emergency hospital. The WPA have been using the Belmont Avenue School, and they have taken up the upper floors under a project. They are making mattresses and a lot of sewing machines have been placed in the building. Of course I don't know about the first floor.

Mrs. Edna Gaugh: That is being used by the WPA.

Mayor Murphy: Have they got the WPA using the first floor?

Mr. Al Swain: The WPA has the whole building. I could tell you something about it; there were a few room on the first floor which has been reserved for the emergency hospital.

Mayor Murphy: Four, I think.

Mr. Al Swain: Three. There was something started in there, but it has not been turned over as yet for emergency use. The upper floors are filled with sewing machines which the women operate; the first floor and part of the fourth floor was given over to the making of equipment, mattresses, etc. And on the fourth floor is the assembly room, it is one great big room.

Mayor Murphy: The first floor will not be used as an emergency hospital. I know that, because since that time, with Commissioner Hess

representing the Board of Education, we had Dr. Craster in at the conference, and they went around and reviewed the auditoriums in the schools.

Mr. Al Swain: That is up on the third floor, the top floor.

Mayor Murphy: What we have done is this: We went around to the different schools; and they are going to use the auditoriums, and they are going to store cots. In case of an emergency, they can be taken out and set up in the auditoriums in the various schools. And Doctor Craster seemed to be satisfied with that idea, and has abandoned the idea of wanting to make it an emergency hospital. And I think also — we have been after Commissioner Keenan at that time with reference to the Police Station on 5th Street and South Orange Avenue, and the First and Second Precinct on Summer Avenue; but that is out of the picture so far as the emergency hospital in the city of Newark is concerned, with the exception of getting the necessary equipment. But the place is settled.

Now, I don't know about the rooms that are there, but I think that Dr. Craster should check on it with Commissioner Brady and find out if there are any other spots in the public schools or public buildings available. I don't know whether Commissioner Villani knows of any public buildings — do you?

Commissioner Villani: No, we don't have any right now. We have the Brewery building, and that is the only one we have.

Commissioner Keenan: Does the city own that building which is boarded at High and Montgomery?

Commissioner Villani: No, we

don't. That was the old Krueger estate, wasn't it?

Commissioner Brady: No. High and Montgomery is the nearest spot.

I will tell you, Mr. Mayor, we contemplate taking over the building which has been vacated by the Venereal Disease Division of the Health Department, and we may be able to remove our entire Relief Department down to the Washington Street school which we now occupy. If we could do that, that will release the old 6th Precinct Building, and we could use that, if Commissioner Keenan does not want to use it as a police station. That could perhaps be made into a convenient headquarters for something.

Mrs. Edna Gaugh: May I interrupt? I don't think there has to be a long time planning. I think you will find that eventually these young people will be able to go into the rooming houses and so forth. I think it is just a temporary stop-gap until they could be settled. For instance, I know they have gone out into Caldwell and Montclair and so on, asking for rooms to be rented to these people.

Now, at first it seems quite limited, I know; but you know that some people are saying, "I will wait until this rush is over, and I will take in some young woman." It is just this immediate temporary rush that we are facing.

Mayor Murphy: It is your thought that this temporary set-up will be for women only?

Mrs. Edna Gaugh: I don't know how many people are coming in.

Mayor Murphy: Are you planning to attend the conference which

is being called for tomorrow?

Mrs. Edna Gaugh: Yes, sir.

Mayor Murphy: Well, at that conference will be Superintendent of Schools Herron. I just had a discussion with Superintendent of Schools Herron, and I expect to be there, if I can. I will, however, first have to check my schedule to see if I will be there. But he is going to bring that matter up, because this morning Brigadier Miller of the Salvation Army, appeared before the Commission concerning the same question, asking for the use of the Market Street School. So I think at that conference this matter will be discussed. I think from that point on we could start things moving, and see what is best and what we could get.

Mrs. Edna Gaugh: I think I quite agree with you, but you must remember that Thursday is awfully close to Saturday. We hope that some plan is organized by tomorrow.

Mayor Murphy: Of course, I don't know; but you are figuring that you ought to have a place by this Saturday?

Mrs. Edna Gaugh: You see, they came in Saturday and Sunday of this week. Miss McKinnler, who is in the Real Estate Department at the agency, says it is a matter of coming through for a matter of five weeks. Every week this group will be coming through to be settled here. That is the point I raise.

Mayor Murphy: And your thought is that we take care of them until they find a place somewhere, and that as they move out, then we will take of another group, is that it?

Mrs. Edna Gaugh: Yes.

Mayor Murphy Well, I think at the conference tomorrow we will discuss that. I don't see how much faster we could move until that conference tomorrow. I think it is a good place to discuss this whole thing, because there you will have the whole organizations representing the YWCA, the YMCA present. Also other groups, the Catholic Daughters Association and others.

Mrs. Edna Gaugh: But just alone with those groups there will be no one with authority to discuss the matter; but I think as long as you

are coming, that will be swell.

Mayor Murphy: The Commission this morning expressed itself as being in sympathy with doing something.

Commissioner Byrne, I think, made a motion this morning that the Mayor be given power to act in any manner with respect to the situation. So I think we will have enough power to act at this conference tomorrow.

Mrs. Edna Gaugh: Thank you very much.

The Board of Commissioners  
of the City of Newark, N. J.

MARTIN G. BROSS  
Acting City Clerk.

Newark, N. J., Nov. 16, 1942

A special meeting of the Board of Commissioners of The City of Newark, N. J., was held on the above date, in the Mayor's office, City Hall, Newark, at 10:30 A. M., Eastern War Time.

Mayor Murphy: The Special Meeting will come to order. The Clerk will call the roll.

Present: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

The Clerk then read the following call for the meeting:

THE CITY OF NEWARK, N. J.

VINCENT J. MURPHY  
Mayor

November 12, 1942

Mr. Martin G. Bross,

Acting City Clerk,

City Hall, Newark, N. J.

Dear Sir:

Will you please call a special meeting of the City Commission for Monday morning, November 16th, 1942, 10:30 A. M., for the purpose of discussing the following matters:

Compromise of taxes, property Broad and Chestnut Streets, Newark, owned by Augenblick Estate.

Compromise of taxes, various other properties.

Also Ordinance creating position

of Adjuster in the Workmen's Compensation Bureau.

Very truly yours,

VINCENT J. MURPHY  
Mayor

Ordered filed.

Mayor Murphy: There are a few matters that we want to discuss before we open this special meeting, and the Commissioners would like to discuss them in private. So I am asking everyone to kindly step outside of the room until the Commissioners complete the discussion.

It seems to be the consensus of opinion of the Commissioners that we have this private conference before going into the meeting. So will everyone, with the exception of the Law Department and those representing the Commissioners, step out?

(The Commissioners go into an executive session, in private).

(The meeting is adjourned until Wednesday, November 18th, 1942, at two p.m.).

APPROVED:

JOHN A. BRADY

JOS. M. BYRNE, JR.

The roll being called, the resolution was declared adopted by the following votes

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, our most beloved country is now engaged in a worldwide conflict, representing, as ever, the hopes of all free men, and

WHEREAS, our national flag — may it wave forever! — typifies, among other things, the spirit of the entire country; and,

WHEREAS, the immortal words of Francis Scott Key, "Oh, Say Can you see by the dawn's early light," recalls to the heart of every true American the glorious sight of the flag, unfurled to the breeze, undaunted and unafraid;

NOW, THEREFORE, BE IT RESOLVED, That the citizens of this great City of Newark, again indicating their loyalty and patriotism, be requested to unfurl and display the National Colors daily.

John B. Keenan  
John A. Brady  
Ralph A. Villani  
Vincent J. Murphy  
Jos. M. Byrne, Jr.

Mayor Murphy: You heard the reading of this resolution, which has been introduced by Director Keenan. It is a very patriotic duty which we all have, today especially. As a matter of fact, some time ago a group of Legionnaires appeared here and requested that the people display the flag on their homes, and especially the business people, throughout the city of Newark, and daily. Commissioner Keenan has introduced this resolution today, again calling on the people of Newark at this time to demonstrate their patriotic feelings by making sure that the flag is raised every day. The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

RESOLVED, By the Board of Commissioners of The City of Newark that complaints, as in law provided, be filed with the Essex County Board of Taxation for the assessment of certain omitted intangible personal property of each of the following corporations for the taxing years 1941, to wit:

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: Zoning matters.

Acting City Clerk: Laid over until today's meeting, we have the application of Manuel Santos, the New World Building & Loan Association, owner, for the construction of a public garage for the storage and repair of automobiles, in a third residential district, premises 133-135½ Prospect Street, rear, same to be constructed in accordance with the plans approved by the Board of Adjustment.

Mayor Murphy: This application has come before the Commission for the past month. At the last meeting of the City Commissioners, the Commissioners were requested to visit this location, so that they

could be in a position to take definite action today. Are the Commissioners ready to take action now?

Commissioner Brady: To bring this matter before the Commission, Mr. Mayor, I move that the action of the Board of Adjustment be concurred with.

Mr. William Krueger: (Representing the applicant) May I say another word, Mayor and members of the Board of Commissioners?

Mayor Murphy: Yes.

Mr. William Krueger: I have here two photographs showing the site of this proposed garage. I want to just reiterate that the erection of the garage will be a decided improvement over the present condition.

Mr. Frank Cavico: May I state, Mr. Mayor, that those photographs do not depict accurately the site. That is taken from the rear.

Commissioner Villani: We are ready to vote on it.

Mayor Murphy: I don't think these photographs mean anything to the members of the Commission, because I believe they have all made personal visits to this location.

There was a motion made. Is there a second to the motion?

Commissioner Keenan: What was the action of the Commission?

Commissioner Villani: The motion was to concur with the Zoning Board.

Commissioner Keenan: What was their action?

Mr. Russell Rankin: Three to

one.

Commissioner Keenan: I will second the motion.

Mayor Murphy: The Board of Adjustment approved the application by a vote of three to one, with one absent.

Motion has been made that the application be approved, and it has been seconded. The Clerk will call the roll.

The roll being called, the motion was declared lost by the following votes:

Yeas: Commissioners Brady, Keenan. Nays: Commissioners Byrne, Villani, Mayor Murphy.

Mayor Murphy: The application is denied.

Acting City Clerk: We have the application of Reiss Brothers, Incorporated, R. B. Holding Company, owner, for the installation of one gasoline pump for own use in a first industrial district, on premises 47-49 Summer Avenue, same to be in accordance with the plans approved by the Board of Adjustment.

Mayor Murphy: You heard the reading of the application pertaining to 47-49 Summer Avenue.

Commissioner Villani: I move the adoption.

Mayor Murphy: Motion has been made and seconded that the application be approved.

(Several people come forward).

Mayor Murphy: Do you desire to be heard?

Mr. Ralph Caprio: Yes. Mr. May-

or, I appeared at every conference that has been held with regards to this application, and I appeared at all these meetings. I have not heard **one good reason** why that gasoline tank and pump should be installed there. It is not for convenience because the trucks are not stored on the premises, and they must come in there to be refueled.

It is not because the concern using the trucks, cannot get gas, because they are engaged in war work and because they have S stamps, and they could get all the gas they want.

There is a public gas station not more than a block away, and they could get the gas there.

I have not complained to the Board of Fire Combustibles, because of the installation of the tank, because I agree that the tank was installed according to the modern methods and it is exposure proof. The pump is on the inside of the wall, and that is to a good advantage too, to separate the pump from the gas tank; but there is nothing that they can do to prevent a fire hazard when a truck with a hot motor is being refueled in a lumber yard. And that is where the danger lies, in the refueling of these trucks in a lumber yard. And I object to that phase of it.

Mayor Murphy: Do I understand that it has been reported to this Commission that this tank has already been installed before this permit was granted. May I have that clarified?

Mr. Louis Reiss: I wish to speak.

Commissioner Villani: Wait a moment, Mr. Reiss. Before you proceed, let the Mayor look at the letter he is reading.

Mayor Murphy (Reading)  
"Temporary permission was issued by the Bureau for the installation of a five hundred gallon gasoline tank."

May I ask this question, in view of that — I have not read the whole letter, but I guess this is enough for me, the first line, — has anybody in the city of Newark, including Captain Eber, or anyone else, any authority to issue a temporary permit to install a gasoline tank before the matter is decided by the Board of Commissioners?

Commissioner Keenan: Captain Eber was the enforcing agent there.

(Philip Schotland, Assistant Corporation Counsel, comes forward and speaks to the Mayor in a low tone).

Mayor Murphy: Of course this should be clarified.

Commissioner Villani: That is right. I think that the Law Department, through Mr. Schotland, ought to clarify the law on this question.

Mayor Murphy: I have just been informed by the Assistant Corporation Counsel that the City Commission has no jurisdiction in the passing of this resolution for the installation of gasoline tank. Neither has the Board of Adjustment.

Mr. Philip Schotland: Mr. Mayor, I want to advise this Commission that this matter should not have gone to the Board of Adjustment. They had no jurisdiction over it, because it is not a gasoline station nor is it going into the business of selling gasoline. It is using the gasoline on its own premises. The Bureau which has jurisdiction over the matter, complete jurisdiction, is the Bureau of Combustibles, and it is up to them to either grant or

refuse the permit, depending on the fire hazard there.

Commissioner Brady: I move that the whole matter be referred back to the Bureau of Combustibles. We have no jurisdiction and we should not take any action on it.

Commissioner Villani: I second the motion.

Mayor Murphy: Motion has been made and seconded . . .

Commissioner Villani: Before we do that, I withdraw my other motion to concur, because otherwise there will be two motions here. I withdraw my motion to concur.

Mayor Murphy: If there is no objection, the maker of the motion and the second to the motion will withdraw their motion to concur with the action of the Board of Adjustment.

Commissioner Villani: And the motion is made by Director Brady that the matter be referred to and left entirely with the Bureau of Combustibles, and I seconded that motion.

Mayor Murphy: Motion has been made that this matter be referred to the Bureau of Combustibles. All in favor of the motion signify by saying "aye." The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Acting City Clerk: That is all on the clerk's desk, Mr. Mayor.

Mayor Murphy: We have a matter coming up, which I think it would be well to have explained to the Commission. It is in reference to the property located at Washington Street and Bleeker Street, which is now being presented to the court for their approval, and I think I would like to have the reaction of the City Commission before we go ahead on it. I have been having negotiations with the representative of the Company, Mr. Schapira, Counsellor Schapira is here, and also a representative of the army.

(Mr. Maurice Schapira comes forward).

Mayor Murphy: Will you kindly explain this to the Commission?

Mr. Maurice Schapira: Mr. Mayor and gentlemen of the Commission. We have made an offer to the city of Newark, that is, to the Receiver, Mayor Murphy, for the occupancy of property located on the southeast corner of Bleeker Street and Washington Street. Mr. Murphy was made Receiver by the order of the Court of Chancery.

Now, the United Radio and Television Institute, a school located on Halsey Street in Newark, is conducting the business of teaching reservists. That is, the regular Signal Corps Reservists as well as the uniformed Signal Corps men who are presently in the Signal Corps. As a matter of fact, these men are billeted both in the Hotel Douglas as well as in the YMCA. I think you gentlemen have seen them

marching up Halsey Street any number of times.

Now, we are one of the fifteen schools of the country, that has been approved by the Signal Corps to teach these men. We have a very high rating. Lieutenant Quiman who is here, is the commanding officer in charge. Our facilities on Halsey Street has been over taxed considerably, by reason of the fact that the government has been sending any number of students to us, and we have been forced to go out and take temporary quarters. And in the meantime we have been negotiating with the Receiver for this piece of property which consists of a very large second floor, area which was formerly a skating rink. This property, as I understand it, has not produced a cent in income for the past six years, and there is about \$90,000 in taxes in arrears, or a little more than that. The property is presently owned by the Fidelity Union Trust Company, and there are any number of bond owners involved, and it does not seem reasonable to assume that the taxes will be paid or the property be redeemed. Now, we have offered the city of Newark, that is the Receiver, after considerable negotiations, we have offered and agreed on a rental of \$6,700 a year. And since the Receiver has not sufficient money to put the property in shape, and since it would require about \$7,600 to put that property in shape—and when I say “shape,” I mean to put it in such habitable condition that we could use it. As a matter of fact, there are certain requirements that even the city imposes, that have to be met with. For instance, the fire regulations insist on a steel stairway to the second floor. There isn't a steel stairway on the second floor. As a matter of fact, the Signal Corps, too, insists upon these regulations being met.

Now, we have offered the Receiver to advance the money to the extent of \$7,600 to make all the necessary alterations. These necessary alterations would be necessary even if we were not there. In other words, if the Receiver would try to rent this property out to anybody else, he would have to make these alterations, which, briefly, consists of painting, plumbing, necessary plumbing, necessary heating, repairs. Those are the bare repairs. And we are willing to advance the money to the Receiver, providing of course, we get a certain deduction in our rent. Not a deduction as much as a credit on the rent, for the money we advanced.

We have agreed to accept \$5,600 as a credit on the amount that we are going to expend, which is approximately \$7,600. I think it is more than that. I have an estimate here, I think it is \$7,900. I would like to be corrected on that point—it is \$7,900.

Now, we need this property immediately. We need it badly. We are expecting to receive fifty Signal Corps men this week, and we are going to increase it to a point where within a very short time we are going to have approximately two thousand additional Signal Corps men at our school. They are constantly being sent to us from Washington. Time is of the essence, and we need this immediately. This is the result of several months of negotiations, and it has now reached this point where the Mayor is making a report to the Commission and I respectfully urge that this Commission approve of this lease. And I have here Lieutenant Quiman. Lieutenant Quiman is the commanding officer of the Signal Corps. He will be glad to answer any questions the Commission may have

Commissioner Keenan: Who is "we" and "us" in the discussion, the school?

Mr. Maurice Schapiro: When I say "we" and "us," we lawyers like to use the collective term. I am only an instructor at the school and its attorney.

Commissioner Brady: You represent those people?

Mr. Maurice Schapira: Yes, sir. I represent the United Radio & Television Institute; but as I say, it is under the direct supervision of the Signal Corps.

Commissioner Keenan: Is this being taken over for education or sleeping purposes?

Mr. Maurice Schapira: Only education purposes, and that is all. We are going to subdivide. It is going to cost us an additional \$5,000 to subdivide this big area on the second floor, for classrooms. The contract has already been let out. Of course, subject to the approval of the Commission, and the other things being approved.

Commissioner Brady: I move the Mayor be authorized to enter into this lease.

Mayor Murphy: I was going to say that the floor conditions there, is in a very bad condition. It has to be removed. And for the benefit of the members of this Commission, the building there is in a terrible condition. And even if the city does take it over, which no doubt we will, the city will have to expend considerable monies to fix this property up. We have had estimates made, and they are in the office, and they ran up to \$8,000. And then of course they came in with their estimates which I think was about seven — wasn't it?

Mr. Maurice Schapira: \$7,100 to be correct.

Mayor Murphy: \$7,100. And I personally felt as though it was a good investment for the city to go along with the proposal which was finally made. And they wanted full credit for the \$7,100, and I would not agree to that; but I think we did agree on the basis of \$5,600 or \$5,700, wasn't it?

Mr. Maurice Schapira: We agreed to \$5,600

Mayor Murphy: \$5,600, as a credit on the first year's rent.

Mr. Maurice Schapira: That is right.

Mayor Murphy: And the rent would be what?

Mr. Maurice Schapira: \$6,700 is our first year's rent. Is that what you mean?

Mayor Murphy: Yes. That is what I mean. The period is to be for two years, and it would then give the city a reconditioned building that would be in first class condition, and at the same time, I think it would be working — which I think it would be an important matter — with the army with reference to its program.

Mr. Nicholas Albano: I would like to say something.

Mayor Murphy: Yes, Mr. Albano. Mr. Nicholas Albano: I would like to tell the Commission that this property is now being managed by the Mayor and as Receiver ex-officio, who is there under the order of the Court of Chancery. And that this lease will be submitted to Vice Chancellor Stein, who made the original order, upon notice to the owner; and he will consider it,

and his approval, of course, will clear the Mayor of his judgment in the matter. There is every expectation of the Vice Chancellor approving of the lease. So whatever the Commission does now will have to be subject to the approval of the Court of Chancery, because of the general jurisdiction it exercises in the matter. And I also wish to add that the foreclosure proceedings against this property are proceeding, and that it will be a matter of a month or so when we will get title to the property. At that time we will have to make whatever conveyance Mr. Villani will make, on behalf of the Commission, subject to this lease. The lease is for two years, for \$6,700, with an allowance for these improvements of \$5,700, which will be distributed over that period.

Commissioner Brady: Mr. Mayor, do I understand that you want the Commission to concur with whatever action that has been taken?

Mayor Murphy: I thought, Commissioner, that it would be better to report this to the commission, so that we could exactly know what came out of these negotiations, and we could find out how the Commission feels about it.

Commissioner Byrne: Have we any precedent, Mr. Mayor, for doing this, outside of the Brewster lease?

Commissioner Villani: How about the lease on the old garage? I have the same situation there. I mean the Casey Jones.

Commissioner Brady: Do we own that?

Commissioner Villani: Oh, we own that, yes. We could do this legally. There is no question about it.

Commissioner Byrne: Well, they

will get a two-year lease and they will make the improvements, and we get no rental at all?

Comm. Brady: We will get Eleven Hundred Dollars and Sixty-seven Hundred Dollars the second year, which makes Seventy-eight Hundred Dollars for two years. And the improvements, of course, will be made.

Mayor Murphy: Of course they want to know as soon as we get title, if they could be considered on an option for an additional two years. I said that would come under Director Villani's jurisdiction at that time.

Mr. Nicholas Albano: The Mayor has already accumulated about \$3,800 in rent against the taxes, since the receivership was inaugurated in March.

Commissioner Villani: Is there a tenant there now?

Mr. Nicholas Albano: Yes, there is a tenant there now. There are some stores there. There is a garage in connection with this property, and there are one or two other stores.

Commissioner Byrne: We are getting no income at all from it now?

Commissioner Villani: Yes, we are.

Mr. Nicholas Albano: We are not receiving anything at all from the major part of it, but we are from the stores.

Commissioner Villani: We are still getting income from the stores?

Mr. Nicholas Albano: Oh, yes.

Mayor Murphy: Oh, yes we are. That has nothing to do at all with

the lease before us or the proposed lease before us.

Commissioner Brady: As I understand it, Mr. Mayor, the lease will be made with you as Receiver of the property, is that correct?

Commissioner Villani: Yes, subject to the ruling of the court.

Commissioner Villani: Yes.

Commissioner Keenan: It is really no business of this Commission, other than to hear the report on the negotiations.

Mayor Murphy: I naturally do not like to go into matters of this kind without the approval of the rest of the Commission.

Mr. Maurice Schapira: Except this, Commissioners, that when you do get title to the property, you will find on the property a lease of two years.

Commissioner Keenan: If we get the lease as of a certain date, no matter who is there, that is the lease as is?

Mr. Maurice Schapira: Yes.

Mayor Murphy: Would you say, Counsellor, that with a reconditioned property and with a lease of two years, that we would be in a better position to dispose of the property than we are in its present condition?

Mr. Maurice Schapira: In my humble judgment, yes.

Commissioner Brady: I think that it is the consensus of opinion of the Commissioners that if we get this property, that we should try to get it in its best shape.

Mayor Murphy: The place is in terrible shape. If the members of the Commission would go there, if they had the time and if they could see the condition of the property as it is there now, they would see that it is in bad shape.

Commissioner Villani: I second the motion.

Commissioner Brady: I still move, Mr. Mayor, that the Commission concur with the action of the Mayor in connection with this lease.

Commissioner Villani: I second it.

Mayor Murphy: You heard the motion that the Commission concur with the action of the Mayor in the presentation of this lease.

The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mr. Maurice Schapira: Lieutenant Quiman, did you want to say something?

Lieutenant William Quiman: I only wish to thank you, Mr. Mayor and the Commissioners, for anything you could do to expedite this thing. The Adjutant General sent me a letter last week stating that this school will be enlarged by 50 men every two weeks. This is the only school that trains enlisted men and has the personnel that have the ability to put this training course over. And anything you do to expedite this matter, is greatly appreciated by the Signal Corps.

Mayor Murphy: Is there any further business before the Commission?

Acting City Clerk There is this application from the Board of Adjustment.

Mayor Murphy: On this application from the Board of Adjustment, with reference to an application for permit for automobile sales station, the request is that this matter be deferred for a period of two weeks, until December 2nd. Is there a motion to that effect?

Commissioner Villani: I so move you.

Commissioner Brady: I second it.

Mayor Murphy: Motion has been made that this be deferred for two weeks. The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy

Acting City Clerk That is all on the Clerk's desk, Mr Mayor

Commissioner Villani: I move we adjourn.

Commissioner Brady: I second it.

Mayor Murphy: Motion has been made that we adjourn. The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

THE CITY OF NEWARK  
NEW JERSEY

LAW DEPARTMENT  
CITY HALL

Nov 26, 1942

Re: Omitted Tax Cases pending before County & State Tax Boards against Sun Oil Co.; National Biscuit Co.; Sperry & Hutchinson Co.; American Radiator Co.; Underwood - Elliott Fischer Co.; Porto Rican American Tobacco Co.

Hon. V. J. Murphy, Mayor  
Dept. of Revenue & Finance  
City

Dear Mayor:

I hand you herewith copy of a recent decision of the New Jersey Supreme Court in our omitted tax action against the National Biscuit Co., which holds in substance that in order that the "chief" office may be determined, it must be shown that the executive office where the vital acts of the company are performed, is in the City of Newark.

This decision, together with that of the Sun Oil Co., appears to be dispositive of the above cases we have pending with respect to alleged omitted intangible personal property. Sun Oil Co., Executive offices in Philadelphia; 3 plants in N. J. National Biscuit Co., Executive office N.Y.C., 11 places in N. J. American Radiator Co., Main office Chicago; four plants in N. J. Underwood-Elliott Fischer Co., Main office N. Y. C.; 6 locations in N. J. Sperry Hutchinson Co.; Main office N. Y.; a small premium office in Newark. Porto Rican American Tob. Co.; company in bankrupt court; N. Y. federal circuit; discontinued here before assessing date for 1940.

Puder & Puder (Mr. A. H.) who compiled the data and prepared the complaints in the several cases, and gave testimony at different times,

informs me that we cannot show in any case that the vital acts of the companies are performed in Newark.

Consequently it follows that we cannot prevail in any or the several cases against the above named companies and our complaints will fall; be dismissed. Mr. Fitzsimmons, Secretary Tax Board is of my opinion.

May I suggest that the attached resolution be acted upon at Wednesday's meeting of the Commission. Copies of this letter and resolution herewith; kindly forward to each member of the Commission.

Very truly yours,

J. A. Ward, Legal Asst.

RESOLVED, By the Board of Commissioners of the City of Newark that the action of the Director of the Department of Revenue and Finance in appointing Samuel Weitzman, Temporary Acting Comptroller in the Department of Revenue and Finance, at an annual salary of Five Thousand Dollars (\$5,000.00), effective December 1st, 1942, during the absence of Barney Koplin, Acting Comptroller of the City of Newark, in the armed service of the United States, be and the same is hereby ratified and confirmed and said salary is to be paid semi-monthly as other salaries are paid and the City Clerk is hereby authorized to place said name on the pay roll.

Mayor Murphy: Board of Adjustment matters.

The Acting City Clerk presented the following resolution:

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of Samuels and Samuels (Vaux Hall Holding Corp., owner); for the renewal of permit for automobile sales station; on premises 242-248 Belmont Avenue; same to be in accordance with the amended plans approved by the Board of Adjustment; such use to be limited to the period of one year ending October 9, 1943;

AND the matter having been considered by this Board;

IT IS RESOLVED, by the Board of Commissioners of the City of Newark, that the said recommendations of the Board of Adjustment be and the same are hereby approved.

Commissioner Keenan: What do they mean by "sales station"? Do they contemplate the erection of that objectionable shed again?

Mr. Henry Gottfried: (Representing the applicant) No, no, Commissioner.

Mayor Murphy: You heard the reading of the application. Is there anyone here who desires to be heard?

Mr. Henry Gottfried: I appear here for the applicant. I am not opposed to it.

Mayor Murphy: Is there anybody here who is opposed?

(No response).

Mayor Murphy: Will you kindly speak at this time and state your views?

Mr. Henry Gottlieb: This application is for a sales permit for automobiles. It takes in an area less than the previous permit granted. It is just for the lot. There will be no shed or anything else to be constructed. It is a renewal of an existing permit.

Commissioner Keenan: Does it in any way change the complexion of that piece of property, or the activities that are going on there now under this existing permit?

Mr. Henry Gottfried: Not at all.

Mayor Murphy: Is there a sales station there now?

Mr. Henry Gottfried: There is a sales station there now. That has been operating continuously.

Commissioner Byrne: How long?

Mr. Henry Gottfried: This is the third year, Commissioner.

Perhaps you Commissioners will recall that last year there were two applications made. One application was made for a sales lot; and the other application — that was a renewal of the permit for a sales lot, — and the second application was to erect a shed

The Zoning Board okayed both of them; and the Commissioners turned down the erection of the shed.

This application now is for the renewal of the sales lot permit, and not for an erection at all. And it is for the renewal of smaller space. Last time we had 80 by 200 feet. Now we are asking for 80 front by 100 depth.

Commissioner Keenan: That does not revive that objectionable proposition which was rejected by the Commissioners, the erection of some kind of a construction?

Mr. Henry Gottfried: It does not.

Mayor Murphy: Who is representing the Board of Adjustment here?

Acting City Clerk: They just called up, Mr. Mayor. They will be down in a minute, I imagine.

Commissioner Byrne: When you acquired this property, did you represent Samuels and Samuels then?

Mr. Henry Gottfried: Not when they acquired the property by purchase, no, sir.

Commissioner Byrne: I don't know when it is exactly, but about three years ago it was my understanding that this property was acquired with a definite understanding that an agreement with the city was made that a Hundred Thousand Dollar building will be erected there. My deputy says "ten" — I thought it was a hundred — that a \$10,000 building would be constructed on that property. I think that your people took it away from the N.Y.A., and the city relinquished that to the N.Y.A. and to the present owner, as I understand

it, for you to construct a building there. Now, that has never been done.

Mr. Henry Gottfried: Commissioner, I did not represent the present owners when they acquired the property. This application is made in the name of Samuels and Samuels, who leased the lot for the purpose of selling cars there. Now, there is a garage on the premises that is leased to someone else; and there are two tenants above the garage building.

Was the understanding or the arrangement with the Commissioners prior to the purchase by the two owners, sir? I do not know after the purchase an application was made to the Zoning Board for this sales lot purpose. The Zoning Board granted a permit for six months. After six months operation, we came in for a renewal of the permit, and in asking for a renewal, we asked for this shed to cover the cars. We were granted a one year — no, we were granted a one year permit for the parking lot. That is, a year and a half. We came in again at the expiration of that, for both the shed and the parking lot, and both were granted by the Zoning Board. And this Commission turned down the construction of the shed. So, we have been operating by three permits granted by the Zoning Board, and approved by this Commission.

Now, we are coming in for another renewal, for a reduced area. The original permit that was granted covered a front of 80 foot on Belmont Avenue to a depth of 200 feet, extending out to Livingston Street. Due to the existing conditions now, we are asking for a depth of only one hundred feet, making our sales lot 80 foot front by 100 foot in depth. It has been used continuously for the purpose, sir.

Mayor Murphy: Here is Mr. Rankin of the Zoning Board. Have the facts as outlined by thin counsellor been correct?

Mr. Russell Rankin: As I recall them, yes, sir. There were those different permits issuer. The present one, as counsel has stated, is for 80 by 100. But we have an application in now, and pending, for the remainder of that property in the rear of it, for use by the Krueger Brewery Company.

Mayor Murphy: You have an application by them to use that property?

Mr. Russell Rankin: Yes, sir. For parking their trucks.

Commissioner Keenan: The only objection, as I recall it at the time, Mr. Mayor and members of the Commission, was the objection to the erection of some kind of an obnoxious shed there. But, if this is the renewal of a parking lot permit, that may change the complexion. As long as it does not in any way involve the construction of this objectionable shed.

Mr. Henry Gottfried: Absolutely not.

Commissioner Byrne: For the benefit of the members of the Commission, here is part of the agreement: "However, if the proposed purchaser would make a guarantee that the property would be immediately improved with a substantial type of building, which would be subject to the city taxes for both land and building, then in my opinion, the city should accept their best offer and not continue to hold the property as exempted land." Then a little further on there is a letter here from Mr. Miller, of the N.Y.A., on January 11th, 1941, from me to him, where I say, "Of course

you realize the lease should include the fact that the building would revert to the city, and the same would become city-owned property." Now, I don't know how these all went through, because I personally vote for it; but there is a compliance here that was not adhered to on an agreement that had been made.

Commissioner Brady: That puts me in the same category, Commissioner Byrne, as the tax situation that we discussed at the last meeting, where priorities might interfere with the construction of a proposed building.

Commissioner Byrne: I don't think so. This is three years old.

Commissioner Brady: Oh, I see. I thought this was recently. What is the Zoning Board's decision on it? What did they do about it?

Mr. Henry Gottfried: The Zoning Board approved the first permit for six months, and then granted a renewal for one year. And then another renewal, and then this is the next application for the other renewal.

Commissioner Brady: Did you apply to the Zoning Board for it?

Commissioner Byrne: Yes.

Mr. Henry Gottfried: Yes. The Zoning Board granted it.

Commissioner Brady: Then what are you doing here?

Mr. Henry Gottfried: Well, it has been referred to the Commission for approval.

Commissioner Keenan: That is right. The only question is that the Zoning Board did grant the permit for the erection of this proposed shed a year or two ago, and objec-

tion was raised against it. And the Commission voted it down.

Mr. Henry Gottfried: Yes, sir. That is right. But not for the permit for the sales station. That was voted in favor of it.

Commissioner Brady: Oh, I see. I did not know that.

Commissioner Keenan: We don't have all this information here.

Commissioner Brady: Where did you get this information?

Commissioner Villani: That was by the previous administration.

Commissioner Keenan: I move the application be adopted.

Commissioner Brady: I second the motion.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

#### BOARD OF ADJUSTMENT

#### CITY HALL

#### NEWARK, NEW JERSEY

November 24, 1942

The Board of Commissioners  
of The City of Newark

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted recommending to your Honorable Body, in accordance with Section 40, 55-39 R. S.,

that the following applications for variances from the terms of the Zoning Ordinance be allowed:

69-73 New Street (113 Washington Street); N. J. Toilet & Towel Supply Co., owner; renewal of permit for automobile parking station; such use to be limited to the period of one year ending November 4, 1943;

\*289-291 Fairmount Avenue; Salvatore Garaffa, owner; renewal of permit for automobile parking station; such use to be limited to the period of one year ending December 10, 1943;

7-7½ Beacon Street; Beacon Tool, Inc., in a 2nd business district the establishment of machine shop for the manufacture of machine tools; same to be in accordance with the plans approved by this Board; such use to be limited to the period of five years; — (No objectors);

Respectfully submitted,

#### BOARD OF ADJUSTMENT

R. B. Rankin  
Secretary.

Ordered filed.

Acting City Clerk: Two of the above are renewals and no objection made to the other. These three matters can be heard under the suspension of the rules.

Commissioner Brady: I so move you.

Commissioner Villani: I second it.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady,

Byrne, Keenan, Villani, Mayor  
Murphy.

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of N. J. Toilet and Towel Supply Company, owner; for the renewal of permit for automobile parking station; on premises 69-73 New Street (113 Washington Street); such use to be limited to the period of one year ending November 4, 1943;

AND the matter having been considered by this Board;

IT IS RESOLVED, by the Board of Commissioners of the City of Newark, that the said recommendations of the Board of Adjustment be and the same are hereby approved.

Commissioner Keenan: Just one moment on that application. Is this the application on 69 New Street? Is this a renewal by the N. J. Toilet and Towel Supply, or is this the original application by that Company? Isn't this the station which these two people ran who were indicted in that racket? Are they applying for a renewal, or is the New Jersey Toilet and Towel Supply Company applying now on the original application?

Mr. Russell Rankin: This is a renewal.

Commissioner Keenan: By whom?

Mr. Russell Rankin: By the N. J. Toilet and Towel Supply Company.

Commissioner Keenan: Do they own it now, or are these two men operating it?

Mr. Russell Rankin: The application has always been made by the owners of the property.

Commissioner Villani: That is right.

Commissioner Keenan: Oh, is it?

Commissioner Villani: Yes.

Mr. Russell Rankin: I don't know who made the application. I have no record of it.

Commissioner Keenan: All right. I move that the application be approved.

Commissioner Villani: I second it.

Mayor Murphy: Application for an automobile parking station at 69-73 New Street.

Are there any objectors?

The Board of Commissioners  
of the City of Newark, N. J.

MARTIN G. BROSS  
Acting City Clerk

Newark, N. J., December 16, 1942

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 2:00 P.M., Eastern War Time.

Mayor Murphy: The meeting will come to order. The Clerk will call the roll.

Present: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: The Clerk will read the minutes of the previous meeting.

Commissioner Villani: I move that the reading of the minutes be dispensed with.

Commissioner Brady: I second the motion.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Brady introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance as follows:

An Ordinance to amend Section 1050 of Revised Ordinances of The City of Newark.

The Board of Commissioners of

The City of Newark, Do Ordain:

1. That Section 1050 of the Revised Ordinances of the City of Newark, (Revision 1937) be and the same is hereby amended to read as follows:

"The installation of any gas appliance in a bath room is prohibited."

Each automatic gas hot water heater shall be connected to an exhaust pipe of galvanized wrought iron, or steel, or a brick or tile flue. Where such pipe is concealed, the exposed connection between the apparatus and the flue may be sheet metal. This pipe, or flue shall be extended to the outer air in such manner as shall permit the free passage of smoke or fumes. The pipe or flue shall be not less than three (3) inches in diameter inside. The joints, or connections, shall be gas and air tight.

The use of rubber hose, or any flexible metal, or other flexible material, for conducting gas to any gas appliance, is absolutely prohibited, excepting, however, where gas is used in manufacturing processes or laboratories the Department of Health may permit the use of approved flexible metal hose.

2. All ordinances and parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

3. This ordinance shall take effect immediately upon final publication and passage according to law.

The roll being called, the motion

was declared adopted by the following votes.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Brady moved that December 30th, 1942, at 2:00 P. M., Eastern War Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

The City Clerk presented "An Ordinance relating to and fixing the salary of certain officers and employees of the Division of Fire and Police of the Department of Public Safety of the City of Newark," and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

The Board then entered upon said hearing.

Mayor Murphy: Does any citizen desire to be heard on this ordinance?

Acting City Clerk: I have a communication from the Reim Ahuvim K. U. Verein, addressed to the City Commission. It reads:

December 14, 1942.

Honorable Sirs:

At a meeting of the Reim Ahuvim K. U. V. Verein held at 920 Bergen Street, Newark, N. J., on Thursday evening, December 10th, 1942, the following resolution was unanimously adopted:

"That the Reim Ahuvim K. U. Verein go on record as heartily in accord with the city ordinance introduced December 2nd, 1942, granting much needed pay raises to the police and fire department members of the City of Newark.

"It is our desire that this Commission read this communication at the public hearing on this ordinance December 16th, 1942.

"Our organization includes some one thousand members, all taxpayers and interested in the welfare of our city. This organization has been in existence 55 years.

Very truly yours,

BERNARD NEWMAN  
President.

Ordered filed.

Mr. John C. Feil: Mr. Mayor and City Commissioners, I am here as President of the Newark Taxpayers Association, representing that organization, and conveying the actions of the annual meeting held at the Robert Treat Hotel on December 1st.

At that meeting of our organization went on record as opposing any permanent increase for the police and firemen at this time, inasmuch as they are one of the highest paid departments comparable with cities of this size, and in line with

the conditions as they exist. They have asked me to appear before this meeting and express their wishes as being in favor of a bonus.

Now, in these stressful times, industry has resorted to a bonus which is known as a "living cost adjustment." This method is being used by many industries throughout the city and throughout the state, and it has been given the okay of the War Labor Board. The adjustments are made periodically as conditions change.

Now, I was just wondering whether it would be not wise to postpone any action on this important matter today for the reason that we have written to the War Labor Board asking them if it would be permissible for the City Commission to make this raise at this time, to grant this raise at this time. And furthermore, I was just wondering whether it would be wise to hold this until we got a written report from the Corporation Counsel, defining the action of the War Labor Board matter.

Now, our association has gone on record for many years, and more so in the past two years, for strict economy in the city's business, and I dare say that under this present administration we have made good progress. But they feel that the progress that was made, was not sufficient in harmony with the present conditions, the war conditions.

We have gone on record requesting the City Commission not to fill the various positions as the boys are called into the service. We take the stand that it might be well, whenever possible of course, to hold those positions over, so that when the boys return, the positions would be there for them. Of course, the City Commissioners have dis-

agreed with us. We have noticed by the press that many of these positions that the boys have left have been filled, and other additions have been made to the city payroll.

If I may be permitted to read this little note: that sort of strikes the situation pretty well — "If the man who don't work yet on the city payroll were taken off, those who do work could get a decent raise so they could live decent in times like these."

Now, we must make sacrifices, because it is imperative for all of us to make sacrifices; and we make more sacrifices as time goes on. We are confronted with a very serious situation. And it behooves every governmental official and every city official to make sacrifices in accordance with the conditions of the times.

Now, it is true that we have had increased tax collections, which I think will have a tendency to reduce the tax rate. But those things that increase the tax collections are due to improvements in economical conditions and also due to the fact that the Commissioners have taken action on the delinquent taxpayers, which is very notable.

I want it distinctly understood that our association, in spite of the fact that we feel that the Police Department is well paid, we still are in favor of an adjustment in the form of a bonus, and I think we could well afford to follow the practice of industry. And after all, if it works all right there, it certainly ought to work all right with the City.

And this is also necessary, for the reason that when we hear over the radio and read the newspapers that only one out of four will be able to pay the increased income

taxes, the enormous increase of income taxes next year, — and of course they will increase as years go on — the only place where the people will have to look for relief is on the city taxes, which, to my way of thinking is all important. And I again respectfully request the City Commission to lay this matter over for two weeks.

Mayor Murphy: Is there anyone further who desires to be heard in opposition to this ordinance?

Mr. Charles Schankroff: Mr. Mayor, it may be a small matter, but I don't know what or how important it is; but in the advertisement there appears a clause there, and I cannot understand it. I checked it up with the original ordinance, and it does not appear in the original ordinance. But it does appear in the advertisement. And that comes in, in Article 3, after Section 5. There is some hieroglyphics there that I certainly don't understand; and I don't know how material it is to the legality of this ordinance.

But so far as the entire ordinance is concerned, it seems to me that there has been no raise to the police since 1927, or for 15 years. They have been sort of satisfied with the salaries that they have been receiving, and now in December, 1942, there is a movement for an increase of something like \$500 a year, or more.

It looks like a Christmas present; like Santa Claus starting to work when the United States Government, the original Santa Claus, has stopped playing Santa Claus. And we are starting it here.

I think it might turn out to be a joke. So it does not benefit the 1942 salaries, but it should benefit

the 1943, if it is adopted. And if for some reason the thing may be upset, it will be a case of "hope deferred" and there will be no immediate benefit.

The effect of this ordinance is that you do give, according to the ordinance, an increase to those who are in service for a number of years, while the recruits in this Department, or the so-called "rookies" or those who entered into the new positions are not invited or encouraged to go into the Police Department. And yet I understand, according to the Civil Service roll, about three hundred or more are eligible to go in now, — if you will make an inducement for the new man to come in.

This is also to me like a gesture. I have great doubt whether this ordinance will, if passed, benefit the rank and file of these men. If they don't get the increase next year, somebody is going to be disappointed.

Commissioner Brady: Just a moment, Mr. Schankroff. You went back to 1927, didn't you?

Mr. Charles Schankroff: I was told there was no change since 1927.

Commissioner Brady: Oh, you were told?

Mr. Schankroff: Yes, sir.

Commissioner Brady: Were you told about the "stagger days," when these men gave?

Mr. Charles Schankroff: I was not told about it, but I believe they did.

Commissioner Brady: Were you told when they went into their

pockets and helped out the City Treasury by paying from their deductions?

Mr. Charles Schankroff: Do you mean by that they accepted cuts, like everybody else?

Commissioner Brady: No. They did not accept cuts. But they gave out of their own pockets to help about two hundred others.

Mr. Charles Schankroff: Well, I did not know that.

Commissioner Brady: Well, as long as you are checking, you check on all of it.

Mr. Charles Schankroff: I am not checking anything; but I am just telling you what I think about it. That is all.

Mayor Murphy: Mr. Feil, did I understand you to say — I want to get it correctly — it might be in the record — that the War Labor Board approves of the bonus plan? If so, let us know where you get your information. Maybe I am wrong about it. Do I have you quoted correctly on it?

Mr. John Feil: I only know that the industries, certain industries here are using the "adjustment living costs" as a bonus, and they make adjustments periodically as the cost of living changes.

Mayor Murphy: You don't know of any of those cases that were put before the War Labor Board, do you?

Mr. John C. Feil: No, I do not.

Mayor Murphy: No, I guess not. Neither do I. And I don't guess anyone else heard about it, because I have not heard of any.

Mr. John C. Feil: I know it was done with the consent of the union officials, under the direction of certain people who have contact with the War Labor Board.

Mayor Murphy: The only thing that I know is that they approved or disapproved of percentages of increases. No question of bonus do I know-of was ever brought before the War Labor Board.

Mr. John C. Feil: I might agree with you on that, Mr. Mayor. It probably is not known as a bonus. It is known as a "living cost adjustment," and it is being used in many industries throughout the city.

Mayor Murphy: They may do that of their own accord, and acceptable to the employees; but when it comes before the War Labor Board, it is all done with the consent of the officials.

Mr. John C. Feil: With the consent of the union officials.

Mayor Murphy: What are you talking about now, the bonus plan?

Mr. John C. Feil: Yes, sir.

Mayor Murphy: I am talking about the increase.

Mr. John C. Feil: I am talking about the bonus plan.

Mayor Murphy: There have been cases before the War Labor Board where both the management and labor have agreed, and the War Labor Board does not have to raise that question at all. But I don't know whether this was the question of bonus.

Mr. John C. Feil: I am trying to bring out that the system is being

used in many industries.

Mayor Murphy: Yes, that is true, but it has nothing to do with the action of the War Labor Board. I only wanted to clarify that important point, because I did not want it in the record that the War Labor Board gave consideration to that. They have not given consideration to a bonus when the statement was made that they did.

Mr. John C. Feil: I did not mean to convey that information.

Mayor Murphy: I just wanted to have it clear.

Commissioner Brady: I would like to ask Mr. Feil a question. Have you read today's press?

Mr. John C. Feil: Yes, sir.

Commissioner Brady: Did you see the article about the increasing salaries of employees?

Mr. John C. Feil: Yes.

Commissioner Brady: Do you know whether the Tax Association is going to do anything to take care of Mrs. Baumann, whose husband was murdered recently? Are they making any provisions for looking after the welfare of the family where both the policeman and fireman met death during the performance of their duties? Have you made any provisions to take care of them?

Mr. John C. Feil: Not to my knowledge.

Commissioner Brady: You appreciate that the police and firemen in the Police and Fire Departments are in hazardous occupation?

Mr. John C. Feil: Yes, sir.

Commissioner Brady: And your association appreciates that fact?

Mr. John C. Feil: Certainly.

Commissioner Brady: Do you appreciate that in Harrison, N. J., they are getting from \$3,000 a year, and in some smaller boroughs and in some smaller towns they are getting \$3,000 a year?

Mr. John C. Feil: Yes, sir.

Commissioner Brady: And do you also appreciate that I worked in the department for 35 years, and that perhaps I am more qualified to tell about the hardships and the heartaches and the headaches and the abuse that has been taken by the members of those departments over a period of years from "cop-haters"?

I for one want it distinctly understood that as a member of the City Commission I want to go on record again that I am in favor of giving everyone in my employe a decent living wage. That goes for policemen, firemen, for school teachers, and for everybody else in the City of Newark.

And I hope to see the day when some of these municipal research bureaus and taxpayers associations would get out and do something to alleviate the conditions that I went through for 35 years. (Applause).

Mr. John C. Feil: I may answer you and say that the Newark Taxpayers Association is an organization about eighteen years old.

Commissioner Brady: And may I make one more interruption, Mr. Feil?

Mr. John C. Feil: Yes.

Commissioner Brady: Many of the police and firemen and other employees of the City of Newark are taxpayers, and they pay their income tax too; and they mean to the department as much as these people who go around well-fed with big fat salaries.

Mr. John C. Feil: Of course, Director Brady, I did not come here looking for a controversy.

Commissioner Brady: I am just speaking as an official of the City of Newark, as a man who has had many years of experience in that line of work, when I did not get any help from any organizations, taxpayers, research bureaus, or anything of that kind. I am just as much interested in the poor people of the City of Newark, to see that they get a decent living wage, just as much as I am in the bankers and the big-bellied people who are well-fed.

Mr. John C. Feil: May I have a word now, at this time?

Mayor Murphy: You may. Proceed.

Mr. John C. Feil: The Newark Taxpayers Association is composed of a group of men and women, small property owners. You have always tried to do a constructive job for the best interest, for the common interest of the people of the City of Newark. There are many things that have taken place here that we could take some credit for in bringing about. I think that you will agree with us, with me.

Commissioner Brady: I have the utmost respect for your organization.

Mr. John C. Feil: Well, will you agree with me that we have always

been out for having a better government, and we were very active in the change of administration, which has made it possible for the City Commission to sit here today.

Now we believe that everybody should have a decent living wage. That applies to everybody in the City of Newark. And as I said at the outset, we favor increased compensation. And we favor a living cost adjustment. You may call it "adjustment" or anything else. And as to the amount of the bonus, that is a matter for the administration. That is a matter for you to decide. Now, when I said that police and firemen of the City of Newark are paid as high, in comparison with other cities, I have a list of a few of them. Of cities between five hundred thousand and a million. That would come in the same classification as Newark. And I might cite for example Baltimore, \$2,008.

Commissioner Brady: (Interrupting) That is no comparison to Newark. Not for me.

Mr. John C. Feil: If that is no comparison, there is no sense in me wasting my time.

Commissioner Brady: No, it is not. If you want to compare Baltimore and Buffalo and other big cities, you cannot compare that with the City of Newark, because there is no comparison, no relationship. We have statistics too, that we could show. I speak now as a former member of the Police Department. We have statistics which would show that those cities cannot compare with the City of Newark with its police department or fire department. There is no comparison. We handle a population here in the City of Newark of over three million people daily. And we cannot compare Buffalo and Balti-

more and some other cities, because it is on a population system.

Of course I don't know how the other Commissioners feel about it, but it won't influence me in making my decision, because I went through all that stuff.

Mr. John C. Feil: Buffalo, \$2,250. Milwaukee, \$2,550; Pittsburgh, \$2,245.

Commissioner Brady: They are all isolated cities.

Mr. John C. Feil: New York is \$3,000. And Detroit is \$2,650. Philadelphia, \$2,190. Jersey City is \$3,000, we know, and we also know that Harrison is \$3,000.

Commissioner Brady: How about Oakland, California? How about Los Angeles?

Mr. John C. Feil: But in spite of that, Director Brady and Commissioners, we favor a bonus at this time.

Mayor Murphy: I just wanted to say, Mr. Feil, of course you did make a statement there that due to the change in the economic situation, that the tax rate has greatly, or the payments by the taxpayers of taxes, have greatly increased. And of course they were due to the collection of delinquent taxes. I imagine you have in mind there and tax title liens.

Of course, there have been practically nothing as yet on that now, but I think you will also, if you want to be fair, say — and let us be fair about it — that the Director of Revenue and Finance, over a period of years, has seen the tax collections increase. And I am sure that the Taxpayers Association will agree with me, that the Revenue

and Finance Director was very instrumental in bringing about to the taxpayers the responsibility of having to pay their taxes. And the fact also that they were informed through letters sent to them, and through the revaluation and equalization of lands and buildings throughout the city, thereby cutting down their valuation; and encouraging them in paying their taxes.

The proof of that is that each year, for the past few years back, there has been a steady increase, even though you don't have the economic changes which the workers are having now, which the workers are now enjoying. I think you will agree that that is true.

Mr. John C. Feil: That is true.

Mayor Murphy: So I just wanted to get it clear that after all it was a long term, well cut out good fiscal policy which was being followed, and which was directly responsible for each year's increased tax collection in the City of Newark. And while it is true we are receiving, from the change in the conditions, an additional increase, I think that in all due respects to the job that was done, it has been over a long period of time. And certainly no one fought any harder than I did with the previous administration in how this could be handled, than I did.

Mr. John C. Feil: That is true. As I said, we realize that this Commission has made a great deal of progress. And this is one of the first important matters that have come up.

Mayor Murphy: Of course you are entitled to come up here and place your views. That is a matter

of right. You are entitled to that.

Mr. John C. Feil: I am expressing the views of the Newark Taxpayers' Association.

Mayor Murphy: Of course you represent them. We may not agree with you; but you are entitled to your views. Is there anybody else who desires to be heard in opposition to this ordinance?

Mr. Henry J. Loshe: Mr. Mayor and gentlemen of the Commission—

Mayor Murphy: (Interrupting) Is there anyone who desires to appear here in opposition to this ordinance?

(No response).

Commissioner Villani: I move the ordinance. I move that the ordinance be adopted.

Commissioner Brady: I second it.

Commissioner Keenan: Mr. Mayor and members of the Commission; as the sponsor of this particular resolution. I would like here and now to go on record as to the reasons that actuated my having introduced said ordinance.

I have before me statistics from Washington to the effect that the typical American family receives \$2,500 per year. Those statistics have been calculated upon the typical American family of husband and wife and two children. I would like now, at the outset, to say, as far as some members of the Police and Fire Departments are concerned, they have from one to fourteen children in some of their various families. Statistics will prove that that typical American family, in the category of which we find the members of the Police and Fire

Departments in this, our great City, whose statistics show that in the year 1943 too, that typical American family will have a net of \$2,039 insofar as the \$2,500 salary rate is concerned. In addition to that fabulous reduction, so far as police and firemen are concerned, it must be remembered that they must pay one hundred dollars a year for pension rights. The question then could be asked if that is an investment. And if you will, and I grant that it is; yet they must have the hundred dollars to pay it. In other words we reduce the net from \$2,039 to \$1,939 per annum. With this, with the cost of the uniform, we take the minimum rate per year of \$25. So that the \$2,500 a year police and firemen receive leaves a net income in his home of \$1,914 in the year 1943. But we must also remember that since 1927 there has been no increase in salary granted to those particular groups of faithful, diligent citizens over that period of time. I also have statistics before me saying that Uncle Sam, in today's "public service" is raising One Million, Five Hundred Thousand Dollars in salaries. I also have statistics before me saying that the cost of living has increased 31 per cent since 1939, in addition to whatever it has increased since 1927.

I also have before me statistics wherein it says that in these cities the police and firemen have received more per annum than do the police and firemen of this city: Jersey City, Harrison, Edgewater, Palisades, Hudson County Boulevard Police, Yonkers, N. Y., New York City, — \$3,000 in New York City — Mt. Vernon, N. Y., \$3,000., New Rochelle, N. Y., Hudson County Police, White Plains, N. Y., Montclair, N. J., and Asbury Park, N. J.

In addition to this, I would like to say here and now and for the record, that here in Essex County much has been said about the salaries paid by the County Government, insofar as likened positions are concerned. In particular, the Jail Guards of Essex County receive \$3,000 per year. The Prosecutors detectives in Essex County receive a maximum of \$3,600. The Court Attendants here in Essex County receive \$3,000 per year.

Comparative figuring, the Prosecutor's Detectives get \$3,600 per year, while our Newark detectives of many years experience in police service, get \$2,500 per year.

Those sums in the County have been such fabulous sums, that these following members of both the police and fire division have both surrendered their positions and have taken positions with the County: Bill Callahan, Arthur McLaughlin, Edward F. Krug, Vincent Byron, Martin Kenney, Patrick Troy, Frank McDevitt, Arthur B. O'Neill, Frank Fahey, Humbert Berardi, Joseph Goldberg, Michael Crawley, John Moffitt and Michael Carr.

In addition to that, our own Government has dangled before members of these two most important branches of the city service titles and salaries far in excess of what they received as members of our police and fire divisions. With the result that the following members of the police department, fifteen in all, have now Petty Officer ranks in the Navy: Patrolman Wallace M. Henry, Patrolman Lawrence W. Sheridan, Patrolman Lawrence V. Cavanaugh, Sergeant Carl P. Stein, and Patrolmen Valentine H. Schnell, Leroy J. Waterbury, Walter F. Jorgensen, Harry T. Motley, Charles Berth, James T. Stapleton,

Thomas W. Hurley, Henry Epsel, Howard W. Decker, William V. Flynn and Edward T. Schauck.

I went on record and appealed to all branches of our Federal Government, asking that they do not take these trained and experienced members of the police and fire division from Newark and dangle before them these positions with increased salaries, over and what they receive here, for the reason that, knowing the vulnerable spot that this town is in, along with the Atlantic seaboard — it is the most important county—realizing, and I should with 28 years experience in this branch of Public Safety of our Government, I realize the importance of trained and specialized police and firemen.

It is in the event that this town become bombed, and that can happen — we are trying to guard against that — the two most important branches of service to the people will be the firemen and the police. And with all that we learned that happened in London, that does not mean a thing.

In addition to that, I have the following members of the Fire Department who resigned to take positions elsewhere, paying more fabulous salaries than you can or they receive in the City of Newark: Fireman Edward J. Alverson, James J. Carr, Robert M. Hepler, Walter C. Smith, John C. Leonard, Edward N. Graham, John T. Struble, Hugh J. Groghan, George L. Loenig, Louis Hueber, Louis C. Connoll, Joseph Quinn, Irving Van Houten, John F. Kelly, John H. Conway, William H. Francisco, William Schrick, James H. Mulholland, Charles B. Likeman, and Joseph McCormack — twenty in all. In addition to that, I have a piece of correspondence before me, with

the caption "Keystone Order Works" wherein Gerber, a member of the Fire Department, was offered a position at \$2,900 a year.

I say we should pay the police and firemen at least a living wage. And a theory for that is unfortunately — and I use the word "unfortunately" advisedly — when some person mentions a policeman or a "cop", he always discredits that person. And I don't think that is fair. I think that if a policeman or a fireman is given at least a living wage, and it is nothing short of that, compared with those given by the county, we could then have a police and fire department, and a police department in particular, far above the approach of the insinuation of those remarks that are levelled from time to time, levelled up the heads of the Police Department.

I campaigned with certain issues: Honesty and decency in government; against invisible government, and the reduction of that fabulous \$5.88 tax rate.

I feel that we have honesty in this particular government, and particularly in this Department of Public Safety. We have decency. And I am proud of the record of achievement that the members of the Police Department have accomplished in the eighteen months that I have been responsible for the actions for the members of the Police Department. And if I could get a better backing up in the courts over whom we have a direct jurisdiction, I will show you better results, as far as decency and honesty is concerned.

The members of the Police Department have enjoyed an enviable record in the last eighteen months. We broke up an abortion ring that

was thriving in this town for years. Prior to this particular case, an abortionist who had been operating in this town for many years, he was given 15 months; and after the second month, was put out on probation. I raised the question "why." And nobody came forward to answer my question.

The Police Department worked on a case for three months, on a case where machinery was stolen from a business in this town, and it was recovered. They used to say "Don't come in Newark. You cannot get police protection. Your machinery are stolen out of your very plant." Well, I put a patrolman on the job, with the result the case was wound up. I have some half dozen pictures in my portfolio to prove those things. Those thieves were arrested, but with the result that the case was nolle prossed.

We will give you honesty. We will give you decency. And we will give you a lower tax rate. But at least, give the men a decent living wage that they are not now getting, in accordance with the statistics received from Washington and in accordance with the salary paid in other cities.

I feel that I have justified my remarks in having put forward this ordinance for the change of salary. Let this be understood. It is not an increase for all the members of the Police and Fire Departments. It is an increase for those in the lower brackets, those particularly within the \$2,000 grade.

The policemen too who start at \$2,100 and go to \$3,000. Those trained and experienced men, over the period of ten years or more, are in my opinion, entitled to at least that sum, which today may be

considered a living wage.

On the other hand law and order should be respected; and undoubtedly is in the minds of all good citizens. Unfortunately we have some who respect no law and no order; and if law and order should be respected, he who represents it in the person of the policeman, should be such a person that he too can command such respect for the law and order he represents. With these wages as they are rated today, he cannot be the person who should command respect of the law and order, especially respect, if he is the pauper in his neighborhood, at \$1,914 a year. At \$1,914 a year he is trying to pay his mortgage, if he has a home, and how he must struggle to do it on the salary he gets today. In addition to that, he has got to raise, feed and educate a family. Now, on this \$1,914 a year that the \$2,500 would get the police and firemen, next year he will be the pauper of his neighborhood and he will owe every butcher, baker and candlestick maker. And he cannot get the respect of anyone in his neighborhood, and therefore he is not the police officer who should command from the people the respect of the job he represents to obey the law and order.

I am glad to be able to present this ordinance for passage, and I surely will look forward to its passage.

Commissioner Villani: I move the ordinance.

Mayor Murphy: You heard the explanation by Commissioner Keenan in answer to those of the Taxpayers Association or any other groups throughout the city who feel that these men are not entitled to an increase. And his explanation

was certainly extensive and in detail and he states he feels that he can no more than justify his stand on any appeal that may be made by any taxpayer to the War Labor Board on the justification of this increase. I do not know that many political promises have been made to increase these men over a long period of time. And certainly, on all those different promises, they have never received any benefit, with the exception of perhaps by word of mouth; and had they received some benefit over a period of time, we probably would not be faced with the necessity of doing what we are doing today, in the making of these increases all at once. Nevertheless, the men had been led to believe from time to time that they were going to be increased, and on this ordinance, I personally feel that it is overdue, that it is a good one. And Commissioner Keenan is entitled to all the credit that goes with it, in responding to the needs of the firemen and policemen in the City of Newark.

I don't know whether the Commission wants to hear from those who are in favor, or whether the Commission wants to have them place in the record any matter that they might have, so that it will be made a matter of record.

Commissioner Villani: If it is a question of trying to convince us, it is just wasting time as far as I am concerned.

Mr. Charles E. McRaith, Jr.: We have convinced you it is worthy, we agree on that.

I would like, Mr. Mayor, with your permission, to offer for the record additional reasons to show that, and with Commissioner Keenan's permission, that this ordinance

should be introduced.

Commissioner Villani: I don't think it is necessary.

Mayor Murphy: It will be presented for the record.

Commissioners Villani: All right, for the record.

(A communication setting forth additional reasons why the ordinance increasing the pay of members of the fire and police departments should be adopted, signed by Charles E. McRaith, Jr., counsel for the State Firemen's Mutual Benefit Association, was read by the Clerk and ordered filed).

Mayor Murphy: And we also have a letter from the Civil Service Association.

(The Clerk also read a communication signed by Henry J. Lohse, President of Essex Council No. 1, New Jersey Civil Service Association, favoring the adoption of the ordinance, which was ordered filed).

Mayor Murphy: Is there anyone else who desires to have their name recorded in the record?

Mr. Robert F. Regan (Grand Knight, Knights of Columbus): I think it is unnecessary to add to what the Commissioner has said, but I came here today to speak in behalf of the increases for these men. I sincerely believe that they are due them; and as Commissioner Brady has said, for a long, long time, since 1927. It was in 1927 since they were given anything at all, and 15 years is a long time in being satisfied.

And likewise in connection with

the living wage adjustment, — that is true. These industrial contracts, they are prepared for industrial wage adjustments during the life of the contract; but as it is in the course of the men today, there are no contracts in the way of the firemen and policemen.

But I doubt whether the War Labor Board will interfere. Because in today's papers, the War Labor Board has denied them the right to inject themselves in the matter of city affairs. But insofar as the City of Newark is concerned or elsewhere, if the city people desire to take care of their own, they could do it without having recourse to Washington. I think we should do it.

Mr. Max Littman, 299 Clinton Avenue: Honorable Mayor and Commissioners, you have a legal right to raise salaries for those firemen and policemen, and anyone you think is entitled to it, under the conditions of today. But the pension fund, you understand me, I would suggest that the City of Newark should give two percent to the man who brings it to the pension fund. That we should not ask for. We should bring the budget down to fill the salaries of the people in the pension fund.

Mayor Murphy: So far as the City of Newark is concerned, we have to meet up with whatever deficit there is there, under the Act. But insofar as the monies are concerned, that is something else. The additional two percent is something which will have to come about through legislation, if necessary.

Mr. Max Littman: Don't you think that is good?

Mayor Murphy: That is some-

thing to take up with the legislatures at Trenton.

Mr. Louis Piltz: I represent, Mr. Mayor and Commissioners, I represent the Grocers Federation of Newark. We are in accord with this ordinance. They do hard and dangerous work, and they are entitled to it, especially now when the cost of living has gone up. They should have gotten it long ago. I thank you.

Mr. Charles Becker: I came down this morning, and I am here this afternoon; but I want to say, in answer to Commissioner Brady, as President of the Taxpayers Protective League, and one of the original organizers of the Newark Taxpayers Association, headed by John Feil, our organization went on record for honest and better government. And it was through us, as you no doubt know, that the investigation was brought about that removed the men right here from the heads of our administration.

Commissioner Brady said, "Well, why don't a civic league leader or a president of a taxpayers association go out to do something?" We were against extravagance. But we want to definitely go on record in favor of this increase. And we have plenty of facts that warrant it.

Quoting from the newspapers, there are certain individuals who are of the opinion that it would destroy our financial structure. I have heard very few comment on what Commissioner Byrne did. We were opposed to that million dollar grant down there on South Broad Street. Commissioner Byrne saved the taxpayers that one million dollars. The state did pay \$350,000, and all they are getting back is

some of that scandalous meadowland.

I want to compliment Commissioner Byrne on that victory.

I heard nobody say anything about that \$300,000 or \$350,000 that he saved with reference to that "white elephant" down there at the Airport. He has given us an income, and he has eliminated that deficit. And I could go on talking.

Nobody came out against any increase, nor did we go against it when Director Brady increased and equalized the wages and salaries in his department, when there was an increase of \$600,000. And I understand that we could very well go along with another increase that Commissioner Brady is going to present to this Board, for another \$125,000. And nobody said a word about it. But as soon as the policemen and firemen come into the picture, immediately there seems to be a lot of newspaper comments on whether they are entitled to it. And goodness knows that they definitely are.

I could go on, Mr. Mayor, talking; but I say you should, and you are going to give them that increase. They are entitled to it. They are deserving of it. And if we are going into the salaries of the employees of the City of Newark, other than the police and firemen, you will find they are on an eight-hour schedule; and the police and firemen are on duty twenty-four hours a day. And they are least paid. And with the overhead and the expenses they have—they have to stay in Newark, pay high taxes, and maintain their little home, while the other employees, some of them in the City of Newark, are permitted to move and get out of

town where they pay a lower tax and yet still come in here and tell you what to do.

I say, and I say it will all sincerity, those who are opposed are not sincere. They are only speaking as a professional group who have taken in certain members to protect their own interest.

If we had you where you are today, I for one would not have lost the apartment house because of the confiscatory tax rate and the mismanagement of our affairs.

God knows that we have five real men now. Time and again it has been said by people, "Why don't you go down to the City Hall and put up an argument against this administration?" And I answered "Give me the facts," and there was not a single person today who has anything against you five men. I fought for ten years to get these men in, and now that we have them in, I am going to fight for them and protect them, and I want to wish you all the greetings of the season.

Mayor Murphy: Now Mr. Becker, it is unfortunate in public life one cannot always receive the credit that one is entitled to for what one accomplishes. But one is always sure to be "hit between the eyes" by mistakes which one may make.

Mr. Joseph Zemel: Mr. Mayor and members of the Commission. There is very little that could be added to the arguments that have been advanced so far, on this ordinance, and I don't propose to advance them any further. Nevertheless I feel justified in taking the time for a minute or two and place myself on the record in favor of the ordinance. I think that Director Brady

with 35 years in the Department, and Director Keenan with 28 years in the department, will confirm what I say. It has been a tradition in my family always to believe in, and to do everything within our power to see to it that the police and the firemen of the City of Newark are well paid; and we have done that because we have been life-long residents of the City of Newark, and as men who have a standing in the City of Newark.

We feel it is to our advantage in more ways than one to have a good efficient fire and police department in Newark.

I don't belong to the Taxpayers Association. I don't belong to the Taxpayers Protective League, or any of those organizations. And yet gentlemen, I am a taxpayer in the City of Newark, (displaying a number of tax bills); and I realize that an ordinance of this kind may result in an increase in the taxes of Newark. But yet I feel that any increase in taxes this ordinance may bring about, will be very compensated for by the morale in the police and fire departments which we are sure to have. Thank you, gentlemen.

Mr. John J. Berry, Jr., 279 Ridge Street: I would have been prepared to meet stronger opposition in favor of this ordinance. I favored an increase for the police and firemen of this city for over a year, for the reasons, some of which have been advanced by Director Keenan and Director Brady and by the other speakers.

I don't intend to take up your time in going into any of the matters. I intended to discuss just one.

The bonus plans has been advanced as the solution. Unfortun-

ately, when business men are handling a business, they do not realize the difference between that and handling a political organization, a municipal organization. They run their business year after year. The stockholders run it for them also year after year; and by and large they always have a good administration.

We have now the finest administration we ever had in the City of Newark; but we have had experience otherwise, and we may again. If we adopt the bonus system, and they came into the picture again, if they came into the position that you gentlemen hold today, these men of unscrupulous character, they could raise havoc with the men in the Police Department. Today we have one of the finest departments, in the policeman and fireman, in the United States. Because I know it, and I live here; and I have lived in other larger cities.

And my reason for opposing the bonus system is that it cannot work. It has never worked in other administration; and we never know from year to year, term to term, that we will ever have such an administration, such an administrative body such as this which has done such a good job.

Mr. Aaron Levinstone: Honorable Mayor and Honorable Commissioners. You certainly are a very generous group. I have been watching these proceedings and I thought that you were not going to hear the citizens; but this is a democracy, and you gave everybody a chance, and it is very fine of you.

I simply came to direct the Commissioners' attention to one fact. We have an Army now that is fighting for our safety and for our way

of life, and there isn't anything too good for that Army. They are stripping the citizens of everything, and of all the luxuries; and I believe they are going to be stripped of necessities so as to be given to the Army. But, do the citizens realize that the police and the firemen are the army that works day and night, in time of war and in time of peace, and everyone of them, the police and the firemen, when he puts on his uniform, he is depositing his life for his fellow men?

Of course there are certain limits, but a salary of \$3,000 for a man to sacrifice his life for his fellow men at any time is certainly a very reasonable amount. And you are to be congratulated, all of you, and particularly Commissioner Keenan, for giving these men an opportunity to make a decent living after so many years, an increase in wages.

And there is one very interesting point: For quite a few years the policemen and the firemen were working along, and everybody looked upon them, as it has been known in common parlance, as "cops." But these "cops" have produced fine statesmen. They have produced Jack Keenan and Jack Brady, who have been elected by the electorate of the City of Newark to run and to conduct and to supervise our affairs. That speaks highly for the intelligence of the fine men, the police and firemen.

And I wish to congratulate you again for your splendid work, and to wish you the greetings of the season.

Mr. Michael G. Alenick: Mr. Mayor and gentlemen of the Commission. After listening to the remarks that have preceded, maybe it would

be an act of superciliousness, if not "gilding the lily," to say very much more, if at all; but I just want to make one observation and that is that the whole theory in the presenting of this resolution, or ordinance, is based upon economics. And if you are going to make the policemen and firemen of this city men who will economically comfortable, then you are practicing true economy, for the City of Newark in giving them the increases which they so richly merit. Thank you.

Mayor Murphy: Is there any other citizen who desires to be heard on the ordinance?

(No response).

Commissioner Villani: I move that the hearing be closed.

An Ordinance relating to and fixing the salary of certain officers and employees of the Divisions of Fire and Police of the Department of Public Safety of The City of Newark.

The ordinance having been read three times was then declared to be upon its third and final passage.

Mayor Murphy: The Clerk will call the roll.

Commissioner Brady?

Commissioner Brady: Mr. Mayor, this is a very happy moment of my life, to have the opportunity to have the first vote to back up the Director of Public Safety, who had courage enough to increase the wages of the men in the Police and Fire Departments so that they get a decent living wage. I feel very happy, as a former member of that department for 35 years to be able to have the first vote, and that vote is "aye." (Applause).

Commissioner Byrne?

Commissioner Byrne: "Aye."

Commissioner Keenan?

Commissioner Keenan: Mr. Mayor and members of the City Commission. In casting my vote, I want to cast it with this explanation: I am no politician and hope to God I will never be; and there is no politics motivating my acts here today, or when the ordinance was written or introduced two weeks ago.

Realizing, as I do in my long membership in the department with those men, the justice of the particular ordinance at this particular time, I am glad to vote "aye" (Applause).

Commissioner Villani?

Commissioner Villani: I want to say that ever since I was elected I have been for raises both for the policeman and fireman. And I am very glad to vote "Aye" for it today.

And that is no politics either. (Smiling).

Mayor Murphy?

Mayor Murphy: Mine is the last and final vote, and I have been waiting a long time for it, because I made the promise quite some time ago when it first came before the old City Commission, and I could never get the opportunity. "Aye," and I enjoy it today. "Aye." (Applause).

Mayor Murphy: The ordinance has now been adopted on third and final reading.

The City Clerk presented "An Ordinance creating the rank of Sergeant Policewoman in the Police Division of the Department of Public Safety of The City of Newark and fixing the salary thereof," and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

The Board then entered upon said hearing.

Mayor Murphy: Is there any citizen who desires to be heard on this ordinance?

(No response).

No one appearing, Commissioner Keenan moved that the hearing be closed.

WHEREAS, it is deemed advisable by the Director of the Department of Public Safety to establish certain hours for the opening and closing of establishments, licensed for the sale of alcoholic beverages on January 1, 1943,

NOW, THEREFORE, BE IT RESOLVED That no licensee or other person shall sell, serve or deliver or allow, permit or suffer the sale, service or delivery of any alcoholic beverage, or allow the consumption of any alcoholic beverage on licensed premises on New Year's Day, January 1, 1943, between the hours of 4 A.M. and 7 A.M.

That no licensee or other person shall allow, suffer or permit any licensed premises to remain open on New Year's day, between the hours of 4 A.M. and 7 A.M. (January 1, 1943).

Nothing contained in this resolution shall prevent bona fide hotels, restaurants, clubs and bona fide stores or establishments where the principal business is other than the sale of alcoholic beverages from remaining open at all times for the purpose of conducting business other than the sale and service of alcoholic beverages.

During the hours that licensed premises must be closed as required by this resolution, all licensed premises shall be open to the public view from the public thoroughfare or other place to which the public has free access. During such hours, no licensee or other person shall allow, permit or suffer any blind, screen, partition, curtain, frosted, colored or painted glass, or other article to be so left or placed as to prevent a clear and unobstructed view of the licensed premises from the public thoroughfare or other place to which the public has free access, provided, however, that this provision shall not apply to bona fide clubs as defined in R.S. 33:1-12 (5) or to guest rooms and private dining rooms in hotels.

WHEREAS, the Federal Bureau of Investigation of the United States Department of Justice is conducting a Police Training School in Washington, D. C.

WHEREAS, the attendance at said Training School of a police officer to represent the Police Division, of the Department of Public Safety, of the City of Newark would inure to the benefit of the City of Newark, and,

WHEREAS, as a result of the training received at said Federal Training School, said police officer would receive instruction and knowledge which would be useful and instructive, and he would be in a position, upon his graduation from said school, to import the knowledge and experience gained by him to all of the members of the Police Division of the Department of Public Safety, and,

WHEREAS, it is the opinion of the Director of the Department of Public Safety, that the Police Division of the Department of Public Safety should be represented and therefore, Patrolman Arthur A. Weller was instructed to attend said Training School, from January 4th, 1943 to April 10th, 1943, a period of fourteen weeks.

NOW, therefore, Be It Resolved, That the Action of the Director of the Department of Public Safety in arranging to send Patrolman Arthur A. Weller to the Federal Bureau of Investigation Training School, in Washington, D. C., for

the period above stated, be and the same is hereby concurred in; and that the expenses incurred by Patrolman Weller, while in attendance at said school, for transportation, meals and lodging be paid from the funds of the Police Division, Department of Public Safety, upon same being approved by the Director of the Department of Public Safety.

WHEREAS, application has been made to the United States War Department for a modification of its existing rules and regulations, so as to provide that the bridges across the Passaic River at Jackson Street and Bridge Street may be closed to navigation between 7:00 and 8:30 a.m. and between 4:30 and 5:30 p.m. on each day; and

WHEREAS, traffic over these bridges during those hours consists almost exclusively of persons traveling to and from their work in war industries, who are seriously impeded by the opening of said bridges to an extent which has interfered with war production to a marked extent; and

WHEREAS, it is far more important to our war effort to provide for the uninterrupted transportation of workers in war industries than to preserve the regula-

tions relating to the uninterrupted flow of navigation on the Passaic River during those hours, particularly in view of the immense concentration of war industries in the Harrison - East Newark - Kearny areas, whose workers reside in the County of Essex;

NOW, THEREFORE, BE IT RESOLVED, by the Board of Commissioners of the City of Newark that an urgent request be made of the United States War Department that its rules and regulations relating to the drawbridges at Clay Street, Bridge Street and Jackson Street be amended at the earliest possible moment so as to provide that said bridges shall be closed to navigation between the hours of 7:00 and 8:30 a.m. and between 4:30 and 5:30 p.m.; and

IT IS FURTHER RESOLVED that triplicate copies hereof shall be forwarded immediately by the City Clerk, under his seal, to A. B. Jones, Colonel, Corps of Engineers, United States Engineers Office of the War Department, New York District, Room 601, 120 Wall Street, New York City, and an additional copy to Pollak Manufacturing Co., 541 Devon Street, Arlington, New Jersey.

Mayor Murphy: You heard the reading of the application of automobile parking station at 116-120 Orange Street. Is there anyone who desires to be heard in opposition?

(No response).

Commissioner Villani: I move the adoption.

Commissioner Brady: I second it.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of Neighborhood Cut Rate, Inc., owner; for the storage and repair of trucks belonging to Sheffield Farms Co., Inc., in a 1st industrial district; on premises 16-18 East Runyon Street; same to be in accordance with the plans approved by the Board of Adjustment; such use to be limited to the period ending two years from date hereof;

AND the matter having been considered by this Board;

IT IS RESOLVED, by the Board of Commissioners of the City of Newark that the said recommendations of the Board of Adjustment be and the same are hereby approved.

Mayor Murphy: You heard the reading of the application for storage and repair of trucks at 16-18 East Runyon Street. Is there anyone who desires to be heard in opposition?

(No response).

Commissioner Villani: I move the adoption.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Acting City Clerk: There has also been referred by the Board of Adjustment to the Board of Commissioners the application of C. Krueger Brewing Company, for the establishment of addition to present parking station for storage of trucks owned by applicant upon premises 248-258 Belmont Avenue, and 226-236 Livingston Street which will take its regular course inasmuch as objections were raised.

Mayor Murphy: This matter will come up two weeks from today on December 30th, at two P.M.

WHEREAS, an emergency has arisen with respect to meeting a pressing need for public expenditure with regard to payment of Police and Firemen's Pension Fund salaries in the sum of \$40,000.00; and

WHEREAS, this emergency could not have been foreseen and no provision therefor was made in the 1942 Budget Appropriation for said purpose, and

WHEREAS, R. S. 40 2-31 provides for the creating of an emergency appropriation for the purpose above mentioned; and

WHEREAS, the total amount of emergency appropriations created including the appropriation to be created by this resolution) is \$456,202.21, and three per cent of the total current operating appropriation in the Budget for 1942 is \$516,737.98;

NOW, THEREFORE BE IT RESOLVED, by the Board of Commissioners of the City of Newark, that an emergency appropriation be and the same is hereby made pursuant to R. S. 40:2-30 for \$40,000.00;

BE IT FURTHER RESOLVED, that the Mayor and Director of the Department of Revenue and Finance, and the Acting Auditor of Accounts, be and they are hereby authorized to issue an "Emergency Note" not in excess of the above amount, pursuant to R. S. 40:2-40, 40:2-41 and 40:2-42 to 40:2-46, inclusive, and

BE IT FURTHER RESOLVED, that a copy of this resolution be filed forthwith with the Commissioner of Local Government.

Vincent J. Murphy  
Ralph A. Villani  
John A. Brady  
Jos. M. Byrne, Jr.  
John B. Keenan

Mayor Murphy: You heard the reading of the resolution, which resolution it is necessary to adopt, due to the fact that there is a shortage in the Police and Firemen's Pension Fund to the extent of \$40,000. This is so that these

people could be paid their pensions before the holiday season.

Commissioner Villani: I move its adoption.

Commissioner Brady: I second it.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: Motion is in order to adjourn at the call of the chair.

Commissioner Villani: I make that motion.

Commissioner Brady: I second it.

Mayor Murphy: All in favor of the motion signify by saying "aye."

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

VINCENT J. MURPHY

The Board of Commissioners  
of the City of Newark, N. J.

MARTIN G. BROSS  
Acting City Clerk.

Newark, N. J., December 30, 1942

A regular meeting of the Board of Commissioners of The City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 2:00 P. M., Eastern War Time.

Mayor Murphy: The meeting will come to order. The Clerk will call the roll.

Present: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: The Clerk will read the minutes of the previous meeting.

Commissioner Villani: I move that the reading of the minutes be dispensed with.

Commissioner Brady: I second the motion.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Brady introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance as follows:

An Ordinance regulating the sale and distribution of horse flesh.

The Board of Commissioners of The City of Newark, Do Ordain

Section 1 No person, persons, firm, corporation or association shall sell, or offer or expose for sale, or in anywise aid in the selling or the offering or exposing for sale, or distribute or in anywise aid in the distribution of any horse flesh without first having obtained a written permit therefor from the Health Officer of the City of Newark, upon written application made for such permit.

Section 2. No person, persons, firm, corporation or association shall sell or offer or expose for sale, or in anywise aid in the selling, or offering, or exposing for sale, any horse flesh unless every carcass, piece and parcel thereof shall have conspicuously attached thereto a label or tag not less than three inches wide and four inches long, on which shall be printed or stamped, in letters not less than one inch in height the words "horse flesh."

Section 3. No person shall erase, cancel, obliterate, deface, cover, remove or alter any brand, tag, label or other marking required by any provision of this ordinance to be attached or affixed to any package or container.

Section 4. The Health Officer of the City of Newark may, after hearing held by him, suspend or revoke the permit mentioned in Section 1 of this ordinance for failure of the "permittee" or the agent of the "permittee" to abide by the provisions of this ordinance; provided that the "permittee" be given at least three days' notice of the hearing so as to afford the said "permittee" an opportunity to be heard prior to

such suspension or revocation.

Section 5. Any person, persons, firm, corporation or association who shall violate any of the provisions of this ordinance, shall upon conviction thereof, be liable to a penalty of Fifty Dollars (\$50.00) for the first offense; One Hundred Dollars (\$100.00) for the second offense; and a penalty of Two Hundred Dollars (\$200.00) for the third and every subsequent offense.

Section 6. All ordinances and parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

Section 7. This ordinance shall take effect immediately, upon adoption and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mayor Murphy: If there be no objection — the stenographer will kindly note on the record that Mr. Shankroff is unable to appear here today due to weather conditions.

Commissioner Keenan: And we mourn our loss (smiling).

Commissioner Brady: And I offer him the facilities of the Health Institutions to help him win his health back (smiling).

Mayor Murphy: What is this ordinance on horse flesh about?

Commissioner Brady: Mr. Mayor, if you want an explanation: that is to prevent any dealer or butcher or any firm selling meats or pro-

visions from cheating the public. That ordinance is to prevent them from selling horse meat for cow meat, or steer meat. So that, in addition to regulating the sale of horse meat, should we have to come to that point in our diet, we want to exercise control and supervision over the sale of horse flesh so that the people won't be buying horse meat for the other meat which is for sale.

Commissioner Brady moved that January 13th, 1943, at 2:00 P. M., Eastern War Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Keenan introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance as follows:

An Ordinance creating the Division of Dog Control in the Department of Public Safety of The City of Newark, New Jersey, and creating the position of Supervisor therein.

The Board of Commissioners of The City of Newark, Do Ordain

1. A Division to be known as the "Division of Dog Control" is hereby created in the Department of Public Safety of The City of Newark, to effect the duties imposed upon the Municipality under the provisions of Chapter 19, of Title 4 of the Revised Statutes of the State of New Jersey, and amendments and supplements thereto.

2. There is also hereby created in the said Division of Dog Control, Department of Public Safety, the position of Supervisor of the Dog Control Division.

3. That the annual salary of the Supervisor shall be the sum of Three Thousand Dollars (\$3,000.).

4. The Director of the Department of Public Safety of The City of Newark shall have the power to appoint the Supervisor of the Dog Control Division and such other Assistant or Assistants, employee or employees to perform the duties required by the various sections and provisions of the aforesaid Act as it may be deemed necessary, and their salaries shall be paid from the fund set up by the City of Newark in accordance with the laws and ordinances relating to Dog Control.

5. The said Supervisor shall administer the said Division under the direction of the Director of Public Safety.

6. All ordinances and parts of ordinances inconsistent with the provisions of this ordinance are hereby repealed and this ordinance shall take effect immediately upon final passage and due publication in accordance with the law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Commissioner Keenan moved that January 13th, 1943, at 2:00 P. M., Eastern War Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

The City Clerk presented "An Ordinance to amend Section 1050 of Revised Ordinances of The City of Newark," and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

The Board then entered upon said hearing.

Mayor Murphy: Is there anyone who desires to be heard on this ordinance?

(No response).

No one appearing, Commissioner Brady moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas. Commissioners Brady,

Byrne, Keenan, Villani, Mayor  
Murphy.

Commissioner Brady moved that  
the ordinance be taken up on sec-  
ond reading.

The roll being called, the motion  
was declared adopted by the fol-  
lowing votes:

Yeas: Commissioners Brady,  
Byrne, Keenan, Villani, Mayor  
Murphy.

The Clerk then read the ordi-  
nance by sections.

Title declared open to amend-  
ment.

Section 1 declared open to  
amendment.

Commissioner Brady: I move that  
Section 1 be amended by striking  
out the words "(Revision 1937),"  
and substituting the words "Revi-  
sion 1913 as said Section 1050 was  
amended February 10, 1937," so  
that Section 1 shall read as follows:

"Section 1. That Section 1050 of  
the Revised Ordinances of the City  
of Newark, (Revision 1913 as said  
Section 1050 was amended Febru-  
ary 10, 1937) be and the same is  
hereby amended to read as fol-  
lows:"

Mayor Murphy: You heard the  
reading of the amendment. Is there  
anyone who desires to be heard in  
opposition?

(No response).

Commissioner Byrne: I move the  
adoption.

Commissioner Keenan: I second  
the motion.

Section 2 declared open to

amendment

Section 3 declared open to  
amendment.

The ordinance was declared open  
to amendment in all its parts.

Commissioner Brady moved that  
the ordinance as amended be adopt-  
ed on second reading.

The roll being called, the motion  
was declared adopted by the fol-  
lowing votes:

Yeas: Commissioners Brady,  
Byrne, Keenan, Villani, Mayor  
Murphy.

Commissioner Brady moved that  
the ordinance as amended be taken  
up on third reading and final pas-  
sage.

The roll being called, the motion  
was declared adopted by the fol-  
lowing votes:

Yeas: Commissioners Brady,  
Byrne, Keenan, Villani, Mayor  
Murphy.

The Clerk then read the ordi-  
nance as amended in full.

Commissioner Brady moved that  
the title of "An Ordinance to amend  
Section 1050 of Revised Ordinances  
of The City of Newark," be taken  
for its third reading.

The roll being called, the motion  
was declared adopted by the fol-  
lowing votes:

Yeas: Commissioners Brady,  
Byrne, Keenan, Villani, Mayor  
Murphy.

The Clerk then read the title of  
the ordinance as follows:

An Ordinance to amend Section

1050 of Revised Ordinances of The City of Newark.

The ordinance, as amended, having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Mayor Murphy: You heard the reading of the resolutions. A motion to approve is now in order.

Commissioner Brady: I so move.

Commissioner Villani: I second it.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mr. Leslie H. Jamouneau: Mr. Mayor, I want to clear up a misunderstanding. This morning at your conference I asked you about those two abatement resolutions, what had been done with them, and you told me they had been referred to you for further consideration. But it seems that there was a misunderstanding. You decided to pass them. And I want to now object to them, and I will take this opportunity now of doing so.

This applies to two properties on North 13th Street, two rear pieces.

Could I see the resolution now?

(Mr. Jamouneau is shown two resolutions).

Mr. L. H. Jamouneau: Now, you have a letter from me, which you

have filed, in which I set forth my objections to these abatements generally, and those objections apply to these cases as well as to the others. The principle objection being that there was no sound basis in you finding that the value of the present property is less than the amount of the taxes.

There is an appraisal here by Thomas S. Ford. He says, "Subject property is of no actual value for reason of its being located in rear of 522-530 North 13th Street, beyond a 100 depth foot from North 13th Street, and is relatively same distance in rear of North 15th Street, plus this, it is a narrow strip, hence, definitely cannot be utilized for the purpose of any construction other than sheds or single garages, which from what I understand, is not proposed.

"Therefore, I place a nominal value of One Hundred and Fifty Dollars only on this strip of vacant land."

Now, this is not an appraisal in any true sense of the word. This property can be appraised, and it has been appraised. The city appraised it, and they did it in this way: By taking the front foot value unit that that property is assessed at in that neighborhood, and calculating the number of square feet and the ratio of the value of the rear land and the front, and they have reached at a figure of \$900 for this property.

Now, it may not be worth that much, but it certainly is worth a lot more than \$250, what you are proposing to settle at. And I want to make a formal objection to settling it on that basis.

Whatever deduction is made could only be made after a proper appraisal and with enough facts

before you, so that you could tell what that property is worth.

Mayor Murphy: Your contention is that this appraisal . . .

Mr. L. H. Jamouneau: (Interrupting) My objection is entirely to the appraisal in this case. I have an idea that in this case some justification existed for the abatement, but nothing like the amount you proposed.

I suggest that you put the matter over for a couple of weeks, and I will give you what facts I could get together on it.

Mayor Murphy: Well, of course, that is up to the members of the City Commission. If they want to lay it over for a couple of weeks, it is up to them.

Mr. L. H. Jamouneau: Are there any questions that you would like to ask, gentlemen?

Commissioner Brady: Yes, I would like to ask a question. You stated that we have no sound basis for our action.

Mr. L. H. Jamouneau: What was that?

Commissioner Brady: You just stated there is no sound basis for our action.

Mr. L. H. Jamouneau: That is what I said.

Commissioner Brady: Is that your opinion, or is that the opinion of a member of the bar, or somebody else?

Mr. L. H. Jamouneau: No. It is not an opinion at all, Mr. Brady. It is a statement of fact. In order to make an appraisal, you have to have facts and figures. You can't —

Commissioner Brady: Pardon me. That does not answer my question. I want in the record, for future reference, I want to know whether that is your opinion or whether your opinion is based on some information that you received from a member of the bar, or an accountant who is conversant with municipal law.

Mr. L. H. Jamouneau: In the first place, there is no question of law involved here. There is no reason why I should consult a member of the bar. This is in my opinion, a matter of business.

Commissioner Brady: You are still not answering my question. Is it your opinion?

Mr. L. H. Jamouneau: I am answering your question. It is not an opinion. It is a matter of fact. I am criticizing your action because you have no facts before you. You don't know how many square feet there is involved in this. You don't know what the value of the land is. You don't know a thing about it, except what Mr. Ford says what he thinks as the value of the property.

Commissioner Brady: That is your opinion.

Mr. L. H. Jamouneau: That is not an opinion at all. That is a plain statement of facts.

Commissioner Brady: How do you know what we know about it?

Mr. L. H. Jamouneau: I am assuming.

Commissioner Brady: You are challenging our intelligence, I assume.

Mr. L. H. Jamouneau: No, I am not I am challenging the fact that

this resolution does not contain the facts you ought to have before action.

Commissioner Brady: That is your opinion.

Commissioner Byrne: Naturally.

Mr. L. H. Jamouneau: That is not an opinion. Read the resolution. Does the resolution say what the area of this land is?

Commissioner Brady: I have read the resolution, and I have an opinion from the City Law Department, by which I am guided as a Director of the City of Newark. And as a member of the City Commission, I am asking you a fair question, whether or not you have some substantial opinion from some other member of the bar that will contradict the opinion given to me as a member of this City Commission. That is what I want to know.

Mr. L. H. Jamouneau: No. I am speaking for myself.

Commissioner Brady: That is all I want to know. That answers my question.

Mr. L. H. Jamouneau: I am not interested in anybody else, or any other association.

Commissioner Brady: That answers my question. I want that in the record.

Mayor Murphy: Does the Commission want to "lay" this over to give him an opportunity to submit facts?

Commissioner Villani: It is in your department, Mr. Mayor.

Mayor Murphy: I have no objection to laying it over.

Commissioner Keenan: While I am opposed, I did not oppose it on the grounds set forth. I opposed it only on a matter of principle. Because we went on record as being opposed to any such reductions. But I don't go along with his theory. I have no objections to laying it over, because I did not sign it anyway.

Mayor Murphy: All right. If there is no objection, I will request the clerk to take the resolution and to return it to the Director of Revenue and Finance, for two weeks.

Mr. L. H. Jamouneau: Thank you gentlemen.

Mayor Murphy: That is both resolutions. (Mr. L. H. Jamouneau is leaving the room).

Pardon me, Mr. Jamouneau — before you get away — did I understand you to say that you were going to submit a letter to us?

Mr. L. H. Jamouneau: I will write you what information I could get concerning the value of the property.

Mayor Murphy: Let me say this to you: that what I think you ought to do, on that list you got, the tax title lien certificates that you got from me over a year ago — if you are interested in having any of those assigned, — you ought to come to the Director of Revenue and Finance with a check, the same as you did at the conference of this Commission this morning; and not wait until such time as you see these people improving their properties for a compromise, and then step into the picture, and ask that the tax title lien be assigned to you. Now, I want to straighten you out on that, because you are not as smart as you think you are. You are too smart for your own good.

Mr. L. H. Jamouneau: I did not do that.

Mayor Murphy: That is the fact, and probably the record shows that.

Mr. L. H. Jamouneau: It does not. On the contrary, it shows that I have been consistently working for the benefit of the City, and that is more than . . .

Mayor Murphy: More than what?

Mr. L. H. Jamouneau: What?

Mayor Murphy: More than what?

Mr. L. H. Jamouneau: More than what could be said of a good many other citizens of the city.

Mayor Murphy: You cannot say that of me.

Mr. L. H. Jamouneau: No. But I do say this, that this offer I made for purchasing that tax certificate is merely for preventing this abatement from being allowed.

You cannot allow that abatement now, now that the full amount is offered in payment, and that was the only purpose of making that offer.

I don't want the certificate. I merely want to make the issue so plain that no more of these abatements can be made. That abatement is absolutely unjustified.

Mayor Murphy: The resolution was not even offered.

Mr. L. H. Jamouneau: I know, but I had a copy of the resolution and all the information I got was obtained from that resolution.

Mayor Murphy: You would have taken an assignment of that certifi-

cate, wouldn't you?

Mr. L. H. Jamouneau: Of course.

Mayor Murphy: After you had seen what had happened to the building. You are smart, aren't you? What do you think you are doing, kidding people along?

Mr. L. H. Jamouneau: No.

Mayor Murphy: Why, you went ahead and you saw these people improving these properties.

Who do you think held this resolution up?

Mr. L. H. Jamouneau: I don't know.

Mayor Murphy: You don't know? You are too smart to even admit anything.

Mr. L. H. Jamouneau: All I saw was in the paper; and from the resolution itself.

Mayor Murphy: Probably you found out that those people showed better faith in the city than a lot of people that you associated with.

Curtis R. Burnett, former member of the Newark Common Council, former President of the Newark Board of Trade and more recently a Freeholder of Essex County, died suddenly Tuesday, December 22, 1942.

Mr. Burnett was one of the most active, civic, public and charitable workers in the history of Newark and Essex County. The services he rendered in these various capacities are so numerous that the general public, which he served, may never know the full worth and scope of his work. His administration as head of the Presbyterian Hospital in Newark remains as an outstanding achievement. At the time of his death he was Executive Vice President of the Hospital Service Plan of New Jersey and a member of the Board of Chosen Freeholders of Essex County. For more than twenty years he was President of Robert Treat Council of Boy Scouts of America. He was President of the Newark Board of Trade and later served for years as Director of the Newark Chamber of Commerce. He served many years as President of the Ironbound Manufacturer's Association and was active as President and a member of the Advisory Board of the New Jersey Association of Credit Men

during its fight against fraudulent bankruptcy practices.

Mr. Burnett was also President of the Essex County Mosquito Extermination Commission at the time of its inception in 1912. He served on the Newark Common Council from 1903 to 1907 as Finance Committee Chairman. His municipal and county activities gave him an extremely valuable knowledge of the city and county governments, which he put into practical use.

Mr. Burnett was born in Newark of a family well known for generations in this Community. The City, County and State benefited immeasurably by his knowledge and devotion to his duties in the various capacities for a great many of which there was no financial reward.

This Community has lost a devoted public servant whose ability and devotion contributed much to the welfare of his fellow citizens. The members of this City Commission hereby record our City's great loss and their deepest sympathy for his bereaved family.

Mayor Murphy: Zoning matters.

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of G. Krueger Brewing Co. (Vaux Hall Holding Corp., owner); for the establishment of addition to present parking station for storage of trucks owned by applicant in a 1st industrial district; on premises 218-224 Livingston Street; same to be in accordance with the plans approved by the Board of Adjustment; same to be operated in conjunction with and in accordance with the conditions imposed September 23, 1942, upon premises 248-258 Belmont Avenue and 226-234 Livingston St.;

AND the matter having been considered by this Board;

IT IS RESOLVED, by the Board of Commissioners of the City of Newark, that the said recommendations of the Board of Adjustment be and the same are hereby approved.

Jos. M. Byrne, Jr.

Mayor Murphy: You heard the reading of the Application. Is there anyone who is opposed? Is there anyone who desires to be heard in opposition to this application?

Mr. Jacob Goldberg: Yes, sir. My

name is Jacob Goldberg, 253 Belmont Avenue.

We object to it. We object to the application, Honorable Mayor and Commissioners, giving a permit for parking trucks, because they had trucks parked there before, about seven trucks. Also they had no permit for it. They have been running on all hours in the night, two or three o'clock in the morning. They were waking the neighborhood up. We recently lost our tenants. I lost one; and we are losing our second one. And they are making an awful noise there, serving seven to eight trucks at a time, pulling ten or fifteen trucks over. And that is an awful racket against the neighborhood and the taxpayers.

I hope the Commissioners take notice that the taxpayers are here, and that the people are here.

Furthermore, they make so much racket there the people cannot sleep. They are the working class people. They get up early in the morning.

If they want a permit there, if they want a permit for parking trucks, they could park all the trucks they want, as much as they want; and they have thousands and thousands of feet of ground to park in. They have thousands of feet of ground to park trucks in there. And they are doing everything against the taxpayer. Some is legal and some ain't legal.

Now, I want the Commissioners to take notice that we are property owners. We live there 25, 30 and 40 years. We built the neighborhood. We keep the neighborhood. Krueger is not running Belmont Avenue. But they are coming down here every week for different permits, before the Board, and they cannot comply. What is the tax-

payers? Nobody here? Are they running the Belmont Avenue? And taxpayers are not? Are we not noticed by the Commission and the Board? How far can they go against the taxpayers?

We are living there, and they are not.

And then they have big, large trucks with big black canvass going in and out. I don't know what they are, pulling in and what they are pulling out. And when the trucks start, they wake up the neighborhood, and when they pull in late at night, they blow their horns and start up. And when there are over six or seven trucks to pull in, I don't have to tell you what is going on. Why, it is impossible to sleep.

Now, it is up to this Commission if the people, the taxpayers, are important, or whether Krueger, who is getting everything they want is important. They are getting permits for everything every week.

Now, they are coming down for a parking station permit, and I don't know whether they are going to get it or not. It is up to you.

Now, they submit the plans for 200 feet. They got parking lots three hundred feet by two hundred feet. Twelve, fourteen lots, with every lot two hundred feet. Can you imagine what could be going on in that neighborhood if you give them a permit for trucks? How much trucks are they going to put in? Do you think people would like us to stand it, if you give them the permit?

Well, consider it for the landlord, and for the tenants and the taxpayers, too.

Mayor Murphy: Is there anyone else present who desires to speak

in opposition to the application?

(No response).

Mayor Murphy: If there is no further opposition by anyone, we will now hear from those who represent the applicant.

Mr. Frederick J. Gassert: Mr. Mayor and members of the Commission. It is rather obvious of course, that the owner of the property involved, Mr. Goldberg, of all of them, is the only objector present today. He was the only objector who appeared before the hearing of the Board of Adjustment. At that hearing, Mr. Aaron Narol, representing the Congregation Anshe Galicia-Ungarn, and the president of the congregation, not only indicated that the Congregation was unopposed to the application, but stated that so far as his personal observation and the observation of the members of the Congregation was concerned, that the brewery was completely fulfilling all of the conditions attached to the original permit.

Mr. Collins, of Fred Collins, manager of the Felix Fuld project of the Housing Authority, immediately in the rear on Livingston Street, stated that actual conditions were better on the premises than they had been previous to the granting of the permit.

I think, Mr. Mayor and Commissioners, that you will take judicial notice of the fact that it is hardly likely in making this application for an extension for a permit for additional ground, I think it is one hundred by one hundred feet, that the brewery can, as Mr. Goldberg seems to feel, place additional trucks on the parking lot. As a matter of fact, we are aware of the regulations of the War Labor Board, which requires of every in-

dustry to justify the continuance in use of every truck that is owned. This applies to the brewery as well as to any other industry. And we are prepared to give evidence that the brewery, under the War Labor Board regulations, would have to lay up permanently several of its trucks. In any event, I say, it must be obvious that this application is not made for the purpose of parking any more trucks on the parking lot than it was originally intended; and that is actually the fact.

This application is made for the following reasons; The brewery originally leased the property, for which the permit was originally granted, and actually at that time there was included in the lease the right to use the property for which the additional permit is now being asked.

When application was made to the Building Department for a permit to renovate the garage that was on the premises, the permit was issued without any reference of the matter to the Board of Adjustment. Apparently it was thought in the Building Department that there was no need for action by the Board of Adjustment. However, when the members of the Board of Adjustment, in their routine inspection, were asked to approve the installation of the gas tank, some members of the Board were of the opinion that this matter should come before the Board. And the brewery immediately filed its petition. At that time the brewery had already given notice that it was vacating the premises that it had previously used for the storing of trucks. It became aware immediately, of course, that time was going to be consumed in having it passed through the Board of Adjustment and the Board of Commissioners of the city of Newark. And it was necessary that it make

arrangements to stay where it had been, and it was necessary to forestall the entrance of the new tenant into those premises. It had already started paying rent on the premises for which the permit was subsequently granted, and it found itself, because of the length of time that was consumed or was to be consumed, compelled to pay rent in two places until the permit should be granted.

In the hurry of making the application, that area for which the permit is asked in this application, was inadvertently left out of the application. It was always intended and should have been included, but it was left out. And the error was not discovered until the matter was actually before the Board of Adjustment and it was known that objections were to be made to the permit from several sources.

Confronted with the fact that the brewery was then paying expenses, rental at both places, it was deemed inadvisable — in fact it was my advice at the time — that it would be unwise to amend the petition as it was then presented to the Board of Adjustment; but an attempt would be made to operate within the limits prescribed in the petition. As a matter of fact, that was made necessary not only because of the fact that the brewery had paid double rental, but because the tenant would not wait any longer to get into the premises that had been vacant.

After that, the permit was granted on certain conditions. And I don't think that there is any question but that the brewery had complied with those conditions. The former manager and the present one have found out that by the crowding of all of the trucks in the area contained in the previous

application, necessitated the moving of seven or eight of the trucks in order to get two or three on their way to the brewery. So, the purpose of this application for the permit for the additional area is not because it has been found impractical to operate within the limited area. There was no such intention. In fact, there would be less trucks actually in movement; but the extension of the permit or the additional one hundred by one hundred feet would permit the moving in and out of trucks needed for actual work, without the necessity of moving first seven or eight trucks that were not going to be taken out for work.

It should result in less noise. It should result in considerably less moving of trucks within the parked area. And it should add to what had been described by Mr. Collins, as a betterment of the entire neighborhood conditions that had followed the granting of the original permit.

The permit now is asked, and the brewery is willing, of course, to submit that it will accept all of the conditions that were attached to the original permit.

Mayor Murphy: How many trucks are parked there?

Mr. Frederick J. Gassert: I think about 70.

Mayor Murphy: About 70 trucks?

Mr. Frederick J. Gassert: Yes.

Mayor Murphy: And you estimate that there will be less trucks?

Mr. Frederick J. Gassert: I estimate that there will be about 15 of them in "dead" storage for some time to come.

Mayor Murphy: And the purpose there is as I understand it, to park them in that open field as "dead" storage parking?

Mr. Frederick J. Gassert: That is right. Well, there may be— I don't want to mislead — I don't want to say that all of them will be "dead" storage parking— but that is where the "dead" storage parking will be.

Mayor Murphy: Well, the objectors, as I see it on the map which I have before me, are in the apartment house across the street. Directly in back of there is Felix Fuld Housing Authority.

Commissioner Keenan: What property is the objector in?

Mayor Murphy: Is that Krueger's property also (indicating on map)? I see here vacant land and a junk yard.

Where do you live, Mr. Goldberg?

Mr. Jacob Goldberg: The number is 253 Belmont Avenue.

Commissioner Keenan: That is across the street?

Mr. Jacob Goldberg: That is right. Right across from the garage.

Mayor Murphy: How are the trucks way over here? Where do they come from? In Belmont Avenue?

Commissioner Keenan: The driveway is at 248, isn't it?

Mr. Frederick J. Gassert: That is correct.

Mr. Jacob Goldberg: The church is right next door to it.

Commissioner Keenan: The property in question is on Livingston

Street?

Mr. Jacob Goldberg: Livingston Street?

Commissioner Keenan: You live over here (indicating on map).

Mayor Murphy: Why is it they cannot go out on Livingston Street? The lot appears here on the map to go out to Livingston Street.

Mr. Frederick J. Gassert: There is a "drop" there of about eight feet; but that is the one objection that the Newark Housing Authority had made. They don't want the trucks to go out on Livingston Street. We agreed to that, as a condition to our original application, at the suggestion of the Newark Housing Authority.

Mayor Murphy: You mean that you would use Livingston Street?

Mr. Frederick Gassert: And we have no desire to do it because of this "drop"; but Mr. Collins, at the original hearing on this first application, objected to it, and suggested that there be no exit on Livingston Street. And we agreed there would be no exit on Livingston Street.

Mayor Murphy: In other words, you would have to fill in there to make it level first?

Mr. Frederick Gassert: Yes.

Commissioner Keenan: It is a narrow street anyhow. Belmont Avenue is a very wide thoroughfare. And as far as I am concerned, I want those trucks off Livingston Street, which is a narrow street. And this is 6 doors in from Rose Street.

Mr. Jacob Goldberg: Mr. Mayor, if you will allow me . . .

Mayor Murphy. Yes, go ahead.

Mr. Jacob Goldberg: You see, when they come out on the back there, they will have all their trucks parked in the back, all the trucks, where they built the old garage. They will rebuild it and they will build a new garage two or three feet — two driveways — that will run 200 feet deep. Every lot runs 200 feet deep. They want to take the whole back and fill it up with trucks. And then he said he is going to take the front and fill those with trucks.

Now, he had no permit to have those trucks there, gentlemen; but he comes out the different driveway, which he is not intended to come out, from the back or the front. But Mr. Collins, he doesn't want any driveway in the back. Neither does the government, the project. Otherwise they would tear that garage down. And furthermore, if they put the driveway in the back, they are not against it because they don't want the driveway; but they want the driveway in the front.

But they are against all noises. We should not allow it. The tenants move.

Commissioner Villani: That is a pretty noisy district there, anyway, isn't it?

Mr. Jacob Goldberg: You see, that is where they come out. Later on they are going to have the whole business. They are going to have it all in time. Little by little they are coming over every week for a permit. You could see it.

Mayor Murphy: What is there right next door to the driveway? It says here, "existing use, car sales lot." Is there a lot there?

Mr. Frederick Gassert. Yes, sir. There is a lot there.

Mr. Jacob Goldberg: Yes, there is a lot there. And they come through there. They want to come through with their trucks all over the sales lot and pull it in that way.

Mr. Frederick Gassert: Mr. Goldberg is stating, of course, that we intended to use the front portion of the property for the storage of trucks. Of course he has no basis in saying that.

I want to say just one more word, and I think Mr. Goldberg has made it very clear himself. I did not catch it until he repeated it the second time. But he really has summed up his best objection better than any of us. His objection has weight. If the additional area is used for the storage of additional trucks — he made that clear the second time — because obviously, if the sketch is examined, the giving them the permit for the additional area does not bring any more trucks closer to Belmont Avenue, nor does it have any more trucks closer to Goldberg. The Newark Housing Authority suggested the movement, the movement of the trucks in the back where the movement takes place. The trucks still go in and out the same entrance to the yard. There still would be the same number of trucks. Whatever condition exists now would not be aggravated.

I don't see how Mr. Goldberg could be injured at all by the granting of this permit.

Mr. Jacob Goldberg: The trucks go out of the gate.

Mr. Gassert: They would operate the same as they do now.

Mr. Jacob Goldberg: What do you

mean?

Mr. Frederick Gassert: They will go in the garage to be serviced and they will go out the passage way.

Mr. Goldberg: How do they come in now?

Mr. Frederick Gassert: The same way.

Commissioner Villani: I move the adoption.

Commissioner Keenan: I second the motion.

Mr. Jacob Goldberg: They come to the gate and they blow the horn, and the watchman opens the door and lets them in.

Mayor Murphy: Is there a gate there?

Mr. Goldberg: Yes, a big gate.

Commissioner Villani: I move the adoption.

Mayor Murphy: We did not know about the gates.

Mr. Frederick Gassert: Why, there are gates there.

Mr. Goldberg: Yes, there are gates there. I agree with him.

Mr. Frederick Gassert: When they are to be serviced, they go in there.

Mr. Jacob Goldberg: Mr. Mayor and Commissioners. Belmont Avenue has a large gate which these trucks pull in through and out. They pull in and out of that gate, and they come out of that gate, and when they come in the late hours at night, they come in that gate, and the watchman opens it and leaves those trucks go in. And

they make an awful lot of noise pulling in and stopping. They pull their motors in and stop. And they wake up the whole neighborhood. And then they go out through that gate.

Mayor Murphy: Is there any way that the objection, which seems the only serious one, that I see, that these trucks pull up and start blowing their horns in the middle of the night and all hours of the night, could you have somebody hold open that gate so as to do away with that?

Mr. Frederick Gassert: Yes, I think that is a reasonable request. That should be eliminated. If that is so, certainly. We will agree that that should be stopped.

Mayor Murphy: All right, then.

Mr. Frederick Gassert: And we will say that it will be stopped.

Mr. Jacob Goldberg: They will stop it?

When you have seventy or eighty trucks pull in at late hours of the night, they will stop it? They say they will stop everything up to now, but they did not stop it.

Now, he mentioned before, the Congregation. Now, I don't come here alone; I appear here for the taxpayers. Now, when I came down here before, I brought a petition for all of the people. If you want a petition, I will give you one two blocks long. Now, when I came down here I had the church of two or three hundred members. And the Congregation was here two or three times, and they were, with myself, represented. They were opposed to the first permit. You did not know that, but I am telling you. And they had 250 members of the church, and they were all opposed

to it. And there are 40 members, 40 tenants who were opposed to the permit, which they got illegally.

Now, it is up to the Commissioners to do what is right; but I am telling you that this here Congregation was not on my petition. They came in and they "fell" out. And another one came in and he "fell" out. But I had enough on my petition, which was not recognized. Why should I come down here with another petition?

Mayor Murphy: What is the action of the Commission?

Commissioner Villani: I move the adoption.

Commissioner Keenan: I second the motion.

Mayor Murphy: The Clerk will call the roll.

Commissioner Brady: Before I vote, Mr. Mayor, I would like to ask Mr. Goldberg a question. Are you opposed to the Fischer Baking Company trucks right across the street?

Mr. Jacob Goldberg: I don't "get you."

Commissioner Brady: I say, are you opposed to the Fischer Baking Company trucks?

Mr. Jacob Goldberg: Well, you cannot do anything against them now that they are there.

Commissioner Brady: You are not opposed to them?

Mr. Jacob Goldberg: That is not a question. If I could, I would. But we had plenty of them in the neighborhood. Why, it is loaded there now; we cannot move any more

Yeas. Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

Mr. Frederick J. Gassert: Thank you for your courtesy.

VINCENT J. MURPHY, Director,  
Department of Revenue and Finance

Ordered Filed.

Mayor Murphy: I would like to announce at this time that in connection with the budgets, the latest date for approval, when we have to have the budgets approved by the Commission, is February 9th.

The latest date for advertising is February 20th. The hearing is March 2nd, and the adoption March 11th.

Now, I would like to have these budgets, if you can arrange it, possibly within a few weeks, because it takes about four weeks in order to prepare it.

Commissioner Villani: You will have mine, next week, Mr. Mayor.

Commissioner Brady: I am waiting for the Civil Service Commission in respect to mine. It will be ready when I hear from the Civil Service Commission.

Mayor Murphy: Well, it might be possible the legislature may extend the time, as it was last year. Anyway, the temporary budgets must be presented during the first thirty days.

Mayor Murphy: At this time I want to extend to everyone wishes for a better and happier New Year. We hope it winds up that way for 1943. I want to wish that to all the people of the City of Newark; and especially to my colleagues on the City Commission of the City of Newark.

Commissioner Villani: We wish the same to you, and many others.

Mr. John J. Begley: On behalf of the members of the army and navy,

the 15th Naval Station, Canal Zone, Panama Canal Zone, I wish to extend to the people of the City of Newark and to the Board of Commissioners, a very happy and prosperous New Year for 1943.

Mayor Murphy: Thank you very much. And certainly we extend to all our good wishes to all the boys over there. At any time at all that the members of the Commission can be of any assistance to you, don't hesitate. We certainly appreciate your interest.

Is there any further business?

Commissioner Brady: I move we adjourn until next year.

Commissioner Villani: I second it.

Mayor Murphy: The Clerk will call the roll.

Yeas: Commissioners Brady, Byrne, Keenan, Villani, Mayor Murphy.

APPROVED:

JOHN A. BRADY

JOS. M. BYRNE, JR.

JOHN B. KEENAN

RALPH A. VILLANI

VINCENT J. MURPHY

The Board of Commissioners  
of the City of Newark, N. J.

MARTIN G. BROSS  
Acting City Clerk.
